Dear JSE Stakeholder

The JSE Commodity Derivatives Market has received an application from Keystone Milling Co. (Pty) Ltd (Reg. no 1970/014888/07) to become a JSE approved storage operator in terms of the rules and contract specifications of the JSE.

The storage facility consists of concrete silo structures and the day to day operation of this facility will managed by Keystate (Pty) Ltd, a subsidiary of Keystone Milling Co. (Pty) Ltd.

Keystone Milling has requested the following depot which is only accessible by road, to be registered for **white maize only**:

Storage Point for WHITE MAIZE	Rail Siding #	Closest main road	Total Capacity of the silo	Proposed Differential
Rustenburg	NA	N4	11550	135

The JSE is satisfied with the submitted documents and an audit report from independent collateral managers and we can confirm that Keystone Milling, including the storage facility, meets the requirements as per appendix C and D criteria.

Members and their respective clients are requested to consider the above application and if there are any substantiated objections to the above application; please email these to [commodities@jse.co.za](mailto:commodities@jse.co.za) no later than **Monday 30 June 2014**.

A final notice will be distributed confirming if the application is approved and when the introduction date of the storage facility can be expected.
