SUBJECT: ADDITIONAL STORAGE CAPACITY AT SWL CHRISTIANA SILO
Name and Surname: Chris Sturgess
Designation: Director Commodities & Key Client Management

Dear Stakeholder,

The JSE has received confirmation from Suidwes Landbou (EDMS) BPK (SWL) that they have created additional storage capacity of 6000 metric tons at their Christiana silo. The additional storage is in the form of barns and storage dams and will only be used until the end of August 2015.

Please do take note of this additional capacity added for an interim period which will take this point to just short of 75 000 tons. Due to the interim nature of this storage we will not be updating our storage capacity database on the website.

Should you have any further questions or comments around the additional product, please feel free to pass these onto the commodities team via email commodities@jse.co.za

This Market Notice will be available on the website at <https://www.jse.co.za/redirects/market-notices-and-circulars>
