JSE INTEGRATED TRADING AND CLEARING (ITaC) PROJECT: MANAGEMENT OF COMMISSIONS BY TRADING MEMBERS ON BEHALF OF BRANCHES

Clients are advised that a change will be made in the Real-Time Clearing System (RTC) to allow Trading Member users to manage commissions (i.e. submit, cancel and reject commissions) on behalf of their Branches while logged into RTC under their Trading Member technical user account. In other words Trading Member Front-ends will not need to connect to RTC using an account under the Branch in order to allow the Trading Member user to manage commissions on behalf of the Branch.

This change is planned to be available to clients in both the CTS (Customer Test Service) and End-To-End test environments from Tuesday 24 July 2018.

There are no API changes associated with this change.

Please contact the Customer Services Centre (CSC) if you have any queries at CustomerSupport@jse.co.za or +27 11 520 7777.
