

Market Notice

Number: A1221
Date: 16 April 2010

SCHEDULED JSE INTEREST RATE MARKET NETWORK INTEGRATION – 22 MAY 2010

The JSE has started a process to integrate the legacy BESA Network with the JSE’s Network Infrastructure used by clients for trading and information connectivity to the Equity, Equity Derivatives, Commodity Derivatives and Interest Rate markets.

The JSE will integrate the legacy BESA Network into the JSE Network on the evening of Friday 21 May 2010 after the Interest Rate Market has closed and all market processes have been successfully completed.

Proposed high level test schedule:-
