Please refer to the below link which has the detailed requirements for the dress rehearsal: File to be saved on Website and link updated in hotline.

Even though there have been guidelines provided on the functionality to test, clients are urged to test their day to day processes as well as downstream systems.

Clients are urged to ensure that they download the latest version of Nutron prior to the Dress rehearsal which is available on the below link: www.jse.co.za/downloads.

Key contacts for the dress rehearsal from each firm must be sent to CustomerSupport@jse.co.za prior to 26 February 2020 at 10:00 AM in order for them to be added to the relevant SMS and Email contact groups for the day.

Post the test clients are urged to ensure that they revert to the Production Version of Nutron and Clearing System.

There are no IP address changes required for the Production environment and the IP address is the same.
