## BDA HISTORY STORAGE - NEW PROCEDURE

As communicated at the broker forum 23 May 2018, the BDA history CD's have been discontinued this year and the new method of storage and retrieval of BDA historical information will be via JSE IDP Portal (Information Delivery Portal).

### Current Process

Historical CD's are created twice per year for the period March to August and September to February, and distributed to members once per year.

### New Process

Historical data will still be run twice per year for the period's March to August and September to February but instead of being written to CD, the data will be placed into each members IDP folder within a sub folder called 'BDA History Storage'. The format of the data will remain unchanged.

### To Access the Folders on IDP

Access your IDP folder as you would do for any other data you want to download. A new folder BDA History Storage will be displayed.

All members currently should have access to IDP. Please confirm with your IT department. If you do not have access, please request access by sending mail to [Customersupport@jse.co.za](mailto:Customersupport@jse.co.za)

The twice yearly history files will be stored in this folder as per sample folder structure below.

| Name  | Date modified        | Type        | Size |
|---|----------------------|-------------|------|
|  BDA HISTORY STORAGE | 2018/07/18 11:47 ... | File folder |      |
|  IDP                 | 2018/10/25 08:25 ... | File folder |      |
|  MemberStats ETE     | 2018/10/24 05:44 ... | File folder |      |
|  TraderIDs           | 2018/10/25 12:02 ... | File folder |      |
