SUBJECT: CHANGES TO INITIAL MARGIN REQUIREMENTS FOR DERIVATIVE MARKETS

Name and Surname: Alex Comninos

Designation: Head of Risk

Dear JSE Stakeholder

Given the current market conditions and the need to respond to market moves and volatility timeously, the JSE is updating initial margin requirements daily on all contracts where the calculations inform an IMR increase.

All margins will be published whether they are increased or not whenever there is an update with the date of the implementation in the file name. An extra column has been added at the end of the EDM, FXM and Cando IM parameters called "Pre-Update IMR" that reflects the IMR before the update.

The initial margin parameters to be implemented today can be found at these directories:

- EDM – <https://www.jse.co.za/downloadable-files?RequestNode=/Initial Margin Parameter Data/Official Initial Margin Parameters/EDM>
- FXD – <https://www.jse.co.za/downloadable-files?RequestNode=/Initial Margin Parameter Data/Official Initial Margin Parameters/IRC/FX>
- APD – <https://www.jse.co.za/downloadable-files?RequestNode=/Initial Margin Parameter Data/Official Initial Margin Parameters/APD>

For any queries regarding the location of the files containing these parameters, please contact the Client Service Centre (CSC) on +27 11 520 7777 or Customersupport@jse.co.za

Should you have any queries regarding this notice, please contact risk@jse.co.za
