---

Dear Market Participant,

**1. Standard storage rate for soya beans**

The standard storage rate for marketing season 1 March 2020 – 28 February 2021, will be increased based on the PPI rate as published in December 2019, namely 2.3%. The standard storage rate applied to outstanding storage in completion of a futures contract will increase to **R0.86 per ton per day**.

Please ensure that when making delivery of JSE silo receipts issued in the previous marketing season, all storage is paid up to and including 29 February 2020. Failure to comply means the storage operator reserves the right to apply a 10% penalty to the total outstanding storage amount as per the JSE Rules.

**2. Registered delivery points**

Please note that the attached 178 SOYA delivery points are registered for the 2020-21 marketing season, all on par since no single reference point exists for the futures contract.
