SUBJECT: TRADING HOURS FOR THE CASH SETTLED CORN, BEAN, REDW AND KANS

Name and Surname: Chris Sturgess
Designation: Director: Commodities & Key Client Management

Unfortunately due to an unforeseen impact to implied spread orders, members are advised that on line quoting and trading hours for the cash settled CORN, BEAN, REDW, and KANS contracts will revert back to 12h00 effective immediately. The admin period will remain open up until 17h00 to accept any transactions agreed with market makers. The JSE is investigating alternatives that could resolve this issue.

RMB have agreed to provide telephonic quotes up till 17h00 to those clients interested in transacting. Clients are also encouraged should they have an execution strategy in mind that could be triggered after 12h00 that they also discuss this with the market maker earlier in the day.

These transactions will be facilitated by the exchange as reported trades. Request for the reported trades must reach the exchange no later than 17h00 on the day. Further members need to be mindful of the minimum volume requirement of 30 contracts should new positions be opened, no contract minimum exists for closing any positions.
