

JSE AGRICULTURAL PRODUCTS MARKET NOTICE

Number **A715**

Date **29 September 2006**

Community Test for new AMD Trading Engine software – 4 October 2006

The JSE would like to remind users of the scheduled community test on the afternoon of 4 October 2006. The test will take place between 15h00 and 16h30 – please see below for a detailed schedule for the session.

The JSE requires **ALL** users to login and participate during this test. Members are further advised to login and start their API applications.

All users are required to have upgraded to the latest version of the AMD front end for this community test as per notice A710

04 October 2006 – AMD Community Test Schedule

#	Start Time	End Time	Description
1	14h05	14h45	The AMD Trading Engine and all Aslaves will be unloaded and not accessible during this time period for software deployment. PLEASE ENSURE ALL FILES REQUIRED FOR BACK OFFICE SYSTEMS HAVE BEEN DOWNLOADED BEFORE 14H00.
2	14h45	15h00	Market Startup <ul style="list-style-type: none"> The Aslaves will be available for users to connect
3	15h00	15h00	Market opens
4	15h00	15h45	<ul style="list-style-type: none"> This period will cater for controlled business functionality testing and verification. Further split contracts will be loaded for the test, please ensure the ATS contracts file is downloaded before the test commences. The focus will be on data accuracy and integrity, NOT input volumes.
5	15h45	16h30	<ul style="list-style-type: none"> This period will cater for business functionality testing and the input of realistic high volumes. Traders are urged to trade realistically simulating

			normal high volume market activity.
6	16h30	16h30	Market closes

On completion of a successful test the above software will remain in the live environment.

Should you require any further information regarding the above, please do not hesitate to contact the Agricultural Products Division on 011 520 7535.
