E-mail address: [chriss@jse.co.za](mailto:chriss@jse.co.za)

Dear JSE Stakeholder

The JSE has received a request from AFGRI Operations Limited (Registration Number 1995/005872/06) to consider the inclusion of the following silo as soya delivery point:

For **soya beans**:

Storage Point	Rail Siding #	Closest main road	Total Capacity	Differential
Mizpah	643106	R33	45308	No location differentials are in place for the soya bean contract

The above silo is already a registered delivery point for maize. Whilst Mizpah is not situated amongst existing delivery sites in KZN, it is 70 km away from the nearest crushing facility in Pietermaritzburg and has already been facilitating soya procurement over the past three years. Given this, the JSE is considering giving full status to Mizpah as a soya delivery point, subject to market consensus.

Please could market participants carefully consider the above request and should there be any concerns regarding its inclusion as registered delivery point for soya, please email and describe your concerns to [commodities@jse.co.za](mailto:commodities@jse.co.za) **no later than Monday 30 June 2014**. We will then publish a final market notice confirming the outcome of the application.
