Date: 20 April 2011

JSE Equity Market Trading and Information Technology Update

Further to JSE Market Communication session held on 3 February 2011, the JSE has been working on a revised project approach for the Equity Market Trading Technology replacement.

The JSE has been finalizing the project timeline as well as the system requirements for the new solution. The JSE advised at the communication session that we were hoping to issue User Specification documents by 30 April 2011. As per client feedback received post the communication session requesting the JSE ensure that the JSE limit the number of User Specification iterations issued so as to minimize the impact to clients, the JSE will not be issuing the User specification documents on 30 April 2011.

The JSE will continue to provide updated status as and when information becomes available. Please refer any queries with regards to this notice to Sandra Borrageiro on +27 (11) 520 7384 or SandraB@jse.co.za .

Thank you for your co-operation in this regard.

Leanne Parsons
