SUBJECT: INTRODUCING MARCH 2016, MAY 2016 AND JULY 2016 SOYA EXPIRIES

Name and Surname: Chris Sturgess
Designation: Director Commodities & Key Client Management

Please note that the MAR16, MAY16 and JUL16 expiries for SOYA contracts will be introduced for trading Monday 22 June 2015.

Storage rates for the 2016/17 marketing season will be made available as we get closer to the new marketing season. Participants are again reminded that the JSE trades the underlying grades of product as published by the Department of Agriculture, Forestry and Fisheries in South Africa and should any changes be made to these they will be applied relevant derivative contract(s).

Since the SOYA contract does not trade referencing a single point and to consider the impact to overall pricing of the SOYA contract, please find below the final list of delivery points for the 2016/17 marketing season.

** = Since the application by Standerton Oil Mills (Pty) Limited (SOM) for Standerton was made before the new season expiries were introduced, the JSE is busy reviewing the applicant's information and will in due course confirm their participation for the 2016/17 season. The additional point is situated close to an existing site in Standerton.
