

## Market Notice

**Number:** Y587A

**Date:** 11 January 2011

---

### JSE Interest Rates Member Rankings Report

Over the last couple of years many participants in the bond market have asked for information relating to rankings of members in comparison to one another. After some work and consultation with a number of market participants we have put together a ranking report that we would like to make available to the market on a monthly basis. This sample report show fictitious volumes and participant names to illustrate the detail of the report.

Once we have received feedback from the market we will make a decision on how to make the information available to the market.

Ideally we would like to make the report available to the market as it currently stands (with real names and volumes). Only the top 10 in each category will be displayed. Alternatively we could hide names but include volumes or simply send each member their own ranking in comparison to dummy members to enhance anonymity.

We would value feedback from you relating to the information contained in the report. If you have any questions please feel free to contact us.

### Bernard Claassens
