

SOUTH AFRICAN INSTITUTE OF STOCKBROKERS

South African Institute of Stockbrokers invites you to an information Session with regards to a
New Registered Qualification & Learnership

OCCUPATIONAL CERTIFICATE: FINANCIAL MARKETS PRACTITIONER

In 2009 the financial markets industry identified the need for a learnership in the financial markets. Subsequently a qualification for financial markets practitioners was developed by industry experts and the South African Institute of Stockbrokers (SAIS) with the assistance of Fasset and under the auspices of the Quality Council for Trades and Occupations (QCTO). The qualification with the title **Occupational Certificate: Financial Markets Practitioner** was registered by the South African Qualifications Authority (SAQA) and a learnership that leads to this qualification was registered with the Department of Higher Education and Training. The knowledge and practical skills parts of the learnership will be offered by the University of Johannesburg from January 2015.

Employers are now invited to place learners on this learnership. An information session about the qualification and the requirements for becoming an approved workplace provider for this learnership will be held at the JSE on 4 December 2014 at 10:00.

JSE Limited
One Exchange Square, Gwen Lane,
Sandown, 2196
Parking during the day is next door to the JSE at 24 central

Please RSVP before 2 December 2014 by clicking on this link:
