## ORDER MANAGEMENT OF ZA06 DAY ORDERS

Members are reminded that the removal of the Opening and Closing Auctions in ZA06 was effective from 10 July 2019. Due to the removal of the Opening Auction, cancellation of orders can only be performed at the start of the Continuous Trading session.

Members may therefore want to consider the following, to assist with order management:

Should members not want to be exposed across multiple trading days when using Time in Force (TIF) such as Good Till Cancelled (GTC) or Good Till Date (GTD), members can choose to trade using a Day Order. This TIF will ensure that the order expires at the end of the trading day.

Members who would like exposure for a longer period can use Good Till Cancel (GTC) and Good Till Day (GTD) orders to ensure their orders reside in the trading system across trading days. These orders can be cancelled should the need arise, as soon as the continuous trading session commences in the morning.
