Dear JSE Stakeholder

Deregistration of Modderrivier as a wheat delivery point

We have received a written submission from GWK Limited (Reg. No.: 1997/022252/06) informing us of their intention to deregister one of their storage facilities, Modderrivier, as a JSE-registered wheat delivery point.

Please could market participants carefully consider the above request and should there be any concerns regarding its deregistration as registered wheat delivery point please email these to commodities@jse.co.za **no later than 26 September 2014.**

If no objections are received, we will deregister Modderrivier by 30 September 2014 before the new marketing season kicks in. We will then publish a final market notice confirming final deregistration.
