Introduction

The definitions contained in the “Definitions” section of these Listings Requirements apply to this Introduction.

Objectives

It is an integral function of the JSE to provide facilities for the listing of securities (including securities issued by companies, domestic or foreign), to provide the JSE’s users with an orderly market place for trading in such securities and to regulate the market accordingly.

The Listings Requirements set out in this document apply to companies seeking a listing for the first time, presently listed companies, all other securities that applicants may wish to list and those presently listed and, where applicable, to directors (as defined in each relevant section) of applicant issuers and to sponsors. The Listings Requirements contain the rules and procedures governing new applications, all corporate actions and continuing obligations applicable to issuers and issuers of specialist securities. They are furthermore aimed at ensuring that the business of the JSE is carried on with due regard to the public interest.

General Principles

It is impracticable and undesirable for the JSE’s requirements and procedures to attempt to govern all circumstances that may arise in commercial practice. Accordingly, the Listings Requirements fall into two categories as follows:

(a) general principles (“the General Principles”) which are set out below and which must be observed in all corporate actions and also in all submissions pertaining to securities listed and to be listed; and

(b) the main body of the Listings Requirements (“the main body”) which consists of the sections, schedules and practice notes. The main body is derived from the application and interpretation of the General Principles by the JSE.

Moreover, the spirit of the General Principles and the main body may be applied by the JSE in areas or circumstances not expressly covered in the Listings Requirements.

The JSE has discretion to modify the application of a requirement contained in the main body in exceptional circumstances, for example when the JSE considers that the strict application of the requirement would conflict with the General Principles.

Accordingly, users of the Listings Requirements must at all times observe the spirit as well as the precise wording of the General Principles and main body.

If there is any doubt as to the interpretation or application of the Listings Requirements, users must consult the JSE.

The General Principles are as follows:

(i) to ensure the existence of a market for the raising of primary capital, an efficient mechanism for the trading of securities in the secondary market, and to protect investors;

(ii) to ensure that securities will be admitted to the List only if the JSE is satisfied that it is appropriate for those securities to be listed;

(iii) to ensure that full, equal and timeous public disclosure is made to all holders of securities and the general public at large regarding the activities of an issuer that are price sensitive;
(iv) to ensure that holders of relevant securities are given full information and are afforded adequate opportunity to consider in advance and vote upon any of the following:

(1) substantial changes in an issuer’s business operations; and

(2) other matters affecting a listed company’s constitution or the rights of holders of securities;

(v) to ensure that all parties involved in the dissemination of information into the market place, whether directly to holders of relevant securities or to the public, observe the highest standards of care in doing so;

(vi) to ensure that all holders of the same class of securities of an issuer are accorded fair and equal treatment in respect of their securities; and

(vii) to ensure that the Listings Requirements, and in particular the continuing obligations, promote investor confidence in standards of disclosure and corporate governance in the conduct of applicant issuers’ affairs and in the market as a whole.

Competent authority

The JSE is the holder of an exchange licence in terms of the provisions of the FMA. A company wishing to have its securities dealt on the JSE must apply for a listing and must be in compliance with the requirements of the JSE before being granted such listing. The Board of the JSE is the competent authority responsible for:

• the list of the securities which may be dealt on the JSE;
• applications by applicant issuers for the listing of securities on the JSE; and
• the annual revision of the List.

The Board of the JSE has delegated its authority in relation to the Listings Requirements, excluding removal of listings initiated at the instance of the JSE (which authority has been delegated to the JSE’s executive committee), to the management of the Issuer Regulation Division. When a listings matter is considered by the JSE, representatives of the issuer and other advisers may accompany the relevant sponsor, any of whom may, subject to the JSE’s consent, address the meeting. The JSE reserves the right to limit the number of persons attending such meetings.

Section 1
Authority of the JSE

Scope of section
This section sets out the authority of the JSE regarding its powers to list, suspend and terminate listings, and its powers to enforce the Listings Requirements.

The main headings of this section are:
1.1 General powers of the JSE
1.6 Suspension of securities
1.11 Removal of securities
1.19 Annual revision of the List
1.20 Censure and penalties
1.25 Power to require information
1.27 Publication
1.30 Amendments to the Listings Requirements

General powers of the JSE
1.1 Subject to the provisions of the FMA, the JSE has the power:

(a) to grant, defer, refuse, suspend or remove a listing of securities in accordance with the Listings Requirements;
(b) to prescribe, from time to time, the Listings Requirements with which a new applicant must comply before securities issued by such new applicant are granted a listing;
(c) to prescribe, from time to time, the Listings Requirements with which applicant issuers must comply;
(d) to prescribe, from time to time, the Listings Requirements with which an applicant issuer’s directors, officers and agents must comply while securities issued by such applicant issuer remain listed;
(e) to alter or rescind a Listings Requirement prescribed before or after a listing has been granted and to prescribe additional Listings Requirements from time to time;
(f) to prescribe the circumstances under which a listing of securities shall or may be suspended or removed; and
(g) to prescribe, from time to time, the Listings Requirements with which sponsors, designated advisers, auditors, IFRS advisers, reporting accountants, reporting accountant specialists and depositories must comply.

1.2 Listings are granted subject to compliance with the Listings Requirements and new applicants and their directors must comply with the Listings Requirements. In addition, the JSE may grant a listing subject to any additional condition(s) that it considers appropriate, in which event the new applicant will be informed of, and will be required to comply with, any such condition(s).

1.3 Nothing contained in this section shall limit the powers of the JSE or its officers to those contained herein, and the JSE or its officers may, at any time, exercise any further powers granted to the JSE or its officers in terms of the FMA. Where the JSE exercises discretion in terms of these Listings Requirements, it shall use
its sole discretion and, subject to the provisions of paragraphs 1.4 and 1.5 below, judicial review and the appeal provisions in the FMA, its rulings shall be final.

1.4 If an applicant issuer, director, auditor, IFRS adviser, reporting accountant, reporting accountant specialist and/or depository, in respect of whom a decision (other than a decision in respect of which a specific appeal or review procedure is prescribed in these Listings Requirements, the Rules of the JSE and the FMA or any replacement legislation) is taken under these Listings Requirements, objects to such decision, such person must notify the JSE in writing within 48 hours of the decision, giving reasons for such objection. In such event the JSE shall consider the objection and shall be entitled, in its sole discretion, to consult with not less than three independent members of the Issuer Regulation Advisory Committee. After taking into account the views of those independent members, the JSE shall be entitled to reconsider and change its decision. A decision of the JSE made after following this procedure will be final.

1.5 Subject to the provisions of the FMA, if the JSE decides, at its instance, to remove a listing, and the issuer concerned objects to this decision, then the issuer may appeal to the Issuer Regulation Appeal Committee in writing within 48 hours of the decision, giving reasons for such objection. In such event, the JSE will constitute the Issuer Regulation Appeal Committee in accordance with the mandate issued by the JSE Board for this purpose.

Suspension of securities

Suspension initiated by the JSE

1.6 The JSE may, subject to the suspension provisions of the FMA, and if either of the following applies:

(a) if it will further one or more of the objects contained in Section 2 of the FMA, which may also include if it is in the public interest to do so; or

(b) if the applicant issuer has failed to comply with the Listings Requirements and it is in the public interest to do so,

suspend the listing of securities of an applicant issuer and impose such conditions as it may, in the circumstances, deem appropriate for the lifting of such suspension.

1.7 When the listing of securities of an issuer is under threat of suspension, the affected issuer shall be given the opportunity of making written representations to the JSE why the suspension should not be affected prior to the JSE making any decision to suspend such listing.

1.8 If a listing is suspended and the affected issuer fails to take adequate action to enable the JSE to reinstate the listing within a reasonable period of time, the JSE may remove the listing in accordance with the procedure set out below.

Suspension at the request of the issuer

1.9 The JSE may suspend a listing of securities in the following circumstances:

(a) (i) where an issuer is placed under provisional liquidation;

(ii) where an issuer has adopted a special resolution to be wound up voluntarily; or

(iii) where an issuer is placed under business rescue proceedings in terms of Chapter 6 of the Act;

(b) where a written request is made by a/the director(s) of an issuer and it is apparent that there are two levels of information in the market and the JSE
considers that this situation cannot be remedied by the immediate publication of an announcement to clarify the situation;

(c) where the issuer has ceased to do business;

(d) where the Commission issues a notice to an issuer in terms of Sections 22 and/or 23(6) of the Act. The issuer must immediately inform the JSE of any such notice issued to the issuer by the Commission; and/or

(e) the Commission deregisters an issuer in terms of Section 82(3) of the Act.

Continuing obligations of issuers in relation to suspensions

1.10 If an issuer’s securities are suspended, it must, unless the JSE decides otherwise:

(a) continue to comply with all the Listings Requirements applicable to it;

(b) submit to the JSE a monthly progress report pertaining to the current state of affairs of the issuer and any action proposed to be taken by the issuer in order to have the listing reinstated; and

(c) advise the holders of securities, on a quarterly basis, concerning the current state of affairs of the issuer and any action proposed by the issuer in order to have the listing reinstated, including the date on which the suspension is expected to be lifted.

Removal of securities

Removal initiated by the JSE

1.11 The JSE may, subject to the removal provisions of the FMA, and if one of the following applies:

(a) if it will further one or more of the objects contained in Section 2 of the FMA, which may also include if it is in the public interest to do so; or

(b) if the issuer has failed to comply with the Listings Requirements and it is in the public interest to do so,

remove from the List any securities previously included therein; provided that the listing of such securities shall first have been suspended in accordance with the above provisions.

1.12 When a listing of securities is under threat of removal, the affected issuer shall be given the opportunity of making representations, in writing, to the JSE why the removal should not be affected, prior to the JSE making any decision to remove such listing.

Removal at the request of the issuer

1.13 An issuer may make written application to the JSE for a removal of any of its securities from the List, stating from which time and date it wishes the removal to be effective. The JSE may grant the request for removal, provided paragraphs 1.14 and 1.15 are properly complied with and perfected.

1.14 Prior to being able to effect paragraph 1.13, an issuer must send a circular to the holders of its securities complying not only with the requirements of paragraph 11.1 (contents of all circulars) but also with the following:

(a) where the issuer is a listed company, approval must be obtained from shareholders in general meeting for the removal of the listing prior to the issuer making written application for such removal;

(b) the reasons for removal must be clearly stated;
(c) an offer (which must be fair in terms of paragraph 1.14(d)) must be made to all holders of listed securities with terms and conditions provided in full; and

(d) a statement must be included by the board of directors confirming that the offer is fair insofar as the shareholders (excluding any related party/ies if it/they are equity securities holders) of the issuer are concerned and that the board of directors has been so advised by an independent expert acceptable to the JSE. The board of directors must obtain a fairness opinion (which must be included in the circular), prepared in accordance with Schedule 5, before making this statement.

1.15 Where approval is required in terms of paragraph 1.14(a), more than 50% of the votes of all shareholders present or represented by proxy at the general meeting, excluding any controlling shareholder, its associates and any party acting in concert, and any other party which the JSE deems appropriate, must be cast in favour of such resolution, unless the JSE otherwise decides.

1.16 Shareholder approval for the removal of the listing need not be sought, and a circular need not be sent to the holders of securities where the listing of such securities is intended to be removed:

(a) following a take-over offer, the securities have become subject to Section 124 of the Act and notice has been given by the offeror of its intention to cancel the listing of the securities (in these circumstances) in the initial offer document or in any subsequent circular sent to holders of securities; or

(b) following the completion of a scheme of arrangement with shareholders, in terms of Sections 114 and 115 of the Act, as a result of which either all the shares have been acquired or the JSE is satisfied that the issuer no longer qualifies for listing (the JSE must be consulted for a ruling in this regard).

Redemption either wholly or in part and removal from the List of redeemable preference shares or debentures

1.17 Written application for the removal of redeemable preference shares or debentures, or the corresponding portion thereof, from the List, as and from the appropriate date, must be made to the JSE at least 30 days before the date of redemption and in accordance with the relevant timetable in Schedule 18.

1.18 The application must be accompanied by a copy of the proposed announcement and/or circular to be published and/or sent to the redeemable preference shareholders or debenture holders, notifying them of the redemption.

Annual revision of the List

1.19 All listings shall be revised by the JSE annually after receipt by the JSE of a certificate from each applicant issuer complying with Schedule 2 Form D1 (“the certificate”), which must be submitted to the JSE together with the applicant issuer’s annual financial statements pursuant to paragraphs 3.19 and 3.21(a). If the certificate is not received by the JSE:

(a) a notification will be sent to the applicant issuer requesting that it rectify the situation and advising that it has been granted a period of 14 days, from the date of such reminder, in which to provide the JSE with the certificate, failing which the applicant issuer must make written representations to the JSE, within 7 days thereafter, as to why the securities should not be suspended and subsequently removed (in terms of paragraph 1.11);

(b) failing compliance within 14 days of despatch of the reminder to the issuer, the JSE will release an announcement through SENS, informing
holders of securities that the issuer has not provided the JSE with the certificate and cautioning holders that the listing of the securities concerned are under threat of suspension and possible removal;

(c) on the date of release of the announcement, the listing of the relevant securities will be annotated on the JSE trading system with an “R”, to indicate that it has failed to provide the JSE with the certificate timeously; and

(d) if the certificate is not submitted and the representations received in terms of paragraph 1.19(a) are not satisfactory, the listing of the relevant securities will be suspended and the lifting of the suspension will only be effected upon receipt of the certificate by the JSE.

**Censure and penalties**

1.20 Where the JSE finds that an applicant issuer or any of an applicant issuer’s director(s) or an auditor, IFRS adviser, reporting accountant, reporting accountant specialist and/or depository, as defined, has contravened or failed to adhere to the provisions of the Listings Requirements, the JSE may, in accordance with the provisions of the FMA and without derogating from its powers of suspension and/or removal:

(a) censure the applicant issuer and/or the applicant issuer’s director(s), individually or jointly, by means of private censure;

(b) censure the applicant issuer and or the applicant issuer’s directors, individually or jointly, by means of public censure;

(c) in the instance of either paragraph 1.20(a) or (b), impose a fine not exceeding such amount as stipulated by the FMA on the applicant issuer and/or the applicant issuer’s director(s), individually or jointly;

(d) disqualify an applicant issuer’s director(s) from holding the office of a director of a listed company for any period of time;

(e) terminate the accreditation of and remove an auditor, IFRS adviser, reporting accountant and/or reporting accountant specialist from the JSE list of Auditors and their advisers; and/or

(f) issue any other penalty that is appropriate in the circumstances.

1.21 In the event that an applicant issuer or any of an applicant issuer’s director(s) contravenes or fails to adhere to the provisions of the Listings Requirements, the JSE may elect in its discretion, that:

(a) full particulars regarding the imposition of a penalty may be published in the *Gazette*, national newspapers, the website of the JSE or through SENS; and/or

(b) an investigation or hearing be convened and the applicant issuer or any of the applicant issuer’s director(s) pay the costs incurred in relation to such investigation or hearing.

1.22 If any of the parties fails to pay a fine as referred to in paragraph 1.20, the JSE may, in terms of the provisions of the FMA, file with the clerk or registrar of any competent court a statement certified by it as correct, stating the amount of the fine imposed, and such statement thereupon shall have all the effects of a civil judgement lawfully given in that court against that applicant issuer or any of an applicant issuer’s director(s) in favour of the JSE for a liquid debt in the amount specified in that statement.

1.23 Unless the JSE considers that the maintenance of the smooth operation of the market or the protection of investors otherwise requires, the JSE will give
advance notice to the parties involved of any action that it proposes to take under paragraphs 1.20 and 1.21, and will provide them with an opportunity to make written representations to the JSE.

1.24 The whole or any part of the fines issued in terms of paragraph 1.20 will be appropriated as follows:
   
   (a) the settlement of any costs incurred by the JSE in enforcing the provisions of the Listings Requirements; and/or
   
   (b) the settlement of any future costs which may arise through the enforcement of the provisions of the Listings Requirements.

Power to require information

1.25 The JSE may, in accordance with the FMA, require an applicant issuer to disclose to it, within a period specified by it, such information at the applicant issuer’s disposal as the JSE may determine, save to the extent that the issuer has obtained a court order excusing it from such disclosure. The JSE may request that a copy of such court order be delivered to it. If the JSE is satisfied, after such applicant issuer has had an opportunity of making representations to it, that the disclosure of that information to the registered holders of the securities in question will be in the public interest, it may, by notice in writing, require such applicant issuer to publicly disclose that information within the period specified in the notice.

1.26 The JSE may require an applicant issuer to provide for the publication or dissemination of any further information not specified in the Listings Requirements, in such form and within such time limits, as it considers appropriate. The applicant issuer must comply with such requirement and, if it fails to do so, the JSE may publish the information after having heard representations from the applicant issuer or after having granted the applicant issuer the opportunity to make such representations.

Publication

1.27 Without derogating from any other powers of publication referred to in these Listings Requirements, the JSE may, in its absolute discretion and in such manner as it may deem fit, state or announce that it has:
   
   (a) investigated dealings in a listed security;
   
   (b) censured an applicant issuer;
   
   (c) censured an applicant issuer’s director(s);
   
   (d) suspended the listing of any security;
   
   (e) removed the listing of any security;
   
   (f) imposed a fine on an applicant issuer;
   
   (g) imposed a fine on an applicant issuer’s director(s);
   
   (h) advised that, in its opinion, the retention of office as a director of any applicant issuer’s director(s), who shall be named, is prejudicial to the interests of investors;
   
   (i) terminated the accreditation of and removed an auditor, IFRS adviser, reporting accountant and/or reporting accountant specialist from the JSE list of Auditors and their advisers.

1.28 In a statement or announcement referred to in paragraph 1.27, the JSE may give the reasons for such investigation, censure, suspension, removal or fine as the case may be and, in the case of an investigation, so much of the JSE’s
1.29 No applicant issuer or its directors, officers or holders of securities, including nominees or an auditor, IFRS adviser, reporting accountant, reporting accountant specialist and/or depository shall have any cause of action against the JSE, or against any person employed by the JSE, for damages arising out of any statement or announcement made in terms of paragraph 1.27, unless such publication was made either grossly negligently or with wilful intent.

**Amendments to the Listings Requirements**

1.30 Subject to the provisions of the FMA, the JSE may amend the Listings Requirements through a public consultation process. The proposed amendments to the Listings Requirements will be published through SENS inviting comments from affected parties for a period of one month.

1.31 Once the public consultation process has been completed, the JSE will submit the proposed amendments to the Listings Requirements, together with an explanation of the reasons for the proposed amendments, and any concerns or objections raised during the public consultation process, to the registrar for approval.
Section 2
Sponsors

Scope of section
This section sets out the requirements relating to sponsors.

Sponsors will normally be corporate brokers, banks and other professional advisers. Such sponsors must undertake to the JSE that they accept certain responsibilities. These responsibilities are detailed in Section 2 and Schedule 16 of the Listings Requirements. The responsibilities of a sponsor appointed by an applicant issuer are twofold, namely:

(a) to assist applicant issuers with applications for listing which require the production of listing particulars and/or other relevant documentation; and

(b) to provide advice, on a continuing basis, regarding the application of the Listings Requirements, including the application of the spirit of the Listings Requirements and upholding the integrity of the JSE, and in particular, the continuing obligations set out in Section 3.

Only sponsors recorded on the JSE’s Register of Sponsors may act as sponsors.

The main headings of this section are:
2.1 Qualifications
2.2 Appointment
2.6A Termination
2.7 Responsibilities of a sponsor
2.13 Direct access
2.17 Disciplinary action

Qualifications
2.1 In order for an applicant to become a sponsor and to perform its responsibilities in accordance with the Listings Requirements, it must:

(a) submit written application as set out in Schedule 16 of the Listings Requirements or in such other form as the JSE may from time to time approve;

(b) be entered on the JSE’s Register of Sponsors, having successfully completed all necessary application forms prescribed by the JSE; and

(c) have paid the necessary fees.

The authority to act as a sponsor will be reviewed on an annual basis in accordance with the provisions of Schedule 16.

Appointment
2.2 An applicant issuer is required to have an appointed sponsor at all times.

2.3 A joint independent sponsor must be appointed where:

(a) the JSE believes, in its sole discretion, that the sponsor’s procedures to ensure and maintain independence and objectivity in professional dealings in relation to the applicant issuer and a corporate action, as disclosed by the sponsor in the Schedule 17 pursuant to Schedule 16, cannot be achieved and/or maintained; or
(b) the sponsor is also the applicant issuer or is a subsidiary, an associate or a
division of the applicant issuer, however such sponsor may attend to the
routine administrative issues pursuant to Practice Note 1/2003.

2.4 Where a joint independent sponsor is required to be appointed in terms of
paragraph 2.3, such appointed joint independent sponsor shall be the lead
sponsor of the applicant issuer. Where an applicant issuer has appointed more
than one sponsor, the applicant issuer must appoint one of the sponsors as the
lead sponsor. The lead sponsor must be identified as such in all communication
with holders of securities and to the public.

2.5 Where a sponsor, other than an applicant issuer’s appointed sponsor, initiates a
specific transaction for the applicant issuer, such sponsor may be appointed as
joint sponsor for that transaction. In such a case, one of the joint sponsors must
be appointed as lead sponsor.

2.6 An applicant issuer must advise the JSE in writing (providing a copy to the
sponsor) of the appointment or resignation of any sponsor. Where a sponsor
resigns, the applicant issuer and the sponsor must immediately inform the JSE
separately in writing of the reason for the resignation. In such a situation, the
applicant issuer has 30 business days to appoint a new sponsor from the date of
resignation of the sponsor, unless the JSE decides otherwise. The replacement
sponsor must ensure that, before accepting an appointment, it has requested the
written reasons for the resignation as submitted to the JSE from the outgoing
sponsor. The outgoing sponsor must supply the reasons to the replacement
sponsor within five business days of such request and the replacement sponsor
must take account of the reasons for the resignation before accepting the
appointment. Failure to comply with this requirement may result in disciplinary
action being taken in terms of the Listings Requirements.

Termination

2.6A (a) In the event that the appointment of the sponsor is terminated by the issuer,
for whatever reason, such termination must be approved by the board of
directors of the issuer. Once the termination of the sponsor has been
approved by the board of directors, the issuer and the sponsor must submit
a report to the JSE stipulating the reasons for the termination, within 48
hours of such termination.

(b) In the circumstances set out in paragraph 2.6A(a), an issuer must
immediately publish an announcement confirming the termination of the
services of the sponsor. The issuer must make immediate arrangements to
appoint a replacement sponsor, within 30 business days of the date on
which the former sponsor ceased to act, and must inform the JSE and
publish a further announcement immediately after the appointment has
been made.

(c) The replacement sponsor must ensure, before accepting the appointment,
that it has requested the report referred to in paragraph 2.6A(a) from the
outgoing sponsor. The outgoing sponsor must supply this report to the
replacement sponsor within five business days of such request and the
replacement sponsor must take account of the reasons for the termination
before accepting the appointment.

(d) Failure to comply with this requirement may result in disciplinary action
being taken in terms of the Listings Requirements.
Responsibilities of a sponsor

Nature of responsibilities

2.7 The responsibilities of a sponsor are contained in Schedule 16 and in paragraphs 2.8 to 2.12. Failure to carry out these responsibilities may result in the JSE taking one or more of the steps referred to in paragraph 2.17.

2.8 A sponsor, or in the case of more than one sponsor, the lead sponsor (as contemplated in paragraphs 2.4 and 2.5) must:

(a) at the date of first submission of any documentation, submit a confirmation in the form set out in Schedule 17 to the JSE;

(b) provide to the JSE any information or explanation known to it, in such form and within such time limit as the JSE may reasonably require, for the purpose of verifying whether the Listings Requirements are being and have been complied with by it or by an applicant issuer;

(c) submit all documentation required in terms of paragraph 16.2 to the JSE, ensuring that such announcements and documents, in both principle and content, are in compliance with the Listings Requirements. The JSE does not pre-approve announcements and any listing applications (in respect of class of securities already listed) and it is the sponsor’s responsibility (this may only be done by an approved executive) to ensure that announcements and listing applications (in respect of class of securities already listed) comply with the requirements before they are published (in the case of announcements) or submitted to the JSE (in the case of listing applications). The sponsor must obtain confirmation, preferably in writing, from applicant issuers in respect of periodic financial announcements and annual financial statements that such announcements and documents have been prepared in compliance with the Listings Requirements. In respect of annual reports, sponsors must submit the relevant questionnaire (available on the JSE website) together with the annual report. All first submissions, together with the required checklist as contained in Schedule 2 Form F, must be signed by at least one of the approved executives of the sponsor. The sponsor must also complete the relevant checklist (available on the JSE website) before submission;

(d) ensure that the applicant issuer is guided and advised as to the application of the Listings Requirements, including the application of the spirit of the Listings Requirements and upholding the integrity of the JSE;

(e) manage the submission of all documentation to the JSE and ensure its completeness and correctness before submission;

(f) satisfy itself as to the credentials of the reporting accountants, auditors, competent persons, valuers, providers of fairness opinions, and any other party deemed necessary by the JSE;

(g) carry out any activities so requested by the JSE;

(h) discharge its responsibilities with due care and skill;

(i) prior to the submission of any documentation that requires approval by the JSE, satisfy itself, to the best of its knowledge and belief, having made due and careful enquiry of the applicant issuer and its advisers:

   (i) about the matters described in paragraphs 2.9 to 2.12, and

   (ii) that there are no material matters, other than those disclosed in writing to the JSE, that should be taken into account by the JSE in
considering the submission; and

(j) advise the JSE immediately if they are aware, or have reason to suspect, that any of their clients have or may have breached the Listings Requirements.

(k) Adhere to the Sponsor Code of Ethics and Standards of Professional Conduct as contained in the appendix to Schedule 16.

(l) provide to the JSE written confirmation pursuant to paragraph 11.58(i) that the information contained in the summary circular in accordance with Appendix 2 to Section 11 has been reviewed and approved by the sponsor before it is dispatched.

Directors

2.9 The sponsor must be satisfied that the directors of new applicants and newly appointed directors of issuers:

(a) have completed and submitted the directors’ declaration as set out in Schedule 13;

(b) have had explained to them by the sponsor the nature of their responsibilities and obligations arising from the Listings Requirements; and

(c) in particular, understand what is required of them to enable holders of securities and the public to be able to appraise the position of an applicant issuer on an ongoing basis and to avoid the creation of a false market in the applicant issuer’s securities once they are listed.

Financial reporting procedures

2.10 Before the application for a new listing is made, or in the event of a sponsor accepting appointment to act as such to an issuer, the sponsor must report to the JSE in writing that it has obtained written confirmation from the applicant issuer that the directors have established suitable information communication procedures, providing for a flow of information that provides a reasonable basis for the directors to make proper judgements as to the financial position and prospects of the issuer and its group.

Profit forecast

2.11 [Repealed]

Working capital statement

2.12 Where an applicant issuer prepares listing particulars in respect of a new listing, the sponsor must report to the JSE, in writing, that it has discharged all of its responsibilities in terms of Schedule 12.

Direct access

2.13 A sponsor must be present at all formal discussions held between the JSE and an applicant issuer.

2.14 Notwithstanding the provisions of this section, the JSE may, in appropriate circumstances, communicate directly with the applicant issuer or with an adviser of the applicant issuer, in addition to its sponsor, to discuss matters of principle and/or the interpretation of the Listings Requirements.

2.15 Where discussions take place without the sponsor being involved, the applicant issuer or adviser concerned must ensure that the sponsor is informed (preferably
in writing) of the matters discussed as soon as practicable.

2.16 Any information to be released through SENS will not be released until consent has been received from the sponsor.

**Disciplinary action**

2.17 If the JSE determines, after taking account of written representations, that a sponsor has breached any of its responsibilities under the Listings Requirements, the JSE is entitled to take any one or more of the following actions:

(a) censure the sponsor;

(b) remove the sponsor from the Register of Sponsors maintained by the JSE;

(c) impose a penalty not exceeding R1 million;

(d) publish details of the action it has taken and the reasons for that action.

2.18 Where the JSE has decided to take any action described in paragraph 2.17(b), the sponsor shall be entitled to request that the decision be taken on appeal in accordance with the provisions of paragraph 1.5.
Section 3
Continuing Obligations

Scope of section
This section sets out certain of the continuing obligations that an issuer is required to observe once any of its securities have been admitted to listing. This section does not apply to issuers of specialist securities except where “applicant issuers” are specifically referred to in this section and as indicated in the continuing obligations paragraphs in Section 19.

Additional continuing obligations are set out in the following sections:
Section 8 Financial Information
Section 9 Transactions
Section 10 Transactions with Related Parties
Section 11 Circulars and Announcements
Section 16 Documents to be submitted to the JSE
Section 18 Dual Listings and Listings by Overseas Companies

Additional and/or alternative continuing obligations applicable to special classes of issuers are set out in Section 12 (Mineral Companies), Section 13 (Property Companies), Section 14 (Pyramid Companies), Section 15 (Investment Entities) and Section 19 (Specialist Securities), respectively. Observance of continuing obligations is essential for the maintenance of an orderly market in securities and to ensure that all users of the market have simultaneous access to the same information. Failure by an issuer to comply with any applicable continuing obligation may result in the JSE taking any or all of the steps described in Section 1.

The main headings of this section are:
3.1 Compliance with the Listings Requirements
3.4 General obligation of disclosure
3.11 Disclosure of periodic financial information
3.26 Cash company
3.27 Rights between holders of securities
3.34 Profit warranties
3.35 Issues by subsidiaries other than on listing
3.37 Shareholder spread
3.44 Communication with holders of securities
3.59 Directors
3.75 Notification of change in auditor
3.80 Miscellaneous obligations
3.86 Appointment of auditors and reporting accountants

Compliance with the Listings Requirements
3.1 Every issuer whose securities are listed shall comply with the Listings Requirements.

3.2 (a) Where there is an overlap of application between the Listings Requirements and any other requirements or dispensations that may be required by or granted in terms of any law, by any statutory body or organ (such as the Panel or the Commission), an issuer must, notwithstanding such other requirements or dispensations, nonetheless comply with the Listings Requirements.
(b) The provisions of paragraph 4.28(d) must be complied with on an ongoing basis.

3.3 An issuer is required to have an appointed sponsor at all times and all necessary correspondence between an issuer and the JSE must be communicated through the sponsor of the issuer.

General obligation of disclosure

3.4 (a) The following provisions apply in respect of price sensitive information:

With the exception of trading statements, an issuer must, without delay, unless the information is kept confidential for a limited period of time, release an announcement providing details relating, directly or indirectly, to such issuer that constitutes price sensitive information.

Save where otherwise expressly provided, the requirements of this paragraph are in addition to any specific requirements regarding obligations of disclosure contained in the Listings Requirements.

Note: Apply Practice Note 2/2015 and consider the application of the JSE Guidance Letter – Cautionary Announcements.

(b) Trading statements

All issuers, other than those who publish quarterly results, must comply with the detailed requirements of paragraph 3.4(b)(i) to (viii). Issuers with a policy of publishing quarterly results must comply with the general principles contained in paragraph 3.4(b)(ix), but may also elect to comply with paragraph 3.4(b)(i) to (viii) on a voluntary basis.

(i) Issuers must publish a trading statement as soon as they are satisfied that a reasonable degree of certainty exists (refer to 3.4(b)(ii)) that the financial results (refer to 3.4(b)(vi)) for the period to be reported upon next will differ by at least 20% (or 15% if paragraph 3.4(b)(vii) is applicable) from the most recent of the following (collectively referred to as the “base information”):

(1) the financial results for the previous corresponding period; or
(2) a profit forecast (in terms of paragraphs 8.35 to 8.44) previously provided to the market in relation to such period.

Issuers may publish a trading statement if the differences referred to in 3.4(b)(i) are less than 20% (or 15% if paragraph 3.4(b)(vii) is applicable), but which are viewed by the issuer as being important enough to be made the subject of a trading statement.

(ii) The determination of a reasonable degree of certainty in terms of 3.4(b)(i) is a judgmental decision which has to be taken by the issuer and its directors and is one in which the JSE does not involve itself. This determination may differ from issuer to issuer depending on the nature of business and the factors to which they are exposed.

(iii) Trading statements must provide specific guidance by the inclusion of the period to which it relates and include the comparative numbers for the previous published period, and:

(1) a specific percentage and number to describe the differences; or
(2) a range (i.e. XYZ is expecting an increase of between 15% and 25%) and numbers to describe the differences. Where an issuer elects to use a range, the range may not exceed 20% (e.g. 20% to 40%, 25% to 45% etc.); or

(3) a minimum percentage difference and number difference, together with any other relevant information that the issuer has at its disposal at the time. This will only be applicable in instances where the issuer has reasonable certainty in respect of paragraph 3.4(b)(i) above, but it does not have the reasonable certainty to provide guidance in accordance with paragraph 3.4(b)(iii)(1) or (2). Once the issuer obtains this reasonable certainty, it must provide the guidance referred to in paragraph 3.4(b)(iii)(1) or (2).

(iv) If, after publication of a trading statement but before publication of the relevant periodic financial results, an issuer becomes reasonably certain that its previously published number, percentage or range in the trading statement is no longer correct, then the issuer must publish another trading statement providing the revised number, percentage or range in accordance with paragraph 3.4(b).

(v) In light of the existing Listings Requirements’ definitions of “significant”, “material” and “substantial”, these words may not be used in trading statements because to do so would imply a range differing from that permitted in terms of 3.4(b)(i) (i.e. more than 20%).

(vi) Financial results in terms of 3.4(b)(i) are relevant criteria that are of a price sensitive nature which, in the first instance, comprise headline earnings per share (“heps”) and earnings per share (“eps”), and, in the second instance, and only if more relevant (because of the nature of the issuer’s business) net asset value per share (“navps”). If an issuer wishes to adopt navps, it must announce on SENS, in advance of the first period ending which uses such navps, that it will be adopting navps for trading statement purposes. Thereafter, such policy adoption must be confirmed annually in the annual financial statements.

(vii) Property entities may elect to adopt distribution per listed security as their relevant measure of financial results in terms of 3.4(b)(vi) provided that they:

(1) follow the procedures set out in 3.4(b)(vi) for adopting a different relevant measure for financial results; and

(2) issue a trading statement if the financial results for the period to be reported on will differ by at least 15% from the base information, as opposed to the 20% referred to in 3.4(b)(i).

(viii) In the event of an issuer publishing a trading statement, such issuer must either:

(1) produce and submit to the JSE a profit forecast or estimate, and accountants report thereon in accordance with:

   (aa) ISAE 3400 – The Examination of Prospective Financial Information, in respect of profit forecasts; or

   (bb) ISAE 3000 – Assurance Engagements other than Audits or Reviews of Historical Financial Information, in respect of the estimate;
in compliance with paragraphs 8.35 to 8.44 and 8.48(c); or

(2) include a statement (which is not deemed to be a cautionary statement and which does not give rise to the commencement of a closed period) in the trading statement advising securities holders that the forecast financial information has not been reviewed and reported on by the issuer’s auditor either in accordance with 3.4(b)(viii)(1)(aa) or 3.4(b)(viii)(1)(bb).

(ix) Issuers who have a policy of publishing quarterly results will be exempt from the provisions of 3.4(b)(i) to (viii), but must instead include a general commentary in each quarterly results announcement to ensure that shareholders are guided on the expected performance of the issuer for the next quarter (which may be as detailed or broad as the issuer chooses). Such guidance is exempt from compliance with paragraphs 8.35 to 8.44 of the Listings Requirements.

Confidentiality

3.5 Information that is required to be announced in terms of paragraph 3.4 or any other Listings Requirement, including price sensitive information, may not, subject to paragraphs 3.6 to 3.8, be released (even subject to a time embargo):

(a) during JSE trading hours (as defined in Schedule 9), until such time as such information has been published in accordance with paragraph 7 of Schedule 9; or

(b) outside of JSE trading hours until such time as such information has been approved, if necessary (in accordance with paragraphs 6 of Schedule 9), and arrangements have been made for such information to be published before the opening of JSE trading hours on the next business day.

3.6 Issuers that deem it necessary to provide information, prior to releasing same on SENS must ensure that in doing so they do not commit an offence in terms of the FMA and in particular Section 78(4).

Section 78(4)# of the FMA states the following:

(a) An insider who knows that he or she has inside information and who discloses the inside information to another person commits an offence.

(b) An insider is, despite paragraph (a), not guilty of the offence contemplated in that paragraph if such insider proves on a balance of probabilities that he or she disclosed the inside information because it was necessary to do so for the purpose of the proper performance of the functions of his or her employment, office or profession in circumstances unrelated to dealing in any security listed on a regulated market and that he or she at the same time disclosed that the information was inside information.

3.7 Issuers that elect to provide information in accordance with paragraph 3.6 and become aware that the necessary degree of confidentiality of such information cannot be maintained or if the issuer suspects that confidentiality has or may have been breached, the issuer must immediately:

(i) inform the JSE; and

(ii) ensure that such information is announced accordingly.

3.8 When an issuer intends to release any information as contemplated in paragraph 3.5 at any meeting or forum, arrangements must be made for the publication of

# JSE extraction of section 78(4) of the FMA.
such information to ensure that the announcement of such information at the
meeting or forum is made simultaneously with the publication through SENS in
accordance with Schedule 9. If any such information is disclosed in an
unplanned manner during the course of a meeting or forum, the issuer must
immediately:

(i) inform the JSE; and
(ii) ensure that such information is announced accordingly.

Cautionary announcements

3.9 Immediately after an issuer knows of any price sensitive information and the
necessary degree of confidentiality of such information cannot be maintained or
if the issuer suspects that confidentiality has or may have been breached, an
issuer must publish a cautionary announcement (complying with
paragraph 11.40). An issuer that has published a cautionary announcement must
provide updates thereon in the required manner and within the time limits
prescribed in paragraph 11.41.

Note: Apply Practice Note 2/2015 and consider the application of the JSE
Guidance Letter – Cautionary Announcements.

Exception

3.10 If the directors of an issuer consider that disclosure to the public of information
in accordance with paragraph 3.4 will, or probably will, prejudice the issuer’s
legitimate interests, the JSE may grant a dispensation from the requirement to
make such information public.

Disclosure of periodic financial information

Dividends and interest

3.11 The declaration of dividends, interest and other similar payments (“distribution
payments”) by an applicant issuer should be announced immediately as per
paragraph 11.17(a)(i) to (x).

3.12 If an applicant issuer decides not to declare distribution payments, and such
decision is deemed to be price sensitive, the decision must be announced
immediately after it is taken.

3.13 The announcement required in terms of paragraph 3.11 must be in accordance
with Schedule 18.

Restatement of previously published results

3.14 In the instance where an applicant issuer restates previously published results,
for whatever reason, they must submit a restatement notification to the JSE
containing details of the restatement and the reasons therefor. Such notification
must be submitted within 24 hours from the restated results being published on
SENS.

Interim and quarterly reports

3.15 Interim reports shall be published after the expiration of the first six-month
period of a financial year, by no later than three months after that date. In the
instance where the financial year end has been changed, resulting in the financial
period being longer than twelve months, interim reports shall be published in
respect of:

(a) the six-month period commencing on the first day of the financial period;
(b) a twelve-month period commencing on the first day of such financial period, which second interim report must also comply with paragraph 3.18(h); and

(c) by no later than three months after the expiration of the first six months and the second twelve months respectively.

In the case of issuers that report to shareholders on a quarterly basis, the quarterly reports shall be published in accordance with Appendix 1 to Section 11 as soon as possible after the expiration of each quarter (such issuers must still comply with the provisions of this paragraph in respect of interim reports). Interim reports must comply with 8.57 to 8.61.

**Provisional reports**

3.16 (a) If an issuer has not distributed annual financial statements to all shareholders within three months of its financial year-end, it must publish provisional annual financial statements ("provisional reports") within the three months as specified, even if the financial information is unaudited at that time, in which case paragraph 3.18(c) will apply. The provisional reports are to be prepared in accordance with paragraphs 3.15, 3.18(c) and 8.57 to 8.61. The auditor’s report on the provisional report (if applicable) does not need to be included in its entirety in the provisional report, but may instead be dealt with in terms of paragraph 3.18(f) and (g).

(b) If an issuer has published a provisional report, then, at the date of issue of its annual financial statements, such issuer must either comply with paragraph 3.21(b) and (c) or publish an announcement stating that it has issued its annual financial statements and that it is not publishing an abridged report as the information previously published in the provisional report (including the nature of the auditor’s report) is unchanged.

**Procedure for non-compliance**

3.17 Where an issuer fails to comply with paragraphs 3.15 and/or 3.16:

(a) on the day following the due date of issue of the issuer’s interim/provisional report, a letter of reminder will be sent to the issuer requesting that it rectify the situation and advising that it has been granted a period of one month, from the date of such reminder, in which to issue its interim/provisional report, failing which the issuer’s listing will be suspended and a meeting of the JSE will be convened to consider the continued suspension or termination of the issuer’s listing;

(b) failing compliance within 14 days of dispatch of the reminder to the issuer, the JSE will release an announcement through SENS informing holders of securities that the issuer has not issued its interim/provisional report and cautioning shareholders that the issuer’s listing of securities is under threat of suspension and possible removal;

(c) on the date of the announcement, the issuer’s listing will be annotated on the JSE trading system with a “RE” to indicate that it has failed to submit its interim/provisional report timeously;

(d) where the listing is suspended, the lifting of the suspension will only be effected upon receipt by the JSE of the issuer’s interim/provisional report, and if the JSE is satisfied that the interim/provisional report complies with IFRS and the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by Financial Reporting Standards Council.
Requirement for review by auditors and reports issued by auditors

3.18 The following provisions apply in respect of unaudited interim reports, unaudited quarterly reports and unaudited provisional reports:

(a) subject to paragraph 3.18(b), unaudited interim reports are not required to be reviewed by an issuer’s auditor;

(b) unaudited interim reports shall be reviewed by an issuer’s auditor if the issuer’s auditor disclaimed, qualified or gave an adverse opinion in the issuer’s last annual financial statements, unless the JSE otherwise decides;

(c) unaudited provisional reports shall be reviewed by an issuer’s auditor unless an audit report has already been issued on the underlying annual financial statements themselves. In this instance there is no obligation to obtain a separate auditor’s report on the provisional report and instead:

(i) the following statement must be included in the provisional report:

“This summarised report is extracted from audited information, but is not itself audited.”;

(ii) the audited annual financial statements and the audit report must be available for inspection at the issuer’s registered office and a statement to this effect, including the name of the auditor, must be included in the provisional report; and

(iii) a statement must be included in the provisional report that the directors take full responsibility for the preparation of the provisional report and that the financial information has been correctly extracted from the underlying annual financial statements;

(d) unaudited quarterly reports are not required to be reviewed by an issuer’s auditor, unless otherwise requested by the JSE;

(e) when conducting a review of an unaudited interim or provisional report, the auditor shall follow the guidance provided in the International Standard on Review Engagements, (ISRE) 2410, Review Financial Statements of Interim Financial Information Performed by the Independent Auditor of the Entity;

(f) when an interim or provisional report has been reviewed or audited by the auditor, this fact and the name of the auditor must be stated in the published interim or provisional report. If the report of the auditor is not included in the published interim or provisional report, the published interim or provisional report shall state that the report of the auditor is available for inspection at the issuer’s registered office;

(g) the published interim or provisional report must state the type of review conclusion/audit opinion that was reached on the interim or provisional report or, in the circumstances where the provisional report itself is not reviewed/audited, the conclusion that was reached on the underlying annual financial statements, i.e. unqualified, qualified, disclaimer or adverse, and must contain an extract of the exact modification paragraph from the auditor’s report. The published interim or provisional report must also mention and contain details of any:

(i) paragraph on material uncertainty relating to going concern;

(ii) emphasis of matter paragraph;

(iii) paragraphs regarding a reportable irregularity, as defined in the Auditing Profession Act; and

(iv) paragraph indicating a material inconsistency in information
(h) where the financial period covers more than 12 months and interim reports are published in accordance with paragraph 3.15, a review opinion must be obtained for the second interim period;

(i) if the auditor issues a modified auditor’s report, a signed copy of the modified auditor’s report must be submitted to the JSE by the issuer within 24 hours of the publication of the results; and

(j) where unaudited/unreviewed financial information is contained in an announcement (other than a short form announcement published in accordance with paragraph 3.46(A)) and/or other publication, including preliminary reports, and the demarcation between the audited/reviewed information and any unaudited/unreviewed information is not clear, the following statement must be included in such announcement and/or other publication:

“The auditor’s report does not necessarily report on all of the information contained in this announcement/financial results. Shareholders are therefore advised that in order to obtain a full understanding of the nature of the auditor’s engagement they should obtain a copy of the auditor’s report together with the accompanying financial information from the issuer’s registered office.”

**Annual financial statements**

3.19 Every issuer shall, within four months after the end of each financial year and at least fifteen business days before the date of the annual general meeting, distribute to all holders of securities and submit to the JSE in accordance with paragraph 16.21:

(a) a notice of the annual general meeting; and

(b) the annual financial statements for the relevant financial year, which financial statements will have been reported on by the issuer’s auditor.

3.20 Where annual financial statements have not been distributed to holders of securities within three months of its financial year-end, the issuer must publish a provisional report as detailed in paragraph 3.16.

3.21 (a) An issuer’s annual financial statements must be distributed to the issuer’s holders of securities and a copy thereof must be submitted electronically and directly to the information database maintained by Issuer Regulation Division for publication on the JSE website.

(b) At the same time, an abridged version of such annual financial statements (“abridged report”), complying with paragraphs 8.57 to 8.61, must be published on SENS.

(c) Although the audit report of the auditor on the annual financial statements need not be included in the abridged report (or in any summary of the audited annual financial statements that the issuer chooses to produce), the name of the auditor must be included and, if such report is a modified auditor’s report, details of the nature of such modification shall also be stated therein. If the audit report is not modified then a statement to this effect must be included in the report. There is no obligation to obtain a separate audit report on the abridged report itself (or any other summary of audited annual financial statements). Where the abridged report itself is not audited the following statement must be included in the abridged report (or
any other summary of audited annual financial statements):

“This abridged report is extracted from audited information, but is not itself audited.”

In addition a statement must be included in the abridged report (or any other summary of audited annual financial statements) that the directors take full responsibility for the preparation of the abridged report and that the financial information has been correctly extracted from the underlying annual financial statements.

3.22 Any annual financial information published voluntarily by an issuer in advance of being required to do so in terms of paragraphs 3.20 or 3.21 must:

(a) comply with paragraphs 8.57 to 8.61 in respect of disclosure;

(b) at a minimum, be reviewed by the issuer’s auditor, unless an audit report has been issued on the underlying annual financial statements themselves. Therefore if:

(i) an audit report has been issued on the underlying annual financial statements, there is no obligation to obtain a separate auditor’s report on the preliminary report itself, and instead the issuer must comply with the provisions of paragraph 3.18(c), (g), (i) and (j), (where the word “provisional” should be replaced with the word “preliminary” when reading those paragraphs); or

(ii) no audit report has been issued on the annual financial statements, the provisions of paragraph 3.18(e), (f), (g), (i) and (j) will apply equally (where the word “provisional” should be replaced with the word “preliminary”); and

(c) If an issuer has published a preliminary report, at the date of publication of its annual financial statements pursuant to paragraph 3.19 such issuer must release an announcement on SENS confirming the following:

(i) that there were no changes to any financial information previously published in the preliminary report; or

(ii) that there were changes to the financial information previously published in the preliminary report. Such changes must be highlighted along with detailed explanations provided and a revised abridged report must be published.

Procedure for non-compliance

3.23 The following procedure shall apply to an issuer that fails to comply with paragraph 3.19 above:

(a) three months after the issuer’s financial year end, the JSE will send to the issuer a letter of reminder, advising that the issuer still has one month within which to submit its annual financial statements, failing which its listing may be suspended until such time as the annual financial statements have been submitted;

(b) four months after the listed company’s financial year end, the company’s listing will be annotated on the JSE trading system with a “RE” to indicate that it has failed to submit its annual financial statements timeously;

(c) the JSE will release an announcement over SENS, informing holders of securities that the issuer has not submitted its annual financial statements and cautioning holders of securities that the listing of the issuer’s securities is under threat of suspension and possible removal;

(d) if the issuer has not complied with paragraph 3.19 by the end of the fifth
month after its financial year end, the issuer’s listing will be suspended and
a meeting of the JSE will be convened to consider the continued
suspension or removal of the issuer’s listing;

(e) the issuer’s suspension will be lifted after the JSE receives the issuer’s
annual financial statements and the JSE is satisfied that these annual
financial statements comply with IFRS and the SAICA Financial
Reporting Guides as issued by the Accounting Practices Committee and
Financial Pronouncements as issued by Financial Reporting Standards
Council.

3.24 Discretionary authority shall vest with the JSE to waive the requirement for
suspension of an issuer’s listing where it has not submitted its annual financial
statements timeously.

Modified audit report

3.25 The following procedure shall prevail where a modified auditors’ report has
been issued on an issuer’s annual, provisional or preliminary financial
statements:

(a) When the auditors’ report contains an emphasis of matter paragraph, the
issuer’s listing on the JSE trading system will be annotated with an “E”.

(b) When the auditor’s report contains a paragraph on material uncertainty
relating to going concern, the issuer’s listing on the JSE trading system
will be annotated with a “G”.

(c) When the auditors’ report is qualified, the issuer’s listing on the JSE
trading system will be annotated with a “Q”.

(d) When the auditors’ report contains an adverse opinion:
   (i) the issuer’s listing on the JSE trading system will be annotated with
       an “A”; and
   (ii) the JSE may decide to follow the steps set out in paragraph
       3.25(e)(ii) below.

(e) When the auditors’ report contains a disclaimer of opinion:
   (i) the issuer’s listing on the JSE trading system will be annotated with
       a “D”; and
   (ii) the JSE will consider the continued listing, suspension and possible
        subsequent removal of the issuer’s listing.

(f) When the auditor’s report includes additional paragraph/s in terms of some
    additional reporting responsibilities of the auditor, such as the obligation to
    report reportable irregularities in terms of the Auditing Profession Act, this
    must be announced by the Issuer through SENS and the JSE may decide to
    take further action.

Cash company

3.26 The following requirements apply to a cash company:

(a) Should the cash company, within six months after classification as a cash
company, fail to enter into an agreement and make an announcement
relating to the acquisition of viable assets that satisfy the conditions for
listing set out in Section 4, its listing will be suspended.

(b) If a cash company fails, within 3 months of suspension, to obtain approval
from the JSE for a circular relating to the acquisition of viable assets that
satisfy the conditions for listing set out in Section 4, its listing will be terminated.

(c) Where a cash company is to be utilised for the reversal of assets into it:
   (i) such cash company must comply with the Listings Requirements for bringing a company to listing; and
   (ii) the reconstituted cash company must meet the conditions for listing as set out in Section 4.

Rights between holders of securities

Equality of treatment

3.27 An issuer must ensure that all holders of any class of its securities that are in the same position, receive fair and equal treatment.

Voting rights

3.28 An issuer shall not issue any securities with voting rights differing from other securities of the same class.

Pre-emptive rights

3.29 Securities in each class for which listing is applied must rank pari passu in respect of all rights. It should be noted that a statement that “securities in each class rank pari passu” is understood to mean that:
   (a) they are in all respects identical;
   (b) they are of the same nominal value, and that the same amount per share has been paid up;
   (c) they carry the same rights as to unrestricted transfer, attendance and voting at general/annual general meetings and in all other respects; and
   (d) they are entitled to dividends at the same rate and for the same period, so that at the next ensuing distribution the dividend payable on each share will be the same amount.

3.30 Subject to paragraphs 3.32 and 3.33, an issuer proposing to issue equity securities for cash must first offer those securities (unless the issue is an acquisition issue) effected by way of rights offer, to existing holders of equity securities in proportion to their existing holdings. Only to the extent that such securities are not taken up by holders of equity securities under the offer may they then be issued for cash to other persons or otherwise than in the proportion mentioned above.

3.31 To the extent permitted by the Commission and subject to the prior approval of the JSE, an issuer need not comply with paragraph 3.30 with respect to securities that the directors of the issuer consider necessary or expedient to be excluded from the offer because of legal impediments or compliance with the requirements of any regulatory body of any territory recognised as having import on the offer.

Waiver of pre-emptive rights

3.32 To the extent that holders of securities of an issuer provide their authorisation by way of ordinary resolution (determined in accordance with paragraphs 5.51(g) or 5.52(e)), the issue by an issuer of equity securities for cash, made otherwise than to existing holders of securities in proportion to their existing holdings, will be
permitted in respect of a specific issue of equity securities for cash for such equity securities issue, and in respect of a general issue of equity securities for cash, for a fixed period of time thereafter in accordance with such general authority.

3.33 The JSE may waive some or all of the requirements contained in paragraph 3.32 if it is satisfied that the conditions as stipulated in Schedule 11 exist.

**Profit warranties**

3.34 Where securities are the subject of a profit warranty, such securities may only be allotted and issued once the profit required has been achieved in terms of the profit warranty agreements and the issuer’s auditor have confirmed in writing to the JSE that the conditions required have been met for the securities to be allotted and issued.

**Issues by subsidiaries other than on listing**

3.35 An issue of shares for cash in a subsidiary (whether listed or unlisted) of an issuer must be categorised in accordance with the provisions of Section 9 and not in terms of paragraphs 5.50 to 5.57.

3.36 When a subsidiary effects an offer for subscription by way of a rights offer, the rights offer must be categorised in accordance with the provisions of Section 9 and not in terms of paragraphs 5.50 to 5.57. Any shares that are renounced by the listed holding company in favour of its shareholders pro rata to their holdings need not be taken into account for categorisation purposes in terms of Section 9.

**Shareholder spread**

3.37 Issuers must use their best endeavours to ensure that a minimum percentage of each class of securities is held by the public as described in paragraph 4.28(e) (“the minimum spread requirements”).

3.38 [Repealed]

3.39 [Repealed]

3.40 [Repealed]

3.41 [Repealed]

**Notification**

3.42 [Repealed]

3.43 An issuer must disclose in its annual financial statements the following concerning its securities held by the public (as defined in paragraphs 4.25 to 4.27):

(a) the number of public securities holders for every class of listed securities;

(b) the percentages of each class of securities held by public and non-public shareholders; and

(c) the disclosure for non-public shareholders must be analysed in accordance with the categories set out in paragraphs 4.25 to 4.27.

**Communication with holders of securities**

Announcements through SENS

All announcements that are to be made through SENS in accordance with the Appendix 1 to Section 11 must be in English.

Press announcements

Announcements requiring publication in the press in accordance with the Appendix 1 to Section 11 must be published in a widely circulated daily newspaper taking into account the specific composition and demographics of the issuer’s stakeholders, in the reasonable opinion of the issuer, in any official language. (v) Increases/decreases in net asset value compared to the financial results for the previous corresponding period (only if more relevant because of the nature of the issuers business).

To the extent that any of the above indicators are not considered to be a true measure to reflect the performance of an issuer in the banking and property industries, the JSE may grant dispensation from the requirement to publish such information or agree to a relevant alternative indicator/s.

3.47 Where the registered office of an issuer is situated outside the Republic of South Africa, the requirements of Section 18 on Dual Listings and Listings by External Companies apply.

3.48 Announcements relating to pre-listing statements or circulars must state in which other official languages, if any, they are printed and where copies of such documents may be obtained.

Circulars and pre-listing statements

3.49 Circulars and pre-listing statements must be printed in English and be distributed to all certificated holders, and to those dematerialised beneficial holders of its securities who have elected to receive such documents, at the cost of the issuer.

3.53 Securities certificates and all other documents of title that need to be posted by issuers must be sent by registered post.
**Temporary documents of title**

3.54 Issuers may introduce “temporary documents of title” in South Africa provided that they are in accordance with the terms prescribed by the transfer secretary.

3.55 Issuers that have received such approval shall not place a time limit on the acceptance by them of any “temporary documents of title” for the purpose of issuing definitive securities certificates.

3.56 Issuers that have received such approval shall:

(a) cancel any securities certificates lodged with or being issued by them, and against which a “temporary document of title” has been issued, as soon as they are able to do so; and

(c) changes to any important functions or executive responsibilities of a director;

without delay and no later than by the end of the business day following the decision or receipt of notice detailing the change. Such changes must be announced as soon as practically possible and also included in the issuer’s next publication of listing particulars, interim report or annual financial statements. Where a director retires and is re-appointed at an annual or other general meeting, no notification is required as this does not result in a change to the board of directors.

3.60 An issuer must submit to the JSE and its sponsor, the relevant director’s declaration in respect of each of its appointed directors within 14 days of their appointment in the form specified in Schedule 13. Directors are required to disclose to the issuer all information that the issuer requires in order to comply with this paragraph 3.60. The issuer must also advise each of its directors of their obligations to disclose to it all information that the issuer requires in order to comply with this paragraph 3.60. Any director who is aware of any change in the statements contained in paragraphs 13 and 15 to 23 of Schedule 13 is required to disclose such information to the issuer without delay and, in any event, by no later than three business days after becoming aware of such change. An issuer must further submit to the JSE via its sponsor an updated Schedule 13, if any change has occurred to the information as contained in paragraphs 13 and 15 to 23 of Schedule 13 in respect of any director within seven business days of such change coming to its attention. In the case of an appointment of a new
company secretary the information as contained in Schedule 2 Form D2 must be submitted to the JSE within 14 days. The issuer must ensure that each of the appointed directors is free of any conflict of interest between the duties he owes to the company and his private interest.

3.61 The notifications required by paragraph 3.59 must state the effective date of the relevant appointment. If the effective date is not yet known or has not yet been determined, the notification should state this fact and the issuer must notify the JSE once the effective date has been determined.

3.62 All directors of issuers are bound by and must comply with the Listings Requirements, as amended from time to time, in their capacities as directors and in their personal capacities.

Dealing in Securities

3.63 An issuer, via its sponsor, must announce the following information:

(a) details of all transactions (including off market transactions) in securities relating to the issuer by or on behalf of:

   (i) a director and company secretary (held beneficially, whether directly or indirectly) of the issuer;

   (ii) a director and company secretary (held beneficially whether directly or indirectly) of a major subsidiary company of the issuer; or

   (iii) any associate of 3.63(a)(i) or (ii) above (collectively referred to for purposes of paragraphs 3.63 to 3.70 as “directors”).

(b) such announcement shall contain the following information:

   (i) the name of the director;

   (ii) the name of the company of which he is a director;

   (iii) the date on which the transaction was effected;

   (iv) the price, number, total value and class of securities concerned. A deemed value based on the prevailing market price must be included in situations where there is no price attributable to the transaction (e.g. donations). Aggregation and averaging of prices is not allowed and therefore, in instances where there have been various trades at various prices during the course of a day, the volume weighted average price must be shown together with the highest and lowest trading prices for the day;

   (v) in the case of options or any other similar right or obligation, the option strike price, strike dates and periods of exercise and/or vesting;

   (vi) the nature of the transaction;

   (vii) the nature and the extent of the director’s interest in the transaction. In the case of dealings by associates, the announcement must disclose the name of the associate and the relationship with the director;

   (viii) confirmation as to whether the trades were done on-market or off-market; and

   (ix) whether clearance has been given in terms of paragraph 3.66. In the case of dealings by associates, this requirement does not apply.

3.64 Transaction includes:
(a) any sale, purchase or subscription (including in terms of a rights offer, capitalisation award or scrip dividend) of securities relating to the issuer;
(b) any agreement to sell, purchase or subscribe for securities relating to the issuer (irrespective of whether shares or cash flows);
(c) any donations of securities relating to the issuer;
(d) any dealing in warrants, single stock futures, contracts for difference or any other derivatives issued in respect of the issuer’s securities. It should be noted that, if shares are sold and the equivalent exposure is purchased through a single stock future or any other derivative, both legs will be deemed to be transactions. The closing out of a single stock future or other derivative is also a transaction. The rolling-over of a single stock future that is merely an extension of an existing position is not a transaction;
(e) the acceptance, acquisition, disposal, or exercise of any option (including but not limited to options in terms of a share incentive/option scheme) to acquire or dispose of securities;
(f) any purchase or sale of nil or fully paid letters;
(g) the acceptance, acquisition or disposal of any right or obligation, present or future, conditional or unconditional, to acquire or dispose of securities; or
(h) any other transaction that will provide direct or indirect exposure to the share price of the issuer. It must be noted that this does not include cash settled share appreciation rights granted to directors by the issuer in the ordinary course of business.

3.65 Directors are required to disclose to the issuer all information that the issuer needs in order to comply with paragraph 3.63. The issuer shall also advise each of its directors of their obligations to disclose to it all information that the issuer needs in order to comply with paragraph 3.63. Any director who deals in securities relating to the issuer is required to disclose the information required by paragraph 3.63 to the issuer without delay and, in any event, by no later than three business days after dealing. The issuer must in turn announce such information without delay and, in any event, by no later than 24 hours after receipt of such information from the director concerned.

Clearance to deal

3.66 A director (excluding any of his associates) may not deal in any securities relating to the issuer without first advising the chairman (or one or more other appropriate directors designated for this purpose) in advance and receiving clearance from the chairman or other designated director. In his own case, the chairman, or other designated director, must advise the board of directors in advance, or advise another designated director, and receive clearance from the board of directors or designated director, as appropriate. The JSE may waive this requirement in situations where the director has no discretion in the transaction. The JSE must be consulted for a ruling in these cases and if a waiver is granted the announcement must clearly explain the reasons why the director had no discretion to deal.

Circumstances for refusal

3.67 A director must not be given clearance (as required by paragraph 3.66) to deal in any securities relating to the issuer during a prohibited period. A “prohibited period” means:
(a) a closed period;
(b) any period when there exists any matter which constitutes price sensitive
information in relation to the issuer’s securities (whether or not the director has knowledge of such matter).

3.68 A written record must be maintained by the issuer of the receipt of any advice received from a director pursuant to paragraph 3.66 and of any clearance given. Written confirmation from the issuer that such advice and clearance, if any, have been recorded must be given to the director concerned.

Dealing in prohibited periods

3.69 A director may not deal in any securities relating to the issuer:

(a) during a closed period as defined; and

(b) at any time when he is in possession of price sensitive information in relation to those securities or otherwise where clearance to deal is not given in terms of paragraph 3.66.

3.70 The JSE may waive compliance with paragraph 3.69 in situations where the director has no discretion in the transaction. The JSE must be consulted for a ruling in these cases and if a waiver is granted the announcement must clearly explain the reasons why the director had no discretion to deal.

Dealings by associates of directors and investment managers

3.71 A director must advise the following parties of the name(s) of the issuer(s) of which he is a director:

(a) any associate of his; and/or

(b) any investment manager dealing on his/her behalf or on behalf of any person associated with him where either he/she or any person associated with him has funds under management with that investment manager, whether on a discretionary basis or not.

3.72 A director must advise all of his associates in writing that they must notify him immediately after they have dealt in securities relating to the issuer(s) in order for him to comply with paragraph 3.65.

3.73 A director must advise his investment manager in writing that they may not deal in any securities relating to issuer(s) of which he is a director unless it obtains his express consent in writing.

3.74 Paragraphs 3.63 to 3.73 do not override the provisions of the FMA and should not be construed as additional defences or exclusions from having to comply with the FMA. Issuers may impose more rigorous restrictions upon dealings by directors if they so wish or if it is appropriate in certain circumstances.

Notification of change in auditor

3.75 An issuer must notify the JSE of:

(a) the termination or the appointment of the auditor;

(b) the resignation of the auditor; and/or

(c) any change of the individual auditor classified as the designated auditor, without delay, and by no later than the end of the business day following the decision by the issuer to terminate or appoint the auditor or after receipt of the auditor’s resignation.

3.76 The notification required by paragraph 3.75 must state the effective date of the termination or resignation, if it is not with immediate effect.
3.77 The notification required by paragraph 3.75 must be accompanied by a letter from the auditor stating the date of termination, what the auditor believes to be the reason for such termination or, in the case of resignation, the reason(s) for such resignation.

3.78 The JSE may, in its sole discretion, request the issuer to publish an announcement informing shareholders of the termination of the auditor appointment or resignation of the auditor and the reason(s) therefore.

3.79 The annual financial statements for the year end in which the termination or resignation took place must state that the auditor appointment was terminated or that the auditor resigned and the reason(s) therefore.

Miscellaneous obligations

Listing and other fees

3.80 An issuer must pay the listing and other fees, including its annual listing fee, as published and available on the JSE website, www.jse.co.za, per Section 17, as soon as such payment becomes due. Failure to pay any fees due may result in the censure of the issuer in terms of Section 1.

Companies listed on another exchange

3.81 An issuer whose securities are listed on any other exchange must ensure that equivalent information is made available at the same time to the market of each exchange on which the issuer’s securities are listed, unless prohibited by or in terms of the rules or requirements of any other stock exchange. Refer to paragraph 10 of Schedule 9 and Section 18.

Information to be processed by the JSE

3.82 Issuers must ensure that information that is provided to the JSE for processing is the same as that provided to other parties such as transfer secretaries.

Disclosure of beneficial interests in securities

3.83 (a) Issuers must establish and maintain a register of the disclosures made in terms of Section 56 of the Act. Furthermore, the issuer is to publish the beneficial interests of directors and major shareholders in its annual financial statements as required by paragraphs 8.63(c) and (e).

(b) An issuer that has received a notice regarding certain share transactions, in terms of Section 122(1) and (3) of the Act, must, within 48 hours after receipt of such notice, publish the information contained in the notice on SENS. No such announcement shall be required in respect of notices received by the issuer and which relate to a disposal of less than 1% of the relevant class of securities, per Section 122(3) of the Act.

Corporate Governance

3.84 In addition to complying with paragraph 8.63(a), issuers must implement the following specific corporate governance practices and must disclose compliance therewith in their annual reports. (The effect of incorporating certain practices from the King Code in the Listings Requirements is to make their implementation mandatory, this is notwithstanding the fact that application of the corporate governance practices in the King Code is generally voluntary):

(a) there must be a policy evidencing a clear balance of power and authority at board of directors’ level, to ensure that no one director has unfettered
powers of decision-making;

(b) the issuer must have an appointed chief executive officer and a chairman and these positions must not be held by the same person. The chairman must either be an independent non-executive director, or the issuer must appoint a lead independent director, in accordance with the King Code;

(c) all issuers must, in accordance with the King Code appoint an (i) audit committee, (ii) a committee responsible for remuneration and (iii) a social and ethics committee. The composition of such committees must comply with the Companies Act (as applicable) and should be considered in accordance with the recommended practices in the King Code on an apply and explain basis, provided that each committee must comprise of at least three members. A brief description of the committee mandates, the number of meetings held and other relevant information must be disclosed in the annual report;

(d) a brief CV of each director must be provided in respect of a new listing. It should further be noted that a brief CV for each director standing for election or re-election at a general meeting or the annual general meeting (in relation to Main Board issuers, such election or re-election may not take place at a meeting contemplated in Section 60 of the Act) should accompany the notice of the general meeting or annual general meeting;

(e) the capacity of each director must be categorised as executive, non-executive or independent, using the following as guidelines to determine which category is most applicable to each director:

(i) executive directors:
are directors that are involved in the management of the company and/or in full-time salaried employment of the company and/or any of its subsidiaries;

(ii) non-executive directors are directors that are not:
(1) involved in the day to day management of the business, or
(2) full-time salaried employees of the company and/or any of its subsidiaries;

(iii) independent directors should be determined holistically, and on a substance over form basis in accordance with the indicators provided in Section 94(4)(a) and (b) of the Companies Act and the King Code. In addition, it must be noted that any director that participates in a share incentive/option scheme, will not be regarded as independent;

(f) all issuers must have an executive financial director. The JSE may, at its discretion, when requested to do so by the issuer and due to the existence of special circumstances, allow the financial director to be employed on a part time basis only. This request must be accompanied by a detailed motivation by the issuer and the audit committee;

(g) the audit committee must, notwithstanding its duties pursuant to Section 94 of the Companies Act:

(i) consider, on an annual basis, and satisfy itself of the appropriateness of the expertise and experience of the financial director. The issuer must confirm this by reporting to shareholders in its annual report that the audit committee has executed this
responsibility; and

(ii) ensure that the issuer has established appropriate financial reporting
procedures and that those procedures are operating;

(h) all issuers must appoint a company secretary in accordance with the
Companies Act and should apply the recommended practices in the
King Code. The board of directors must consider and satisfy itself

in its annual report that the board of directors has executed this
responsibility;

(i) the board of directors or the nomination committee, as the case may be,
must have a policy on the promotion of gender diversity at board level.
The issuer must confirm this by reporting to shareholders in its annual
report on how the board of directors or the nomination committee, as the
case may be, have considered and applied the policy of gender diversity in
the nomination and appointment of directors. If applicable, the board of
directors or the nomination committee must further report progress in
respect thereof on agreed voluntary targets;

(j) the board of directors or the nomination committee, as the case may
be, must have a policy on the promotion of race diversity at board
level. The issuer must confirm this by reporting to shareholders in its annual
report on how the board of directors or the nomination committee, as the case may be, have considered and applied the policy of race diversity in the nomination and appointment of directors. If applicable, the board of directors or the nomination committee must further report progress in respect thereof on agreed voluntary targets; and

(k) the remuneration policy and the implementation report must be
 tabled every year for separate non-binding advisory votes by
shareholders of the issuer at the annual general meeting. The
remuneration policy must record the measures that the board of
directors of the issuer commits to take in the event that either the
remuneration policy or the implementation report, or both, are voted
against by 25% or more of the votes exercised. In order to give
effect to the minimum measures referred to in the King Code, in the
event that either the remuneration policy or the implementation
report, or both are voted against by shareholders exercising 25% or
more of the voting rights exercised, the issuer must in its voting
results announcement pursuant to paragraph 3.91 provide for the
following:

163 of the Act

Furthermore, in the event that the business rescue proceedings are terminated and the issuer does not proceed with liquidation proceedings and wishes to:

(a) delist, the issuer will remain subject to the delisting procedures set out in Section 1 of the Listings Requirements; or

(b) remain listed, the issuer must consult the JSE in order to discuss the suitability of the issuer for continued listing on the JSE.

(iii) Issuers must immediately notify the JSE of any application in terms of Section 163 of the Act.

**Appointment of auditors and reporting accountants**

3.86 An applicant issuer may only appoint as its auditor and reporting accountant an audit firm, individual auditor and reporting accountant who is accredited as such on the JSE list of Auditors and their advisers, as set out in Section 22. This requirement must be considered by the audit committee when recommending an auditor for appointment at the annual general meeting.

3.87 Within 90 days of an audit firm or individual auditor being removed from the JSE list of Auditors and their advisers, an applicant issuer must replace its auditor with an auditor who is accredited on the JSE list of Auditors and their advisers. This change should be made before the auditor signs the next audit report, failing which the applicant issuer must caution shareholders as to the status of its auditor. This warning must appear whenever reference is made to the audit report in an announcement or in the financial statements themselves.

3.88 Subject to the provisions of the Act and the MOI of the applicant issuer and its subsidiaries, subsidiaries of applicant issuer are not required to be audited.

3.89 The requirements in paragraphs 3.86 and 3.87 with regard to the auditor and reporting accountant apply equally to those foreign registered entities with a primary listing on the JSE. In this instance, the audit firm and individual auditor registered in a jurisdiction other than South Africa and the IFRS adviser need to be accredited on the JSE list of Auditors and their advisers. The specific requirements and eligibility criteria, as set out in Section 22 and Schedule 8, are, however, slightly different for auditors registered in a jurisdiction other than South Africa. The applicant issuer may approach the JSE to discuss a suitable compromise if there are legal difficulties in complying with paragraph 3.88.

**Announcement of annual/general meeting details**

3.90 An issuer must release an announcement on SENS with details concerning the date, time and venue of its annual/general meeting within 24 hours after the notices of annual/general meeting have been distributed to shareholders. In the case of written resolutions, the issuer must release an announcement on SENS with details of the written resolutions being proposed within 24 hours after the written resolutions have been distributed to shareholders.
Disclosure of voting results of annual/general meetings

3.91 An issuer must release an announcement on SENS within 48 hours after each annual/general meeting providing details of the voting results in respect of the resolution/s proposed at such meeting and/or passed by written resolution. The announcement must include the following:

(d) the votes carried (i) for and (ii) against each resolution, disclosed as a percentage (in relation to the total number of shares voted at the meeting in respect of (b) above).

To the extent that the number of shares in (b) and (c) differ for each resolution, details must be provided per resolution.

Dealings by share incentive schemes

3.92 The provisions of paragraphs 3.63 to 3.74 apply mutatis mutandis to any dealings by the issuer or a scheme (including a non-dilutive scheme) involving securities relating to the scheme, save for the following circumstances being present:

(i) the instruction to deal was given by a participant of the scheme (other than a director as contemplated in paragraph 3.63(a)(i) and (ii)), where shares in the issuer have vested in favour of the participant pursuant to the provisions of the scheme;
(ii) the scheme is merely facilitating the dealing on behalf of the participant;
(iii) the participant takes the risk of any profit or loss in respect of the dealing; and
(iv) the trustees of the scheme, any other party responsible and the issuer do not exercise any election.decision in respect of such dealing, other than following and acting on the specific instructions of the participant.

A non-dilutive scheme means any share incentive scheme not involving the issue of equity securities by the issuer.

Introduction

4.1 Listings and/or additional listings are granted subject to compliance with the Listings Requirements and approval by the JSE.

4.2 All applications for listing are to be submitted to the JSE through a sponsor.

Discretion of the JSE

4.3 It must be emphasised that, notwithstanding these requirements, the JSE may, in its overriding discretion, grant a listing to an applicant that does not meet the requirements set out below or refuse a listing to an applicant that does comply with these Listings Requirements, on the grounds that, in the JSE’s opinion, the grant or refusal of the listing is in the interests of the investing public. Applicants that wish to apply for a listing, but which do not meet all of the objective criteria prescribed by these Listings Requirements for the grant of a listing are therefore invited to discuss their intended applications with the JSE.

4.4 Where unusual features exist with regard to the applicant itself, the JSE must be consulted by the sponsor to discuss such features at the earliest possible date, as well as any rulings required from the JSE.

4.5 Applicants are required to submit to the JSE, at an early date, any matter or unusual feature pertaining to the listing, or listing application/documentation, not specifically provided for in, or in conflict with, the Listings Requirements.
Conditions applicable to all markets

Applicant to be duly incorporated

4.6 The applicant must be duly incorporated or otherwise validly established under the law of the country of incorporation or establishment, and must be operating in conformity with its MOI or relevant constitutional documents, if not South African, and all laws of its country of incorporation or establishment.

The applicant must ensure that each of the directors is free of any conflict of interest between the director’s duties to the company and his private interests

4.10 The issuer must have an appointed chief executive officer and a chairman and these positions must not be held by the same person. The chairman must either be an independent non-executive director, or the issuer must appoint a lead independent director in accordance with the King Code.

Listing of subsidiary companies or assets

4.11 When, in connection with the listing of a subsidiary company, a listed holding company intends making an offer of securities in such subsidiary; or the subsidiary intends issuing shares for cash to persons other than wholly owned entities within the listed holding company’s group; or the subsidiary has an offer for subscription by way of a rights offer, the offer/issue/rights offer must be categorised in accordance with the provisions of Section 9. Any shares that are renounced by the listed holding company to its shareholders need not be categorised in accordance with Section 9.

4.12 The JSE must be consulted in order to provide a ruling in principle, before any listed company intends to list a subsidiary company, or any of its group assets, or when it is aware that another party intends to list certain of the listed company’s assets subsequent to a disposal of such assets by the listed company.
Financial information

4.13 The following requirements relate to the preparation and disclosure of financial information:

(a) the applicant must comply with Section 8 where applicable and its financial statements must have been reported on by the auditor and reporting accountant without qualification, disclaimer, adverse audit opinion, the inclusion of a paragraph on material uncertainty relating to going concern or reference to an emphasis of matter;

(b) an issuer must publish audited annual financial statements for its financial year, as specified in the prospectus/pre-listing statement, irrespective of the fact that the company may have subsequently changed its year-end; and

(c) the applicant must appoint an auditor and/or reporting accountant in terms of the requirements in paragraph 3.86, Section 22 and Schedule 8.

Status of securities

4.14 Securities for which a listing is sought must be issued in conformity with the law of the applicant’s country of incorporation or establishment and in conformity with the applicant’s MOI or other relevant constitutional documents, if not South African, and all authorisations needed for their creation and issue under such law must have been duly given. No application will be considered until the MOI, or other relevant constitutional documents of the applicant and/or, if applicable, the debenture trust deed, has been approved by the JSE.

4.15 Where a new applicant already has securities listed on another stock exchange and is applying for admission of such securities to listing on the JSE, it must be in compliance with the requirements of that other exchange and the relevant laws of that country (see also Section 18).

4.16 Securities in each class for which listing is applied must rank pari passu in respect of all rights. It should be noted that a statement that “securities in each class rank pari passu” is understood to have the meaning as ascribed thereto in paragraph 3.29.

Transferability of securities

4.17 As provided for in Schedule 10 paragraph 2 the securities for which listing is sought must be fully paid up and freely transferable, unless otherwise required by statute. Notwithstanding the provisions of Section 40(5) of the Act, the JSE will not list shares that are not fully paid for upon listing.

Low and high voting securities

4.18 The JSE will not:

(a) grant a listing to a company with low or high voting securities; or

(b) allow an existing listed company to issue low or high voting securities.

However, where a company currently has listed low or high voting securities, the JSE will grant a listing of additional securities of that class.

4.19 A low voting security is one that confers on its holder, both at the time of listing of the security and subsequently, reduced voting rights in comparison with the voting rights conferred on the holders of equity securities of the issuer already listed. The voting rights may be reduced either with respect to the number of votes per security or with respect to the matters on which the holders of the securities may vote, or otherwise.
A high voting security, on the other hand, is one that confers on its holder, both at the time of listing of the security and subsequently, enhanced voting rights in comparison with the voting rights conferred on the holders of equity securities of the issuer already listed. The voting rights may be enhanced either with respect to the number of votes per security or with respect to the matters on which the holders of the securities may vote, or otherwise.

**Convertible securities**

4.21 In addition to any other Listings Requirements affecting convertible securities, the JSE will not grant a listing to convertible securities unless there are sufficient unissued securities in the applicant’s authorised capital, into which the convertible securities could/will convert, at the time that such convertible securities are issued and listed. The applicant must also undertake to the JSE that it will, at all times, maintain a sufficient number of unissued securities in its authorised share capital to be able to effect the eventual conversion, or until such convertible securities are no longer in issue.

**Whole class to be listed**

4.22 An application for listing of securities of any class must:

(a) if no securities of that class are already listed, relate to all securities of that class, issued or proposed to be issued; or

(b) if securities of that class are already listed, relate to all further securities of that class, issued or proposed to be issued.

**Unlisted securities**

4.23 In the event of an applicant issuing securities and not being granted a listing for such securities or if, for any reason, certain securities are delisted:

(a) the share certificates of such securities must be held in trust and stamped with the words “unlisted securities” and may only be released with written permission from the JSE, which permission shall provide further instruction concerning the stamping and transferability of such securities;

(b) the share register must show that the securities are unlisted and a statement detailing the number and status of the unlisted securities must appear in the applicant’s annual financial statements; and

(c) subject to JSE discretion, any additional securities issued of the same class or status will also be subject to paragraphs 4.23(a) and (b).

4.24 Where shareholders are required to vote in terms of the Listings Requirements, the votes of shareholders of unlisted securities will not be taken into account in determining either a quorum or for approval of any resolution considered at any general/annual general meeting.

**Public shareholders**

4.25 For the purposes of paragraph 4.28(e), securities will not be regarded as being held by the public if they are beneficially held, whether directly or indirectly, by:

(a) the directors of the applicant or of any of its subsidiaries;

(b) an associate of a director of the applicant or of any of its subsidiaries;

(c) the trustees of any employees’ share scheme or pension fund established for the benefit of any directors or employees of the applicant or any of its subsidiaries;

(d) [Repealed]
(e) any person that is interested in 10% or more of the securities of the relevant class, unless the JSE determines that, after taking account of relevant circumstances, such person can be included as a member of the public for the purposes of paragraph 4.28(e); or

(f) employees of the issuer, where restrictions on trading in the issuer’s listed securities, in any manner or form, are imposed by the issuer on such employees.

4.26 Notwithstanding 4.25(a) to (f) above, securities will be regarded as being held by the public if any person that is interested in 10% or more of such securities of the relevant class:

(a) is a fund manager or portfolio manager managing more than one fund or portfolio, where each fund or portfolio is interested in less than 10% of the securities; provided that this exemption shall not apply where the fund or portfolio manager is, in relation to any such fund or portfolio, acting in concert with any person that holds relevant securities that, together with those held by the fund or portfolio in question, represent 10% or more of the securities;

(b) is the registered holder of securities that are the subject of a depository receipt programme and no depository receipt holder, together with any person with whom he may be acting in concert, holds depository receipts representing 10% or more of the securities, save where the holder is a fund or portfolio manager as contemplated in paragraph 4.26(a) above; or

(c) is a nominee shareholder and none of the beneficial shareholders represented by that nominee, together with any person with whom he may be acting in concert, is interested in 10% or more of the securities, unless the beneficial shareholder is a fund or portfolio manager as contemplated in paragraph 4.26(a) above.

4.27 The JSE may, in its sole discretion, require the listed company to provide it with a declaration that, to the best of the knowledge and belief of the directors, any beneficial shareholders of the company, whose shares are registered in the names of one or more nominees, do not include any person that may be acting in concert with any other person insofar as it may affect their classification as public shareholders.

Main Board listing criteria

4.28 An applicant seeking a listing on the Main Board must satisfy the following criteria:

(a) it must have a subscribed capital, including reserves but excluding minority interests and revaluations of assets; and excluding intangible assets that are not supported by a valuation by an independent professional expert acceptable to the JSE prepared within the last six months, of at least R50 million;

(b) it must have not less than 25 million equity shares in issue;

(c) (i) it must have audited financial statements for the preceding three financial years and:

(d) (i) it must be carrying on as its main activity, either by itself or through one or more of its subsidiaries, an independent business which is supported by its historic revenue earning history and which gives it control (which for the purposes of this section is defined as at least 50% +1 of the voting shares) over the majority of its assets and must have done so for the period covered by paragraph 4.28(c)(i); or

(ii) it must have a reasonable spread of direct interests in the majority of its assets and the right to actively participate in the management of such assets, whether by voting or through other rights which give it influence in the decisions relating to the assets and must have done so for the period covered by paragraph 4.28(c)(i) or, where applicable, 4.28(c)(ii).

(iii) in respect of (d)(i) and (ii) above, the JSE may in its absolute discretion list a company which has only controlled the majority of its assets or had a direct interest in the majority of its assets for twelve months provided that:

(1) it has produced audited financial statements with the required profits referred to in paragraph 4.28(c)(i) for the period during which it has exercised control;

(2) it can illustrate that the underlying assets/companies/subsidiaries are in a similar line of business and are dependent on one another or are complementary for the production of the company’s products; and

(3) at least one of the underlying assets/companies/subsidiaries would qualify for a listing on the Main Board on its own.

In deciding whether to exercise its discretion, the JSE will have regard to, inter alia, whether the majority of the underlying assets/companies/subsidiaries have been in existence for the period referred to in paragraph 4.28(c)(i); and

(e) it must have 20% of each class of equity securities held by the public to ensure reasonable liquidity.

4.33 In these Listings Requirements pertaining to the listing of a SPAC, unless the contrary intention appears, the following terms shall have the meanings assigned to them below:

“completed” means, with reference to the acquisition of Viable Assets by a SPAC, that an acquisition has become unconditional and that the assets have been transferred into the name of the SPAC;

“SPAC” means a special purpose acquisition company, being a special purpose vehicle established for the purpose of facilitating the primary capital raising process to enable the acquisition of Viable Assets in pursuit of a listing on the Main Board or the Alternative Exchange (“AltX”);

“Viable Assets” means the acquisition of assets by the applicant that will on its own enable the special purpose vehicle to qualify for a listing pursuant to the listing criteria of the Main Board or AltX.
SPAC admission criteria

4.34 An applicant seeking a listing as a SPAC must satisfy the following criteria:

(a) it must not carry on any commercial and/or business operations at the time of application to the JSE. An applicant may consider an acquisition of Viable Assets provided that the applicant has not entered into any formal and binding acquisition agreement/s. A statement to this effect must be included in the prospectus/pre-listing statement of the applicant;

(b) it must disclose the acquisition criteria for Viable Assets to allow the board of the applicant to consider and assess the potential acquisition of Viable Assets. The acquisition criteria may not be changed unless a resolution is passed at a meeting of security holders by achieving a 75% majority of the votes cast to that effect;

(c) it must disclose the estimated operating expenses in the prospectus/pre-listing statement of the applicant in respect of the operational costs which will be incurred by the applicant during the initial period (as defined in paragraph 4.35(a)). The applicant may not exceed the estimated operating expenses as disclosed in the prospectus/pre-listing statement unless a resolution is passed at a meeting of security holders by achieving a 75% majority of the votes cast to that effect;

(d) the board of directors may receive remuneration prior to the acquisition of Viable Assets. Details of such remuneration must be disclosed in the prospectus/pre-listing statement of the applicant;

(e) the board of directors must have subscribed for shares or units in the applicant representing at least a 5% interest, on a collective basis, in the applicant on the date of listing. The subscription shares or units of the board of directors must be held in trust by the applicant’s attorneys or other party providing custodial services and must not be sold for a period of at least six months from the date the acquisition of Viable Assets have been completed by the applicant. The terms of the subscription by the board of directors and the terms of the custodial arrangements must be disclosed in the prospectus/pre-listing statement of the applicant;

(f) the applicant must satisfy the JSE that its board of directors has sufficient and satisfactory experience in the management of the type of Viable Assets in which acquisitions are proposed to be made;

(g) it must have raised a minimum of R500 million through the issue of shares and/or units for listing on the Main Board and R50 million for listing on AltX; and

(h) all capital raised must be paid directly into an account managed by an escrow agent pursuant to paragraph 4.36. A statement to this effect and details of the escrow arrangements must be included in the prospectus/pre-listing statement of the applicant.

Acquisition of Viable Assets

4.35 Once an applicant has been admitted as a SPAC, the following must be complied with:

(a) The SPAC must have completed an acquisition of Viable Assets within 24 months from the date of listing as a SPAC (the “initial period”). The JSE may extend this date on an application from the SPAC only on the basis that the SPAC can illustrate to the JSE that an acquisition of Viable Assets is imminent.
The acquisition of Viable Assets must be approved by a majority of disinterested directors and the majority of security holders of the SPAC at a general meeting.

The notice of meeting as contemplated in paragraph 4.35(b) above must also include a resolution on the proposed use of the residual capital not allocated for the proposed acquisition of Viable Assets for which the approval is being sought. Should security holders not approve a proposed resolution dealing with the further use and retention of the balance of the capital after the acquisition has been approved, then such residual capital must be returned to security holders within 60 calendar days after the date of the general meeting.

In the event that a SPAC has not completed an acquisition of Viable Assets within the initial period, the JSE will suspend the SPAC’s listing on the first business day following the expiry of the initial period and proceed to delist the SPAC once the capital raised has been distributed to security holders pursuant to paragraph 4.37.

The SPAC must comply with the following in respect of the capital raised:

(a) Capital raised by the SPAC must be held in escrow with an escrow agent.

(b) The escrow agent must invest the capital in escrow in (i) investment grade bonds (being debt securities with a rating of “BBB” or above as rated by Standard and Poor’s Corporation or an equivalent rating by any similar institution) or (ii) bank deposits with a recognised bank. The interest earned on the capital under escrow shall accrue in favour of the SPAC and accumulate in escrow.

(c) The escrow agreement governing the capital in escrow must provide for the following and the agreement must be submitted to the JSE for prior approval:

(i) release of such amount that will be used to cover the operating expenses pursuant to paragraphs 4.34(c) and (d), at the request of the board of directors;

(ii) release of the balance or portion of the capital to the SPAC once it receives approval for the acquisition of Viable Assets pursuant to paragraph 4.35(b) within the initial period; and

(iii) the termination of the escrow agreement and the distribution of the capital in escrow to security holders pursuant to paragraphs 4.35(c) and 4.37.

(d) Prior to an acquisition of Viable Assets being completed within the initial period, the JSE may permit a SPAC to raise additional capital for the acquisition of further assets by issuing further shares or units provided that:

(i) it is part of a rights offer; and/or

(ii) security holders have granted approval of the further issue in accordance with the JSE Listings Requirements.

All additional capital raised must be paid and placed directly into escrow pursuant to the provisions of paragraph 4.34(h).
Failure to acquire Viable Assets

4.37 In the event that a SPAC has not completed an acquisition of Viable Assets within the initial period, it must:

(a) complete a distribution within 60 calendar days after the expiry of the initial period to all security holders pro rata to their holdings. The distribution must be the maximum amount while still complying with the solvency and liquidity test as required pursuant to the Act. All interest earned in escrow will form part of the distribution, excluding any taxes and expenses relating to the distribution and anticipated voluntary liquidation; and

(b) propose a special resolution to security holders for the voluntary liquidation of the SPAC.

Memorandum of Incorporation

4.38 A SPAC must have the following provisions included in its Memorandum of Incorporation:

(a) it must require security holders to vote on any proposed acquisition; and

(b) a distribution requirement, pursuant to which security holders must, if an acquisition of Viable Assets is not completed within the initial period, be entitled to receive an amount equal to the aggregate amount then in escrow (net of any applicable taxes and expenses related to the distribution and voluntary liquidation), plus the interest earned, divided by the aggregate number of securities.

Continuing obligations

4.39 The following provisions apply to a SPAC:

(a) it will be subject to the continuing obligations of Section 3, with the exception of paragraphs 3.84(a) and (b); and

(b) it shall not be permitted to obtain any form of debt financing (excluding those of short term trade or accounts payable used in the ordinary course of business to settle any operating expenses pursuant to paragraphs 4.34(c) and (d)), except to facilitate the acquisition of Viable Assets. A statement to this effect must be included in the prospectus/pre-listing statement of the applicant.

Post acquisition of Viable Assets

4.40 (a) Once a SPAC has completed an acquisition of Viable Assets it must meet the criteria for listing as set out in paragraph 4.28 (excluding the period referred to in paragraph 4.28(d)(i)) or paragraph 21.2, as the case may be. Subject to paragraph 4.37(a), failure to meet these requirements once the acquisition of Viable Assets has been completed will result in the delisting of the SPAC by the JSE.

(b) Once an acquisition of Viable Assets has been completed, the SPAC will be admitted to the List and will be subject to the JSE Listings Requirements as an issuer in all respects.

(a) the JSE will require a certified copy of the share register of the applicant; and
(b) the applicant must comply with the conditions for listing set out in Section 4.

5.5 An applicant may not bring securities to listing by way of an introduction if there are any pre-existing intentions by any holder(s) (other than public shareholders) to dispose of a material number of their securities at or immediately after listing. The applicant must satisfy the JSE in respect hereof in so far as it has knowledge of any such intention(s).

5.6 In the case of an applicant whose listing has been suspended or removed:

(a) because it was a cash company (refer to paragraph 3.26); or
(b) in connection with a reverse take-over (refer paragraphs 9.23 and 9.24); and

and is seeking re-admittance to listing, the JSE may require some form of marketing of the applicant’s securities in order to improve or ensure compliance with the “Shareholder spread” requirements set out in Section 4, before approving the listing.

Offers for sale or subscription

Specific requirements

5.13 An offer for subscription by a new applicant must comply with the requirements detailed under “Placings” in this section. 5.14 An offer for sale by a listed company of securities in the listed company’s subsidiary must be done in compliance with paragraphs 4.11 and 4.12 (Listing of subsidiary companies or assets).

Underwriting

5.15 An offer for sale or subscription need not be underwritten. However, with respect to new applicants, if an offer for subscription is not underwritten, the offer must be conditional upon the minimum subscription being received that will fulfil the purpose of the offer. A statement to this effect, in bold, must be made in the “Salient details” section of the pre-listing statement or prospectus, and repeated again, in bold, in the section dealing with and detailing the minimum subscription required. With respect to existing issuers, if the offer is not underwritten, it must not be conditional on a minimum subscription being received.

5.16 The following must be complied with if the offer is underwritten:

(a) the underwriter must submit sworn affidavits by at least two of its directors
confirming that it has the financial resources to meet its commitments in terms of the underwriting; and

(b) the prospectus/pre-listing statement/circular must include a statement by the directors that they have made due and careful enquiry to confirm that the underwriter can meet its commitments in terms of the offer.

5.17 Any underwriting commission paid to a securities holder of the company should not be greater than the current market rate payable to independent underwriters. The applicant must present evidence to the JSE proving the reasonableness of such underwriting commission.

Over-subscriptions

5.18 In the event of an over-subscription, the formula for the basis of allotment must be calculated in such a way that a person will not, in respect of his application, receive an allocation of a lesser number of securities than any other subscriber applying for the same number or a lesser number of securities. Random allocations are allowed only where prior approval has been granted by the JSE. Where a listing is over-subscribed or cancelled and persons are owed subscription refunds in terms of applications made, the sponsor must ensure that the subscription monies are refunded to such persons on the day of listing or on the day following the decision to cancel the listing, together with all interest earned on such monies calculated from the date of receipt of such monies by the company concerned.

Documents to be submitted to the JSE

5.19 In the case of a new applicant, the Part I and II documents described in paragraphs 16.10 to 16.13 must be submitted to and approved by the JSE in accordance with Section 16.

Specific requirements

5.22 The applicant must comply with all relevant conditions for listing set out in Section 4.

Ability to trade

5.23 The enforcement of the right of securities holders of the listed company to subscribe for securities in the applicant must be done by means of a renounceable offer to such securities holders, through the issue of a renounceable LA or other negotiable document, traded as “nil paid” rights for a period in accordance with the relevant timetable in Schedule 18.

5.24 [Repealed]

General
The requirements of a rights offer (see paragraphs 5.28 to 5.37) will apply to a renounceable offer in so far as they are applicable.

Documents to be submitted to the JSE

The documents detailed in paragraph 16.15 must be submitted to the JSE in accordance with the relevant timetable set out in Schedule 18.

(a) the underwriter must submit sworn affidavits by at least two of its directors confirming that it has the financial resources to meet its commitments in terms of the underwriting; and

(b) the prospectus/pre-listing statement/circular must include a statement by the directors that they have made due and careful enquiry to confirm that the underwriter can meet its commitments in terms of the offer.

If the rights offer is not underwritten, it must not be conditional on a minimum subscription being received.

Any underwriting commission payable to a securities holder of the company effecting the rights offer must not be greater than the current market rate payable to independent underwriters. The applicant must present evidence to the JSE proving the reasonableness of the underwriting commission payable.

Excess security applications

A rights offer may include the right to apply for excess securities, subject to such right being transferable upon renunciation of the LAs.

In the event of a rights offer including the right to apply for excess securities, applications having been received for such excess securities and there being an excess of securities available for allocation, the pool of such excess securities should be allocated equitably, taking cognisance of the number of securities held by the securities holder just prior to such allocation, including securities taken up as a result of the rights offer, and the number of excess securities applied for by such securities holder. Non-equitable allocations of excess securities will only be allowed in instances where they are used to round holdings up to the nearest multiple of 100 securities.

General

Unless circumstances are such as to warrant a concession being granted, the JSE will require the LAs to be listed.
5.35 Forms of instruction in respect of LAs must be sent to certificated holders, in terms of which: Form A (Instruction to Sell) and Form B (Form of Renunciation) must require the signature of the offeree(s); Form C (Registration Application Form) must require the signature of the renouncee(s); and Form D (Documents of Title) must not require a signature.

Issues for cash

Description

5.50 An issue for cash is an issue of equity securities for cash (or the extinction of a liability, obligation or commitment, restraint, or settlement of expenses) in compliance with paragraphs 5.50 to 5.57:

(a) on terms that are specifically approved by equity securities holders in general meeting (if applicable in terms of paragraph 5.51(g)) in respect of that particular issue (“a specific issue for cash”); or

(b) on terms generally approved by equity securities holders in general/annual general meeting by granting the board of directors of the issuer the authority to issue a specified number of securities for cash pursuant to paragraph 5.52(c), which authority will be valid until the issuer’s next annual general meeting or for 15 months from the date on which the general issue for cash ordinary resolution was passed, whichever period is shorter, subject to the requirements of the JSE and to any other restrictions set out in the authority (“a general issue for cash”).

Requirements for specific issues for cash

5.51 An applicant may only undertake a specific issue for cash subject to satisfactory compliance with the following requirements:

(a) the equity securities which are the subject of the issue for cash must be of a class already in issue or, where this is not the case, must be limited to such securities or rights that are convertible into a class already in issue;

(b) if any of the equity securities are to be issued to non-public shareholders, as defined in paragraph 4.25 to 4.27, this fact must be disclosed;

(c) the number or maximum number of equity securities to be issued must be disclosed;

(d) if the discount at which the equity securities are to be issued is not limited, this fact must be disclosed;

(e) if the discount at which the securities are to be issued is limited, such limit
must be disclosed;

(f) if the issue is:

(i) to a related party/ies as described in paragraphs 10.1 to 10.3, and

(ii) the price at which the equity securities are issued is at a discount to the weighted average traded price of such equity securities measured over the 30 business days prior to the date that the price of the issue is agreed in writing between the issuer and the party subscribing for the securities (the JSE should be consulted for a ruling if the applicant’s securities have not traded in such 30 business-day period)

then such issue shall be subject to the inclusion of a statement by the board of directors confirming whether the issue is fair insofar as the shareholders (excluding the related party/ies if it/they are equity securities holders) of the issuer are concerned and that the board of directors has been so advised by an independent expert acceptable to the JSE. The board of directors must obtain a fairness opinion prepared in accordance with Schedule 5 before making this statement; and

(g) approval of the specific issue for cash ordinary resolution, by achieving a 75% majority of the votes cast in favour of such resolution by all equity securities holders present in person or represented by proxy at the general meeting convened to approve such resolution, on which any parties and their associates participating in the specific issue for cash have not voted or whose votes have not been counted. If the dilution, as a result of a once-off issue (calculated by taking the number of equity securities to be issued and dividing it by the number of listed equity securities, excluding treasury shares) is equal to or less than 0.25% and the price at which the equity securities are issued is equal to or at a premium to the weighted average traded price of such equity securities measured over the 30 business days prior to the date that the price of the issue is agreed in writing between the issuer and the party subscribing for the securities (the JSE should be consulted for a ruling if the applicant’s securities have not traded in such 30 business day period) then shareholder approval is not required.

Requirements for general issues for cash

5.52 An applicant may only undertake a general issue for cash subject to satisfactory compliance with the following requirements:

(a) the equity securities which are the subject of the issue for cash must be of a class already in issue or, where this is not the case, must be limited to such securities or rights that are convertible into a class already in issue;

(b) the equity securities must be issued to public shareholders, as defined in paragraph 4.25 to 4.27, and not to related parties;

(c) securities which are the subject of a general issue for cash may not exceed 15% of the applicant’s listed equity securities as at the date of the notice of general/annual general meeting seeking the general issue for cash authority, provided that:

(i) the authority shall be valid for the period contemplated in paragraph 5.50(b);

(ii) the calculation of the applicant’s listed equity securities must be a factual assessment of the applicant’s listed equity securities as at the date of the notice of general/annual general meeting, excluding treasury shares;

(iii) the specific number of shares representing the number up to 15% of the
applicant’s listed equity securities as at the date of the notice of
general/annual general meeting must be included as a number in the
resolution seeking the general issue for cash authority;

(iv) any equity securities issued under the authority during the period
contemplated in paragraph 5.50(b) must be deducted from such number in
(iii) above; and

(v) in the event of a sub-division or consolidation of issued equity securities
during the period contemplated in paragraph 5.50(b), the existing authority
must be adjusted accordingly to represent the same allocation ratio;

(d) the maximum discount at which equity securities may be issued is 10% of
the weighted average traded price of such equity securities measured over
the 30 business days prior to the date that the price of the issue is agreed
between the issuer and the party subscribing for the securities. The JSE
should be consulted for a ruling if the applicant’s securities have not traded
in such 30 business-day period;

(e) approval of the general issue for cash ordinary resolution, by achieving a
75% majority of the votes cast. The resolution must be worded in such a
way as to include the issue of any options/convertible securities that are
convertible into an existing class of equity securities, where applicable.

Options and convertible securities granted/issued for cash

5.53 In respect of options and convertible securities granted/issued for cash:

(a) Where options or convertible securities, excluding executive and staff
share schemes, are granted/issued for cash (or for the extinction or
payment of any liability, obligation or commitment, restraint(s), or
settlement of expense), such options/convertible securities, issued
otherwise than to existing holders of equity securities in proportion to their
existing holdings, will be permitted in respect of:

(i) a specific issue of such options/convertible securities, provided
specific approval is obtained for such grant/issue in terms of
paragraph 5.51; and

(ii) a general issue of options/convertible securities, provided approval
for such grant/issue is obtained in terms of paragraph 5.52 (and in
respect thereof, refer to the second sentence in paragraph 5.52(e)).

(b) The grant/issue will be subject to the inclusion of a statement by the board
of directors (the board of directors must obtain a fairness opinion prepared
in accordance with Schedule 5 before making this statement) confirming
whether the issue is fair insofar as the shareholders (excluding the related
party/ies if it/they are equity securities holders) of the issuer are concerned
and that the board of directors has been so advised by an independent
expert acceptable to the JSE if:

(i) in respect of 5.53(a)(i), the issue is to a related party as defined in
paragraphs 10.1 to 10.3; or

(ii) in respect of 5.53(a)(ii), the strike or conversion price of the
options/convertible securities are at a discount that exceeds the
maximum discount contemplated in paragraph 5.52(d) above. In
this instance, the grant/issue may only proceed if the independent
expert confirms that it is fair.

JSE discretion

5.54 The JSE may waive some or all of the requirements contained in
paragraphs 5.51 to 5.53 if it is satisfied that the conditions as stipulated in Schedule 11 exist.

Affected transactions

5.55 Where any issue for cash constitutes an “affected transaction” as defined in the Takeover Regulations and the Act such affected transaction must be referred to the Panel by the issuer.

Documents to be submitted to the JSE

5.56 The documents detailed in paragraph 16.17 must be submitted to the JSE.

Documents to be published

5.57 The documents that require publication regarding issues for cash are set out in paragraphs 11.19 to 11.22.

Acquisition or amalgamation/merger issues

Specific requirements

5.58 Admission to listing will only be granted to securities issued as consideration for a bona fide acquisition or amalgamation/merger and not in support of a circumvention of securities holders’ rights of pre-emption.

5.59 Accordingly, the JSE must be consulted when a listed company proposes to issue securities as consideration for an acquisition or amalgamation/merger.

Documents to be submitted to the JSE

5.60 The documents detailed in paragraph 16.18 must be submitted to the JSE.

Documents to be published

5.61 The documents to be published with regard to an acquisition or amalgamation/merger issue are set out under the various categories in Section 9.

Specific requirements

5.62 In a vendor consideration placing:
the minimum placing price is the lower of:
(i) a 10% discount to the 30 business day weighted average traded price prior to the date that the placing is authorised by the directors; or
(ii) a 10% discount to the 3 business day weighted average traded price prior to the date of the placing:
provided that these limits may be exceeded if securities holders give their specific approval of such necessary ordinary resolution, voted on by 75% of all equity securities holders present or represented by proxy at the general meeting convened to approve such resolution, excluding any vendor and its associates or other party participating in the placing.
Exercise of options to subscribe for securities (including options in terms of executive and staff share schemes)

5.63 Applications for listings of securities issued in terms of options must be made in terms of Section 16.

5.64 Application for listing of shares in terms of executive and staff share schemes may either be for block listings or for specific allotments.

5.65 The JSE will grant a block listing only in multiples of R5 million for securities issued in terms of approved schemes. Subsequent issues of securities in terms of the scheme will be subtracted from the initial block until such time as that block is exhausted, at which time an application for a further block listing will be necessary.

Issues with participating or conversion rights

5.66 Classes of securities that have participating rights to profits or have equity conversion rights must be offered to equity securities holders of a company by means of a rights offer, unless issued:

(a) by way of a claw-back offer;
(b) by way of an issue for cash;
(c) for the acquisition of assets or for an amalgamation/merger; or
(d) in circumstances that the JSE considers to be exceptional and warranting special approval.

Repurchase of securities

Description

5.67 (A) In the event that a shareholder of an issuer exercises its rights in terms of Section 164 of the Act and the issuer, in terms thereof, purchases its shares from the shareholder, the purchase of such shares will not be regarded as a repurchase of securities in terms of the Listings Requirements. The issuer must, however, within 48 hours of repurchasing the shares from the shareholder:

(a) apply to the JSE for the removal of such shares in terms of Schedule 2 Form A5 of the Listings Requirements. The application need only comply with paragraphs 1.1(a) to (e) and 1.3–1.5, however, and must state the reason for the application to delist the shares; and

(b) on the same day that the issuer applies to the JSE for the delisting of the shares, the issuer must announce on SENS the following details concerning the delisting of the shares:

(i) the effective date of the delisting of the shares;
(ii) the number of shares that will be delisted (expressed in a number and a percentage of the issued share capital of the issuer):
   a. the price paid by the issuer for the shares;
   b. the identity of the shareholders from whom the shares were repurchased; and
   c. in respect of which resolution the shareholder exercised its rights in terms of Section 164(2) of the Act.
(B) A pro rata repurchase by the issuer of its securities from all its shareholders will not require shareholder approval, save to the extent required in terms of the Act. In all other instances an acquisition by an issuer of its own securities or a purchase by a subsidiary of securities in its holding company (in accordance with Section 48 of the Act), will be regarded as a repurchase of securities in terms of the Listing Requirements, in which case the holding company must comply with paragraphs 5.67(B) to 5.84:

(a) on terms that are approved by securities holders in a general meeting in respect of that particular repurchase (“a specific repurchase of securities”), which shall be valid until such time as the approval is amended or revoked by a special resolution; or

(b) generally approved by securities holders by the giving of a renewable mandate, which shall be valid until the company’s next annual general meeting or for 15 months from the date of the resolution, whichever period is shorter, to the directors of the company to repurchase its securities subject to the requirements of the JSE and to any other restrictions set out in the mandate (“a general repurchase of securities”).

5.68 The general repurchase by a company of its own securities shall not, in the aggregate in any one financial year exceed 20% of that company’s issued share capital of that class in any one financial year.

Requirements for specific authority to repurchase securities (“specific repurchase”)

5.69 In respect of specific repurchases (which includes the grant of an option in terms of which an issuer may or will be required to repurchase its securities in future) and a specific offer (being an offer from securities holders specifically named) an applicant may only make a specific repurchase subject to the following:

(a) authorisation thereto being given by its MOI;

(b) approval being given in terms of a special resolution excluding, in the case of a specific offer, the votes of any shareholder and its associates that are participating in the repurchase;

(c) a statement by the directors that, after considering the effect of such repurchase, the provisions of Section 4 and Section 48 of the Act have been complied with and that the:

(i) company and the group will be able in the ordinary course of business to pay their debts for a period of 12 months after the date of approval of the circular; and

(ii) assets of the company and the group will be in excess of the liabilities of the company and the group for a period of 12 months after the date of the approval of the circular. For this purpose, the assets and liabilities should be recognised and measured in accordance with the accounting policies used in the latest audited consolidated annual financial statements which comply with the Act; and

(iii) share capital and reserves of the company and the group will be adequate for ordinary business purposes for a period of 12 months after the date of the circular (refer to paragraph 7.E.7); and

(iv) working capital of the company and the group will be adequate for ordinary business purposes for a period of 12 months after the date of approval of the circular (refer to paragraph 7.E.7);
(d) a resolution by the board of directors of the issuer that it has authorised the repurchase, that the company and its subsidiary/ies have passed the solvency and liquidity test and that, since the test was performed, there have been no material changes to the financial position of any company of the group;

(e) if the repurchase is:

(i) from a related party/ies as described in paragraphs 10.1 to 10.3, and

(ii) the price at which the securities are purchased is at a premium to the weighted average traded price of such equity securities measured over the 30 business days prior to the date that the price of the repurchase is agreed in writing between the issuer and the party selling the securities (the JSE should be consulted for a ruling if the applicant’s securities have not traded in such 30 business day period)

then such repurchase shall be subject to the inclusion of a statement by the board of directors stating whether the repurchase is fair insofar as the shareholders (excluding the related party/ies if it/they are equity securities holders) of the issuer are concerned and that the board of directors has been so advised by an independent expert acceptable to the JSE. The board of directors must obtain a fairness opinion (which must be included in the circular) prepared in accordance with Schedule 5 before making this statement;

(f) this requirement has been repealed;

(g) if a company has announced that it will make a specific repurchase, it must pursue the proposal, unless the JSE permits the company not to do so; and

(h) a company or its subsidiary may not repurchase securities during a prohibited period as defined in paragraph 3.67 unless they have in place a repurchase programme where the dates and quantities of securities to be traded during the relevant period are fixed (not subject to any variation) and has been submitted to the JSE in writing prior to the commencement of the prohibited period. The issuer must instruct an independent third party, which makes its investment decisions in relation to the issuer’s securities independently of, and uninfluenced by, the issuer, prior to the commencement of the prohibited period to execute the repurchase programme submitted to the JSE.

Documents to be submitted to the JSE

5.70 The documents detailed in paragraph 16.32 must be submitted to the JSE in accordance with the relevant timetable set out in Schedule 18.

(b) authorisation thereto being given by its MOI;
(c) approval by shareholders in terms of a special resolution of the company, in annual general/general meeting, which shall be valid only until the next annual general meeting or for 15 months from the date of the resolution, whichever period is shorter;
(d) repurchases may not be made at a price greater than 10% above the weighted average of the market value for the securities for the five business days immediately preceding the date on which the transaction is effected. The JSE should be consulted for a ruling if the applicants securities have not traded in such five business day period;
(e) at any point in time, a company may only appoint one agent to effect any repurchase(s) on the company’s behalf;
(f) [Repealed]
(g) a resolution by the board of directors that it has authorised the repurchase, that the company and its subsidiary/ies have passed the solvency and liquidity test and that, since the test was performed, there have been no material changes to the financial position of the group; and
(h) an issuer or its subsidiary may not repurchase securities during a prohibited period as defined in paragraph 3.67 unless they have in place a repurchase programme where the dates and quantities of securities to be traded during the relevant period are fixed (not subject to any variation) and has been submitted to the JSE in writing prior to the commencement of the prohibited period. The issuer must instruct an independent third party, which makes its investment decisions in relation to the issuer’s securities independently of, and uninfluenced by, the issuer, prior to the commencement of the prohibited period to execute the repurchase programme submitted to the JSE.

5.76 The requirements of paragraphs 5.67 to 5.81 do not apply in respect of the following:

(a) transactions entered into on behalf of bona fide third parties, either by the company or any other member of its group on arm’s length terms; or

(b) any acquisition by an issuer which is a financial services company (for the purposes hereof a company that is an authorised user as defined in the FMA, a long-term insurer as defined in the Long-term Insurance Act 1998, as amended, a short-term insurer as defined in the Short-term Insurance Act 1998, as amended and/or a bank as defined in the Banks Act 1990, as amended) of its own securities or a purchase by a subsidiary (which is a

Such securities purchased will not be treated as treasury shares for purposes of the Listings Requirements.

5.77 Where there are securities in issue that are high/low voting shares or are convertible into, exchangeable for, or carry a right to subscribe for securities of the class proposed to be repurchased, a separate meeting of the holders of such convertible securities or high/low voting shares must be held and their approval by special resolution obtained before the company enters into any contract to repurchase securities of the relevant class unless the trust deed or terms of issue of the convertible securities provides for the company purchasing its own equity securities. Purchase of securities other than equity securities

Notification of decision to repurchase

5.78 Where a company intends to make an offer, which is to be open to all holders in respect of all or part of their holdings, to repurchase any of its securities other than equity securities, it must:

(a) while the offer is being actively considered, ensure that no dealings in the relevant securities are carried out by or on behalf of the company or another member of its group, associate or subsidiary, until the proposal has either been submitted to the JSE or abandoned; and

(b) notify the JSE of its decision to proceed with the offer to repurchase.

Announcement of repurchases, early redemptions and cancellations

5.79 Any repurchases, early redemptions or cancellations of the issuer’s securities, other than equity securities, must be announced when an aggregate of 3% of the initial number of the relevant class of securities has been purchased, redeemed or cancelled and for each 3% in aggregate of the initial number of that class acquired thereafter. Such announcement must be made as soon as possible and, in any event, by not later than 08h30 on the business day following the day on which the relevant threshold is reached or exceeded. The announcement must state the number of securities purchased, redeemed or cancelled since the most recent announcement, the number of the class of securities that remain outstanding, and when the securities repurchased are to be cancelled and the listing removed, if applicable.

Period between repurchase and notification

5.80 In circumstances where the repurchase is not being made pursuant to an offer announced in accordance with paragraph 5.78 and the repurchase results in the company reaching or exceeding a relevant threshold as specified in paragraph 5.79, no further repurchases may be effected until after notification in compliance with paragraph 5.79 has been made.

Convertible securities

5.81 In the case of securities that are convertible into, exchangeable for, or carry a right to subscribe for equity securities, unless a partial offer is made to all holders of that class of securities on the same terms, repurchases must not be
made at a price more than 10% above the 5 business day weighted average price of the securities immediately preceding the date of repurchase.

**Payments to securities holders**

5.85  (a) Companies wishing to make payments to their securities holders must comply with all relevant provisions of the Act and specifically with Section 46 of the Act.

(b) Subject to paragraph 5.85(c), a pro rata payment to all shareholders will not require shareholder approval. Any payment to shareholders which is not pro rata to all shareholders will be regarded as a specific payment and the company must obtain the approval of its securities holders in a general meeting, which approval is not required in respect of cash dividends, scrip dividends or capitalisation issues ("specific payment").

(c) Where the underlying securities are unlisted when the company effects a distribution in specie by way of an unbundling (either by way of pro rata or specific payment) or where such securities become unlisted as a result of the unbundling, shareholder approval is required.

5.86  [Repealed]

**Requirements for specific payments**

5.87  An applicant may only make a specific payment subject to authorisation being given in terms of an ordinary resolution approved by shareholders of the company in general meeting. Such ordinary resolution must be contained in a notice of general meeting that forms part of a circular sent to securities holders of the applicant.

**Documents to be submitted to the JSE**

5.88  The documents detailed in paragraph 16.33 must be submitted to the JSE in accordance with the relevant timetable set out in Schedule 18.

**Documents to be published**

5.89  The documents that require publication regarding specific payments are set out in paragraphs 11.28 and 11.29, and must be actioned in accordance with the relevant timetable in Schedule 18.

**Requirements for general payments**

5.90  [Repealed]

**Documents to be submitted to the JSE**

5.91  [Repealed]

**Alteration of share capital, authorised shares and rights attaching to a class/es of shares**

5.92  (A) Any alteration to the share capital of the applicant and/or to its authorised
shares and/or any amendments to the rights attaching to any class of securities in the applicant, whether in issue or not, must be subject to the passing in general/annual general meeting of a special resolution of securities holders in respect of and including, but not limited to:

(a) any action under Section 36 of the Act; and  
(b) the conversion of securities of any class into securities of any other class, whether issued or not.

Documents to be submitted to the JSE  
(B) The documents detailed in paragraph 16.34 must be submitted to the JSE in accordance with the relevant timetable set out in Schedule 18.

Documents to be published  
(C) The documents that require publication regarding alterations to share capital are set out in paragraph 11.37 and must be actioned in accordance with the relevant timetable in Schedule 18.

Exchange control approval  
5.93 Where approval for an issue and listing of securities is required from the Financial Surveillance Department of the South African Reserve Bank (“SARB”), JSE approval of an issue and listing of such securities will not be given until such time as copies of the requisite authority from SARB, giving a ruling regarding the use of funds introduced through normal banking channels from abroad or from a non-resident account or from an emigrant’s blocked Rand account relating to such issue, is received (refer to paragraph 16.25).

Share certificates  
5.94 With respect to the certificated environment:

(a) the normal requirement of the JSE is that all share certificates must be issued on the date of commencement of the listing of new securities or within seven days from the date of lodging of the certificates for transfer or splitting.  
(b) applicants that have not yet adopted Certified Transfer Deed Procedures must effect registration of scrip within 24 hours of receipt.  
(c) the JSE will not normally grant a listing for an issue of securities until the relevant share certificates, or other documents of title, have been made available, except where the relevant securities arise out of an entitlement derived from a holding in a listed security. Deals entered into between the date of commencement of the listing and the date the document of title is made available shall be for settlement during the week following the date the document of title is made available.  
(d) Where it is proposed to issue share certificates, which of necessity are required to be distinguishable from existing listed securities, a copy of the proposed certificate and a copy of the existing certificates are to be submitted to the JSE. The procedures to be adopted thereafter are to be agreed at this stage.

Securities registered in the name of nominee companies  
5.95 Where an issuer intends entering into a transaction or scheme that may, in its effect, discriminate between shareholders holding securities in dematerialised
form through a CSDP or broker nominee company (“the nominee company”) and shareholders holding securities directly in certificated form in such issuer, the issuer is to ensure that Strate provides it with a list of dematerialised beneficial shareholders on the relevant record date, in order to ensure that all shareholders in the issuer are treated fairly.

5.96 The requirement of paragraph 5.95 shall be applied in respect of all corporate actions and the issuer must ensure that the ratio of entitlement is applied to the beneficial securities holders within a nominee company.

Pre-issued trading

5.97 A broking member (equities) may only execute transactions in pre-issued securities after such trading has been permitted by the JSE.

5.98 The JSE may permit trading in pre-issued securities, subject to the following conditions:

(a) the sponsor, with the consent of the issuer, must apply, at the time of informal comment submission, and receive approval for pre-issued trading from the JSE;

(b) the JSE must have approved the listing particulars in respect of the issue;

(c) the issue for which pre-issued trading is requested must be an initial public offer and must be of such a size that, in the opinion of the JSE, it is appropriate to permit pre-issued trading;

(d) pre-issued trading will commence and end on such dates as the JSE specifies in the JSE Gazette, provided that the pre-issued trading must end on the commencement date of official trading in the securities; and

(e) if the listing in respect of which the pre-issued trading has been approved becomes effective, all transactions effected during the period of the pre-issued trading will settle on the same terms as all other transactions in JSE listed securities. If the listing is still ineffective on the commencement date of official trading, every transaction effected under this rule will be void ab initio and neither the broking member nor any client will have recourse against the JSE or a broking member, as the case may be, in respect of such transactions.

Price stabilisation

5.99 Description:

(a) The purpose of this section is to define the circumstances and manner in which price stabilisation will be permitted by the JSE, in accordance with the provisions of the FMA, and as a defence against prohibited trading practices, as stipulated in the FMA. Price stabilisation may be effected through an over-allotment, with or without a greenshoe. Over-allotment is a pre-cursor to a price stabilisation mechanism, aimed at supporting and maintaining the price of newly listed securities or securities the subject of a substantial offer, for a limited period after the listing or offer. The main purpose is to establish an orderly market for securities in the immediate secondary market after an offer.

(b) The process of price stabilisation usually involves the stabilising manager, on behalf of the Bookrunners, allotting a greater number of securities than will be issued or sold, resulting in a net “short” position for the stabilising manager. Should the price of the securities drop below or remain at the issue price when securities begin to trade in the secondary market, the stabilising manager may purchase the securities to cover its “short”
position and counteract the selling pressure. The “Greenshoe” from the
issuer or substantial holder of relevant securities allows the stabilising
manager to obtain the same number of securities that have been over-
allotted, by exercising the option at the issue price. The stabilising
manager may also allot more securities than the greenshoe, which
is known as a naked short, or fewer securities. The stabilising manager may
either close the net “short” position by exercising all or part of the
greenshoe or by purchasing the securities in the market.

Specific Requirements
5.101 Price stabilisation may only be effected in respect of an offer of securities, and
must comply with the following criteria:

(a) the offer must be an offering or issue of securities for cash, made at a
specified price;

(b) the offer must be for securities which are already listed or are to be listed;

(c) the offer must be of sufficient size to satisfy the JSE that price stabilisation
is warranted. Such size is to be determined in consultation with the JSE.

Permitted stabilising action
5.102 The stabilising manager may, subject to compliance with paragraph 5.104 undertake:
(a) to purchase, agree to purchase, or offer to purchase any relevant securities with the aim of stabilising the market price of the relevant securities; and

(b) to take certain ancillary action with the aim of stabilising the market price of the relevant securities or liquidating any positions taken as a result of the stabilising process.

**Permitted ancillary stabilising action**

5.103 The stabilising manager may, subject to compliance with paragraph 5.104:

(a) with a view to stabilising action in relevant securities:

   (i) make allotments of a greater number of the relevant securities than will be offered;

   (ii) sell, offer to sell, or agree to sell relevant securities in order to establish a short position in them;

   (iii) achieve a result equivalent to that in paragraph 5.103(a)(ii), by the use of derivatives;

(b) purchase, offer to purchase, or agree to purchase relevant securities in order to close out or liquidate any position established under the process of stabilising action;

(c) sell, offer to sell, or agree to sell relevant securities in order to close out or liquidate any position that has been established by stabilising action; or

(d) achieve a result equivalent to that in paragraph 5.103(c), by the use of derivatives.

**Conditions to be fulfilled**

5.104 The following are conditions which the stabilising manager must reasonably believe have been fulfilled before any stabilising action is taken:

(a) from the beginning of the introductory period, adequate disclosure has been made in all communications issued by or on behalf of the issuer or the stabilising manager to prospective investors in the securities, of the fact that stabilisation may take place in relation to the relevant offer, as stipulated in paragraphs 5.110 and 5.111;

(b) the relevant exchange on which the securities are or will be traded has been informed in writing that stabilising action in such securities may take place during the stabilising period;

(c) that the price is not already artificial at the start of the stabilising period;

(d) the terms on which the securities may be issued, sold, exchanged for, or converted into, or the rights of the holders of the securities to subscribe for, or to acquire other securities, have been finally settled and publicly announced;

(e) the stabilising manager has established a register to record, in relation to each stabilising transaction effected in the securities, the matters required to be recorded in terms of paragraphs 5.112 to 5.115; and

(f) stabilisation may only take place during the stabilisation period.

**Stabilisation period**

5.105 If the JSE permits trading in the securities prior to listing, the stabilisation period will commence on the date such trading commences. Otherwise, the stabilisation period will commence on the date of the listing of the securities, or the date of
their sale if already listed. The stabilisation period will end 30 calendar days after the relevant listing or sale date.

5.106 The stabilising manager is under no obligation to stabilise securities.

**Pricing**

5.107 The initial stabilising price (Price X) cannot exceed the offer price (or starting price) (Price Y), and subsequent stabilising action must equally be at or below the level of Price X. If there are no sales and purchases which are independent of the stabilising manager on both sides on the relevant exchange above Price X, the stabilising manager can operate at a price or at prices below Price X, moving up or down in that area as he wishes. But if an independent buyer and seller do a deal on the relevant exchange, at a price (Price Z) between Price X and Price Y, then the stabilising manager has a new maximum price (Price Z) instead of Price X.

5.108 The provisions of paragraph 5.107 will not prevent the stabilising manager from purchasing, offering to purchase or agreeing to purchase securities in order to close out a short position that is not covered by a greenshoe.

**Over-allotment size**

5.109 The over-allotment may not be more than 15% of the issue size.

**Disclosures**

5.110 Disclosure of the fact that stabilisation may take place should be provided in all communications issued by or on behalf of the issuer or stabilising manager to prospective investors in the securities in respect of the relevant offer.

5.111 For the preliminary offering circular (or prospectus) and/or final offering circular (or prospectus) the disclosure should contain:

(a) the following text “In connection with this offer [name of stabilising manager] may over-allot or effect transactions which may support the market price of [description of securities] at a level higher than that which might otherwise prevail for a limited period after the listing date. However, there is no obligation on [name of stabilising manager] to do so. Such stabilising action may under no circumstances continue beyond the 30th calendar day after the listing date”; and

(b) where the stabilising manager has an option or other right to purchase relevant securities from the issuer or an existing securities holder for the purposes of stabilisation; and that option or right may be exercised or relied on after the start of the introductory period and during or after the remainder of the stabilising period, the existence and terms of such an option or right must be disclosed in the relevant prospectus or offering document.

**Register**

5.112 No bid may be made or transaction effected in the course of stabilising action unless:

(a) the stabilising manager concerned has established the relevant register in compliance with 5.113 and 5.114; and

(b) the stabilising manager is in compliance with the registration requirements in 5.113 and 5.114 in respect of all earlier transactions effected by it in the course of stabilising action in connection with the relevant offer in question.
5.113 The person responsible for the register must ensure that it contains, either in real time or updated overnight (from business day to business day), information on:

(a) the name of the stabilising manager appointed as such;
(b) the general parameters, including the initial stabilising price, laid down by the stabilising manager and the date and time of their communication, variation or revocation;

   (i) the type of security;
   (ii) the unit price;
   (iii) the size;
   (iv) the date and time; and
   (v) details of the counter-party, if known;
(d) details of the original allotment of securities (allottee and amount allotted); and
(e) details so far as are known to the person responsible for the register of any deal which counts as a deal at a price above the then stabilising price.

5.114 The register must be kept in South Africa, or else be capable of being brought to or reconstituted inside South Africa within 48 hours of a request for access from the JSE or Financial Services Board, and, it must be retained for a period of at least twelve months from the date of the end of the stabilising period.

5.115 Disclosures by stabilising managers to issuers must comply with:

(a) subject to the issuer agreeing to keep such information confidential, the stabilising manager shall permit the issuer of the securities to inspect the register kept under this section during the stabilising period, and for three months thereafter, on any business day;
(b) the stabilising manager must inform the issuer that the information specified in paragraph 5.113(c)(i) to (iv) will be available to be shown to the issuer, if so requested, within 14 calendar days after the close of the stabilising period;
(c) In addition to the above requirements, it is recommended that the issuer obtains an undertaking from the stabilising manager to disclose the following:
   (i) the date, time, number and value of all transactions effected with a view to supporting the market price of the relevant securities;
   (ii) the number and value of all transactions entered into by way of permitted ancillary action under paragraph 5.103;
   (iii) the profit or loss accruing to the stabilising manager, as a result of any transactions effected in terms of paragraph 5.115(c)(i) and (ii); and
   (iv) the remuneration earned by the stabilising manager by way of commission or otherwise in relation to any transactions effected in terms of paragraph 5.115(c)(i) and (ii);

   (ii) that option or right may be exercised or relied on after the date of the offer and during or after the remainder of the stabilising period,
and applies whether or not the exercise or reliance counts as permitted ancillary action under paragraph 5.103;

(e) upon exercise of the right to acquire securities during the stabilising period, it is recommended that the issuer should require the stabilising manager to inform it, in writing, of the reason for the exercise of the right at that time, specifying in particular, to what proportionate extent the exercise is attributable to:

(i) a need to deliver relevant securities to persons unconnected with the stabilising manager;

(ii) an opportunity for profit taking for the benefit of the stabilising manager or its associate in the course of the stabilising period;

(iii) a need to make good any failures to deliver by any other counter-party; and

(iv) any other circumstance, if so what; and if the exercise has led to any profit for the stabilising manager or its associate, whether or not paragraph 5.115(e)(ii) is specified, the stabilising manager must also specify the amount of profit taken by it or its associate as a result of the exercise; and

(f) the stabilising manager is not under any obligation to disclose the names of the individual clients to the issuer.

Criteria for stabilising managers

5.116 The issuer must appoint a stabilising manager to take the responsibility for stabilisation.

5.117 The overall responsibility for stabilisation must be allocated to one entity (the stabilising manager), for:

(a) each issue (an issue with two or more tranches shall be treated as one issue); and

(b) in each jurisdiction.

5.118 If the stabilisation is in South Africa, the stabilising manager must satisfy the following criteria, or appoint an agent that satisfies the following criteria, to act on its behalf in South Africa:

(a) it must be a member of the JSE, Life Offices’ Association of South Africa, Council of South African Banks, Merchant Bankers’ Association, Banking Association of South Africa or any other person in South Africa or elsewhere (whether natural or juristic), in good standing and acceptable to the JSE;

(b) it must prove to the JSE that it has the relevant expertise to undertake stabilisation action or has access to such expertise;

(c) it must disclose to the JSE any material dealings (including those of a corporate finance nature), other than in the ordinary course of business, by it or its associates in the securities in respect of which stabilisation is to be undertaken during the six-week period prior to the date of formal application for listing of the securities; and

(d) it must satisfy the JSE that it has net tangible assets of not less than R2 billion in jurisdictions acceptable to the JSE and undertake that, throughout the stabilisation period, it will maintain at least R2 billion of its assets in the above-mentioned jurisdictions.

Documents to be submitted to the JSE
The following information in respect of the stabilising manager must be submitted to the JSE by the sponsor:

(a) its full name;
(b) its date and place of incorporation;
(c) the full names and addresses of its directors;
(d) its audited consolidated annual financial statements for the last two completed financial years. Where more than nine months have elapsed since the end of the financial year to which the last audited annual financial statements relate, an interim report, covering at least the first six months following the end of that financial year, must be included in the documentation. If such an interim report is unaudited, that fact must be stated;
(e) a description of any material changes in the financial or trading position of the issuer since the end of the last financial period for which annual financial statements have been published, or an appropriate negative statement;
(f) information on any legal or arbitration proceedings (including any such proceedings that are pending or threatened of which the issuer is aware) that may have, or have had, a material effect on its financial position, or an appropriate negative statement; and
(g) any other details that the JSE may deem appropriate.

The stabilising manager is required to have a scrip lending agreement with a CSDP, a copy of which must be submitted to the JSE for approval.

Documents to be published

A SENS announcement in accordance with paragraph 5.110 and 5.111 must be published and a further announcement that the greenshoe has been exercised and the extent to which it has been exercised.

Stabilisation jurisdiction requirements

Where the issuer’s primary listing is in another country/ies, there must be compliance with the relevant requirements of the overseas country/ies in which stabilisation transactions are effected or which may otherwise be affected by stabilisation activity, and compliance with such requirements will be deemed to be compliance with the requirements of the JSE.

Odd lot offers

An “odd-lot” offer is an offer where the listed company intends reducing administrative costs resulting from a large number of “odd-lot” holders. The JSE interprets an “odd-lot” as a total holding of:

(a) less than 100 securities; or
(b) 100 or more securities, provided that it can be illustrated to the JSE that the cost associated with a holder disposing of such number of shares is equal to or exceeds the total value of such number of securities.

When a listed company proposes to make an odd lot offer, the following criteria will apply:

(a) in all instances a two-way election must be provided for in terms of which securities holders may:
   (i) elect to retain their odd-lot holding; or
(ii) elect to sell their odd-lot holding;
(b) this requirement has been repealed;
(c) this requirement has been repealed; and
(d) expropriation resulting from 5.124(a)(ii), being the default action applicable if securities holders do not make any election in terms of 5.124, will only be allowed where the issuer’s MOI is amended to make provision for expropriation of odd-lots and where the specific odd-lot offer has been approved by shareholders in general meeting.

**Documents to be submitted to the JSE**

5.125 The documents detailed in paragraph 16.35 must be submitted to the JSE.

**Documents to be published**

5.126 The document that requires publication regarding odd lot offers is set out in paragraph 11.53.

**Shares issued to sponsors and advisers in lieu of fees**

5.127 For existing companies, where shares are issued to the sponsor or to the adviser(s) of the issuer in lieu of fees, such shares must be issued in compliance with paragraph 5.50. For new listings, such shares of the issuer must be held in trust by the issuer’s auditors or attorneys and may not be disposed of within 2 years from the date of listing.

**Restrictive funding arrangements**

5.128 Any restrictive funding arrangements undertaken by an issuer and/or any of its subsidiaries must comply with paragraph 11.60.
Section 6
Pre-Listing Statements

Scope of section
This section sets out the requirements relating to pre-listing statements and prospectuses that are issued in lieu of pre-listing statements. When a new applicant or issuer issues a prospectus, the presumption is made that, apart from compliance with the Act, such prospectus will also comply with and contain all necessary disclosures as if it were a pre-listing statement subject to compliance with the Listings Requirements. For the purposes of this section any reference to a pre-listing statement includes reference to a prospectus.

The main headings of this section are:

6.1 Requirement for pre-listing statements
6.2 Responsibility
6.6 Form and content
6.11 Formal approval
6.13 Supplementary pre-listing statements
6.15 Omission of information
6.18 Omission of material contracts from disclosure
6.19 Issues not requiring pre-listing statements
6.21 Acquisition issues
6.23 Publication/circulation of pre-listing statements
6.24 Revised take-over offers

Additional and alternative requirements relating to pre-listing statements are set out in Section 12 (Mineral Companies), Section 13 (Property Companies), Section 14 (Pyramid Companies), Section 15 (Investment Entities), Section 18 (Dual Listings and Listings by External Companies) and Section 19 (Specialist Securities), respectively.

Requirement for pre-listing statements
6.1 When a new applicant or an issuer applies for a listing of securities that requires the publication of a pre-listing statement, such pre-listing statement must contain the particulars referred to in this section.

Responsibility
6.2 The pre-listing statement must include a statement, in the form set out in paragraph 7.B.22 (responsibility statement), modified as required pursuant to paragraph 6.3 or 6.4 or in such other form as may be required by the JSE.

6.3 If the pre-listing statement relates to securities issued in connection with a recommended take-over of an issuer (offeree) and the directors of the issuer (offeree) accept responsibility for the information given on that company (offeree) in the pre-listing statement, then the directors of the applicant (offeror) may accept responsibility only for the rest of the information in the pre-listing statement (refer to paragraph 7.B.22) and the responsibility statement must be adapted accordingly.

6.4 The JSE may require responsibility to be extended to additional persons that have made specific statements in, or have made contributions to, the pre-listing statement; in which case the responsibility statement must be amended accordingly.

6.5 The pre-listing statement must be signed by every director of the applicant or
issuer, or by his agent or attorney, with a copy of the authority of any such agent or attorney; provided that where responsibility for any information contained in different parts of the pre-listing statement has been extended to or accepted by any other person in accordance with paragraph 6.3 or 6.4, such other person, or his agent or attorney, shall also sign the pre-listing statement and it shall be clearly stated for which part or parts of the pre-listing statement each signatory bears responsibility.

Form and content

6.6 Pre-listing statements must contain:

(a) the information set out in Section 7 according to the nature and circumstances of the applicant and the type of securities concerned as specified in this section; and

(b) such additional information as the JSE may consider investors reasonably require for the purpose of making an informed assessment of the prospects and status of the applicant. If the JSE requires additional disclosure, it will inform the applicant of such additional information required at the earliest possible date.

6.7 Pre-listing statements must provide factual information in words and figures, in as easily analysable and comprehensible a form as possible.

6.8 There is no prescribed format for pre-listing statements, except that:

(a) the JSE may require that prominence be given in the pre-listing statement to important information in such manner as it considers appropriate;

(b) in the case of pre-listing statements to be published by a new applicant, the following information must appear on the cover page, together with the names of, where applicable, the issuer, sponsor, investment/merchant bank, auditors, reporting accountants, financial advisers, attorneys and any other specialist adviser:

<table>

(c) pre-listing statements must not contain pictures, charts, graphs or other illustrations unless the JSE is satisfied that this is the best and/or only way in which the information can be clearly presented or is necessary in the interests of being succinct or comprehensible and does not present the information unfairly.

6.9 New applicants and issuers issuing a pre-listing statement are required to provide all the information contained in paragraphs 7.A to 7.H in such document and in respect thereof:

(a) where the information required by a particular paragraph is inappropriate to the applicant’s sphere of activity or legal form, the information must be appropriately adapted so that equivalent information is given;

(b) negative statements are required in all instances except where the JSE agrees otherwise;

(c) unless specified, all references to disclosure are at the date the pre-listing statement is issued or as near to such date as practicable;
(d) where another company is to become part of an applicant’s group, that other company and its subsidiaries must be treated as part of the applicant’s group for the purpose of the information required by this paragraph;

(e) the JSE will not require an indebtedness statement (refer to paragraphs 7.A.12 to 7.A.19) to be included in a pre-listing statement published in connection with an issue of securities where the issuer’s business is entirely or mainly that of banking, insurance or the provision of similar financial services, provided that the JSE is satisfied that:

(i) the inclusion of such a statement would not provide significant information for investors; and

(ii) the applicant’s solvency and capital adequacy are suitably regulated by another regulatory body.

Shareholder approval

6.10 If the issue of securities in respect of which the pre-listing statement is to be issued is made conditional upon shareholder approval, the following statement must appear on the first page of the pre-listing statement:

“This pre-listing statement has been prepared on the assumption that the ordinary and special resolutions proposed in the Notice of General Meeting forming part of the circular to which this pre-listing statement is attached will be passed at the General Meeting of shareholders to be held on . . . and registered (if applicable).”

Formal approval

6.11 Pre-listing statements must be formally approved by the JSE before publication. Such approval will only be given if the JSE considers that the information in the pre-listing statement is complete.

6.12 Pre-listing statements submitted to the JSE for formal approval must be in the form of a typed document, but the JSE may permit neat manuscript information relating to the number of securities, the offer/issue price and any figures derived therefrom if such information is unable to be finalised and included in the pre-listing statement in typed print due to time pressures.

Supplementary pre-listing statements

6.13 The JSE must be advised immediately and supplementary pre-listing statements published if, at any time after pre-listing statements have been published and before dealings in the relevant securities commences, the applicant becomes aware that:

(a) there has been a material change affecting any matter contained in the pre-listing statement; or

(b) a material new matter(s) has/have arisen, the inclusion of information on which new matter would have been required to be disclosed in the original pre-listing statement had such information been known at that time.

6.14 Supplementary pre-listing statements must:

(a) provide full details of the change or new matter;

(b) contain the responsibility statement required by paragraph 6.2;

(c) contain a statement that, save as disclosed, there has been no material change and no material new matter that has arisen since publication of the previous pre-listing statement.
Omission of information

6.15 If any information required by paragraph 6.6(a) is not applicable and no equivalent information is available, it need not be included in the pre-listing statement provided that the JSE is informed in writing of same and approves such omission.

6.16 The JSE may authorise the omission of information that is applicable if it considers that:

(a) the information is of minor importance and will not influence any assessment of the financial position, changes in equity, results of operations or cash flows; or

(b) disclosure would be contrary to the public interest and omission thereof is not likely to mislead investors with regard to any important/material facts and/or circumstances; or

(c) disclosure would be seriously detrimental to the applicant or would constitute an invasion of the applicant’s rights to privacy and omission is not likely to mislead investors with regard to any important/material facts and/or circumstances.

6.17 Requests to the JSE to authorise any omission of information must:

(a) be in writing from the applicant or sponsor;
(b) identify the information concerned and the reasons for the omission; and
(c) state why, in the opinion of the applicant, one or more of the grounds in paragraph 6.16 apply.

Omission of material contracts from disclosure

6.18 The JSE, in its sole discretion, may allow all or part of a material contract to be withheld from public inspection (refer to paragraph 7.F.1) in the event that it receives such request from an applicant, which request must:

(a) be in writing from the applicant or sponsor;
(b) state why, in the opinion of the applicant, one or more of the grounds in paragraph 6.16 apply;
(c) enclose a copy of the contract in question or, if the contract is not reduced to writing, a memorandum giving full particulars of its terms; and
(d) include confirmation by the applicant that the contract is a material contract not in the ordinary course of business.

Issues not requiring pre-listing statements

6.19 Pre-listing statements are not required for issues of securities by applicants whose securities are already listed, and which fall into the following categories:

(a) securities issued for cash or as a result of the conversion of convertible securities;
(b) securities issued as a result of the exercise of rights under options;
(c) securities issued in place of securities already listed;
(d) securities issued/allotted to employees, if securities of the same class are already listed;
(e) securities issued relating to the extension of a business contemplated by, and previously described in, a pre-listing statement;
(f) securities issued as a result of a capitalisation/bonus issue;
(g) securities issued as a result of a rights offer; or

(h) an issue of securities that, together with any securities of the same class issued in the previous three months, would increase the securities issued by less than 50% (for this purpose a series of issues in connection with a single transaction, or series of transactions that is regarded by the JSE as a single transaction, will be aggregated and deemed to be a single issue for purposes of measurement against the 50% level).

6.20 When a pre-listing statement is not required in terms of paragraph 6.19, further information, which the JSE considers investors may reasonably require for the purposes of making an informed assessment of the prospects and status of the applicant, may be required to be announced and, in certain instances, a circular may also be required to be sent to shareholders (refer to Sections 9, 10 and 11). In regard hereto, applicants must consult with the JSE at an early stage to determine the JSE’s requirements, if any.

Acquisition issues

6.21 In terms of an acquisition issue (where the consideration for a purchase of assets, regulated by Section 9, or for an offer to shareholders, regulated by the Panel, consists of securities for which a listing will be sought) a pre-listing statement may be required as described in paragraph 6.1 and 9.23. When a pre-listing statement has already been published and the consideration for the acquisition or offer is revised, resulting in the issue of a greater number of shares for which application for listing will be made, a supplementary pre-listing statement may be required (refer to paragraphs 6.13 and 6.14).

Contents of pre-listing statements

6.22 A pre-listing statement required in terms of paragraph 6.21 must comply with the relevant requirements of this section, subject to the following:

(a) references in Section 7 to the applicant’s group must also include the offeree company and its subsidiaries;

(b) the information regarding major shareholders (refer to paragraph 7.A.27) and directors’ interests in securities (refer to paragraph 7.B.20) must be given in relation to the applicant’s share capital both as existing and the share capital as enlarged by the securities for which listing is sought; and

(c) if the transaction is an offer to shareholders:

(i) and is recommended by the board of directors of the offeree company at the time of the publication of the offer document, the applicant must include a working capital adequacy statement in respect of the proposed enlarged group (refer to paragraph 7.E.7) and details of material loans (refer to paragraph 7.A.15) on the basis that the offer has been completed 100% successfully (“the combined basis”);

(ii) which has not been recommended by the board of directors of the offeree company at the time of publication of the offer document, the applicant must include a working capital adequacy statement (refer to paragraph 7.E.7) and details of material loans (refer to paragraph 7.A.15) in respect of its own group only. The JSE will allow the statement on the combined basis to be provided in a later announcement, circular or supplementary pre-listing statement, within 28 days after the offer is declared unconditional.

Publication/circulation of pre-listing statements
6.23 Pre-listing statements or supplementary pre-listing statements must be published, either in full or in an abridged form in compliance with Section 11. In either case, the full pre-listing statement must be distributed to all shareholders in accordance with paragraphs 3.49 and 3.50. Where pre-listing statements are revised or supplementary pre-listing statements are prepared, they will normally be required to be published and circulated to shareholders at the time of despatch of the revised offer document. The JSE may, in properly justified cases, be prepared to allow pre-listing statements to be published and circulated subsequent to the despatch of revised offer documents but before listing is granted.

Revised take-over offers

6.24 When a pre-listing statement has been published and circulated in connection with an offer that involves the exchange of securities for securities of another company, and the offer consideration is revised to include a new class of security for which an application for listing is to be made, it will be unnecessary to repeat the information contained in the original pre-listing statement, but any additional information applicable to the issue of the new class of securities must be contained in a supplementary pre-listing statement.

8.1 Report of historical financial information
8.15 Pro forma financial information

Financial information to be presented

8.3 The report of historical financial information must be prepared in accordance with IFRS and the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by Financial Reporting Standards Council.

8.4 The historical financial information required under paragraph 8.3, is to be presented in consolidated form in respect of a period of at least three years up to and including the financial year immediately preceding the issue of the prospectus/pre-listing statement/circular. Where the historical financial information is not available for the prior three-year period, the JSE must be consulted for a ruling regarding disclosure and approval of the transaction. If the historical financial information required under paragraph 8.3 was not historically prepared in terms of IFRS, only the latest two financial years need to be converted to IFRS and the third year may be presented in accordance with the original (national) accounting framework. In these instances, shareholders must be warned about the potential lack of comparability of the information and must be advised to review the IFRS conversion notes in order to obtain a full understanding of any potential differences. The same historical financial information is also to be presented for the holding company, where this provides significant additional information to that presented in consolidated form.

8.5 When a report of historical financial information is required in terms of paragraph 8.2(b), (e) or (f), it must be prepared in accordance with, and by applying, the accounting policies of the new applicant/issuer.

8.6 [Repealed]

8.7 In addition to the historical financial information required to be presented in accordance with paragraph 8.2, if, at the date of the prospectus/pre-listing statement/circular, more than nine months have elapsed since the end of the last financial year, reviewed interim financial information is to be prepared in accordance with IFRS on Interim Financial Reporting, and is to be presented for the first six months ended, subsequent to the relevant subject matter’s latest financial year ended. Notwithstanding the requirements of IFRS, if reviewed interim financial information is being prepared for the purposes of this requirement, no comparative results need to be shown, if that interim financial information has been prepared using accounting policies that are identical to those contained in the historical financial information.

8.8 With respect to 8.2, only if more than 15 months have passed since the period for which audited annual financial statements were prepared and issued, then audited annual financial statements shall be prepared for the latest financial year ended and included in the pre-listing statement. As it relates to 8.2(a), if the pre-listing statement does not include the latest annual financial results these must be published pursuant to paragraphs 3.19 and 3.22, irrespective of the listing date or whether they have been previously distributed or the date of listing.

8.9 Where other historical financial information has been made available to the issuer’s holders of securities subsequent to the issuer’s latest financial year-end, such other historical financial information is also to be presented.

Non-compliance with IFRS and the Companies Act

Nature of information

8.17 Pro forma financial information is to provide investors with information about the impact of the corporate action the subject of the prospectus/pre-listing statement/circular, by illustrating how that corporate action might affect the reported financial information, had the corporate action been undertaken at the commencement of the period being reported on, or in the case of a pro forma statement of financial position, at the date reported on. The pro forma financial information presented is not to be misleading, is to assist investors in analysing future prospects of the issuer and is to include all appropriate adjustments permitted by paragraph 8.30, of which the issuer is aware, and which are considered necessary to give effect to the corporate action as if the corporate action had been undertaken at the commencement of the period being reported on, in the case of the pro forma statement of financial position, at the date reported on. In certain limited circumstances, permission will be granted to calculate a statement of comprehensive income effect at a date other than at the beginning of the financial period. These exceptions are detailed in The Guide on Pro forma Financial Information, issued by SAICA.

Presentation of information

8.18 The pro forma financial information is to state clearly:
(a) the purpose for which it has been prepared;
(b) that it is prepared for illustrative purposes only; and
(c) that because of its nature, it may not fairly present the issuer’s financial position, changes in equity, results of operations or cash flows.

8.19 The pro forma financial information is to be presented in columnar form showing separately the unadjusted financial information, the pro forma adjustments and the pro forma financial information. The pro forma financial information is to identify:
(a) the basis upon which it is prepared; and
(b) the source of each item of information and adjustment.

8.20 Pro forma figures must be given no greater prominence in the document than unadjusted financial figures.

Accounting policies

8.21 Pro forma financial information is to be presented in a manner consistent with both the format and accounting policies adopted by the issuer in its report of historical financial information.

8.22 In quantifying pro forma adjustments, the issuer is to apply accounting policies on the same basis as the issuer would normally adopt in preparing its annual financial statements.

8.23 The requirement to apply the issuer’s accounting policies in preparing pro forma financial information applies to adjustments made in respect of a material acquisition.
8.24 Pro forma financial information is to be prepared in accordance with the policies adopted in presenting the unadjusted financial information of the issuer at the relevant date or for the relevant period, even where new accounting standards will apply subsequently.

Selection of periods
8.25 Pro forma financial information may be published only in respect of:
(a) the most recent completed financial period;
(b) the most recent interim period for which unadjusted information has been published or is being published in the report of historical financial information;
(c) both 8.25(a) and (b);
(d) in the case of a pro forma statement of financial position, as at the date on which such periods end or ended; and
(e) a profit forecast (provided the forecast has been published and reported on in terms of Section 8 or Section 13) for statement of comprehensive income purposes and paragraphs 8.25(a) to (d) for statement of financial position purposes.

Subsequent events
8.26 No adjustments may be made to pro forma financial information in respect of post statement of financial position events except:
(a) as provided for in IFRS on Events After the Reporting Period; or
(b) in respect of the particular corporate action for which the pro forma financial information is being presented;
(c) in respect of any previously published financial effects; or
(d) in respect of any post statement of financial position corporate action of the issuer or the target, where it would be misleading not to make an adjustment, and in such instance, in addition to providing full details of the adjustment, details must be provided as to why the issuer believes it would be misleading not to make an adjustment.

Accounting periods
8.27 Where a pro forma statement of comprehensive income or cash flow statement is presented for two or more entities or business undertakings, such as may be the case in a material acquisition, the unadjusted information about the issuer and the adjustments in respect of the other entity or entities are to cover similar periods of the same length.

Unadjusted information
8.28 The unadjusted information of the issuer is to be derived from the most recent:
(a) published audited annual financial statements, published interim report, preliminary reports or provisional reports;
(b) previously published report of historical financial information;
(c) previously published pro forma financial information reported on in accordance with paragraph 8.48(b);
(d) profit forecast which has been published and reported on in terms of
Section 8 or Section 13, for statement of comprehensive income purposes, and paragraphs 8.28(a) to (c), for statement of financial position purposes.

8.29 The unadjusted information of the subject matter of the acquisition or disposal is to be derived from the:

(a) most recent published audited annual financial statements, published interim report, preliminary report or provisional report;

(b) profit forecast which has been issued and reported on in terms of Section 8 or Section 13 for the statement of comprehensive income purposes and paragraphs 8.29(a) or (c) for the statement of financial position purposes;

(c) unpublished management accounts provided that:

(i) the issuer is satisfied with the quality of those management accounts and a statement is included in the announcement confirming this;

(ii) shareholders are warned about the source of the information; and

(iii) in the case of a circular to shareholders where the circular either includes those management accounts and/or uses them for the purposes of the pro forma financial effects, a reporting accountant’s review or audit opinion (whichever is applicable) must be obtained on those management accounts.

Adjustments

8.30 Any adjustments that are made to the information referred to in paragraphs 8.28 and 8.29 above in relation to any pro forma statement are to be:

(a) clearly shown and explained;

(b) directly attributable to the transaction concerned and not relating to future events or decisions;

(c) factually supportable; and

(d) in respect of a pro forma statement of comprehensive income or cash flow statement, clearly identified as those adjustments that are expected to have a continuing effect on the issuer and those that are not.

8.31 In order to comply fully with paragraph 8.30, issuers must include notes to the pro forma financial information providing the explanations required in terms of paragraph 8.30 as well as:

(a) any assumptions on which the adjustments are based;

(b) the range of possible outcomes where there is significant uncertainty;

(c) the sources of the amounts concerned; and

(d) where relevant, how adjustments have been aggregated or allocated to financial statement captions.

Continuing effects

8.32 In respect of pro forma income or cash flow statements, issuers are to identify clearly those adjustments that are expected to have a continuing effect on the issuer and those that are not. An issuer is not permitted either:

(a) to omit adjustments that are directly attributable to a corporate action and are factually supportable, on the grounds that they do not have a continuing effect; or
(b) to make adjustments to eliminate items solely on the grounds that they are considered not to have a continuing effect.

8.33 Issuers are to interpret paragraphs 8.28 and 8.29 in line with the requirements of IFRS and the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by Financial Reporting Standards Council.

Earnings and headline earnings per share

8.34 Where pro forma earnings and headline earnings per share information is given for a transaction, it must be provided in compliance with IFRS and the definition of headline earnings as set out in these Listings Requirements, except that, where the transaction includes the issue of securities, the calculation is to be based on the weighted average number of issued securities adjusted as if that issue had taken place at the beginning of the period.

Profit forecasts and estimates

8.35 The following requirements apply equally to forecasts or estimates of profits or losses, cash flows or net asset values (collectively defined as “profits or losses”) of an applicant issuer or an undertaking that is or will become a material part of an applicant issuer’s group.

8.36 Any statement or information relating to the future prospects of an applicant issuer, or an undertaking that is or will become a material part of an applicant issuer’s group, must be clear and unambiguous. The applicant issuer must determine in advance with its sponsor, whether such a statement of information will constitute a profit forecast or an estimate. Any profit forecast or estimate must be compiled using accounting policies applied by the applicant issuer.

8.37 (a) A specific profit forecast is a form of words which expressly states a figure for the likely level of profits or losses for the current financial period and/or financial periods subsequent to that period, or contains data from which a calculation of such a figure for profits or losses may be made. A specific profit forecast is usually made when an applicant issuer includes a number, percentage, range or refers to “real” or any other term that has a recognised value. This list is not exhaustive and applicant issuers must consult with their sponsors to ascertain whether a statement constitutes a specific forecast.

(b) A general profit forecast is a form of words which, by implication, indicates a minimum or maximum figure for the likely level of profits or losses for the current financial period and/or financial periods subsequent to that period, or contains data from which such calculation may be made, even if no particular figure is mentioned and the word “profit” is not used. A general profit forecast is usually made when an applicant issuer uses the following words or terms: improvement, increase, growth, decline, decrease, similar or in line with. The use of these words or terms must not result in the statement becoming a specific profit forecast. This list is not exhaustive and applicant issuers must consult with their sponsors to ascertain whether a statement is a general forecast.

(c) A profit estimate bears the same meaning as a general or specific forecast, with the exception that it relates to a financial period ended but for which no financial information has yet been published.

(d) When an applicant issuer clearly states in an announcement that it has certain future targets or objectives that it would like to achieve, such will
not be interpreted as a profit forecast or estimate as referred to above, provided that the targets or objectives do not specifically relate to the current or next reporting period.

8.38 A specific or general profit forecast or estimate of an applicant issuer or an undertaking that is or will become a material part of the applicant issuer’s group which is included in any communication with shareholders is the sole responsibility of the directors and must:

(a) include the key assumptions and/or bases that have been used in arriving at the forecast or estimate; and

(b) make reference to the relevant previously published information (line item/s in the statement of comprehensive income, statement of financial position or the statement of cash flows) to which it relates.

8.39 A dividend forecast must be treated as a profit forecast where the issuer has a known policy of relating dividends to earnings, or has an insufficient level of retained earnings, or the forecast otherwise implies a forecast of profit. In the event of uncertainty the JSE must be consulted.

8.40 In the event of an applicant issuer publishing a specific or general profit forecast or estimate in an announcement, it must either:

(a) produce and submit to the JSE a profit forecast or estimate and auditor’s report/reporting accountant’s report thereon in accordance with:

(i) ISAE 3400 – The Examination of Prospective Financial Information, in respect of profit forecasts; or

(ii) ISAE 3000 – Assurance Engagements other than Audits or Reviews of Historical Financial Information, in respect of the estimate;

(b) include a statement (which is not deemed to be a cautionary statement and which does not give rise to the commencement of a closed period) in the announcement advising securities holders that the forecast financial information has not been reviewed and reported on by the applicant issuer’s auditor in accordance with 8.40(a).

8.41 The JSE reserves the right to insist on sign-off by the auditor/reporting accountant in accordance with paragraph 8.40(a), where it believes that it would be in the interests of securities holders.

8.42 The period of the forecast or estimate should normally be to the end of the financial period. If it is not, then the period of the forecast or estimate must be in respect of a period for which the results will be published.

8.43 A profit forecast or estimate included in a prospectus/pre-listing statement or circular to shareholders must be prepared in accordance with IFRS for that forecast period, must be reported on by a reporting accountant in accordance with paragraph 8.40(a)(i) or (ii) and must include a statement of the principal assumptions for each factor that would have a material effect on the achievement of the forecast or estimate. These assumptions must:

(a) be clearly segregated between assumptions about factors that the directors can influence and assumptions about factors that are exclusively outside the influence of the directors;

(b) be readily understandable by investors;

(c) be specific about the particular aspect of the estimate/forecast to which they refer and about the uncertainty attaching to that aspect; and

(d) not relate to the general accuracy of the estimates (e.g. sales estimates,
expense estimates, etc.) underlying the forecasts.

8.44 With regards to a profit estimate, the estimate may only be subject to assumptions in exceptional circumstances and such exceptional circumstances should be explained.

**Reporting accountant’s report**

**Circumstances when a reporting accountant’s report is required**

8.45 A reporting accountant’s report, signed off by an independent reporting accountant, is required when:

(a) a report of historical financial information is required in terms of paragraph 8.2;

(b) a report of historical financial information is prepared and presented on a voluntary basis (except when it relates to previously published information of the applicant issuer);

(c) pro forma financial effects or pro forma financial statements are prepared (except when that pro forma information only appears in an announcement);

(d) profit forecasts/estimates are prepared (except where these are prepared in terms of paragraph 8.40 and the JSE has not exercised its powers as set out in paragraph 8.41); and

(e) it is required by paragraph 13.15.

**The reporting accountant**

8.46 The reporting accountant appointed to report on the information set out in paragraph 8.45, or in any other instance where the JSE requires a report to be presented in a JSE circular, must be accredited as a reporting accountant on the JSE list of Auditors and their advisers and must be independent (applying similar independence criteria normally applicable to auditors).

8.47 The reporting accountant shall conduct the engagement in accordance with the relevant standards issued by the International Auditing and Assurance Standards Board (IAASB) and relevant guidance issued by SAICA and/or the IRBA. The IAASB standards include: International Standards on Auditing (ISAs), International Standards on Review Engagements (ISREs), International Standards on Assurance Engagements (ISAEs) and International Standards on Related Services (ISRSs).

8.48 The reporting accountant is to provide assurance on the following reports:

(a) a report of historical information by way of:

(i) an audit opinion on financial information relating to the financial year immediately preceding the issue of the prospectus/pre-listing statement/circular; and/or

(ii) either an audit opinion or a review conclusion on financial information relating to the financial years prior to the financial year immediately preceding the issue of the prospectus or circular; and/or

(iii) a review conclusion on interim financial information;

(b) the pro forma financial information as to whether the pro forma financial information has been compiled, on the basis required by the Listings...
Requirements;
(c) a profit forecast as to:
   (i) whether the assumptions, barring unforeseen circumstances, are not an unreasonable basis for the preparation of the forecast;
   (ii) whether the forecast has been properly compiled on the basis stated; and
   (iii) whether the forecast has been properly presented and all material assumptions are adequately disclosed; and
   (iv) whether the profit forecast is presented on a basis consistent with the accounting policies of the company or group in question.
(d) a profit estimate as to:
   (i) whether the estimate has been properly compiled on the basis stated;
   (ii) whether the estimate has been properly presented and all material matters are adequately disclosed; and
   (iii) whether the estimate is presented on a basis consistent with the accounting policies of the company or group in question.

the JSE will be able, in its sole discretion:

(a) to censure such issuer in accordance with the provisions contained in Section 1 of the Listings Requirements; and

(b) instruct such issuer to publish or re-issue any information the JSE deems appropriate.

8.66 In addition, the JSE will refer any such non-compliance to SAICA, the IRBA or any other relevant professional body.
Section 9

Transactions

Scope of section

This section deals with transactions, principally acquisitions and disposals, by issuers and their subsidiaries. It describes how they are categorised, what the requirements are for announcements and circulars and whether or not shareholder approval is required.

Requirements for reverse takeovers and for take-overs in terms of the Takeover Regulations and the Act are also detailed. This section should be read with Section 10 for transactions involving related parties.

The JSE endorses the Takeover Regulations, but they do not form part of the Listings Requirements.

The Appendix to this section sets out, in tabular form, certain requirements for the contents of Category 1 circulars.

The main headings of this section are:

Section 9.1 General
Section 9.3 Categorisation and explanation of terms
Section 9.20 Category 1 requirements
Section 9.23 Reverse take-over requirements
Section 9.25 Contents of circulars
Section 9.30 Take-overs
Section 9.34 Rescue operations
Section 9.35 Restrictive funding arrangements

Appendix to Section 9

Additional and alternative requirements relating to transactions are set out in Section 4 (with regard to companies listed on the VCM and DCM), Section 12 (Mineral companies), Section 13 (Property entities), Section 14 (Pyramid companies) and Section 15 (Investment entities), respectively.

9.1 References in this section to a transaction by a listed company:

(a) include a transaction by any subsidiary of the listed company;

(b) include the grant or acquisition of an option to acquire or dispose of assets as if the option had been exercised except that, where the right to exercise is solely at the issuer’s discretion, the transaction will only be categorised on exercise of the option and only the premium/consideration (if any) for the grant will be used for categorisation purposes at the date of such grant. However, in such instance, the categorisation upon exercise will be required to be no less onerous than the classification determined at the date of grant;

(c) excludes:

(i) an issue of securities (other than an issue in terms of paragraph 3.35, 3.36 or 4.11); or

(ii) a transaction to raise finance that, in either case, does not involve the acquisition or disposal of any asset of the listed company or of its subsidiaries;
(iii) a transaction between a wholly-owned subsidiary of the listed company and the listed company; or between or among:

(a) two or more wholly-owned subsidiaries of the same listed company; or

(b) a wholly-owned subsidiary of a listed company on the one hand, and that listed company and one or more wholly-owned subsidiaries of that listed company, on the other hand; and

(d) excludes transactions in the ordinary course of business and where either:

(i) both of the percentage ratios referred to in paragraph 9.6 are equal to or less than 10%; or

(ii) the issuer or its subsidiary concluding the transaction is a financial institution (as defined in the Financial Services Board Act, No. 97 of 1990) dealing in funds (such as policyholders funds or trust property) which are not held primarily for the benefit of its shareholders and the counter party to the transaction is not a related party of the issuer.

The issuer must discuss the transaction with the JSE at an early stage in order for the JSE to determine whether it will classify such a transaction as being in the ordinary course of business. In assessing whether a transaction is in the ordinary course of business, the JSE will have regard to the nature of business of the transacting parties and incidence of similar transactions which have been concluded;

(e) a transaction must be referred to the JSE at an early stage if the transaction involves treasury shares.

9.2 An issuer that is in any doubt as to the application of the Listings Requirements contained in this section must consult the JSE at an early stage in order to discuss the details of the transaction and, where necessary, to obtain a ruling from the JSE.

Categorisation and explanation of terms

9.3 Any issuer considering a transaction must, at an early stage, consider the categorisation of the transaction.

9.4 A transaction is categorised by assessing its size relative to that of the issuer proposing to make it and the listed holding company of such issuer, if applicable.

9.5 The comparison of size is made by the use of the percentage ratios set out in paragraph 9.6. The different categories of transactions are:

(a) Category 2 – a transaction where any percentage ratio is 5% or more but each is less than 30%;

(b) Category 1 – a transaction where any percentage ratio is 30% or more or if the total consideration is not subject to any maximum; and

(c) Reverse take-over – an acquisition by a listed company of a business, an unlisted company or assets where any percentage ratio is 100% or more or which would result in a fundamental change in the business or in a change in board of directors or voting control (refer to definitions of “control” and “controlling shareholder”) of the listed company, in which case this will be considered a new listing.

Percentage ratios
9.6 The percentage ratios are the figures, expressed as a percentage, resulting from each of the following calculations:

(a) consideration to market capitalisation, being:

   the consideration divided by the aggregate market value of all the listed equity securities, excluding treasury shares* of the listed company; or

(b) dilution, being:

   the number of listed equity securities issued by a listed company as consideration for an acquisition compared to those in issue, excluding treasury shares prior to the transaction; or

(c) transactions to be settled partly in cash and partly in shares:

   the category size for such transaction is to be calculated by first assessing the cash to market capitalisation percentage and then adding this percentage to the dilution percentage.

9.7 In circumstances where:

(a) either of the above calculations produces an anomalous result; and/or

(b) the JSE believes that any of the transaction components are not included at fair value (taking account of the particular circumstances of the transaction); and/or

(c) the categorisation calculations are inappropriate to the sphere of activity of the issuer;

the JSE reserves the right to request a fairness opinion on transaction values, take into account other ratios or use any other relevant indicators of size to determine the categorisation.

Consideration

9.8 When calculating the consideration:

(a) where all or part of the consideration is in the form of securities to be listed, the consideration attributable to those securities means the aggregate market value of those securities at the time the terms of the transaction are announced;

(b) the consideration is the amount paid to the vendors, but the JSE may require the inclusion of further amounts (for instance where the purchaser agrees to discharge any liabilities, whether actual or contingent, of the vendors as part of the terms of the transaction);

(c) if deferred consideration is or may be payable in the future, the consideration is the maximum possible total consideration. If the total consideration is not subject to any maximum the transaction will be treated as a Category 1; and

(d) in respect of a new class of securities for which an application for listing will be made, the consideration will be the issue price of such securities or, if no price is attributable thereto, the expected aggregate market value of all those securities, determined by the JSE in the absence of evidence of same provided by the listed company.

Figures used for categorisation

* The calculation showing all categorisation workings, including the exclusion of treasury shares, must be supplied to the JSE at the time of submission of the announcement and circular.
9.9 Figures used for categorisation purposes must be the aggregate market value of all those listed equity securities before the announcement of the terms, or such announcement determined by the JSE to contain sufficient information to be used for the purposes of categorisation.

Indemnities and similar arrangements

9.10 Any agreement or arrangement with a party, not being a member of the listed company’s group:

(a) under which a listed company agrees to discharge any liabilities, costs, expenses, commissions or losses incurred by that party, whether or not on a contingent basis;

(b) which would be exceptional; and

(c) under which the maximum liability is unlimited:

will be treated as a Category 1 transaction. For the purpose of this paragraph, indemnities such as those customarily given in connection with sale and purchase agreements and indemnities given to advisers against liabilities to third parties arising out of providing advisory services, are not “exceptional”. In cases of doubt, the JSE must be consulted at an early stage in order to discuss the details of the transaction and, where necessary, to obtain a ruling from the JSE.

Aggregation of transactions

9.11 The JSE will require transactions (other than transactions in terms of paragraph 9.1(d)) completed during the 12 months prior to the date of the latest transaction to be aggregated with the latest transaction for the purpose of determining the categorisation to apply to the latest transaction. Category 1 transactions that have been completed during this period will not be taken into account for purposes of the aggregation unless it will result in a reverse take-over when taken into account, in which case the reverse take-over requirements will be applicable. In cases of doubt, the JSE must be consulted at an early stage in order to discuss the details of the transaction and, where necessary, to obtain a ruling from the JSE.

9.12 Where acquisitions are entered into during a period of 12 months that cumulatively exceed 100% of either of the percentage ratios, the provisions relating to a reverse take-over will apply.

9.13 Without prejudice to the generality of paragraphs 9.11 and 9.12, transactions will normally only be aggregated in accordance with those paragraphs if they:

(a) are entered into by the company with the same party or associates thereof;

(b) involve the acquisition or disposal of securities or an interest in one particular company or asset; or

(c) together lead to substantial involvement in a business activity that did not previously form a part of the company’s/group’s principal activities.

9.14 Where the aggregation performed under paragraph 9.11 results in a Category 1 transaction, then the requirement for shareholder approval is in respect of the last transaction only. The JSE is to be consulted regarding the necessary approval from shareholders.

Category 2 requirements

9.15 In the case of a Category 2 transaction, the issuer must publish an announcement containing the following details of such transaction immediately after the terms have been agreed. Notwithstanding the fact that it may not be possible to include all the details required (such as the financial effects) and that there may be
outstanding conditions precedent, this should not prevent issuers from immediately publishing the announcement as required:

(a) particulars of the transaction, including the names or details of:
   (i) any company or business the subject of the transaction;
   (ii) if an acquisition, the vendors;
   (iii) if a disposal, the purchasers;
   (iv) the effective date;
   (v) the conditions precedent; and
   (vi) any other significant terms of the agreement;

(b) a description of the business carried on by the subject of the transaction;

(c) the consideration, and how it was/is to be satisfied, including the terms of any arrangements for deferred consideration;

(d) the value of the net assets that are the subject of the transaction;

(e) the profits attributable to the net assets that are the subject of the transaction;

(f) [Repealed]

(g) the rationale for the transaction;

(h) in the case of a disposal, the application of the sale proceeds;

(i) in the case of a disposal, if the securities formed part of the consideration received, a statement as to whether such securities are to be sold or retained; and

(j) in the case of a property entity, the information required by paragraph 13.11.

Where it is not possible to include all of the above details, issuers must include a cautionary/further cautionary in the announcement, together with the stated intention to announce these missing details at a later stage once they have been established.

9.16 In addition, if securities have been acquired in a company that, as a result, becomes a subsidiary company as defined in the Act, the applicant must adhere to the provisions of paragraph 10.21 of Schedule 10. Such confirmation must be included in the announcement in terms of paragraph 9.15.

**Supplementary notification**

9.17 The JSE must be advised immediately and a supplementary announcement made without delay if, at any time after the announcement referred to in paragraphs 9.15, 9.20(a) or 10.4(a) has been made and before the relevant shareholders meeting, the issuer becomes aware that:

(a) there has been a significant change affecting any matter contained in the earlier announcement; or

(b) a significant new matter has arisen, the inclusion of information on which new matter would have been required to be disclosed in the earlier announcement had such information been known at that time;

(c) “significant” means:
   (i) a change of 10% or more from the original announced pro forma financial effects of the transaction; or
   (ii) any other matter or element that could influence an investor’s
assessment of the matter under consideration.

9.18 The supplementary announcement must:
(a) provide details of the change or new matter; and
(b) contain a statement that, save as disclosed, there has been no significant change and no significant new matter that has arisen since publication of the previous announcement.

9.19 (a) If at any time there is a change to the terms of the transaction such that the percentage ratios are affected and the transaction requires re-categorisation into a higher category, and therefore requires shareholders approval or additional regulation, a supplementary announcement must be made without delay and the necessary shareholder approval must be obtained or additional regulation complied with;
(b) Other than as dealt with in paragraph 9.19(a) above, if the matter referred to in paragraph 9.17 is identified after the relevant shareholders meeting, a supplementary announcement would not be required unless such information falls into the ambits of paragraph 3.4(a) of the Listings Requirements.

Category 1 requirements
9.20 Upon the terms of a Category 1 transaction being agreed, the issuer must:
(a) immediately comply with the requirements for a Category 2 transaction and state within the announcement that the transaction is subject to shareholders’ approval and that a circular to shareholders will be issued in compliance with 9.20 (b); and
(b) within 60 days, dispatch a circular to shareholders containing a notice of general meeting to obtain their approval and any agreement effecting the transaction must be conditional upon such approval being obtained. The JSE may, in its sole discretion, extend this period provided that there is sufficient justification to do so.

9.21 The Category 1 circular must comply with the general requirements relating to circulars as set out in Section 11 and, in addition, must include:
(a) the information required under a Category 2 transaction (refer to paragraph 9.15);
(b) details of any service contracts of proposed directors of the listed company;
(c) where goodwill is involved, a statement regarding the issuer’s accounting policy towards goodwill, as well as the reasons for such goodwill payment;
(d) a statement giving the directors’ opinion on the transaction;
(e) the information required by the Appendix to this section in relation to Category 1 circulars (refer to paragraph 9.25);
(f) pro forma effects on:
   (i) the statement of financial position and the net assets and net tangible assets per share of the issuer; and
   (ii) the statement of comprehensive income and earnings and headline earnings per share of the issuer, including, if applicable, diluted earnings and headline earnings per share;
(g) in the case of a transaction involving immovable freehold or leasehold property, the applicable information required by Section 13; and
(h) a statement giving the directors’ recommendation as to how shareholders should vote at the general meeting to approve the transaction and an indication as to how the directors intend to vote their shares, if applicable, at the general meeting.

9.22 In addition, if the Category 1 transaction results in an issue of securities that, together with any other securities of the same class issued during the previous 3 months, would increase the securities issued by more than 50%, then the issuer must include in the Category 1 circular the information required to be disclosed for a pre-listing statement.

Reverse take-over requirements

9.23 The issuer, as enlarged by the acquisition, must be suitable for listing as if it was a new applicant and must satisfy the conditions for listing as set out in Section 4.

9.24 The announcement of a reverse take-over must contain adequate warning as to the uncertainty of whether or not the JSE will allow the listing to continue following the acquisition. The issuer must prepare a Category 1 circular and listing particulars as though the issuer were a new applicant. If such Category 1 circular and listing particulars are not provided to shareholders within 60 days of the announcement, the JSE may suspend the listing of the issuer’s securities. The Category 1 circular must clearly advise shareholders whether or not the JSE will continue to grant a listing to the issuer if shareholders approve the acquisition.

Contents of circulars

9.25 In addition to the requirements of paragraphs 9.20 to 9.24, a Category 1 circular must include the information required by the table set out in the Appendix to this section. Where the circular is accompanied by, or forms part of, a pre-listing statement that itself contains the information required, such information need not be repeated.

9.26 The working capital statement and, where relevant, information on group prospects and any profit forecast, must be prepared on the basis of the enlarged group in the case of an acquisition and on the basis that the disposal has taken place in the case of a disposal.

9.27 Where the issuer is issuing securities for which listing is sought, the information regarding major interests in securities and directors’ interests in securities must be given in relation to the share capital both as existing and the share capital as enlarged by the securities for which listing is sought.

9.28 Where a circular is required by this section, and a pre-listing statement is required by Section 6, a single document may be issued that includes listing particulars, except when it is a reverse listing; in which case the circular and pre-listing statement must be two distinct parts of the document.

9.29 If securities are being issued as consideration for an acquisition and a Category 1 circular is required, then listing will not be granted for those securities until shareholders’ approval has been obtained and any required registration of a special resolution(s) has been effected.

Take-overs

9.30 Any announcement concerning a possible take-over must be approved by the Panel prior to its release on SENS.

9.31 A copy of all draft documentation that is sent to the Panel for approval must be submitted to the JSE, together with a letter confirming that the relevant documentation has been submitted to the Panel.
9.32 The JSE must receive written notification immediately upon approval being granted by the Panel in respect of any documentation that is to be circulated to shareholders.

9.33 A copy of the actual approved documentation must be sent to the JSE together with the letter referred to in paragraph 9.32 above.

Rescue operations

9.34 Issuers that are in severe financial difficulty must refer to Schedule 11 dealing with rescue operations.

Restrictive funding arrangements

9.35 Any restrictive funding arrangements undertaken by an issuer and/or any of its subsidiaries must comply with paragraph 11.60.

Appendix to Section 9

Section 10
Transactions with Related Parties

Scope of section
This section provides certain safeguards against those shareholders, directors and/or other persons related to an issuer taking advantage of their position. Transactions with parties related to an issuer are known as related party transactions. Reference should also be made to the Listings Requirements regarding transactions, set out in Section 9.

Where any transaction is proposed between an issuer, or any of its subsidiaries, and a related party, a circular to shareholders and the approval of shareholders of the issuer in general meeting will normally be required.

Any circular sent to shareholders in connection with a related party transaction must provide sufficient information to enable any recipient of the circular to evaluate the effects of the transaction on the listed company.

The main headings of this section are:
10.1 Definitions
10.2 Consultation with the JSE
10.4 Usual requirements for a related party transaction
10.6 Transactions not regarded as related party transactions
10.7 Small related party transactions
10.8 Aggregation
10.9 Contents of circular

Definitions
10.1 For the purposes of this section, the following definitions apply:
(a) a “related party transaction” means a transaction, as contemplated in Section 9, or any variation or novation of an existing agreement, between an issuer, or any of its subsidiaries, and a related party;
(b) “related party” means:
   (i) a material shareholder;
   (ii) any person that is, or within the 12 months preceding the date of the transaction was, a director of the issuer or its holding company. For the purpose of this definition, a director includes a person that is, or within the 12 months preceding the date of the transaction was, not a director, but in accordance with whose directions or instructions the directors are or were accustomed to act;
   (iii) any adviser to the issuer that has, or within the 12 months preceding the date of the transaction had, a beneficial interest, whether direct or indirect, in the listed company or any of its associates;
   (iv) any person that is, or within the 12 months preceding the date of the transaction was, a principal executive officer of the issuer, by whatever position he may be, or may have been, designated and whether or not he is, or was, a director;
   (v) the asset manager or management company of a property entity, including anyone whose assets they manage or administer;
   (vi) the controlling shareholder of the persons in paragraph 10.1 (b) (v);
(vii) an associate of the persons in paragraph 10.1(b) (i) to (vi) above.

Notwithstanding the above definitions, the JSE may, in its sole discretion, determine that a transaction is a related party transaction if extra-ordinary conditions exist.

Consultation with the JSE

10.2 When an issuer is contemplating a transaction which will result in any unusual, vested or other interest(s) or rights being created for any of the parties in paragraph 10.1(b)(i) to (vii) above, the issuer must discuss the transaction with the JSE at an early stage in order for the JSE to determine whether it will exercise its discretion and classify the transaction as a related party transaction and any parties as related parties in terms of the transaction concerned.

10.3 The JSE may, in its sole discretion, require the listed company to provide it with a declaration that, to the best of the knowledge and belief of the directors, any nominee shareholders do not include any person who may be acting in concert with any other person in relation to the related party transaction.

Usual requirements for a related party transaction

10.4 If an issuer, or any of its subsidiaries, proposes to enter into a related party transaction or, if the JSE determines that a transaction is a related party transaction, the issuer must:

(a) make an announcement containing:
   (i) the information specified in paragraph 9.15;
   (ii) the name of the related party concerned; and
   (iii) details of the nature and extent of the interest of the related party in the transaction;

(b) furnish the agreement to the JSE;

(c) send a circular to its shareholders containing the information required by paragraph 10.9;

(d) obtain the approval, by resolution, of its shareholders either prior to the transaction being entered into or, if it is expressed to be conditional on such approval, prior to completion of the transaction;

(e) include in the ordinary resolution to approve or give effect to the transaction, a condition that the validity, for the purposes of the Listings Requirements, of the resolution will be subject to a simple majority of the votes of shareholders, other than the related party and its associates, being cast in favour of the resolution; and

(f) include a statement by the board of directors confirming whether the transaction is fair insofar as the shareholders of the issuer are concerned and that the board of directors has been so advised by an independent expert acceptable to the JSE. The board of directors must obtain a fairness opinion (which must be included in the circular) prepared in accordance with Schedule 5, before making this statement unless the subject matter of a related party transaction is one of the following in which case the consideration should be compared to the valuation:
   (i) property and a valuation report has been prepared in accordance with paragraphs 13.20 to 13.31; or
   (ii) mineral assets and a competent person’s report has been prepared in accordance with Section 12 by an independent competent person
and such report contains a valuation.

10.5 Where a general/annual general meeting of the issuer has been called to approve a transaction and, after the date of the notice of meeting but prior to the meeting itself, the transaction becomes a related party transaction, the JSE may require that the issuer either:

(a) takes immediate steps to amend the relevant resolution by including the condition referred to in paragraph 10.4(e) and give notice of the amendment to shareholders by way of a circular. Such circular must also contain any information required by paragraph 10.9 that was not contained in the original circular accompanying the notice of general/annual general meeting; or

(b) withdraws the notice of the general/annual general meeting and convenes a fresh general/annual general meeting complying with paragraph 10.4.

Transactions not regarded as related party transactions

10.6 A transaction will not be regarded as a related party transaction if any of the following situations apply:

(a) the issuer does not have any equity securities listed;

(b) the issuer is an external company with a secondary listing on the JSE;

(c) the transaction is one where both of the percentage ratios referred to in paragraph 9.6 are equal to or less than 0.25%.

Small related party transactions

10.7 In the case of a transaction with a related party where one or both of the percentage ratios referred to in paragraph 9.6 are less than or equal to 5%, but exceed 0.25%, the usual requirements for a transaction with a related party set out in paragraph 10.4 do not apply and, instead, the issuer must, prior to completing the transaction:

(a) inform the JSE in writing of the details of the proposed transaction;

(b) provide the JSE with written confirmation from an independent professional expert acceptable to the JSE that the terms of the proposed transaction with the related party are fair as far as the shareholders of the issuer are concerned;

(c) publish details of the proposed transaction in accordance with paragraph 10.4(a), including a statement that paragraph 10.7(b) has been complied with, that the transaction has been declared to be fair and that the fairness opinion will lie for inspection at the issuer’s registered office for a period of 28 days from the date of announcement; and

(d) comply with the usual requirements regarding transactions with related parties as per paragraph 10.4, if the independent professional expert states that the transaction is not fair.

Aggregation

10.8 The JSE will require all transactions to be aggregated that are entered into by the issuer, or any of its subsidiaries, with the same related party, and/or any of its associates, in any twelve month period and which have not been approved by shareholders or announced in terms of paragraph 10.7.
Contents of circular

10.9 A circular in respect of a related party transaction must be issued within 60 days of the publication of the terms announcement, must comply with the general requirements relating to circulars set out in Section 11 and must also include:

(a) a responsibility statement in accordance with paragraph 7.B.22;

(b) in all cases, the information required by the following paragraphs in relation to the issuer:

(e) the fairness statement by the board of directors and the fairness opinion or valuation upon which the directors’ statement is based, as required in terms of paragraph 10.4(f);

(f) a statement that the related party and its associates will be taken into account in determining a quorum at the general/annual general meeting, but that their votes will not be taken into account in determining the results of the voting at such meeting in relation to any resolution in connection with the related party transaction;

(g) if the transaction also falls within Category 1, the information required to be included in a Category 1 (refer to Section 9) circular; and

(h) in the case of a transaction involving immovable freehold or leasehold property, the applicable information required by Section 13.
Section 11

Circulars, Pre-listing Statements/Prospectuses and
Announcements

Scope of section

This section sets out the requirements that apply to all circulars, pre-listing statements and
announcements published by issuers.

Where the circular, pre-listing statement or announcement, or the transaction or matter to
which it relates, has unusual features or where it is not possible to comply with the
relevant requirements set out in this section, the JSE must be consulted at an early stage
in order to discuss the details of the transaction and, where necessary, to obtain a ruling
from the JSE.

When a new applicant or existing issuer issues a prospectus, the presumption is made
that, apart from compliance with the Act, such prospectus will also comply with and
contain all necessary disclosures as if it were a pre-listing statement subject to compliance
with the Listings Requirements. For the purposes of this section and its appendix, any
reference to a pre-listing statement includes reference to a prospectus and vice versa.

Sections 9 and 10 detail the information to be included in announcements and circulars
relating to transactions and related party transactions.

Contents of all circulars and pre-listing statements

11.1 Circulars and pre-listing statements must:

(a) provide a clear and adequate explanation of the subject matter;

(b) if voting or other action is required:

(i) contain all information necessary to allow the holders of the securities to make a properly informed decision; and

11.41 After an issuer has issued a cautionary announcement, it must issue a progress report by way of a further cautionary announcement at least every 30 business days thereafter, unless the JSE allows otherwise, until full details on the subject of the cautionary announcement have been announced. Such announcement must contain all available details on the matter. However, where a company is unable to provide such details, the announcement should be substantially in the form of paragraph 15.2 of Schedule 15 (“Renewal of existing cautionary announcement”).

11.42 Where a company decides to withdraw a cautionary announcement, it must make an announcement to this effect, which announcement should be substantially in the form of paragraph 15.3 of Schedule 15 (“Withdrawal of cautionary announcement”).

**Embargo placed on company announcements/circulars**

11.43 A draft announcement of price sensitive information may not be released to any third party under a time embargo before it is released in terms of paragraph 3.5 and circulars may not be released to a third party under a time embargo prior to it being approved by the JSE and sent to shareholders.

**Name and logo of a sponsor**

11.44 The name of the sponsor must appear in any announcement or document issued by or on behalf of any issuer.

**Other classes of security**

11.45 If a circular, pre-listing statement/listing particulars or press announcement is dispatched to the beneficial owners of any particular class of security, the issuer must dispatch a copy or summary of such document to the beneficial owners of all other classes of securities in such issuer, unless the contents of such document are irrelevant to them.

**Communication with holders of bearer securities**

11.46 If there is a need to communicate with beneficial owners of listed bearer securities, the issuer must release an announcement referring to the communication and giving an address or addresses from which copies of such communication can be obtained by beneficial owners of bearer securities.

**Dissemination of information**

11.47 Where copies of annual financial statements, abridged annual financial statements, pre-listing statements/listing particulars, circulars, proxy forms and dividend or interest notices are required to be distributed to shareholders, it is the responsibility of the issuer to ensure that such distribution is made to all certificated holders and to those dematerialised beneficial holders of its securities who have elected to receive such documents at the cost of the issuer.

* Refer to the JSE Guidance Letter in respect of Cautionary Announcements for further guidance.
Transfer from one sub-section of the List to another

11.48 The Global Classification System (“ICB”) allocates each issuer to the sub sector whose definition most closely describes the nature of its business. The basic information used for the classification of an issuer is the segmental turnover arising from each area of business as disclosed in the audited annual financial statements. An issuer will be allocated to the sub sector whose definition most closely fits the issuer’s source of turnover or where such sub sector describes the source of the majority of the issuer’s turnover.

11.49 Where a significant change takes place in an issuer’s structure as a result of a corporate event, its classification may be reassessed on the basis of financial data formally published by the issuer. However, no changes will be made on the basis of promises of action, assertions or aspirations of directors, unless they are substantiated by audited annual financial statements or equivalent audited information.

11.50 An issuer, through the issuer’s sponsor, may request the JSE to review the issuer’s classification at any time. A suitably motivated application containing the supportive audited segmental information must be presented to the JSE as per the timetable set out in Schedule 18. The JSE will submit the application to FTSE if it is satisfied with such application.

11.51 Any changes agreed to and announced by the JSE and FTSE to an issuer’s classification will normally be implemented on the next trading day following the third Friday of each quarter ending March, June, September and December.

11.52 The ICB System is available on the FTSE/JSE website, "www.ftsejse.co.za".

Odd lot offers

11.53 An issuer making an odd lot offer to securities holders must comply with the relevant timetable in Schedule 18 and distribute a circular to securities holders, including a notice of general meeting, containing the following:

(a) details of the resolutions shareholders will be asked to approve in order to effect the odd lot offer;
(b) the reasons for the odd lot offer;
(c) the election alternatives referred to in paragraph 5.124(a); and
(d) the procedure to be adopted by certificated and dematerialised shareholders with respect to their documents of title.

Transactions and corporate actions regulated by the Panel

11.54 Any transaction or corporate action regulated by the Panel, which does not contain or involve any other corporate action referred to in paragraph 16.2, must only comply with:

(a) the relevant timetables in terms of Schedule 18, unless otherwise agreed by the JSE; and
(b) Section 8 in respect of pro forma financial information, to the extent that such information is included in the documentation distributed to shareholders.

11.55 The JSE will review the relevant documentation to ascertain whether it has any other Listings Requirements implications, but will only approve those matters referred to in paragraph 11.54.
Supplementary circulars

11.56 The JSE must be advised immediately and a supplementary circular published if, at any time after a circular has been published and before the relevant shareholders meeting, the applicant becomes aware that:

(a) there has been a significant change affecting any matter contained in the circular; or

(b) a significant new matter has arisen, the inclusion of information on which new matter would have been required to be disclosed in the original circular had such information been known at that time;

(c) “significant” means:

(i) a change of 10% or more from the original pro forma financial effects included in the circular;

(ii) a change in the terms of the transaction such that the percentage ratios are affected and the transaction requires re-categorisation into a higher category; or

(iii) any other matter or element that could influence an investor’s assessment of the matter under consideration.

11.57 Supplementary circulars must:

(a) provide full details of the change or new matter;

(b) contain the responsibility statement required by paragraph 7.B.22; and

(c) contain a statement that, save as disclosed, there has been no significant change and no significant new matter that has arisen since publication of the previous circular.

Summary circulars, revised listing particulars and pre-listing statements/prospectuses

11.58 An issuer may dispatch a summary circular with respect to any corporate action pursuant to the Listings Requirements provided it has an operational website. The summary circular must be prepared on the circular approved by the JSE and must not be misleading or inaccurate. The sponsor must provide written confirmation to the JSE before the summary circular is dispatched which must:

(i) include a statement from the sponsor that it has reviewed and approved the summary circular and that it complies with Appendix 2 to Section 11 of the Listings Requirements;

11.61 Information which has been prepared pursuant to the provisions of the Listings Requirements may be incorporated in circulars and pre-listing statements by reference, provided that any information incorporated by reference:

(a) must be the most recent available to the applicant issuer. Any information that has changed since publication and the last practicable date of the circular and/or pre-listing statement may be incorporated by reference, provided any changes are appropriately disclosed in the circular and/or pre-listing statement;

(b) must be disclosed under a separate heading in a cross reference table to enable shareholders and prospective investors to identify easily specific items of information incorporated by reference:

(i) the cross reference table must contain a statement that:

(aa) the information can be accessed on the applicant issuer’s website (also specifying the route to same);

(bb) the information is available for inspection at the registered office or other designated office of the applicant issuer and the offices of the sponsor/DA, that such inspection is available to shareholders and/or prospective investors at no charge, during business hours for a reasonable period (being not less than 14 days).

13.24 Where the valuation is in respect of land currently being developed, the following additional information should be given in the summary valuation report:

13.25 Where property in the course of development is being developed in phases over
a period of time by the erection of a number of buildings, each of which is intended to be sold soon after completion of construction, the requirements of paragraph 13.24(c) and (e) may be satisfied by the provision of information for each phase or for groups of phases. For this purpose, property in the course of development includes any phase where, at the date of valuation, work is in progress and any other phase where construction is imminent, all appropriate consents have been obtained and a building contract has been entered into. Later phases, where construction at the date of valuation has not yet started, or where all appropriate consents have not been obtained or a building contract has not been entered into, may be treated as properties held for development (see paragraph 13.26).

(e) the estimated total costs of the development, including, without limitation, the cost of financial carrying charges, letting commissions and other ancillary costs.

Alternative use for a property

13.27 A property, other than a property occupied by the property entity for its own use, should be valued at its existing use (for example, as an industry property). Where the market value for an alternative use (for example, conversion to a retail shopping complex) significantly exceeds this basis, the alternative use value must also be stated in the valuation report, together with the directors’ estimate of the costs of cessation and removal of the business. Where the alternative use value is significantly lower than the existing use value and the existing use value is no longer appropriate, the alternative use valuation must also be stated in the valuation report.

External property

13.28 Where a valuation report is required in terms of paragraph 13.20 and any of the properties in respect of which it is to be prepared are external properties, then that property must be addressed separately, and its basis of valuation must be clearly identified.

Rentals used in valuations

13.29 In respect of each property that is rented out by the property entity, the current annual rental and the estimated future annual rental/s at a specified date/s and for a specified period/s (where this differs materially) must be included in the detailed valuation report and a statement to that effect must be included in the summary of the valuation report.

Other general matters
13.30 Where a valuation is referred to in a pre-listing statement/prospectus, a Category 1 or 2 circular or a circular relating to a transaction with a related party, a copy of the full valuation report must be made available for inspection in terms of paragraph 7.G.1.

Summary of valuations

13.31 The valuation report must include a summary of the number of properties and the aggregate of their values and must be split to show separate totals for the aggregate freehold and leasehold properties. Negative values must be shown separately and not aggregated with the other valuations. Separate totals should be given for any external properties.

Collective investment schemes in property

13.32 Collective investment schemes in property are regulated by the CISCA and notices issued thereunder, a Deed (including any supplemental deeds) approved by the Registrar of Collective Investment Schemes) and must comply with the Listings Requirements.

13.33 A CISIP is restricted to investment in property shares (as defined in the CISCA), directly in immovable property or in such other assets as determined by the CIS Registrar from time to time. After its initial issue of participatory interests, a CISIP may only issue further participatory interests by way of a rights issue to existing CISIP investors, as an issue of participatory interests for cash (in terms of Section 5) or in consideration for the acquisition of a property investment, subject to the Listings Requirements.

Additional information on listing

13.34 In its pre-listing statement/prospectus, a CISIP must also include:

(a) evidence of registration from the CIS Registrar; and

(b) salient provisions of the deed.

Other matters

Asset manager/management company

13.40 Whenever a property entity (which is listed or intends applying for a listing), or any of its subsidiaries, other than a CISIP, enters into, or is renewing the terms of a contract/arrangement in terms of which a party performs the function of being the asset manager of the property portfolio, the issuer and/or its directors cannot so enter into, or renew, such a contract:
   (a) without a majority of the votes cast by securities holders (excluding any parties or their associates who are party to, or have an interest in, the contract); and
   (b) without providing therein for the right for security holders, in a general meeting called by them or held by the property entity, to cancel the contract at any time before its expiry date, subject to a majority of the votes cast by securities holders (excluding any parties or their associates who are party to or have an interest in the contract) in favour thereof.

Acceptability of the independent registered valuer

13.41 The JSE wishes to provide sponsors and issuers with certainty, at an early stage of the process, as to the acceptability or otherwise to the JSE of a nominated independent registered valuer who will issue a valuation report. As the issue of independence will be unique to every transaction, the information in Schedule 2 Forms C1 and C2 provide guidance rather than specific rules.

Where more than 20% of the gross fees of the registered valuer received from the issuer, the asset manager or management company of the issuer or the issuer’s related parties or any other party by the registered valuer for the last financial year, the registered valuer will not be deemed by the JSE as independent.

13.42 A valuation report must:
   (a) be prepared by an independent registered valuer, acceptable to the JSE, who has no material interest either in the transaction or in the success or failure of the transaction;
(b) make appropriate disclosure where the independent registered valuer has any existing or continuing relationship with the issuer and/or any other parties involved in the transaction; and

(c) comply fully with the requirements of Section 13.

13.43 At an early stage in a contemplated transaction and preferably before engaging a party to prepare a valuation report, the sponsor, on behalf of the issuer, must submit to the JSE:

(a) a declaration of independence completed by the nominated independent registered valuer, in accordance with Appendix 2 Form C1; and

(b) a declaration by the issuer, in accordance with Appendix 2 Form C2.

The above declarations must be submitted for every transaction.

13.44 The JSE may, unless the issuer is able to provide additional information to satisfy the JSE, require the issuer to appoint a different independent registered valuer to prepare the valuation report if (based on the information received in terms of paragraph 13.43 above and the JSE’s investigation thereof) the JSE is not satisfied as to:

(a) the independence of the nominated independent registered valuer; and/or

(b) any reasons given by the issuer for the appointment of the nominated independent registered valuer.

13.45 The JSE undertakes to give the sponsor its approval, or disapproval, of the appointment of the independent registered valuer within 72 hours of receipt of the duly completed declarations required in paragraph 13.43 above. No documentation will be accepted for review by the JSE until approval for the appointment has been given.

Section 14
Pyramid Companies

Scope of section
This section contains additional Listings Requirements pertaining to Pyramid Companies.

14.1 General
14.2 Pyramid companies

General
14.1 The requirements contained within the Listings Requirements apply to pyramid companies, except where specifically overruled by the requirements of this section.

Pyramid companies
14.2 The JSE considers that any situation involving a proliferation into more than one listed company of the same basic assets requires its careful control. Accordingly, the following guidelines and requirements should be considered in pyramid company situations.

Classification as pyramid companies
14.3 Any new applicant must make full disclosure to the JSE of any factors that could render it a pyramid company and any existing listed company shall consult the JSE before entering into any commitment, arrangement or agreement that could render it a pyramid company in relation to another listed company.

14.4 The JSE will classify a listed company as a pyramid company where it:
(a) may exercise, or cause the exercise, of 50% or more of the total voting rights of the equity securities of a listed company (“listed controlled company”); and
(b) derives 75% or more of its total attributable income before tax from such listed controlled company, or the value of its shareholding in the listed controlled company represents 50% or more of its gross assets, with both measured, as far as possible, at fair value.

14.5 The JSE may declassify a company as a pyramid company when it no longer meets the thresholds upon which its classification as a pyramid company was based.

Listing of pyramid companies
14.6 The listing of pyramid companies is prohibited by the JSE, unless such pyramid company is the result of an unbundling or partial unbundling transaction. Where the listing of a pyramid company is the result of a partial unbundling, such pyramid company will be given 6 months from the date of the unbundling to introduce alternative assets that satisfy the criteria for listing in Section 4. Failure to meet this requirement may result in the suspension and ultimate removal of the listing of such pyramid company. Furthermore, the JSE will not grant a listing to a pyramid company forming part of an unbundling transaction nor maintain the listing of a company that is to become a pyramid company as a result of an unbundling transaction:
(a) which is or will become a second-stage pyramid company, being the pyramid company of another listed pyramid company. In such event, the second stage pyramid company will be given 6 months from the date of unbundling to introduce alternative assets which satisfy the criteria for listing in Section 4. Failure to meet this requirement may result in the suspension and ultimate removal of the listing of the second stage pyramid company;

(b) unless, either:

(i) the minority holders of equity securities in the listed controlled company are offered equity securities on the same terms as applicable to the controlling shareholders, as described in the Takeover Regulations and the Act, of such listed controlled company, in proportion to their holdings in the listed controlled company; or

(ii) the controlling shareholders of the pyramid company give irrevocable written undertakings to the JSE that they will not enter into any affected transaction, as described by the Takeover Regulations and the Act in relation to the pyramid company, unless the other party to such affected transaction undertakes to the JSE to make a comparable offer to the holders, excluding the pyramid company, of the equity securities in the listed controlled company in accordance with the provisions of the Takeover Regulations and the Act;

(c) unless the listed controlled company has either been listed for more than two years or it satisfies each of the following criteria:

(i) 50% or more of the listed controlled company’s gross assets or 50% or more of its total attributable income before tax is derived from operations that have been listed for at least 12 months;

(ii) the listed controlled company is not classified by the JSE as a pyramid company;

(iii) the body of management that manages the listed controlled company has held such position, with only non material changes to such body of management, for a continuous period of at least 12 months prior to the listing of the pyramid company;

(iv) the management of both the listed controlled company and the proposed pyramid company must have been predominantly the same for the period referred to in paragraph 14.6(c)(iii); and

(v) the listed controlled company has issued audited financial statements covering the period referred to in paragraph 14.6(c)(iii), that have not been qualified by the listed controlled company’s auditor;

(d) in respect of a listed controlled company that is listed on the DCM or VCM; and

(e) unless the cover of the circular relating to the creation of a pyramid company contains a warning that it will reduce the effective voting influence of shareholders in the listed controlled company.

14.7 The JSE may delist a listed pyramid company that ceases to meet the percentages referred to in paragraph 14.4.

Procedure for approval

16.3 The procedure for approval of documentation is as follows:

Informal comment

(a) a copy of the documentation required to be approved in terms of the Listings Requirements (“documents”) should be submitted to the JSE as early as possible for informal comment, together with the signed checklist provided in Schedule 2 Form F (“the first submission”);
(b) if documents are received by the JSE on or before 10h00 on a business day, they will be deemed to have been lodged at 10h00 on such business day; and if they are received after 10h00 on a business day, they will be deemed to have been lodged at 10h00 on the following business day (“the deemed lodgement time”);
(c) within 120 hours of the deemed lodgement time of the first submission, the JSE will provide the relevant sponsor with informal comment. The JSE may insist on a further informal comment submission where additional corporate actions or transactions are inserted after the initial lodgement of the documentation;

Informal approval

(d) once the informal comment amendments have been incorporated into the documents by the applicant issuer, such amended documents may be submitted to the JSE for informal approval;
(e) within 72 hours of the deemed lodgement time for informal approval, the JSE may:
   (i) grant informal approval, if the documents are found to be in accordance with the Listings Requirements; or
   (ii) refuse informal approval and return the documents to the relevant sponsor with comments (if they are found not to be in accordance with the Listings Requirements) or without comments (if an incomplete set of documents was submitted or the inspection fee was not paid) (“omission”);
(f) in the event of paragraph 16.3(e) (ii), the sponsor may re-submit the documents after incorporating the JSE’s comments or rectifying the omission, whereupon paragraph 16.3(d) and (e) will again apply;
(g) the procedures under paragraph 16.3(d) to (f) will apply until the JSE grants informal approval, provided that, if the documents are returned to the sponsor after a third submission, the JSE will charge an additional Inspection fee equal to 100% of the original inspection fee for every subsequent submission;
Formal approval

(h) once informal approval has been granted by the JSE, the final documents must be submitted to the JSE for formal approval;

(i) upon submission for formal approval, the JSE may:

   (i) within 48 hours of the deemed lodgement time for formal approval, grant formal approval (if necessary, subject to conditions); or

   (ii) within 48 hours of the deemed lodgement time for formal approval, refuse formal approval (with comment, if the documents are capable of repair);

(j) in the event of 16.3(i)(ii), the sponsor may re-submit the documents after incorporating the JSE’s comments or after repairing the documents, whereupon 16.3(h) and (i) will again apply; and

(k) the procedures under 16.3(h) to (j) will apply until the JSE grants formal approval, provided that if the documents are returned to the sponsor after a third submission, the JSE will charge an additional inspection fee equal to 100% of the original inspection fee for every subsequent submission.

It is the responsibility of sponsors and applicant issuers to ensure that the above procedure regarding the approval of documents can be accommodated within the timetables set out in the Listings Requirements. In addition, sponsors and applicant issuers are advised to structure their timetables relating to extremely complex or voluminous submissions, in order to allow the JSE, upon notification to the sponsor and applicant issuer, an additional 48 hours, per submission (informal or formal submissions), to consider the relevant documents.

Applicant issuers and sponsors must not assume approval of any aspect of a transaction, including documentation relating thereto, until formal approval has been verbally or formally granted by the JSE.

Checklists

16.4 All submissions must be accompanied by the relevant corporate actions checklist (available on the JSE website) duly completed indicating clearly where the specific paragraph numbers of the Listings Requirements have been complied with. Comments of the JSE should be updated on the checklist on a continuing basis up to the submission for formal approval. All submissions subsequent to the first submission must be marked up to reflect changes from the previous submission. Documentation must be submitted electronically and directly to the information database maintained by the Issuer Regulation Division.

Documents requiring approval

16.5 (a) All announcements that are required to be made in terms of the Listings Requirements must be approved by the issuer’s sponsor before they are released over SENS and published in the press. The JSE will only approve those sections of an announcement which contain a corporate action timetable as required in terms of Schedule 18 (announcements which contain corporate action timetables may therefore not be released until they are approved by the JSE). The JSE may review announcements after they have been published to ensure that the minimum information (as required in terms of the Listings Requirements) has been disclosed. The JSE may require the publication of additional information if it determines that the required minimum information has not been disclosed.

(b) Circulars, pre-listing statements/prospectuses and notices of general/annual general meetings relating to paragraph 16.2(a) to (bb) may not be
distributed to shareholders or placed on any website unless they have been approved by the JSE.

(c) Circulars and notices of general/annual general meetings relating to paragraph 16.2(gg) to (ii) may not be distributed to shareholders or placed on any website until they have been approved by the issuer’s sponsor. The JSE may review circulars and notices of general/annual general meetings after they have been distributed to shareholders, in order to ensure that the minimum information (as required in terms of the Listings Requirements) has been disclosed. The JSE may require the publication/distribution of additional information if it determines that the required minimum information has not been disclosed.

16.6 The documents referred to in paragraph 16.2(a) to (bb) will be scrutinised by the JSE in order to ensure that, by the informal approval submission stage, as far as possible in the circumstances, all relevant and material facts are adequately disclosed in the clearest manner possible.

16.7 Unless otherwise specified, the documents referred to in paragraph 16.2(a) to (bb), together with a copy of the applicable exchange control approval (see paragraph 16.25), must be submitted for formal approval by the JSE.

16.8 Approval of documents by the JSE will not in any way reflect the JSE’s views as to whether the underlying transactions, that are the subject of such documents, are fair. Neither does such approval constitute a guarantee by the JSE or its officials of the accuracy of the contents of such documents.

Documents to be submitted by new applicants

16.9 New applicants are required to submit the documents described in paragraphs 16.10 to 16.12 for review by the JSE, according to the relevant timetable in Schedule 18.

18.1 General
18.2 Primary listings
18.3 Secondary listings
18.23 Dual listings

18.27 Dual listed companies structure
18.42 Fast-track Listing Process

Appendix to Section 18

General
18.1 (a) An applicant issuer seeking a dual listing on the JSE may decide (subject to being classified in terms of the Listings Requirements as a primary or secondary listing) where it intends to have its primary or secondary listing or listings.

(b) Where appropriate, an applicant must be registered as an external company in terms of Section 23 of the Act before making application for a listing on the JSE. An applicant issuer must obtain a legal opinion as to whether it is required to register as an external company. A copy of this legal opinion must be furnished to the JSE on application for listing.

Primary listings
18.2 An applicant issuer seeking a primary listing on the JSE must comply in full with all the Listings Requirements.

Secondary listings
Conditions for listing
18.3 An applicant issuer seeking a secondary listing on the JSE must:

(a) comply with the conditions for listing as set out in Section 4 or Section 21, unless otherwise stated in the Listings Requirements or agreed to by the JSE (full details must be disclosed in the pre-listing statement). The conditions for listing in Section 4 must be read with regard being had to the jurisdiction in which the applicant issuer is incorporated;

(b) confirm that it has a primary listing on another exchange and that:

(i) the exchange is a member of the World Federation of Exchanges (“WFE”); or

(ii) it has subscribed capital, as defined in Section 4.28(a) of the Listings Requirements, of at least R500m;

(c) confirm that the primary listing referred to in paragraph 18.3(b) above is at least on an equivalent board/exchange to that for which application is being made on the JSE. The JSE will therefore not grant a secondary listing on the JSE Main Board for an applicant issuer that has a primary
listing on a junior/secondary market of an exchange; and
(d) not have traded in its securities on the JSE in respect of which a secondary listing is sought of more than 50% of both the total volume and value traded in those securities on all markets in which it is listed over 12 months.

18.4 Secondary listing status means that once an applicant issuer is listed, it will only be required to comply with the Listings Requirements of the exchange where it has its primary listing, save as otherwise specifically stated in the Listings Requirements.

18.5 The applicant issuer must upon application to the JSE confirm that it is in full compliance with all the requirements of the exchange/competent authority on which it has its primary listing. The JSE may request that this confirmation be supported by a letter from the relevant exchange/competent authority.

18.6 The JSE will not grant a listing or list securities which are not listed in the country of incorporation or in the country of primary listing, unless the applicant issuer can demonstrate that the absence of such a listing is not due to any negative or problematic circumstances, events or regulatory issues.

18.7 Compliance with paragraph 21.3(a) is not required, provided that the applicant issuer appoints and maintains a sponsor in accordance with Section 2.

18.8 Compliance with paragraph 21.3(d) and (g) is not required.

18.9 An applicant issuer must either:
(a) have the required spread in accordance with paragraph 4.28(e) (in the case of a Main Board listing) or 21.3(c) (in the case of an ALTX listing) on the South African share register; or
(b) make arrangements, to the satisfaction of the JSE’s clearing and settlement division, to ensure that sufficient scrip is available on the South African share register.

18.10 An applicant issuer must appoint and maintain a sponsor.

Pre-listing statements

18.11 An applicant issuer must produce a pre-listing statement in compliance with the relevant Listings Requirements save as otherwise specifically stated in the Listings Requirements. Where the disclosure requirements of Section 7 relate to continuing obligations, the JSE may allow the applicant issuer to address this in the context of the requirements of the exchange where it has its primary listing. The procedure for approval as contained in Section 16 will be applicable.

18.12 The applicant issuer must disclose in the pre-listing statement headline earnings per share and diluted headline earnings per share together with an itemised reconciliation between headline earnings and the earnings used in the calculation.

18.13 The JSE will, for purposes of the pre-listing statement, accept financial information prepared in accordance with the following accounting frameworks:
(a) IFRS;
(b) IFRS as adopted by the European Union;
(c) United Kingdom GAAP;
(d) United States GAAP;
(e) Australian GAAP; and
(f) Canadian GAAP.
For purposes of the pre-listing statement, the JSE may accept extracts of financial information which have been prepared in accordance with paragraph 18.13 provided that:

(a) the information was published subsequent to the applicant issuer being granted a listing on the exchange where it has its primary listing and in accordance with that exchange’s Listings Requirements;

(b) the extracts are in compliance with IAS 34; and

(c) the pre-listing statement contains full details of the applicant issuer’s accounting policies.

Notwithstanding paragraphs 18.13 and 18.14 above, the applicant issuer must, via its sponsor, obtain a formal ruling from the JSE on the exact presentation of the financial information in the pre-listing statement.

For purposes of the pre-listing statement, the JSE will accept a competent person’s report (as required by Section 12) which has been prepared within the 12 months prior to listing on the JSE, provided that it has been prepared in accordance with SAMREC, Joint Ore Reserves Committee Code or National Instrument 43-101 and that there have either been no changes since that date or that any changes are reported on by the competent person. Applicant issuers who do not comply with the aforementioned must produce a new competent person’s report in compliance with one of the aforementioned reporting codes and this report must be approved by the JSE’s Readers Panel.

Applicant issuers must obtain a legal opinion as to whether it is required to register as an external company. This opinion must be submitted to the JSE.

The JSE may allow applicant issuers to modify the relevant Part I and II documents required in Section 16 where full compliance would be in conflict with the requirements of this section or the exchange where it has its primary listing.

Continuing obligations

The JSE will allow the requirements of the primary exchange to take precedence in relation to applicant issuers with a secondary listing on the JSE, with the following exceptions:

(a) the annual financial statements and any other communication with shareholders must state where the primary and secondary listings of the applicant issuer’s securities are;

(b) when an applicant issuer wishes to release any information on another exchange, it must ensure that such information is also released on SENS and that such release takes place no later than the equivalent release on any other exchange provided that, if the JSE is not open for business, it must ensure that such information is released through SENS at the commencement of business on the next business day. The announcement must be submitted via the applicant issuer’s sponsor, albeit that the announcement does not require the approval of the sponsor;

(c) it must publish, in its interim and year-end results, headline earnings per share and diluted headline earnings per share together with an itemised reconciliation between headline earnings and the earnings used in the calculation; and

(d) issuers must advise, and obtain approval from, the JSE with regard to the timetables for corporate actions stipulated in Schedule 18. Issuers must ensure that the JSE is notified in advance in order to ensure that the JSE can accommodate the processing of these corporate actions for
The applicant issuer must submit to the JSE, together with the applicant issuer’s annual financial statements pursuant to paragraphs 3.19 and 3.21(a), details of the volume and value of securities traded (over the previous 12 months), on all exchanges where it has a listing, in order for the JSE to consider the applicant issuer’s continued secondary listing status.

If both the volume and value of securities traded on the JSE exceeded 50% of the total volume and total value of those securities (over the previous 12 months) traded on all exchanges where the applicant issuer has a listing, then the applicant issuer's listing status on the JSE in respect of those securities may be converted to a primary listing. The converse would apply when both the volume and value of securities traded on the JSE was 50% or below.

The applicant issuer must advise its shareholders, by releasing an announcement over SENS, each time that its listing status is changed.

**Dual listings**

A company with a dual listing must immediately notify the JSE, in writing, of any suspension or removal of listing on any other exchange on which it has securities listed.

If an applicant issuer decides to move its primary listing from the JSE to another exchange but keeps a secondary listing on the JSE, it must comply fully with the relevant provisions of this section and obtain the approval of its shareholders. A 50% + 1 majority of the votes of all shareholders present or represented by proxy at the general meeting, excluding any controlling shareholder, its associates and any party acting in concert, must be cast in favour of such a resolution. A secondary listing onto another exchange only requires the approval of the issuer’s directors.

If an applicant issuer has applied and been granted permission for its JSE-listed securities to be listed on another exchange, it is required to ensure that the securities will be accepted for transfer, without delay, if presented in any of the centres in which the securities are listed.

**External companies**

An external company with a listing on the JSE must appoint and maintain, whilst it remains listed on the JSE, a person authorised to accept service of due process and notices on its behalf in the Republic of South Africa and must notify the JSE of such appointment (or termination, providing that, in the event of termination, another person must immediately be appointed and their details provided in accordance with this paragraph), including:

(a) the name of the person appointed (“person”) and the person’s address for services of due process and notices;
(b) if different, the person’s business and residential address;
(c) the person’s business and residential telephone number;
(d) the person’s e-mail address; and
(e) any change in the above particulars.

**Dual listed companies structure**

A Dual Listed Companies (“DLC”) structure applies to an aggregated group, with combined businesses, accounted for under two separately listed companies,
one housing the South African ("SA") based businesses ("the SA listed company"), with its primary listing on the JSE, and the second company housing the offshore business entities ("the overseas listed company") with its primary listing on the LSE or on another exchange acceptable to the JSE. If the primary listing of the overseas listed company is not on the JSE, then it must have a secondary listing on the JSE. The SA listed company and the overseas listed company together comprise the DLC structure.

18.28 All the conditions for listing, set out in Section 4 of the Listings Requirements, must be complied with in respect of each company comprising the DLC structure to be listed on the JSE.

18.29 The proportion of the combined business that each company comprising the DLC structure represents, should be discussed with the JSE well in advance of implementing the DLC structure in order to obtain the necessary in principle consents and/or rulings.

18.30 The companies in the DLC structure must be able to demonstrate that they participate in the control of the combined business. This must be evidenced through a formal agreement and/or veto rights, and/or such other mechanisms acceptable to the JSE.

18.31 Every company comprising the DLC structure will be required to comply with all continuing obligations provided that, in the event of a conflict in the requirements of the relevant exchanges, the most stringent requirements must be complied with. This includes the Code of Corporate Practices and Conduct, which will apply to directors of any board or committee and relevant employees of the DLC structure, as well as the directors of every company comprising the DLC structure. Companies are encouraged, at an early stage, to discuss with the JSE how compliance with continuing obligations will be achieved.

18.32 The related party transaction provisions set out in Section 10 of the Listings Requirements will apply to the companies comprising the DLC structure but not in respect of transactions necessary to constitute the DLC structure or transactions between the companies comprising the DLC structure and/or their respective groups.

18.33 Variations to any agreement governing the relationship between the companies comprising the DLC structure will be considered to fall within Section 10 of the Listings Requirements.

18.34 Transactions undertaken by the companies comprising the DLC structure will be subject to the transaction requirements set out in Section 9. The categorisation tests will be calculated by comparing the whole of the target with the whole of the DLC structure.

18.36 Common accounting policies should be used for the companies comprising the DLC structure.

18.37 Aggregated annual financial statements must be published in accordance with IFRS for the merged DLC structure. In the event that the annual financial statements published for the merged DLC structure are not in accordance with IFRS, a comprehensive reconciliation to IFRS must be published and presented in Rands. Annual financial Statements for the companies comprising the DLC structure may be published as supplementary information to the aggregated accounts of the DLC structure.

18.38 Interim financial information, on an equivalent basis to paragraph 18.37, on the merged DLC structure, and for the separate companies, respectively, must be published.
Where an announcement is required, it must be released in accordance with the relevant exchange’s requirements and simultaneously on both the JSE and the overseas listed company’s exchange(s).

With respect to any calculations/categorisations/measurements in terms of the Listings Requirements applicable to either company comprising the DLC structure, the DLC will be regarded as one combined entity.

Basic parameters for securities that track or reference an index

19.30 If the securities to be listed will track or reference an index it must be issued
over an index or index product acceptable to the JSE in accordance with paragraphs 19.31 to 19.42 relating to index disclosures and acceptable index calculators.

**Index disclosures and acceptable index calculators**

**General**

19.31 Issuers wishing to list any instruments where an index is referenced must ensure that the ground rules comply with paragraph 19.35 and index calculators must comply with paragraphs 19.36 to 19.41.

19.32 The JSE will publish a list of acceptable index calculators on its website. Such acceptable index calculators will not be required to obtain approval on an ongoing basis, subject to the provisions of paragraphs 19.40 and 19.41.

19.33 Issuers must submit an application to the JSE illustrating full compliance with paragraphs 19.35 to 19.41 prior to the listing of any instrument with an index as underlying.

19.34 Issuers will not be permitted to make use of an index without a valid index license agreement obtained from the index sponsor.

**Transparency**

19.35 The construction of the index, including the treatment of various corporate actions (where applicable), must be clearly documented in a ground rule summary document and this document must be publicly available on the issuer’s website to ensure full transparency. The JSE will have regard to the following principles in considering whether the comprehensive ground rules document is acceptable:

(a) it must contain the basic constitution of the index and the treatment of all known corporate actions (where applicable) must be clearly disclosed to ensure that such corporate actions are dealt with timeously, objectively and consistently;

(b) details of index reviews and their intervals must be clearly disclosed;

(c) the ground rules must ensure that the index is free of any type of manipulation by the index calculator or the issuer;

(d) it must include details of the process involved when there are changes to the index, including but not limited to any corporate action (where applicable) and how these changes will be communicated to investors;

(e) index methodology must be clear and give details of the calculation method, constitution, index rules, index review, changes to the index and the consequences of any changes in the index methodology. This must be in plain English so that it is easily understandable;

(f) the use of sole discretion by the index calculator should be limited to avoid any unnecessary movement in the market. Advance communication by the index calculator with the market is imperative;

(g) the mathematics applied in the index must match the written description of the index;

(h) the index must be replicable as far as practically possible, i.e. investors must achieve the same returns as the index in the open market;

(i) any changes pertaining to the index must be published publicly on the issuer’s website and in a timely manner, via a notice, for index users to be able to replicate the index as far as practically possible, as must corrected
index data in the event of erroneous distribution of data;

(j) a clear policy should exist in terms of corrections e.g. how will these be published and how will these be corrected;

(k) all instruments in the index must have a reliable and discoverable price that is published;

(l) material changes to the index methodology must be communicated to the JSE, and communication to the market via SENS must be made before implementation;

(m) a brief explanation, sufficient for an investor to understand how an index was developed, including, at a minimum, the size and liquidity of the market being assessed namely the number and volume of transactions submitted, the range and average volume and range and average of price, and indicative percentages of each type of market data that have been considered in a benchmark determination. Terms referring to the pricing methodology must be included “transaction-based”, “spread-based” or “interpolated/extrapolated”; and

(n) a brief explanation of the extent to which and the basis upon which expert judgment if any, was used in establishing an index.

Experience
19.36 The index calculator must satisfy the JSE that it has adequate experience in calculating indices. The JSE will have regard to the following principles in considering whether an index calculator has the required experience:

(a) the index calculator will be expected to have sufficient staff with considerable relevant experience. Experience could include the calculation of in-house benchmarks, custom indices or having worked with or been employed by an acceptable index calculator for a considerable period; and

(b) the index calculator must prove that it has enough knowledge and experience in dealing with the impact of corporate actions (where applicable) on indices. This will be achieved by displaying a track record of handling corporate actions (where applicable) that it has dealt with.

Independence
19.37 An index calculator must not act as an index calculator to any organisation or fund of which it is not independent except with the specific approval of the JSE. The index calculator must be able to demonstrate to the JSE that it can act in a neutral and objective manner without any undue influence from the issuer or its associates. The JSE will have regard to the following principles in considering whether to allow an index calculator to act for an organisation or fund from which it is not deemed to be independent:

(a) the department or area that is responsible for calculating the index must operate separately from the issuer of the instrument;

(b) the department responsible for calculating the index must not have any reporting lines into the department responsible for issuing the instrument;

(c) the compliance officer of the organisation must confirm in writing that the two areas are sufficiently independent and separated to ensure that the one is not influenced at all by the other;

(d) a policy must be in place stipulating how matters will be dealt with that are not covered in the ground rules and this policy must ensure that decisions are taken without any consideration to the issuer of the instrument and at all times in the best interest of investors; and
Continuity

19.38 Arrangements must be in place to ensure that a sufficient number of experienced staff are available to properly discharge the index calculator’s responsibilities at all times.

Technology

19.39 The index calculator must demonstrate to the JSE that it has a robust system in place. The JSE will have regard to the following principles in considering whether the system is acceptable:

(a) a process must be in place to prevent manipulation of the index system. Confirmation of this must be provided to the JSE and the issuer of the instrument must confirm that it is satisfied with this;

(b) the system must have regularly tested back-ups; and

(c) the technology being used must ensure continuity with proper automation and data feeds.

Continuing Obligations

19.40 The index calculator is approved based on the information presented to the JSE with the initial application and in order to maintain standards on a continuing basis the issuer of any securities after due and careful inquiry must notify the JSE in February each year of any significant changes including:

(a) any changes to its staff responsible for calculating the index;

(b) any changes to its technology; and

(c) any changes to its relationship between the index calculator and the issuer of securities and any of its associates.

19.41 The issuer of any securities must annually in February each year submit documentation to the JSE illustrating that after due and careful inquiry, the index calculator has had continuous compliance with the guidelines. In the event of a material change to the index methodology or index calculator, it may be necessary to reassess the initial application for approval.

Other

19.42 The JSE may allow the listing of securities which track or reference the performance of a specified security, index, or other assets, which include, but are not limited to, indices, commodities, currencies or any other asset acceptable to the JSE. Issuers must ensure that the JSE is consulted well in advance regarding the acceptability of a particular security prior to the proposed issue date.

   (e) may be listed over any other underlying financial instrument/product acceptable to the JSE.

19.46 In relation to basket warrants:
   (a) the constituents in the basket must comply with paragraph 19.42 above; and
   (b) the suspension or removal of a security in the basket will not automatically lead to the suspension or removal of the warrant, but the calculation agent must make an adjustment to the warrant, subject to JSE approval.

19.47 The JSE will allow issuers to list barrier warrants. The JSE will also allow issuers to list intra-day barrier warrants, provided the following conditions are met by the issuer:
   (a) the issuer must make an offer price after the barrier/stop loss or knock-out level has been breached in 1 million warrants at 1 cent and must agree to accept contra any purchases that may result;
   (b) immediately after the barrier/stop loss or knock-out level has been reached, the issuer must e-mail the JSE Corporate Actions Team (corporateactions@jse.co.za) and telephone a member of the Corporate Actions Team with a request to suspend the relevant warrant/s. Communications by the issuer to the JSE may only be made by a duly authorised representative of the issuer; and
   (c) these conditions must be stated in the pricing supplement and the formal application.

Basic parameters for underlying securities

19.48 Warrants issued over securities may only be issued in respect of a company that complies with the following criteria (unless in the case of a new listing as a result of an unbundling):

**Asset backed securities**

This section sets out the requirements for the listing of asset backed securities as defined. The provisions of paragraphs 19.1 to 19.9 and 19.12 to 19.43 above apply to ABSs, in addition to the requirements set out in paragraphs 19.73 to 19.85 below.

**General**

Due to the complex nature of ABS the JSE must be consulted at an early stage
before formal application for listing is made. Depending on the nature and structure of any particular issue, the requirements set out in the following paragraphs may be modified or additional requirements may apply.

19.74 The trading system will identify each issue of ABS that are listed as well as the issuer.

19.75 The JSE will only in extraordinary circumstances suspend the listing of an ABS and not necessarily on the suspension of the underlying security or failure of performance on the underlying asset class.

Criteria for listing of asset backed securities

19.76 An issue of ABS must:

(a) have committed capital (to be received from the issue) of at least R50 million prior to listing, or such other amount as determined by the JSE after taking account of the nature of the asset and instrument;

(b) be issued through an issuer that has the quality of insolvency remoteness from the arranger;

(c) have assets that are held by a trust, which must be administered by trustees who are independent of the issuer representing the interests of the holders of the ABS. A separate trust is required for each class of asset with respect to the issuance of ABS relating to a different composition of assets. The assets may, however, also be held via a vehicle other than a trust provided the JSE is satisfied that such vehicle provides similar protections to safeguard the assets and, in particular, the powers and duties of the directors (or, in the event that the vehicle is not a company, the persons with corresponding duties and powers in relation to that vehicle) must be limited as though the director is a trustee. Thus, the provisions of this paragraph that apply to trustees and trusts must apply mutatis mutandis to the directors and the vehicle used to hold the assets; and

(d) have a management agreement with a service provider and an arrangement for an alternative service provider over the life of the structure if so required.

19.77 Where the underlying assets are equity in nature the ABS must:

(a) have underlying assets that are listed on the JSE, unless otherwise agreed to by the JSE;

(b) be fully covered at all times; and

(c) have underlying assets which are minority interests and must not confer legal or management control of the listed companies.

19.78 Where the underlying assets have been rated, the credit rating with respect to the underlying assets must be disclosed;

19.79 Where a rating agency from which an issuer had obtained a credit rating has been removed, replaced or substituted, or if a new credit rating agency has been engaged, disclosure of the date the event occurred and the circumstances surrounding the change must be made on SENS.

19.80 The issuer of the ABS must have a liquidity facility in place in order to service cash flows to investors as provided for in the placing document in the event of corporate actions, interest payments or any other receivables resulting in cash flow from the underlying assets.

19.81 The issuer must satisfy the JSE that it has the relevant expertise to arrange an issue of ABS or has access to such expertise.
19.82 In the instance where the performance of the ABS is guaranteed, such guarantor must be acceptable to the JSE. If such guarantor is not resident in the Republic of South Africa, the guarantee must state that South African law governs the guarantee and that the guarantor accepts the exclusive jurisdiction of the South African courts.

Continuing obligations

19.83 The issuer is required to comply with Section 3 to the extent applicable under paragraph 19.20(i) above, subject to the following additions:

(a) The following continuing obligations are applicable to a listing of ABS:

(i) the issuer must supply the JSE with an annual report of the trustees showing the current holding of assets in the trust and detailing all dealings relating to the assets in the trust for the last financial year ended. The provisions of this section apply mutatis mutandis to directors or equivalent parties and vehicles referred to in paragraph 19.76(c);

(ii) issuers must disclose, on a semi-annual basis, historical information about all assets of the pool that were the subject of a demand to repurchase or replace for breach of the representations and warranties contained in the transaction agreements underlying the ABS;

(iii) if a required distribution to holders of the asset-backed securities is not made at the distribution date under the transaction agreements, disclosure of the failure, if material, and the nature of the failure must be made and published on SENS;

(iv) the JSE must be informed immediately, and a SENS announcement must be published, in the event of any changes relating to the contractual arrangements of parties involved in the structure of the ABS; and

(v) all information submitted to the JSE pursuant to paragraph 19.83 above must be filed timeously in accordance with the Listings Requirements and not be misleading or deceptive, and should not contain any material omission of information.

Placing documents

19.84 In addition to the disclosure requirements set out in paragraph 19.13 above, an issuer of ABS must include the following in the placing document:

(a) a statement to the effect that investors must seek their own independent tax advice;

(b) in respect of any guarantor, the matters referred to in paragraph 19.82 must be provided;

(c) with regard to the underlying assets used to back ABS, the following must be disclosed:

(i) the legal jurisdiction(s) to which the assets are subject;

(ii) the type(s) of assets;

(iii) the expiry or maturity date(s) of the assets;

(iv) the value of the assets;

(v) an indication of significant representations and warranties given to the issuer relating to the assets;
(vi) the method of origination or creation of the assets;

(vii) a description of the principal insurance policies, including the names, and, where appropriate, the addresses and a brief description of the providers (if any). Any concentration with one insurer should be disclosed if it is material to the transaction;

(viii) the principal terms and conditions of the obligations must be stated;

(ix) the information required by paragraph 19.13(d)(i) and (ii) should be included in respect of the underlying equity securities;

(x) the provisions in the event of modifications and/or discontinuance of securities that make up the assets of the issuer; and

(xi) the closing spot price of all the securities within the asset pool;

(d) additional information is required as follows:

(i) an indication of significant representations and warranties given to the issuer relating to the assets;

(ii) the method of origination or creation of the assets;

(iii) any rights to substitute the assets and a description of the assets that they may be substituted for;

(iv) where the assets consist of obligations of 10 or fewer obligors, or where an obligor accounts for 10% or more of the assets, so far as the issuer is aware and/or is able to ascertain from information published by the obligor(s), the information required in respect of each obligor will be the same as that which would be required if it were itself the issuer of the securities to be listed, unless it is already listed on a stock exchange acceptable to the JSE, or the obligations are guaranteed by an entity listed on a stock exchange acceptable to the JSE, in which case only the name, address, country of incorporation, nature of business and name of the exchange on which its securities are listed must be disclosed in respect of the obligor and the guarantor (if applicable). Any relationship between the issuer, guarantor and obligor, if any, must be included. The principal terms and conditions of the obligations must be stated, except where the obligations are securities listed on a stock exchange acceptable to the JSE;

(v) where the assets consist of obligations of more than 10 obligors, or where an obligor accounts for less than 10% of the assets, the general characteristics and descriptions of the obligors must be given; and

(vi) a description of the different tranches of securities issued (if applicable) and the effect of default and possible cash flows relating to each tranche of the securities;

(e) a description of the structure of the transaction;

(f) an explanation of the flow of funds (if any) stating:

Designated Adviser (“DA”)

Appointment

21.12 A new applicant seeking a listing of securities on ALTX must appoint a DA in terms of a written contract and must ensure that it has a DA at all times.

21.13 The DA must comply with, and is subject to, all the provisions of the Listings Requirements as though they were a sponsor.

21.14 All references in the Listings Requirements to sponsors apply mutatis mutandis to DAs for companies that are applying for, or which have, a listing on ALTX.

Eligibility criteria

21.15 A DA must meet the requirements for a sponsor at the time of applying for and on being admitted to the list of DAs. Existing sponsors must apply to become a DA and must meet the eligibility criteria in terms of Schedule 16 and Section 2 at the time of applying to become a DA.

Responsibilities

21.16 The DA’s role is of particular importance to the successful operation of ALTX, since it is the requirement of the JSE that each issuer must, with the guidance and assistance of the DA, comply with and discharge its responsibilities under the Listings Requirements. In this regard, the DA is expected to advise the issuer on all of the issuer’s responsibilities in a competent, professional and impartial manner.

21.17 The DA must ensure, at all times, that neither its conduct nor its judgement impair the integrity and reputation of ALTX or the JSE.

21.18 The DA must immediately inform the JSE, in writing, if the issuer does not comply with the applicable regulation as defined in paragraph 21.19(f).

21.19 The DA must, prior to listing, confirm in writing to the JSE that:

(a) all the documents required by the Listings Requirements have been so submitted;

(b) it considers the new applicant to be suitable for listing on ALTX;
(c) the new applicant complies with all of the conditions for listing set out in the Listings Requirements;
(d) the pre-listing statement is in compliance with the Listings Requirements and that:
   (i) the information contained in the pre-listing statement is accurate and complete in all material respects and not false or misleading;
   (ii) there are no other matters, the omission of which would make any statement in the pre-listing statement false or misleading;
   (iii) statements of fact and opinion expressed by the directors in the pre-listing statement have been arrived at after due and careful consideration on the part of the directors and are founded on bases and assumptions that are fair; and
   (iv) the directors of the new applicant have made sufficient enquiries so as to enable them to give the confirmations set out in the “responsibility statement” contained in the pre-listing statement;
(e) there are no matters, other than those disclosed in the pre-listing statement or otherwise in writing to the JSE, which should have been disclosed for the JSE to be able to consider the application for listing of the relevant securities; and
(f) the DA (or other adviser(s) acceptable to the DA) has explained to the directors of the new applicant the nature of their responsibilities under the Listings Requirements, the Act, the Takeover Regulations and IFRS (“applicable regulation”) and the DA (or other adviser(s)) has satisfied itself to the best of its knowledge and belief, having made due and careful enquiries that:
   (i) the directors have the requisite expertise and experience;
   (ii) they understand the nature of those responsibilities and can be expected to honour their obligations under the Listings Requirements and other applicable regulation;
   (iii) they can be expected to prepare and publish all information necessary for an informed market to take place in the applicant issuer’s securities; and
   (iv) the information supplied on the director’s declaration has been verified and confirmed as true.

21.20 The DA must take all reasonable steps to brief all new appointees to the board of directors of the issuer as to the nature of their responsibilities under the Listings Requirements, other applicable regulations and the general nature of their obligations in relation to shareholders. The DA must also ensure that:
(a) the directors of the new applicant have completed the DIP prior to listing or that appropriate arrangements have been made with the JSE in accordance with paragraph 21.3(d); and
(b) all new appointees complete the DIP within two months of appointment as directors.

21.21 The directors of the issuer must be informed by the DA (or other advisers acceptable to the DA), on a timely basis, of any amendment or supplement to the Listings Requirements, or other applicable regulation.

21.22 The DA shall, prior to publication, review with the issuer all periodic financial information announcements and other documentation detailed in Section 11 with a view to ensuring that the directors of the issuer, after due and careful consideration, understand the importance of accurately disclosing all material
information to shareholders and the market.

21.23 The DA must regularly review the issuer’s actual trading performance and financial condition in order to ensure that appropriate disclosure is made in terms of paragraph 3.4.

21.24 The DA must ensure that at least one of its approved executives attends all board of directors meetings of the issuer, in an advisory capacity, to ensure that all Listings Requirements and applicable regulations are complied with.

Shares held by DAs

21.25 A DA, subject to paragraph 21.29, may hold shares or other securities in an applicant issuer for which that DA acts.

21.26 [Repealed]

21.27 The DA’s holding of such securities, as well as the contractual basis upon which that holding arose, must be published in the pre-listing statement issued at the time of listing of the securities in question.

21.28 All and any dealings by the DA (including its employees and directors) in the securities of the issuer, must be disclosed and published, mutatis mutandis, in the same manner as is applicable to directors of the issuer in accordance with paragraphs 3.63 to 3.74.

21.29 Securities held by the DA are subject to the provisions of paragraph 21.3(g).

Termination

21.30 An applicant issuer must advise the JSE in writing (providing a copy to the DA) of the appointment or resignation of any DA. Where a DA resigns, the applicant issuer and the DA must immediately inform the JSE separately in writing of the reason for the resignation. In such a situation, the applicant issuer has 10 business days to appoint a new DA from the date of resignation of the DA, unless the JSE decides otherwise. The replacement DA must ensure that, before accepting an appointment, it has requested the written reasons for the resignation as submitted to the JSE from the outgoing DA. The outgoing DA must supply the reasons to the replacement DA within two business days of such request and the replacement DA must take account of the reasons for the resignation before accepting the appointment. Failure to comply with this requirement may result in action being taken in pursuance to paragraph 21.33.

21.31 In the event that the appointment of the DA is terminated by the issuer, for whatever reason, such termination must be approved by the board of directors of the issuer. Once the termination of the DA has been approved by the board of directors, the issuer and the DA must submit a report to the JSE stipulating the reasons for the termination, within 48 hours of such termination. In the circumstances set out in this paragraph 21.31, an issuer must immediately publish an announcement, stating the reasons for the termination and that the issuer’s listing is under threat of suspension and possible termination in accordance with paragraph 21.33. The issuer must make immediate arrangements to appoint a replacement DA, within 10 business days of the date on which the former DA ceased to act, and must inform the JSE and publish a further announcement immediately after the appointment has been made.

21.32 The replacement DA must ensure, before accepting the appointment, that it has requested the report referred to in paragraph 21.30 from the outgoing DA. The outgoing DA must supply this report to the replacement DA within two business days of such request and the replacement DA must take account of the reasons for the termination before accepting the appointment.

21.33 If an issuer fails to appoint a DA within the period referred to in
paragraphs 21.30 or 21.31, the JSE may suspend trading in the issuer’s securities. If, after a further month from the date of expiry of the period referred to in paragraphs 21.30 or 21.31, the issuer has failed to appoint a replacement DA, the issuer’s listing may be removed by the JSE.

(a) monitoring compliance with the disclosure requirements of the JSE as they relate to interim, preliminary, provisional, abridged and annual reports, as set out in Sections 3, 8, 13, 15 and 21 of the Listings Requirements (where applicable) in instances where an auditor’s report has been issued on such financial reports and, in addition to any obligations in terms of paragraph 8.64, reporting matters of non-compliance directly to the JSE; and

(b) advising the JSE of any instance where the applicant issuer misrepresents the content of the auditor’s report as it relates to that applicant issuer (for example by indicating that the auditor’s opinion is unqualified when there is a modification of the auditor’s opinion or by indicating that there are no issues when in fact there is a modified auditor’s report) or by indicating that the financial information has been audited or reviewed when this is not the case.

22.7 The role of the IFRS adviser includes the following:

(a) when required to do so by the audit firm/individual auditor/reporting accountant and/or reporting accountant specialist, provide technical IFRS assistance and advice in support of the assurance opinion. (b) to either sign off on the reporting accountant’s report of the audit firm itself, or perform a quality review function on the work performed to support every reporting accountant’s report, in order to ensure compliance with the Listings Requirements (in which case it must submit a letter to the JSE confirming that it has fulfilled this role).

**Status**

22.9 If an audit firm, individual auditor, IFRS adviser, reporting accountant and/or reporting accountant specialist does not fulfil the responsibilities above or fully comply with the eligibility criteria set out in Schedule 8, either at the time of application or any time thereafter, the JSE will:

(iii) terminate the accreditation of and remove the name of the auditor, IFRS adviser, reporting accountant and/or reporting accountant specialist from the JSE list of Auditors and their advisers.

22.11 Implicit in the relationship between the JSE and an auditor, IFRS adviser, reporting accountant and/or reporting accountant specialist and as a result of the functions of these parties, its duty to make full and frank disclosure to the JSE of
any issues that may impact on its suitability to perform its responsibilities and
discharge its obligations as set out in the Listings Requirements. Furthermore, it
is incumbent on an auditor, IFRS adviser, reporting accountant and/or reporting
accountant specialist to, in the event of any potential contravention of the
Listings Requirements, the presence of any of the issues as set out in paragraphs
22.5(f) and 22.10 and/or any other factors that may impact on its ability to

Schedule 5
Independent fairness opinions

Scope of this schedule
The objectives of this schedule are as follows:

(a) to provide sponsors and issuers with certainty, at an early stage of the process, as to the acceptability or otherwise to the JSE of a nominated independent professional expert who will issue a fairness opinion;
(b) to provide guidelines regarding the required quality of independent fairness opinions generally; and
(c) to ensure consistent and detailed reporting practices with regard to fairness opinions.

As the issues of independence and competence will be unique to every transaction, this schedule provides guidance rather than specific rules. The overriding objective is to ensure that the board of directors receives competent and adequate advice from an acceptable independent and competent third party regarding a transaction. The board of directors must ensure that any director who is party to the transaction (being the subject matter of the fairness opinion) is excluded from the process of mandating the expert and providing the necessary recommendations to shareholders. The issuer must confirm this in terms of Schedule 2 Form B3.

5.1 A fairness opinion must:

(a) be prepared by an independent professional expert*, acceptable to the JSE, who has no material interest either in the transaction or in the success or failure of the transaction;

(b) make appropriate disclosure where the independent professional expert has any existing or continuing relationship with the issuer and/or any other parties involved in the transaction; and

(c) set out all of the material factors and assumptions taken into account in the preparation of the statement (as set out in paragraph 5.8 below).

5.2 At an early stage in a contemplated transaction and preferably before engaging a party to prepare a fairness opinion, the sponsor on behalf of the issuer, must submit to the JSE:

(a) a declaration of independence completed by the nominated independent professional expert, in the form set out in Schedule 2 Form B1;

(b) a declaration of competence completed by the nominated independent professional expert, in the form set out in Schedule 2 Form B2; and

---

* Refer to paragraph 5.12 below for professional experts deemed to be independent and not independent by the JSE.
(c) a declaration by the issuer, in the form set out in Schedule 2 Form B3.

The above declarations must be submitted for every transaction.

5.3 The JSE may, unless the issuer is able to provide additional information to satisfy the JSE, require the issuer to appoint a different independent professional expert to prepare the fairness opinion if (based on the information received in terms of paragraph 5.2 above and the JSE’s investigation thereof) the JSE is not satisfied as to:

(a) the independence of the nominated independent professional expert; and/or
(b) the competence of the nominated independent professional expert with regard to the particular transaction; and/or
(c) any reasons given by the issuer for the appointment of the nominated independent professional expert.

5.4 The JSE undertakes to give the sponsor its approval, pre-approval or disapproval for the appointment of the independent professional expert within 120 hours of receipt of the duly completed declarations required in paragraph 5.2 above. The JSE may pre-approve an independent professional expert for a period of up to two years, on application, provided the (i) expert’s team, (ii) their roles within the team and (iii) area of expertise/industry remain unchanged from the date of initial application. In the event that any of the above information changes, the independent professional expert will have to follow the normal submission and approval process pursuant to paragraph 5.2 above. No documentation will be accepted for review by the JSE until approval for the appointment has been given.

5.5 Before issuing a fairness opinion, the independent professional expert must perform a valuation of the issuer and/or the subject of the transaction. Where a valuation has been prepared by a competent third party (in respect of assets such as property or mineral reserves and rights, for example), the independent professional expert should set out the manner in which he has satisfied himself that he can rely upon the valuation.

5.6 The JSE’s request for the opinion of an independent professional expert may result in a statement that the transaction is fair. Where this is not the case and the fairness is impaired, the independent professional expert should give full reasons for his opinion in this regard. Even if the opinion is that the transaction is fair, the independent professional expert must, where appropriate, emphasise critical matters upon which it has relied in arriving at the opinion.

5.7 The JSE only requires that the expert opine on the fairness of a transaction although it would allow the expert to opine on the reasonableness, provided detailed disclosure is made in this regard. Fairness is based on quantitative issues and reasonableness on qualitative issues. For illustrative purposes, in the case of a disposal to a related party, the transaction may be said to be fair if the consideration payable by the related party is equal to or greater than the value of the business that is the subject of the transaction. In other instances, even though the consideration may be lower than the value of the business, the transaction may be said to be reasonable in certain circumstances, after considering other significant qualitative factors.

5.8 The content of the fairness opinion is at the discretion of the independent professional expert, but must include at least the following basic elements:

(a) title;
(b) addressee;
(c) date of statement;
opening or introductory paragraph with the purpose for which the report has been prepared;

reference to the relevant JSE Listings Requirement(s) or Panel rule(s) in terms of which the opinion is being issued;

headings identifying the major sections including, but not limited to, introduction, procedures and the opinion;

an explanation as to how the terms “fair” and, if so mandated by the board of directors “reasonable”, as indicated in paragraph 5.6 above, apply in the context of the specific transaction;

details of the information and sources of information;

identification and discussion of both the external and internal key value drivers, sensitivities performed and assumptions used;

if applicable, a summary of the manner in which the independent professional expert has satisfied itself as to the appropriateness and reasonableness of the underlying information and assumptions;

a full explanation of the significant factors that led to the opinion given;

any limiting conditions;

the relationships between the issuer (and any other parties involved in the transaction) and the independent professional expert, as required by paragraph 5.1(b) above and as identified in the declaration completed in terms of paragraph 5.2(a) above and disclosure of the number and value of shares acquired, if the expert’s fees were paid for in shares;

confirmation that a valuation has been performed and identification of the valuation methodologies applied and, where there has been reliance upon a third party valuation, confirmation that the independent expert is satisfied with this valuation;

a summary of other factors taken into account or procedures carried out in reaching the opinion;

a statement that an individual shareholder’s decision may be influenced by such shareholder’s particular circumstances and, accordingly, that a shareholder should consult an independent adviser if in any doubt as to the merits or otherwise of the transaction;

the opinion;

the independent professional expert’s name, address and authorised signature; and

any other information that the independent professional expert feels is appropriate.

The date on which the opinion is issued must be the same as the date that the directors authorise the submission of the relevant circular to the JSE for formal approval.

The independent professional expert has a duty to evaluate all the information provided in a critical manner, as required in paragraph 5.8(j) above. This in no way implies that the information must be audited or that the accuracy of all information must be checked. There must be a statement as to how the information has been evaluated and whether or not the expert believes that such information is reasonable, particularly where the information contains forecasts prepared by the management and/or directors of the issuer. Any statement indicating that there has been no independent verification or any other similar statement would only be permissible subject to the following:
(a) the experts stating clearly what is meant by “no independent verification”; and

(b) such statement not invalidating any work that has been done in terms of this paragraph.

5.11 The JSE has the right, but not the obligation, to request the independent professional expert to:

(a) clarify any aspect of the statement; and/or

(b) expand the statement so as to address any issues of concern to the JSE.

5.12 Independence of professional experts:

(a) Subject to paragraph 5.12(b), an independent professional expert deemed to be independent by the JSE for purposes of paragraph 5.1 above are:

(i) the auditors or reporting accountants of the issuer;

(ii) in respect of mineral companies, the competent person of the issuer; and

(iii) the sponsor of the issuer,

provided the expert,

(i) for the past 18 months, has had no shareholding in the applicant issuer;

(ii) for the past 18 months, has had no board representation on the applicant issuer;

(iii) is not employed by the applicant issuer;

(iv) has had no relationship with any party to the corporate action, other than the applicant issuer, (in a capacity as set out in paragraph 5.12(a) above); and

(v) has no interest in the success of the corporate action other than its reasonable professional fee (with no success fee element) for acting as independent professional expert;

(b) For purposes of a delisting pursuant to paragraph 1.14(d), the independent professional expert (including its staff) must not:

(i) have any relationship with the applicant issuer or with any party involved in the delisting;

(ii) have had any relationship with the applicant issuer or with any party to the delisting within the immediate preceding two years; and

(iii) be related to any person who has or has had a relationship contemplated in (i) and (ii) above,

unless otherwise agreed by the JSE.

5.13 Professional experts which are deemed by the JSE not to be independent for purposes of paragraph 5.1 above are:

(a) any financial institution involved in the transaction, which has a direct or indirect interest in the corporate action;

(b) any adviser to the applicant issuer in relation to the corporate action; and

(c) the auditor of the target in respect of an acquisition undertaken by the applicant issuer.

Should the company be registered with either of these words abbreviated, a note should be printed at the foot of the certificate of title to the effect that certificates of title accompanied by transfer deeds having the name of the company abbreviated “&” or the word “and” written in full will be accepted for transfer. A similar procedure should be adopted for any other abbreviations.
   (b) A name of a company may not be a registration number.

6.10 A full description of the class of securities must be printed in the body of the certificate; the description to be in accordance with that prescribed in the MOI. Where special rights and obligations pertain to the securities (e.g. for preference shares and/or debentures), salient details of these rights and conditions must be printed on the back of the certificate.

Class of securities
6.11 A description of the class of securities must be printed in bold type above the name of the company.

6.16 The date and place of issue of the certificate must be stated.

Certificates cancelled by mutilation
6.17 Specimens submitted must be cancelled by mutilation (a rubber stamp, or statement in ink to the effect that the certificate has been cancelled, is not sufficient).

Specimens retained
6.18 Specimen certificates of title submitted will be retained by the JSE and will not
be returned to the applicant.

**Schedule 7**

**Requirements for option certificates in respect of listed options**

The conditions of issue of listed options must be printed on option certificates and must make provision for the following:

7.1 The option exercise period:

(a) the minimum period during which an option may be exercised shall be not less than one calendar month (“option exercise period”). The company must advise option holders at least six weeks prior to the option exercise period of the dates of the option exercise period; and

(b) in cases where the options may be exercised at any time, the company shall undertake to send a reminder to registered option holders, not less than six weeks or more than two months, prior to the final date for the exercise of the options.

7.4 In cases where the exercise of the option is restricted to an option exercise period, the company shall undertake not to fix a DD or LDT for a dividend, rights offer, capitalisation issue, capital reconstruction or takeover offer to be settled by an issue of ordinary shares, that will fall within the exercise period. Where the options may be exercised at any time, holders of the options shall be precluded from exercising their options between the DD and LDT of any corporate event.

7.8 Additional issues of options or of securities with conversion rights or any amendment of the conditions attached to the options will require the separate sanction of the holders of the options and the holders of each class of equity security.

7.9 The holders of the options shall be advised, simultaneously with the holders of equity shares or stock, of any contemplated rights, claw-back or renounceable offer, capitalisation/bonus issue and of all relevant dates affecting entitlement ratios and participation in such offer or issue, in accordance with the relevant timetable in Schedule 18.

7.10 In a capital reconstruction, the ratio of:

(a) the total number of securities that may be issued on the exercise of the option compared to the total number of securities issued; and

(b) the issue price per ordinary share or stock compared to the nominal value per share or stock;

shall be adjusted to correspond proportionately to the total number of securities
or stock issued and the nominal value per share or stock in the reconstructed capital.

7.11 Ordinary share capital shall not be repaid during the period of the option.

Schedule 8
Accreditation of auditors, reporting accountants and IFRS advisers

This schedule contains certain Listings Requirements applicable to the accreditation of audit firms, individual auditors, IFRS advisers, reporting accountants and reporting accountant specialists and should be read in conjunction with Sections 3 and 22.

Introduction

8.1 This schedule sets out the Listings Requirements of the JSE pertaining to eligibility criteria for audit firms, individual auditors, IFRS advisers, reporting accountants and reporting accountant specialists and the procedures to be followed in order to be accredited by the JSE and to be entered onto the JSE list of Auditors and their advisers.

General eligibility criteria

8.2 The audit firm, individual auditor, IFRS adviser, reporting accountant and reporting accountant specialist must:

(a) comply with the specific criteria set out below for the area in which it is applying to be accredited;

(b) to the satisfaction of the JSE, be suitable to fulfil the responsibility that it wishes to undertake, which suitability shall be determined based on the information contained in its declaration and with a view to ensuring that the integrity of the markets operated by the JSE are upheld; and

(c) where it has previously been denied accreditation on the JSE list of Auditors and their advisers or has been removed from the JSE list of Auditors and their advisers, demonstrate, to the satisfaction of the JSE, that it is now suitable to be entered on the JSE list of Auditors and their advisers, and that such accreditation will not damage the integrity of the markets operated by the JSE.

8.3 An audit firm and individual auditor must be registered with the IRBA or a similar regulatory or professional body for auditors in a jurisdiction other than the Republic of South Africa.

(a) Criteria applicable to an audit firm and individual auditor registered in a jurisdiction other than the Republic of South Africa

(i) The regulatory or professional body for auditors in that jurisdiction must have performed a firm-wide independent quality control (ISQC1) review on the audit firm. The audit firm must make the decision letter on the review from the regulatory or professional body for auditors available to the JSE. The JSE will consider the recommendations made in the decision letter by the foreign regulatory or professional body for auditors in that jurisdiction and, in certain instances, consult with the foreign body or the IRBA in this regard.

(ii) The requirements of paragraphs 8.3(b)(iii)(1) and 8.3(b)(iv)(1) and (2) below, regarding accreditation of an IFRS adviser and details of contact persons, are applicable to an audit firm registered in a jurisdiction other than the Republic of South Africa.
(iii) The requirements of paragraph 8.3(c)(iii) below, regarding individual auditors, are applicable to individual auditors registered in a jurisdiction other than the Republic of South Africa.

(b) Criteria applicable to the audit firm, in all instances other than (a) above

All of the following criteria must be met by the audit firm in order to satisfy the JSE that it is competent to fulfil the role of the auditor of an applicant issuer. These criteria are also applicable in instances where the audit firm wants to perform the work of a reporting accountant:

(i) The IRBA must have completed a firm-wide independent quality control (ISQC1) inspection on the audit firm. The audit firm must make the IRBA firm inspection decision letter available to the JSE. The JSE will apply the conclusion made in the IRBA decision letter in the following manner. If the decision letter states:

(1) that the audit firm will only be subject to an inspection in the next inspection cycle, then the firm has met this criterion until the next inspection cycle; or

(2) that the audit firm is to be scheduled for a re-inspection within 1 year from the date of the last inspection, then the firm has met this criterion until the re-inspection is performed within 1 year. Once the re-inspection is completed, the IRBA decision letter should state that the firm will only be subject to an inspection in the next inspection cycle. If not, the audit firm will not be accredited or its accreditation will be withdrawn until such time as the IRBA firm inspection decision letter states that the audit firm will only be subject to an inspection in the next inspection cycle.

(ii) At any point in time, the majority of individual auditors of the audit firm reviewed by IRBA must only be subject to an engagement inspection again in the next inspection cycle, as referred to in paragraph 8.3(c)(i)(1) below, and at least three individual auditors must have had an engagement inspection by the IRBA and hence not fit into 8.3(c)(ii) below.

(iii) The audit firm must provide the JSE with adequate information to demonstrate that it has:

(1) an internal JSE accredited IFRS adviser in its service or has contracted with an external JSE accredited IFRS adviser to advise the audit firm on IFRS compliance when required; and

(2) a reporting accountant specialist, where applicable, to fulfil the role as set out in paragraph 8.45 of Section 8.

(iv) The audit firm must nominate the following individual/s to act as a contact between the JSE and the audit firm in the following communication areas and must inform the JSE of any changes to such individuals:

(1) a senior person within the audit firm tasked with the responsibility of the accreditation of auditors with the JSE and to deal with general communication with the JSE on matters relating to the auditor or the Listings Requirements;

(2) a senior internal IFRS adviser or an external IFRS adviser, where such a person is contracted by the audit firm, to deal with any IFRS related communication; and
(c) **Criteria applicable to the individual auditor**

(i) The individual auditor must have undergone an engagement inspection by the IRBA on an appropriate public interest engagement. The most recent IRBA engagement inspection decision letter must be supplied to the JSE. The JSE will apply the conclusion in the IRBA decision letter on the engagement inspection in the following manner:

1. For new applications made before 31 March 2015, if it states that the inspection was satisfactory and/or the individual auditor will only be subject to an engagement inspection in the next inspection cycle, then the individual auditor has successfully met this criterion until the next inspection cycle;

2. For individual auditors who are already accredited by the JSE and who are submitting their IRBA engagement inspection decision letter as part of their continuing obligations, if it states that the individual auditor is to be scheduled for a re-inspection within 1 year from the date of the last inspection, then the individual auditor has successfully met the criterion until the performance of the re-inspection within 1 year. If, after the re-inspection the IRBA decision letter does not state that the individual auditor will only subject to an engagement inspection in the next inspection cycle, the individual auditor will not be regarded as meeting this criterion and will not be accredited or its accreditation will be withdrawn until such time as the IRBA decision letter states that it will only be subject to an engagement inspection in the next inspection cycle; or

3. For new applications made on or after 31 March 2015, if it states that the inspection was on an appropriate public interest engagement for purposes of JSE accreditation and that the inspection was satisfactory and/or the individual auditor will only be subject to an engagement inspection in the next inspection cycle and, then the individual auditor has successfully met this criterion until the next review cycle.

(ii) Alternatively, if the IRBA has not completed a file review as set out in 8.3(c)(i) above, the individual auditor must provide a confirmation letter from the IRBA to the JSE, confirming that they are/were not subject to an engagement inspection by the IRBA because they are registered as a “non attest” auditor.

(iii) The individual auditor must confirm to the JSE that it is familiar with the specific auditing and financial reporting requirements applicable to applicant issuers as detailed in Sections 3, 8, 13, 15 and 21. In support of this, the individual auditor must demonstrate that it has successfully completed JSE recognised training on the Listings Requirements, or must undertake to successfully complete such training within 6 months from the date of its application. In addition, the individual auditor must undertake to successfully complete specific JSE recognised update courses as and when required and directed by the JSE.

**Eligibility criteria for IFRS advisers**
8.4 A person wishing to be accredited as an IFRS adviser must confirm and provide the JSE with adequate information to demonstrate that:

(a) he has spent the following minimum required hours on performing practical and interpretive IFRS consulting over the past 12 months in order to have a comprehensive working knowledge of IFRS and those standards issued by the Accounting Practises Committee as the Financial Reporting Guidelines, and issued by the Financial Reporting Standards Council as the Financial Reporting Pronouncements:

(i) at least 800 hours at an individual level; or

(ii) if the individual is one of two individuals who work as part of an IFRS advisory group, at least 500 hours per individual in the group. In such an instance every individual must indicate that he has specialised in different standards in such a manner that would satisfy the JSE that the group’s combined 1 000 hours’ knowledge is at least equivalent to that of a single individual with 800 hours; and

(b) he has access to a network of other IFRS advisers to adequately assist and advise on IFRS matters; and

(c) he is a member in good standing of a professional body, which body has a code of ethics and disciplinary rules, to which such member is subject, and which it regulates or that he registered with IRBA.

8.5 Time spent on any other financial reporting framework, including IFRS for SMEs, will not be considered in ascertaining whether this requirement has been met. The JSE may undertake an assessment of the applicant’s IFRS work previously performed in order to satisfy itself as to the acceptability of the IFRS adviser. This assessment may be done in consultation with the FRIP. The IFRS consulting referred to in paragraph 8.4 above must include a combination of the following:

(a) the review of financial statements before being issued to assess IFRS compliance;

(b) advising internal or external clients on the interpretation and/or application of IFRS in so far as recognition, measurement and disclosure of transactions are concerned;

**Introduction**

9.2 As a result of a need to disseminate relevant company information to the market on a real time basis, the JSE has established a system called the Stock Exchange News Service (“SENS”). All relevant company information received by SENS will be electronically transmitted to the SENS subscribers which include the major wire services, who will immediately disseminate such information to their customers. SENS will facilitate early, equal and wide dissemination of relevant company information, and will improve communication between applicant issuers and the market.

**Timely submission and release of relevant company information**

9.3 (a) All relevant company information must be released by the applicant issuer on the SENS system as soon as possible after authorisation by the applicant issuer. To promote the equal release of such information and confidentiality prior thereto, in terms of paragraph 3.5 of Section 3, price sensitive information may not, subject to paragraph 3.6 to 3.8, be released (even subject to a time embargo):

(i) during JSE trading hours, until such time as such information has been published through SENS in terms of paragraph 9.7 below; or

(ii) outside JSE trading hours, until such time as such information has been authorised by the applicant issuer and, if required, approved (in terms of paragraph 9.6 below), and arrangements have been made for such information to be published through SENS prior to the commencement of trading on the JSE on the next business day.

**Registration of submitters**

9.4 (a) The JSE will register the first user, called the Super User, for every sponsor, designated adviser, debt sponsor and issuer. These Super Users will be informed by email of their sign-on and password. A registered Super User is required to fill in the external registration form on the Issuer Regulation System for every additional user it wants to register on the system. On approval the new user will be notified by email.

(b) Only sponsors and designated advisers are allowed to submit SENS
announcements on behalf of equity applicant issuers. ETF issuers, debt issuers, interest rate issuers and warrant issuers are allowed to submit their own announcements or they can submit through their sponsor. Regulatory bodies are allowed to submit their own announcements.

**Method and form of submission**

9.5 (a) Relevant company information must be submitted to SENS through the JSE website.

(b) As indicated in paragraph 3.45 of Section 3, the relevant company information must be in English and must conform to the specifications set out in this schedule, to prevent any delay in publication through SENS.

(c) A maximum of 400 characters per line is allowed.

(d) File names should not include any of the following characters #, %, &, *, <, >, ?, |, { or }.

(e) The pdf file must not exceed 3.5 megabyte.

(f) Tab spacing must not be used. If columns with figures are necessary, they must be aligned using the space bar and not with tab spacing.

**Approval of certain submissions**

9.6 (a) Company announcements requiring JSE approval will, be forwarded to the relevant JSE staff for approval. The relevant JSE staff will scrutinise the announcement as soon as reasonably possible. If the relevant JSE staff approve the announcement without any comments thereon, the relevant JSE staff will immediately communicate their approval to SENS. However, if the relevant JSE staff approve the announcement subject to certain required amendments, the relevant JSE staff will communicate such amendments to the sponsor or submitter and the announcement will be required to be resubmitted. This procedure will continue until the announcement is approved by the JSE and SENS has been notified by the JSE of such approval. After receiving approval from the JSE staff, SENS will release the announcement on the date and time as stipulated by the submitter on the activity tab.

(b) If a company announcement requires the approval of another regulatory authority, e.g. the South African Reserve Bank, Panel or the Competition Board, the sponsor of the company, as indicated in paragraph 9.3 above, must state on the activity tab whether or not such regulatory approval has been obtained.

**Publication through SENS**

9.7 (a) All company information will be published through SENS as soon as practically possible after such information has been approved (if necessary) in terms of paragraph 9.6 above.

(b) Publication through SENS will take place by the SENS system electronically transmitting the company information to SENS subscribers, which include the major wire services, who will immediately disseminate such information to their customers.

**SENS Processing**

9.8 (a) Submission of documents will be processed on a “first-in-first-out” basis.

(b) Only documents submitted in PDF and TXT file formats will be accepted.
Publication on other markets

9.9 (a) After relevant company information relating to an applicant issuer with a primary listing on the JSE has been approved by the JSE (if necessary) in terms of paragraph 9.6 above, such applicant issuer must, as indicated in paragraph 3.81 of Section 3, ensure that the same information is made available to each other exchange on which its securities are listed, and, as far as possible, ensure that such information is released simultaneously on the respective markets. If, however, such information is published through SENS at any time when it cannot be released on another market or exchange, it must be published as soon as possible thereafter on the other relevant market(s)/exchange(s) in accordance with such market(s)/exchange(s) disclosure requirements. Relevant company information relating to an applicant issuer with a primary listing on the JSE may not be released on any other market/exchange, unless it is released in terms of paragraph 9.3(a) above.

(b) Applicant issuers with a secondary listing on the JSE should, as far as possible, ensure that the same relevant company information is published, through SENS, at the same time that it is released on any other market/exchange on which its securities are listed. If, however, such information cannot simultaneously be published through SENS because it is released on the other market/exchange outside of SENS operational hours, the company should ensure that such information is published through SENS as soon as possible but no later than the next time that trading on JSE commences.

(c) Sponsors of applicant issuers with dual listings, should liaise with SENS and the other exchanges with a view to achieving the above objectives.

Confirmation of publication through SENS

9.10 Confirmation of publication through SENS will be sent electronically to the submitter in its preferred communication method as per the registration form. If additional confirmation is required, the additional notifications tab in the SENS submission must be completed.

Procedural requirements of SENS

9.11 Notwithstanding prior publication through SENS, relevant company information may be published in the press (in accordance with paragraphs 3.46 and 3.47 of Section 3) as soon as possible after it has been approved by the JSE (if necessary) in terms of paragraph 9.6 above.

Indemnity

9.12 (a) The JSE will endeavour to ensure that relevant company information submitted to SENS is published in the form submitted to SENS. The JSE, however, makes no undertaking, representation or warranty, either in this regard or as to the accuracy or completeness of the information published through SENS.

(b) The JSE shall, in particular, save in the event of the JSE’s own wilful default or gross negligence, not be liable either to the person submitting the relevant company information or to any other person for (or in respect of) any direct, indirect or consequential liability, loss, damage or cost of any kind or nature, howsoever arising and whether or not as a result of incorrect, inaccurate or defective information published through SENS, or the failure of any software or hardware, the destruction of data, system malfunction, interruption of communication links or eventuation of any
form of force majeure.

(c) Each applicant issuer indemnifies the JSE and holds the JSE harmless against all and any loss (direct, indirect or consequential), liability, action, suit, proceeding, cost, demand and damage of all and every kind or nature, directly or indirectly arising from reliance on or receipt or use of the service or from the provision of the service (or its failure) as well as, but not limited to, the circumstances set out above, save when such loss, liability, action, suit, proceeding, cost, demand or damage is directly attributable to the JSE’s own wilful default or gross negligence.

Copyright

9.13 Any person that submits relevant company information to SENS for publication is deemed to warrant to the JSE that it is the owner of the copyright and other intellectual property rights in such information (“the rights”) or, if it is not the owner of such rights, that it has submitted such information with the owner’s consent. The owner shall, in submitting or causing such information to be submitted to SENS, be deemed to have licensed the JSE to disseminate such information through SENS and the JSE shall, accordingly, not infringe any of the owner’s rights by so doing.

Schedule 10
Requirements for the MOI

No application for listing will be considered until the MOI of the applicant issuer has been approved by the JSE.

All amendments to the MOI of the applicant issuer must be submitted to the JSE for approval before such amendments are submitted to shareholders for approval.

The MOI must be in English and must comply with the requirements in this Schedule 10 in respect of the applicant issuer.

The requirements set out in this Schedule 10 are not exhaustive. The JSE will not allow the MOI to contain any provisions that are unlawful, will in any way restrict free dealings in securities (unless otherwise required by statute) or may, in the JSE’s opinion, be unreasonable.

There must be no provision in the applicant issuer’s and/or its subsidiary company/ies’ MOI that is in conflict with any provision in the Listings Requirements or that prevents the enforcement of any provision in the Listings Requirements. In the event that is the MOI contains such a provision, the applicant issuer must amend the MOI of the applicant issuer and/or its subsidiary company/ies accordingly.

This does not prevent the JSE from taking action against the relevant parties in terms of
Section 1 of the Listings Requirements.

Prior to harmonisation of the MOI with the Act and as of 1 May 2011, where the Listings Requirements prescribes a requirement which is not provided for in the unharmonised MOI and the Listings Requirement states that it must be provided for in the MOI then, until the MOI is harmonised, that requirement shall apply to the applicant issuer and to its directors, notwithstanding the fact that it has not yet been provided for in the unharmonised MOI.

Contents of MOI for applicant issuers

The following provisions must be included in the MOI of applicant issuers, unless otherwise indicated below:

10.1 Unissued securities

Unissued equity securities shall be offered to existing shareholders, pro rata to their shareholdings, unless such securities are to be issued for an acquisition of assets. However, the MOI must provide that shareholders in general meeting may authorise the directors to issue unissued securities, and/or grant options to subscribe for unissued securities, as the directors in their discretion deem fit, provided that such corporate action(s) has/have been approved by the JSE and are subject to the Listings Requirements.

10.2 Transferability of securities and transfer of securities

(a) Securities for which listing is sought must be fully paid up and freely transferable, unless otherwise required by statute. Notwithstanding the provisions of Section 40(5) of the Act, the JSE will not list shares that are not fully paid for upon listing.

(b) All authorities to sign transfer deeds granted by holders of securities for the purpose of transferring securities that may be lodged, produced or exhibited with or to the company at any of its transfer offices shall, as between the company and the grantor of such authorities, be taken and deemed to continue and remain in full force and effect, and the company may allow the same to be acted upon until such time as express notice in writing of the revocation of the same shall have been given and lodged at the company’s transfer offices at which the authority was lodged, produced or exhibited. Even after the giving and lodging of such notices, the company shall be entitled to give effect to any instruments signed under the authority to sign, and certified by any officer of the company, as being in order before the giving and lodging of such notice.

10.3 Ratification of ultra vires acts

The proposal of any resolution to shareholders in terms of Sections 20(2) and 20(6) of the Act must be prohibited in the event that such a resolution would lead to the ratification of an act that is contrary to the Listings Requirements; unless otherwise agreed with the JSE.

10.4 Rules

The directors’ power to make, amend or appeal rules as contemplated in Section 15(3) of the Act must be prohibited.

10.5 Preferences, rights, limitations and other share terms

(a) Securities in each class for which listing is applied must rank pari passu in respect of all rights. It must be noted that a statement that “securities in each class rank pari passu” shall be understood to have the meaning attributed thereto in paragraph 3.29 of the Listings Requirements.

(b) Every holder of an ordinary share must have one vote in respect of each share that he holds and must be entitled to vote at every general/annual
general meeting, whether in person or by proxy.

(c) The holders of securities, other than ordinary shares and any special shares created for the purposes of black economic empowerment in terms of the BEE Act and BEE Codes, shall not be entitled to vote on any resolution taken by the company, save for as permitted by paragraph 10.5(h) below. In instances that such shareholders are permitted to vote at general/annual general meetings, their votes may not carry any special rights or privileges and they shall be entitled to one vote for each share that they hold, provided that their total voting right at such a general/annual general meeting may not exceed 24.99% of the total voting rights of all shareholders at such meeting.

(d) Any amendment to the MOI must be approved by a special resolution of ordinary shareholders, save where such an amendment is ordered by a court in terms of Sections 16(1)(a) and 16(4) of the Act. Amendment, for the avoidance of doubt, shall include, but shall not be limited to:

(i) the creation of any class of shares;
(ii) the variation of any preferences, rights, limitations and other terms attaching to any class of shares;
(iii) the conversion of one class of shares into one or more other classes;
(iv) an increase in the number of securities of a class;
(v) a consolidation of securities;
(vi) a sub-division of securities; and/or

In such instances, the holders of such shares may be allowed to vote at the meeting of ordinary shareholders subject to paragraph 10.5(c) above. No resolution of shareholders of the company shall be proposed or passed, unless a special resolution, of the holders of the shares in that class, have approved the amendment.

(f) In addition to the above and for the avoidance of doubt, if there are listed cumulative and/or listed non-cumulative preference shares in the capital of the company, the following right must attach to such shares:

“No further securities ranking in priority to, or pari passu with, existing preference shares, of any class, shall be created without a special resolution passed at a separate general meeting of such preference shareholders.”

(g) Preferences, rights, limitations or other terms of any class of shares of a listed company must not be varied and no resolution may be proposed to shareholders for rights to include such variation in response to any objectively ascertainable external fact or facts as provided for in Sections 37(6) and 37(7) of the Act.

(h) Subject to the provisions of paragraph 10.5(c) above, the MOI may provide that holders of preference shares shall have the right to vote at any general/annual general meeting of the listed company—

(i) during any special period, as provided for in (iii) below, during which any dividend, any part of any dividend on such preference shares or any redemption payment thereon remains in arrears and
unpaid; and/or

(ii) in regard to any resolution proposed for the winding-up of the company or the reduction of its capital;

(iii) the period referred to in paragraph (i) above shall be the period commencing on a day specified in the MOI, not being more than six months after the due date of the dividend or redemption payment in question or, where no due date is specified, after the end of the financial year of the company in respect of which such dividend accrued or such redemption payment became due.

10.6 **Capitalisation issues**

Any capitalisation issue by an applicant issuer must at least be subject to the fulfilment of the requirements set out in Section 47 of the Act. The applicant issuer’s MOI may not call for any less stringent requirements.

The grant of the right of election must not be prohibited by the MOI.

10.13 **Transmission clause**
A provision to the effect that securities registered in the name of a deceased or insolvent holder shall be forfeited if the executor fails to register them in his own name or in the name of the heir(s) or legatees, when called upon by the directors to do so, will not be permitted.

10.14 **Commission**
The company may not pay commission exceeding 10% to any person in consideration for their subscribing or agreeing to subscribe, whether absolutely or conditionally, for any securities of the company.

Such a person must not be entitled to appoint or remove any director/s. The appointment of all directors shall be subject to shareholder approval at any general/annual general meeting (in relation to Main Board issuers, the meeting may not be conducted in terms of Section 60 of the Act). The
MOI may provide for the appointment of alternate directors in terms of the Act.

(c) The appointment of a director, to fill a casual vacancy or as an addition to the board, must be confirmed by shareholders at the next annual general meeting.

(d) Should the number of directors fall below the minimum provided in the MOI, the remaining directors must, as soon as possible, and, in any event, not later than three months from the date that the number of directors falls below the minimum, fill the vacancies or call a general meeting for the purpose of filling the vacancies. A failure by the listed company to have the minimum number of directors during the three-month period does not limit or negate the authority of the board of directors or invalidate anything done by the board of directors or the company. After the expiry of the three-month period, the remaining directors shall only be permitted to act for the purpose of filling vacancies or calling general meetings of shareholders.

(e) A director may be employed in any other capacity in the company or as a director or employee of a company controlled by, or itself a major subsidiary of, the company and, in such event, his appointment and remuneration in respect of such other office must be determined by a disinterested quorum of directors.

(g) In a new company, all the directors are to retire at the first annual general meeting. Thereafter, at least one-third of non-executive directors must retire at the company’s annual general meeting (or other general meeting held on an annual basis), provided the meeting is not conducted in terms of Section 60 of the Act in respect of Main Board issuers. These retiring members of the board of directors may be re-elected, provided they are eligible. The board of directors, through the nomination committee, should recommend eligibility, taking into account past performance and contribution made.

(h) [Repealed]

(i) The directors shall be entitled to elect a chairman, deputy chairman and/or any vice chairman and to determine the period for which they, respectively, shall hold office.

(j) A decision that could be voted on at a meeting of the board of directors of a company may, instead, be adopted by written consent of a majority of the directors, given in person or by electronic communication, provided that each director has received notice of the matter to be decided. Such resolution, inserted in the minute book, shall be as valid and effective as if it had been passed at a meeting of directors. Any such resolution may consist of several documents and shall be deemed to have been passed on the date on which it was signed by the last director who signed it (unless a statement to the contrary is made in that resolution).

(k) Life directorships and directorships for an indefinite period are not permissible.

11.2 The JSE may modify the requirements in paragraphs 9.20 to 9.29 and 5.51 to 5.53 regarding the preparation of a circular and the obtaining of shareholder approval, if the company:
   (a) can demonstrate that it is in severe financial difficulty; and

   (b) confirmation from the issuer’s sponsor that, in its opinion and on the basis of information available to it, the issuer is in severe financial difficulty and that it will not be in a position to meet its obligations as they fall due unless the disposal or issue of shares for cash takes place according to the proposed timetable;

Schedule 12
Working capital

Introduction

12.1 The JSE wishes to advise that it has received numerous requests from sponsors for guidance on their responsibility and that of the listed company in terms of the letter that the JSE requires from sponsors on working capital statements in terms of paragraph 2.12 of Section 2.

The JSE has decided to issue guidance on this matter in order to dispel some of the uncertainty prevailing within the industry regarding this issue. It should be noted that the following are minimum requirements and does not absolve sponsors from their duty to carry out additional procedures that might be appropriate or warranted in a particular case.

Compliance with paragraph 2.12 of Section 2 will remain the responsibility of the sponsor, but the board of directors of the issuer will be responsible for undertaking the necessary procedures to provide sponsors with the comfort necessary to issue the required letter.

Directors’ responsibilities

12.2 Directors are required to perform the following as a minimum:

(a) the financial director must prepare a working capital pack (as defined in 12.5) and a qualifying quorum of the board of directors, including the chairman of the audit committee (“the directors”) must approve the working capital pack;

(b) the financial director must obtain written confirmation from facility providers addressed directly to the sponsor(s) confirming that all facilities are currently in place and that facility providers are not in the process of
reviewing the facilities with a view to withdrawing them;

(c) if there are renewable clauses underlying the provision of the facilities, then the financial director must obtain confirmation from the providers (addressed to the sponsors) that there is no reason why the facilities would not be renewed subject to any reasonable obligation being satisfied;

(d) a resolution must be passed by the directors stating that the working capital available to the group is sufficient for its present requirements, that is, for at least the next twelve months from the date of issue of the relevant document. This resolution must be passed after due and careful enquiry has been made by the directors on the working capital requirements of the group for the next twelve months; and

if the company decides to use the services of their accountants/auditors to perform any of the above-mentioned, then the sponsor must be informed. In such instance the directors must confirm to the sponsor that they have reviewed the auditor’s work and that they are satisfied with it.

Sponsors’ responsibilities
12.3 Sponsors are required to perform the following as a minimum:

(a) a meeting must be held with the directors in order to explain the implications of the working capital statement;

(b) the sponsor must advise the directors of their obligation to exercise reasonable care in performing their duties in relation to the working capital statement;

(c) the sponsor must obtain the written confirmation referred to in 12.2(b) and (c) above;

(d) the sponsor must obtain a working capital pack (as defined in 12.5 below) from the directors and should, as a minimum:

   (i) obtain a letter of representation from the directors confirming that they have carefully considered all matters relating to the working capital statement, have brought all material matters to the attention of the sponsor and that the working capital available to the group is sufficient for at least twelve months from the date of issue of the relevant document;

   (ii) be satisfied that, prima facie, the working capital pack supports the directors’ statement on the working capital.

Working capital pack
12.4 The working capital pack must include the following:

(a) a working capital forecast for at least the next 12 months (in compiling such working capital forecast it is a requirement that any other forecasts, such as income, expenditure, cash flows, statement of financial position and other items, are made that are necessary in preparing the working capital forecast);

(c) a review of cash flow projections and future commitments;

(h) if the company uses the auditors to produce the working capital pack then this must be stated in the working capital pack; and

(i) if the company used the auditors to produce the working capital pack it should include details of the work performed by the directors to evaluate the work of the audit.

Schedule 14
Requirements for share incentive schemes

Share option schemes and share incentive schemes ("schemes") are to be used to incentivise staff and may not be used for trading purposes. The following provisions apply to all schemes involving the issue of equity securities (including options) by issuers (or trusts or special purpose vehicles formed for this purpose) to, or for the benefit of, employees and other persons involved in the business of the group and which result in a dilution of the shareholding of equity securities holders in the issuer or applicant. This includes the issue of equity securities from the authorised but unissued share capital, as well as the use of equity securities held as treasury shares. The rules set out below apply to schemes as contemplated for companies at listed company level and also to schemes of all subsidiaries of issuers which provide for the issue of equity securities in the listed holding company.

The JSE must be consulted on the application of these provisions to schemes intended to apply to employees of associates.

14.1 The scheme must be approved by equity securities holders passing an ordinary resolution (requiring a 75% majority of the votes cast in favour of such resolution by all equity securities holders present or represented by proxy at the general meeting to approve such resolution) and must contain provisions relating to:

(a) the category of persons to whom, or for the benefit of whom securities may be purchased or issued under the scheme ("participants");

(b) the number of equity securities which may be utilised for purposes of the scheme must be stated and this number may not be exceeded without equity securities holders’ approval as required above. Use of the wording “from time to time” or a percentage is prohibited;

(c) a fixed maximum number of equity securities for any one participant;

(d) (i) the amount, if any, payable on application or acceptance, subscription or exercise, as the case may be;
(ii) the basis for determining the price (if any and regardless of the form that it takes) payable by participants and the period after or during which such payment must be made. This must be a fixed mechanism for all participants. Repricing of options is prohibited; and

(iii) the period in which payments, or loans to provide the same, may be paid;

e) the voting, dividend, transfer and other rights, including those arising on a liquidation of the issuer, attaching to the securities and to any options (if appropriate);

f) the basis upon which awards are made;

g) the treatment of options (vested and unvested) in instances of mergers, takeovers or corporate actions; and

(h) the rights of participants who leave the employment of the issuer whether by termination, resignation, retirement or death insofar as their early departure from the scheme is concerned.

14.2 The provisions relating to the matters contained in paragraph 14.1 above cannot be altered without the prior approval of equity securities holders in accordance with paragraph 14.1 above, excluding all the votes attaching to all equities securities owned or controlled by persons who are existing participants in the scheme. Only the equity securities which have been acquired in terms of the relevant scheme and may be impacted by the changes will be excluded from the said vote.

14.3 (a) The scheme must provide, in the event of a sub-division or consolidation of securities, for an adjustment to the number of equity securities that may be utilised in terms of paragraph 14.1(b) above and the amount payable in terms of paragraph 14.1(d) above. Such adjustment should give a participant entitlement to the same proportion of the equity capital as that to which he was previously entitled.

(b) The scheme may provide, in the event of a capitalisation issue, a special dividend, a rights issue or reduction of capital for adjustment to the fixed maximum number in paragraph 14.1(c) above and the amount in terms of paragraph 14.1(d) above. Such adjustment should give a participant entitlement to the same proportion of equity capital as that to which he was previously entitled.

(c) The issue of equity securities as consideration for an acquisition, the issue of securities for cash and the issue of equity securities for a vendor consideration placing will not be regarded as a circumstance requiring adjustment.

(d) The company’s auditor, or other independent advisers acceptable to the JSE must confirm to the JSE, in writing, that any adjustments made in terms of paragraph 14.3 are in accordance with the provisions of the scheme. Such written confirmation must be provided to the JSE at the time that any such adjustment is finalised.

(e) Any adjustment made in accordance with paragraph 14.3 above must be reported on in the issuer’s annual financial statements in the year during which the adjustment is made.

(f) Allocated equity securities which are not subsequently issued to the identified participant/s, for example as a result of forfeiture, must revert back to the scheme.

14.4 Executive directors may not be appointed as trustees of schemes. Non-executive
directors, subject to any restriction as contained in the Act, may be appointed as trustees of the scheme, provided that they do not benefit from the scheme.

14.5 The trustees may not be participants under the scheme.

14.6 The resolution to approve a scheme must make specific reference to the scheme and be accompanied by either the full scheme or a summary of the principal terms as set out in paragraphs 14.1 and 14.3 above and must be circulated to equity securities holders.

14.7 The scheme document, if not circulated to the equity securities holders, must be available for inspection by equity securities holders during normal business hours at the issuer’s registered office and in Johannesburg. The full scheme must be open for inspection for a reasonable period of time (being not less than 14 days).

14.8 The issuer must summarise in its annual financial statements the number of securities that may be utilised for purposes of the scheme at the beginning of the financial year, changes in such number during the accounting period and the balance of securities available for utilisation for the purposes of the scheme at the end of the financial year.

14.9 With regards to the trading of shares on behalf of schemes, the following requirements apply:

(a) equity securities may only be issued or purchased by a scheme once a participant or group of participants to whom they will be allocated, has been formally identified (e.g. applicants to whom options over securities have been issued);

(b) equity securities held in trust may only be sold:
   (i) once the employment of a participant has been terminated or a participant is deceased; or
   (ii) on behalf of the participant, once the rights of ownership have vested;

(c) unless a scheme explicitly provides for the purchase of securities through the market, in order to satisfy obligations in terms of the scheme, no purchases through the market will be permitted. Any shares purchased through the market will not be taken into account when calculating the number of shares utilised by the scheme;

(d) the provisions of paragraphs 3.63 to 3.74 apply mutatis mutandis to any dealings by the issuer or a scheme involving securities relating to the scheme, save for the circumstances pursuant to paragraph 3.92 being present;

(e) a scheme may not purchase securities during a prohibited period as defined in paragraph .67 unless it has in place a purchase programme where the dates and quantities of securities to be traded during the relevant period are fixed (not subject to any variation) and has been submitted to the JSE in writing prior to the commencement of the prohibited period. The issuer must instruct an independent third party, which makes its investment decisions in relation to the issuer’s securities independently of, and uninfluenced by, the issuer, prior to the commencement of the prohibited period to execute the purchase programme submitted to the JSE; and

(f) in the event that the purchase was made during a prohibited period through a purchase programme pursuant to paragraph 14.9(e), an announcement must be made pursuant to paragraph 14.9(d) which must include a statement confirming that the purchase was put in place pursuant to a purchase programme prior to prohibited period in accordance with the
Listings Requirements.

14.10 Equity securities held by a share trust or scheme will not have their votes at general/annual general meetings taken into account for the purposes of resolutions proposed in terms of the Listings Requirements. Such equity securities will also not be taken into account for purposes of determining categorisations as detailed in Section 9.

General

14.11 Any issue of equity securities to employees, which do not fall within the rules of an issuer’s scheme, will be treated as a specific issue of shares for cash as contemplated in paragraph 5.51.

14.12 Rolling over (including the arrangement assuming that equity securities which have already vested and been issued in terms of the scheme, and which usually revert back to the number referred to in paragraph 14.1(b) after a 10-year period) is prohibited.

14.13 Back-dating of options i.e. the practise of issuing options retrospectively is not permitted. The date upon which the decision to issue options is determined must be the date upon which all the components relating to the scheme i.e. the strike price, etc., are determined.

Schedule 15

Standard wording for cautionary announcements

The following three announcements comprise what is generally accepted to be the standard cautionary announcements acceptable to the JSE. They should be drafted from the alternatives presented in this schedule to read sensibly and meaningfully given the circumstances that have given rise to their necessity. However, applicant issuers should be aware that these announcements contain the minimum disclosure requirements acceptable to the JSE and wherever possible should publish cautionary announcements containing more detailed information.

First cautionary announcement

15.1 “Cautionary announcement

Shareholders are advised that [the company has entered into negotiations, which if successfully concluded] [there has been an event/circumstances/new developments relating to the company, the full impact of which is/currently being determined and which] may have a material effect on the price of the company’s securities. Accordingly, shareholders are advised to exercise caution when dealing in the company’s securities until a full announcement is made.”

Renewal of existing cautionary

15.2 “Further cautionary announcement

Further to the cautionary announcement(s) dated …………………………………………., shareholders are advised that [negotiations are still in progress which, if successfully concluded], [the full impact of the event/circumstances/new developments is/are still being determined, and that this event/these circumstances/these new developments] may have a material effect on the price of the company’s securities. Accordingly, shareholders are advised to continue exercising caution when dealing in the company’s securities until a full announcement is made.”
Withdrawal of cautionary

15.3 “Withdrawal of cautionary announcement:
Shareholders are referred to the cautionary announcement(s) dated ...................., and are advised that as [negotiations have been terminated] [the contents referred to therein have ceased to have any relevance or effect on the company], caution is no longer required to be exercised by shareholders when dealing in their securities.”

Schedule 16

Sponsors

This schedule contains certain Listings Requirements applicable to sponsors and should be read with Section 2.

Introduction

16.1 This schedule sets out the Listings Requirements of the JSE pertaining to the eligibility criteria of sponsors.

16.2 A sponsor may be a company, partnership or sole proprietor with sufficient executive staff to execute all sponsor requirements and responsibilities in accordance with the Listings Requirements.

16.3 The responsibilities of a sponsor are set out in Section 2.

Qualifications for approval

16.4 A sponsor must satisfy the JSE:
(a) that it is competent to discharge the responsibilities of a sponsor; and
(b) that it accepts the responsibilities of a sponsor and agrees to discharge those responsibilities at all times to the satisfaction of the JSE.

Eligibility criteria

16.5 The following criteria must be met by a sponsor in order to satisfy the JSE that it is competent to fulfil the role of sponsor:

(a) Employment of staff with relevant experience
   (i) a sponsor will be expected to have staff who have considerable relevant corporate finance experience;
   (ii) a sponsor must be able to demonstrate to the JSE’s satisfaction, that at least three of its executive staff:
       (1) were registered as Approved Executives by the JSE as at 15 August 2008 and will continue to be so classified subject to paragraphs 16.5(a)(iv) and 16.14; or
       (2) have passed an examination* as approved by the JSE from time to time (“the examination”);

* The examination will be preceded by a course but attendance will be voluntary unless a candidate failed the examination after which attendance will be compulsory before being allowed to write the examination again.
such executive staff will be classified as Approved Executives and recorded as such by the JSE.

(iii) An Approved Executive who is providing the supervision referred to in paragraph 16.5(a)(ii) above must:

(1) notify the JSE in writing at the commencement of the relevant period, providing full details of the candidate; and

(2) declare to the JSE at the end of the relevant period, that the candidate is suitable to be an Approved Executive who will be able to properly fulfil all the responsibilities of a sponsor.

If a candidate moves from one employer to another and wishes to continue with his programme of practical experience, then arrangements must be made in order that an Approved Executive with the new employer continues with the necessary supervision. Before embarking on this exercise, the Approved Executive must obtain full details of the candidate’s previous experience.

(iv) From time to time, the JSE will arrange courses relating to the Listings Requirements and all Approved Executives must attend these, within the time periods prescribed by the JSE, in order to remain registered.

In such instance such sponsor must have at least one executive approved as an Approved Executive by the JSE. In this instance the JSE will record whichever executive staff members have qualified for Approved Executive classification as well as the details of the other sponsor staff employed (“employment status”). The JSE reserves the right to review such sponsor’s status if and when there is any change to such sponsor’s employment status, which must be notified to the JSE within 48 hours of such change.

(b) **Adequate supervision of staff**

(c) **Sufficiency of staff**

(i) arrangements must be in place to ensure that a sufficient number of Approved Executives are always available to ensure that the sponsor’s responsibilities are properly discharged at all times.

(d) **Independence and objectivity in professional dealings**

(i) a sponsor may not act for an applicant issuer if:

(a) the JSE believes, in its sole discretion, that the sponsor’s procedures to ensure and maintain independence and objectivity in professional dealings in relation to the applicant issuer and a corporate action, as disclosed in the Schedule 17 by the sponsor pursuant to this Schedule 16, cannot be achieved and/or maintained; or

(b) the sponsor is also the applicant issuer or is a subsidiary, an associate or a division of the applicant issuer, save for the routine administrative issues pursuant to Practice Note 1/2003;

(ii) (a) a sponsor must provide details of any matters that might reasonably be expected to impair its independence and objectivity in its professional dealings in relation to the applicant issuer to the applicant issuer in respect of an ongoing appointment. (b) sponsor must provide details of any matters that might reasonably be expected to impair its independence and objectivity in its professional dealings in relation to the applicant issuer and a corporate action in which it acts as sponsor by completing Schedule 17 and submitting same to the JSE. A sponsor must also disclose details of any such conflicts pursuant to the provisions of paragraph IV (Conflicts of Interest) Appendix to Schedule 16.

The application process

16.6 Applications to become a sponsor must be made to the JSE by submitting the sponsor application form as set out in Schedule 2 Form D4.

16.7 An applicant will be required to nominate a person to act as the primary contact with the JSE concerning the application.

16.8 The JSE will advise the applicant of the result of the application in writing.

Fees

16.9 The relevant fees, as determined by the JSE from time to time, are published and available on the JSE’s website, www.jse.co.za, per Section 17.

16.10 If annual subscription fees payable by a sponsor are not paid by 31 January of any year, no document from such sponsor will be accepted for submission to the JSE until the fees have been paid in full.
Register

16.11 A register of sponsors will be published by the JSE.

Designations

16.12 A sponsor will be able, but not required, to state on its business documentation that it is a sponsor registered with the JSE and may similarly disclose its Approved Executives.

Continuing requirements

Annual confirmation

16.13 Each time the annual subscription is paid, sponsors are required to submit a sponsor annual compliance certificate to the JSE complying with Schedule 2 Form D3 and confirm to the JSE whether or not it still meets the eligibility criteria, and specifically, whether or not it continues to have a minimum of three Approved Executives in its employ.

16.14 Individuals who wish to remain as registered Approved Executives must submit a sworn affidavit to the JSE by no later than 31 January of each year confirming that they were actively involved in providing advice on the application of the Listings Requirements during the previous twelve months and that they will continue to do so in the next twelve months. Failure to make this submission will result in the removal of the individual from the register.

Issues affecting approved executive status

16.15 Whenever an Approved Executive of a sponsor resigns and moves employment to another sponsor, such person must notify the JSE.

Issues affecting sponsor status

16.16 A sponsor, excluding sponsors appointed in terms of paragraph 16.5(a)(vi) above, must inform the JSE within 48 hours, in writing, if any of its Approved Executives leave its employment (including the situation where an Approved Executive is no longer physically present in the sponsors offices and providing advice to issuers) and, if such departure causes the sponsor to have less than three Approved Executives in its employ it will have a period of three months in which to re-satisfy the eligibility criteria detailed in paragraph 16.5 above, failing which (unless the JSE provides dispensation in terms of paragraph 16.5(a)(vi)) the sponsor’s status will be suspended until such criteria are satisfied. The JSE will publish such details of the suspension of sponsors.

16.17 A sponsor may resign as a sponsor by giving written notice to the JSE and the relevant applicant issuer.

16.18 If the departure of Approved Executives results in a sponsor no longer having any Approved Executives, the JSE will suspend the sponsor’s status, announcing same through SENS, until the sponsor re-qualifies in accordance with paragraph 16.5.

16.19 If, at any time, the JSE considers that a sponsor or Approved Executive is no longer competent, the JSE may suspend the sponsor or Approved Executive on reasonable notice to the sponsor. If the sponsor or Approved Executive is dissatisfied with the JSE’s decision in this regard they should notify the JSE in accordance with paragraph 1.4 of Section 1.

16.20 Notwithstanding acceptance by the JSE of a sponsor’s resignation, or withdrawal by the JSE of a sponsor’s status, the sponsor shall continue to be subject to the jurisdiction of the JSE for a period of one year following the resignation or
withdrawal of status.

16.21 A sponsor must immediately notify the JSE by e-mail and letter if any of the events below occur (failure to make full and timely disclosure to the JSE may result in disciplinary action against the sponsor):

(a) any of the sponsor’s Approved Executives are:
   (i) convicted of an offence resulting from dishonesty, fraud or embezzlement;
   (ii) censured or fined by a self regulatory organisation, or recognised professional body;

16.24 The JSE may request the sponsor, at any time, to make an electronic version of the procedures manual available for inspection by the JSE.

16.25 The JSE may request the sponsor, at any time, for a written explanation on how any or all of the procedures were implemented in relation to any matter.

Preamble

The JSE Code of Ethics and Standards of Professional Conduct (“Code and Standards”) is essential for the maintenance of exceptional regulation in the listed environment. All sponsors, designated advisers, debt sponsors and their approved executives (“Sponsors and Executives”) must adhere to the Code and Standards.

Code of ethics

B  **Professional Competence and Due Care.** Sponsors and Executives have an ongoing duty to maintain their professional knowledge and skill at such a level as to ensure that their clients receive competent and professional service in line with up-to-date developments in professional and best practice, legislation and the Listings Requirements. Sponsors and Executives should act diligently and in accordance with applicable technical and professional standards when rendering professional services.

C  **Confidentiality.** Sponsors and Executives should respect the confidential nature of information acquired in the context of professional and business relationships. In the event where there is any conflict of these laws and/or rules, regulations or codes, Sponsors and Executives must comply with the more onerous of the law, rule, regulation or code.

B Independence and Objectivity. Sponsors and Executives must exercise reasonable care and judgment in order to achieve and maintain independence and objectivity in their professional dealings. Sponsors and Executives must not offer, solicit, or accept any gift, benefit, compensation or consideration that may reasonably be seen to compromise their independence or objectivity.

C Faithful Representation. Sponsors and Executives must not knowingly make any misrepresentations or omissions of fact in relation to the provisions of the Listings Requirements. Sponsors and Executives must, without delay, inform the JSE in the event that they become aware of any such misrepresentations or omissions of fact by, or on behalf of, their clients (whether existing, former or prospective).

D Misconduct. Sponsors and Executives must not engage in any conduct involving dishonesty, fraud, deceit or the commission of any act that may reflect adversely on the JSE or on the professional reputation, integrity, or competence of the Sponsor or Executive.

II Integrity of capital markets

A Price Sensitive Information. Sponsors and Executives in possession of price-sensitive, information must not trade on or disclose this information to third parties (unless a legal obligation of disclosure exists).

B False Markets. In order to protect the integrity of the capital markets, Sponsors and Executives must refrain from prohibited market practices and false statements, as stipulated in the FMA, and take steps to make their clients aware of their responsibility in this regard.

III Duties to clients

A Prudence and Care. Sponsors and Executives should act with reasonable care.

B Fair Dealing. Sponsors and Executives must deal fairly and objectively with all clients when furnishing advice on the Listings Requirements or engaging in other professional practices relating to their duties as sponsors.

C Preservation of Confidentiality. Sponsors and Executives must keep confidential all information pertaining to existing, former and prospective clients, unless:

IV Conflicts of interest
A Disclosure of Conflict. Sponsors and Executives (excluding debt sponsors) must make full and fair disclosure to their clients, the JSE (in a Schedule 17) and the shareholders of the applicant issuer of all matters that might reasonably be expected to impair their independence and objectivity in their professional dealings with the applicant issuer or in relation to the corporate action. Details of any such conflicts of interest must also be included in any prospectus/pre-listing statement or circular of the applicant issuer. Sponsors and Executives must ensure that such disclosure is presented prominently under a separate heading, is worded in plain language and that it communicates effectively the nature and extent of the conflicts as well as the procedures that are in place to manage/mitigate such conflicts.

Schedule 18
**Corporate action timetables**

This schedule contains the principles and timetables applicable to all corporate actions.

**Principles applicable to all corporate actions**

18.1 The following principles apply to all corporate actions:

(a) all timetables are based on business days and not calendar days;

(b) settlement takes place three business days after trade \((T + 3)\);

(c) the record date ("RD") is the date on which the register must be in final form;

(d) the record date must be on a Friday unless the Friday is public holiday in which case it will be on the last business day of that week;

(e) the last day to trade ("LDT") must be three trading days before record date. To be recorded in the register on the record date, trade must take place three trading days before the record date;

(f) on declaration date ("DD") an announcement must be published including the declaration data. The declaration date must be on or before the date of issue/posting of any circular and/or other documents and must be at least thirteen business days before the record date;

(g) an announcement including the finalisation information must be made on or before the finalisation date ("FD") which must be at least eight days before the record date and at least five days before the last day to trade;

(h) declaration data and finalisation information can be announced on the same day as long as the announcement is published at least thirteen days before the record date;

(i) changes to the pertinent details of a corporate action between finalisation date and the last day to trade will result in the cancellation of the corporate action;

(j) the securities concerned will trade ex entitlement on the first business day after the last day to trade;

(k) any corporate action must be declared unconditional on or before the finalisation date;

(l) with respect to securities affected by a corporate action, no dematerialise or rematerialise orders will be processed in respect thereof from the business day following the last day to trade up to and including the record date but will recommence on the first business day after the record date. The certificated register will be closed for this period;

(m) suspension and removal of a listing as a result of a corporate action will always take place at the commencement of business;

(n) all ratios or basis for cash payments (which cash payments are measured in cents) must be reflected to five decimal places;

(o) in respect of fractional entitlements that arise, all allocations of securities will be rounded down to the nearest whole number resulting in allocations of whole securities and a cash payment for the fraction. The weighted average traded price for LDT + 1 less 10% must be used as the cash value. An applicant issuer must release an announcement on LDT +2 in respect of the cash value determined;

(p) all affected securities holders will have to anticipate their holdings on the record date by taking into account all unsettled trades concluded on or
before the last day to trade which are due to be settled on or before record date. This will enable affected securities holders to provide their CSDP or broker with their election based on their anticipated holdings by the election deadline;

(q) elections not made by the election deadline will result in the default provisions set out in the relevant corporate action being applied by the CSDP in respect of those securities for which no election has been made;

(r) Information to be included in all documentation:

(i) wherever reference is made to holders of securities of a company the procedures for certificated and dematerialised holders of securities must be detailed;

(ii) the surrender of securities certificates will only apply to certificated securities holders and the surrender forms must state this;

(iii) in the case of dematerialised holders of securities the CSDP or broker will automatically take care of the equivalent of the surrender of securities certificates;

(iv) election forms only apply to certificated holders of securities and the election forms must state this. The circular and/or documents must also state that the dematerialised holders of securities election must be provided to their appointed CSDP or broker in the manner and time stipulated in the custody agreement entered into between the holder of securities and the CSDP or broker;

(v) the form of proxy included in the circular and/or documents must state that it is for completion by certificated holders and dematerialised holders who have “own name” registration of securities only. The documentation must state that dematerialised holders of securities who wish to attend the general/annual general meeting must inform their CSDP or broker of their intention and the CSDP or broker will issue them with the necessary documentary authorisation to attend and vote at such meeting. Alternately, should they not wish to attend the meeting in person, holders of securities may provide their CSDP or broker with their voting instruction and such CSDP or broker will complete all necessary documentation and action same in order for the holders of securities vote(s) to be taken account of at such meeting;

(vi) the salient dates section of the circular and/or documents must include all the dates in the declaration data and finalisation information. The definitions for these dates must be included in the “definitions” section of the circular and/or document; and

(vii) if new securities are to be issued, holders of securities must be given the option to receive the new securities in certificated or dematerialised form;

(s) the timetables in this schedule do not include election dates or deadlines due to such dates varying between brokers and CSDPs and their clients in respect of the dematerialised environment in terms of the agreements between clients and their brokers or CSDPs and yet another date in respect of the certificated environment. However, issuers must take account of such dates of election for each corporate action and must clearly indicate in documents and announcements the dates, taking account of the varying dates of election applicable to investors in the dematerialised environment as well as the date of election for certificated securities holders;

(t) rights offer declaration announcements must clearly indicate as to whether
excess applications are allowed or not; and

(u) any restrictions that may be applicable with regard to an offer (which includes a rights offer) must be disclosed in the declaration SENS announcement and press announcement (where applicable), clearly stating whether restrictions on foreign shareholders apply or not, and where possible, the relevant jurisdictions that are affected.

Introduction

During the various presentations on the 2003 Listings Requirements which became effective 1 September 2003, certain issues were raised which have prompted the JSE Limited (“JSE”) to provide clarity and guidance on those Requirements in the form of this Practice Note.

Year-end results

The following guidance is provided by the JSE regarding the announcement of year-end results and publication of annual financial statements in order to remove any confusion that may have arisen as a result of incorrect interpretation of the new listings requirements (“LR”) dealing with these issues.

The different scenarios that may occur regarding announcements of year end results and publication of financials is as follows:
Circulars and notices of annual general meetings

In instances where the Listings Requirements require an applicant issuer to send a circular to its securities holders (including but not limited to general issues of shares for cash, general repurchases and general payments), the JSE will allow the circular to be substituted by the required disclosure being made in the applicant issuer’s annual report/annual financial statements provided all the required information is either:

(a) included in the notice of annual general meeting; or
(b) clear cross references are included in the notice of annual general meeting indicating where in the annual report/annual financial statements the information can be obtained.

Sponsors

Applicant issuers are required to have an appointed sponsor at all times with effect from 1 January 2004. Applicant issuers may utilise the services of a non-independent sponsor, as contemplated in paragraph 2.3, for certain routine administrative issues provided that a lead independent sponsor is appointed for all other transactions/corporate actions. The routine administrative issues that the JSE will accept are as follows:

(a) submission of periodic financial information in terms of paragraphs 3.11 to 3.25;
(b) notification of changes to the board of directors in terms of paragraph 3.59;
(c) disclosure of directors dealings in terms of paragraphs 3.63 to 3.74;
(d) additional listings in terms of an approved share incentive/option scheme;
(e) capitalisation issues and scrip dividends/cash dividend elections;
(f) general issues for cash;
(g) general repurchases;
(h) general payments;
(i) name changes;
(j) MOI/amendments; and
(k) category 2 transactions.

The JSE reserves the right in its sole discretion to require the appointment of an independent sponsor for the above routine administrative issues. Applicant issuers must ensure that an independent sponsor is appointed as soon as it becomes aware of a potential transaction/corporate action not included in the above.

Practice Note: 2/2015

Price Sensitive Information

Directors of issuers are currently required, and will continue, to apply their own discretion in determining what will constitute price sensitive information and in doing so directors must apply quantitative and qualitative measures to their assessment. If there is any uncertainty as to what constitutes price sensitive information, then the issuer’s sponsor must be consulted. If doubt remains, the issuer must assume that the information is price sensitive in order to avoid selective disclosure which could lead to confusion in the market. If in doubt, publish.

The definition of price sensitive information contains two key principles that require further guidance.

(i) Specific and Precise

The Requirements do not define what constitutes specific or precise information. What
may constitute specific or precise information in one situation may possibly not do so in another, depending on the surrounding circumstances. The European Court of Justice has accepted a definition of “Precise” to be where:

• The information indicates a set of circumstances which exists or may reasonably be expected to come into existence or an event which has occurred or may reasonably be expected to do so; and

• The information is specific enough to enable conclusions to be drawn as to the possible effect of that set of circumstances or event on the price of a share.

Specific should have a similar meaning and the grammatical meaning should also be considered.

Taking into account the above statements, it would be fair to say that a reasonable degree of certainty is required to conclude that information is specific or precise.

(ii) Material Effect

After confirming that the information may be specific or precise, issuers must assess whether such information may have a material effect on the price of the issuer’s securities. Materiality must be assessed both quantitatively and qualitatively. Issuers should be mindful that there is no firm figure (percentage change or otherwise) that can be set for any issuer as this will surely vary from issuer to issuer taking into account the variety of factors.

The JSE suggest that issuers also consider the following in making the assessment whether the information would have a material effect on the price of the issuer’s securities.

“Under the securities laws of the United States, information is material if a reasonable investor is likely to consider it significant in making an investment decision... ”.

From a Listings Requirements perspective consideration must be given whether the information could influence the economic decisions of investors in respect of the issuer’s securities. This assessment should take into consideration the anticipated impact of the information in light of (i) the whole of the issuer’s activities, (ii) the reliability of the source of the information and (iii) other market variables likely to affect the relevant listed securities in the circumstances. Information which is considered to be relevant to a reasonable investor’s decision includes information which affects:

• The assets and liabilities of the issuer;
• The performance, or the expectation of the performance of the issuer’s business;
• The financial condition of the issuer;
• The course of the issuer’s business;
• Major new developments in the business of the issuer; and
• Information previously disclosed to the market.

(iii) Board Policy

The JSE acknowledges and appreciates that various subjective tests must be applied by the directors of issuers and their sponsor in order to determine whether information is price sensitive information for purposes of the Requirements. On this basis, the JSE has spent a considerable amount of time and has consulted widely in the formulation of the above practice note which should be used as a tool by directors and sponsors to apply the correct interpretation to the meaning of price sensitive information.

The JSE therefore strongly advises issuers to have a policy in place to assist the directors in applying the provisions of this practice note on whether any details, directly or indirectly, relating to the issuer constitutes price sensitive information.

General: Administrative Issues

Guidance Letter: Rulings
Date: 21 June 2012

Background
With effect from 1 April 2006 the JSE Limited (“JSE”) introduced its revised documentation inspection fee structure. As part of that structure we introduced a fee for formal rulings. That fee was initially R3 000 (excluding VAT) and taking into account the annual inflationary increases currently sits at R3 930.

We remind you that the principle behind the introduction of this fee was that the staff of the Issuer Regulation Division (“Division”) spend a substantial amount of time considering these rulings which are then binding on the JSE.

The Division continues, as in the past, to provide general telephonic guidance and advice but such advice is not binding on the JSE. The Division deals with a high volume of calls during any given day and the information provided to us during telephonic discussions is, more often than not, incomplete.

Reminder of ruling request process
The following instances require payment of the ruling fee:

• Requests for dispensation from the Listings Requirements (“LR”);
• Requests for interpretation of the LR;
• Requests for guidance on the application of the LR; and
• Requests for confirmation that the LR have been correctly interpreted.

Furthermore we remind you that every ruling request must be accompanied by a letter from an approved executive of the Sponsor / Designated Adviser, which letter must contain their detailed consideration of the matter the subject of the ruling request. A standalone letter from a listed company will not be considered as a valid ruling request.
The JSE is committed to comply with the standard turnaround times of 5 business days for these ruling requests. It is likely however that in the instances of an incomplete submission or a highly complex matter that the turnaround times may become longer. We undertake to keep you informed about such potential delays.

**Revised approach to billing for ruling request**

The JSE has decided to revise the current billing model for ruling requests as in many instances:

- the ruling is highly complex or contains several different requests covering various sections of the LR; and
- complex interpretation matters or dispensation requests are not identified before the submission of a document and are left to be resolved as part of the documentation review process. (This practice in itself is undesirable as it can cause unnecessary delays to the standard documentation submission process).

In light of the above we wish to advise the following:

- the standard fee per ruling request (which is currently R3 930) can be charged multiple times despite the fact that there may be only one ruling request letter;
- a ruling fee may be charged, in addition to the standard documentation inspection fee, if during the course of the review process there are any complex dispensation or ruling requests.

Multiple charges can be made, inter alia, when the ruling request:

- cuts across more than one section of the LR. For example an additional fee would be charged in instances of a ruling request dealing with a categorisation (section 9) and a related party (section 10) matter; or
- is of a highly technical or complex nature, which requires extensive debate and consideration (for example for a complex multiple events transaction or a BEE deal).

As it relates to charging ruling fees during the documentation process, this will be done where the matter needs to be taken to the JSE’s technical committee for consideration. The additional billing will only be made if the second reader on the document believes that the additional charge is warranted. The JSE undertakes to be reasonable in this approach and will ensure that the Sponsor/Designated Adviser are advised if we believe additional fees should be charged.

This revised approach will be effective for all rulings and documents submitted on or after 1 July 2012.

**Guidance Letter: Submission of Agreements to the JSE**

**Date:** 14 August 2012

There has been some confusion on the point on how and when agreements should be submitted to the JSE in the submission, review and approval process (the “Submission Process”). Issuers are required to send out certain circulars to their shareholders within a fixed period of time pursuant to the JSE Listings Requirements and as such the status of the signed agreement/s become vital in the Submission Process.

We appreciate the commercial realities of transactions and that in certain cases agreements are in the process of being negotiated between the lawyers and/or other external parties by the time the first submission is contemplated or has reached the JSE. On this basis, the JSE has considered the matter internally and has come to the following suggested approach for the submission of agreements to the JSE in order to facilitate the Submission Process:

- The rule in principle: It is preferred that signed agreements are submitted to the JSE at the first submission.
• The compromise approach: If it is not possible (due to whatever reason) to submit signed agreements at first submission, the JSE is willing to facilitate the Submission Process and will accept draft agreements for review at first submission. Final signed versions of any agreements should however reach the JSE prior to informal approval being granted with copies duly marked-up reflecting clearly any and all changes to the agreements against the previous draft agreements submitted to the JSE. Should the compromise approach be elected, there are certain considerations that should be taking into account:

• Should the marked-up changes to the draft agreements be substantial, taking into account the complexities of the changes, the volume and number of agreements involved (the “considering factors”), the JSE will inform the sponsor that it will require more time to review and consider the additional changes to the agreements.

• The JSE will charge additional fees pro rata to the documentation fees, should the JSE be of the view that, based on the considering factors, more time and allocation of resources will be required to finalise the Submission Process. As a result the above compromise approach may have an impact on the timetable and fees of the transaction and as such this approach should be carefully considered prior or at an early stage of the Submission Process. It should be noted that minor marked-up changes to agreements would not trigger additional time or fees from a JSE perspective.

It is in the interest of all parties that the JSE review any documents (along with agreements) in the Submission Process in a swift and efficient manner. Where agreements are involved it would be beneficial to all parties to have the final signed agreements as soon as possible in order to avoid potential delays, confusion or extra fees.

**Guidance Letter: Information to be included in SENS announcements**

Date: 2 October 2013

The Issuer Regulation Division (“the Division”) wish to inform Sponsors and Designated Advisors that the following information is required to be included in the relevant SENS announcements issued on behalf of issuers. This information is used by various stakeholders and it is important that same is included.

• The source of the distribution with regards to payment of dividends, cash disbursements and capitalisation issues (i.e. whether it is capital or revenue in nature) must be disclosed in the declaration announcement.

• The ISIN for a Letter of Allocation with regard to a Rights Offer/Claw-back Offer must be included in the declaration announcement.

• With regard to schemes, if part elections (i.e. a combination of cash or shares) are possible, this fact together with what the default will be must be disclosed in the declaration announcement.

• The restrictions that exist in certain countries must be disclosed in the declaration announcement, specifically with regard to rights offers. Additionally, disclosure must be made on how non-residents are dealt with in a particular corporate action including whether they may participate or not.

Kindly note that dual-listed issuers must advise and obtain approval from the JSE with regard to the timetables for corporate actions stipulated in Schedule 24. Issuers must ensure that the JSE is notified in advance in order to ensure that the JSE can accommodate the processing of these corporate actions for shareholders on the South African share register. Please refer to the further information in the guidance letter dated 10 March 2010.

**Guidance Letter: Presentation of an AltX Business Plan**

Date: 25 August 2015
In order to ensure that companies applying for a listing on AltX are able to present a comprehensive business plan to the AltX Advisory Committee (“the Committee”), we have prepared this guidance letter. This process has become necessary as to standardise and improve the business plan presentations to ensure a fair and equitable process based on the information presented.

Set out below is the process to be followed prior to being granted an opportunity to present to the Committee.

In terms of paragraph 21.37 of the JSE Listings Requirements (the “Requirements”) the directors of the issuer, as well as the Designated Advisor (“DA”), must present, in person, a detailed business plan (including but not limited to historic and forecast financial information) to the Committee prior to being granted a listing. The Committee shall then advise the JSE as to the eligibility of the issuer. The JSE shall consider the advice of the Committee and exercise its discretion whether or not to grant the issuer a listing.

The JSE will only allow a first submission in respect of an AltX listing if the Committee has confirmed the eligibility of the applicant issuer in writing.

Various issues have recently arisen in respect of the presentation of the business plan and the JSE has therefore decided to issue a guidance letter in this regard.

The aim of this guidance letter is to prescribe the minimum content and process for a business plan to be submitted and presented to ensure that the Committee has all the relevant information to make an informed decision which in turn will avoid delays in the approval process.

It’s important to note that the Issuer Regulation Division (the “Division”) will assume full responsibility for this process with immediate effect. Members of the Capital Markets Division will still attend Committee meetings but will no longer be responsible for this process.

**Business Plan: Minimum Content**

1. **General Overview of the Issuer**
   
   The aim of the general overview is to provide general introductory information in respect of the issuer to the Committee, which must as a minimum address the following:
   
   - Full name and registration number of the issuer and major subsidiaries;
   - Place and date of incorporation of the issuer and major subsidiaries;
   - Details of the DA;
   - Full names, addresses and CV’s of the board of directors of the issuer and major subsidiaries, including dates of appointment;
   - Details of the business of the issuer, including a diagram of the group structure;
   - Details of the primary exchange (if applicable);
   - Full details of any capital that will be raised and in which jurisdictions; and
   - Full details of any acquisitions and disposals in the last 12 months and in which jurisdiction.

2. **Industry**

   The aim of the industry disclosures is to focus on the industry in which the issuer intends to operate as a listed company, which must as a minimum address the following:

   - General overview of the industry with reference to current market conditions;
• Basic entry criteria to enter the industry (required licenses or other);
• Experience of directors and senior management of the issuer with specific reference to the industry; and
• Customer profile.

3. **Strategy of the Issuer**

   The aim of the strategy disclosures is to explain the competiveness of the issuer in the industry, which must as a minimum address the following.

   • Reason for listing on AltX;
   • If the issuer qualifies for a main board listing this fact must be disclosed and a motivation provided for pursuing a listing on AltX;
   • The vision and mission of the issuer;
   • Feasibility of current business approach, including a SWOT analysis (strength, weaknesses, opportunities and threats);
   • BEE status and developments; and
   • Marketing plan, including details of feasibilities studies and research undertaken.

4. **Financial Position and Performance**

   The aim of the financial disclosures is to provide details of the financial status of the issuer, which must as a minimum address the following:

   • The issuer’s audited historical financial statements in accordance with IFRS for the preceding three years (or a lesser period since incorporation), including a summarised overview of the financial highlights for each year;
   • The medium and long term forecasts with clearly documented assumptions. The manner in which the assumptions tie in with the issuer’s strategy must be addressed;
   • A pro forma balance sheet, taking into account any capital raising and/or acquisitions/disposals, with clearly documented assumptions showing the status of the issuer as at the anticipated date of listing; and
   • Details of current and near future funding requirements of the issuer.

5. **Regulatory Environment**

   The aim of the regulatory disclosure is to confirm and illustrate compliance with the basic listing entry criteria, which must as a minimum address the following:

   • Method of listing;
   • Compliance with paragraph 21.3 of the Requirements;
   • Mineral and property companies must illustrate compliance with paragraphs 12.5–12.7 and 13.3 respectively;
   • Details of the legal and policy frameworks of the issuer in order to comply with industry and regulatory obligations of the issuer; and
   • Any matter that the DA and/or the directors of the issuer, feel should be brought to the attention of the JSE which may have a regulatory or business impact on the issuer.

6. **AltX Business Plan Process**

   • The submission must be made by the DA using the “Webstir” system of the Division;
   • The Webstir submission must be made to the Division before 10h00 and the
• This Webstir submission will then be allocated to a Corporate Finance Officer (“the CFO”) who will conduct a review of the business plan to ascertain whether it contains the required disclosures pursuant to the provisions of this guidance letter;

• The CFO will provide feedback to the DA within 72 hours of the Webstir submission. The feedback will either be (i) confirmation that the business plan contains the required disclosures or (ii) comments on the business plan that must be addressed by the issuer and DA;

• In the event of comments on the business plan, the review process will continue in the ordinary course for submissions to Corporate Finance (with 48 hours turnaround) until the CFO confirms that the business plan contains the required disclosures;

• Only once the above confirmation has been provided by the CFO will the DA be permitted to make the formal submission of the business plan for consideration by the Committee. No dates for presentation to the Committee can be reserved before such confirmation has been granted;

• The submission of the business plan to the Committee must be made in the usual manner through Webstir by 10h00;

• The Division will convene a Committee meeting at the JSE as soon as is convenient for all parties. The DA will be notified of the time, date and location of the Committee meeting and the presence of both the DA and the directors of the issuer will be required; and

• The DA will be notified in writing within 48 hours from the conclusion of the Committee meeting regarding the outcome.

• It should be noted that if the Committee advises the JSE on the eligibility of the issuer, with conditions, such conditions must be met before listing documentation can be submitted to Corporate Finance. If the conditions have not been met or the DA/issuer advises the JSE on an alternative approach, the issuer will be required to present to the Committee afresh.

• In the event that the Committee advises the JSE that the issuer is eligible for listing on AltX, the approval letter from the Committee will be based on the information as presented to the Committee. If there are any changes to the business plan and the information in the listing documents as submitted to Corporate Finance, this fact/s must be disclosed by the DA to Corporate Finance.

Special Purpose Acquisition Company (“SPAC”)

Please note the business plan for a SPAC only needs to follow the AltX Business Plan Process once a SPAC has entered into agreement to acquire Viable Assets. The business plan for the SPAC must include all the relevant information about the Viable Asset in order for the Committee to make an informed decision.

Guidance Letter: Procedure for approval of documentation

Date: 8 April 2014

Paragraphs 16.3 and 16.4 of the JSE Listings Requirements (the “Requirements”) address the procedure for approval by the JSE of documents submitted through a sponsor pursuant to paragraph 16.2 of the Requirements.

The above paragraphs address the three step approval process, being (i) informal comments, (ii) informal approval and (iii) formal approval, as well as the JSE’s turnaround times for comments/approval. Based on our experience, documents submitted
to the JSE from first submission to formal approval generally take up to four submissions over a period of approximately four to six weeks. This can of course be sooner or later depending on the complexity of the document and/or issues raised.

It has come to our attention that on several occasions the number of submissions made have exceeded five and/or it has taken a period of between five and eight months to obtain formal approval from the JSE, notwithstanding the strict turnaround times imposed on the JSE for comments/approval.

A prolonged submission process (both in number of submissions and the period of time in respect of submissions) is not a favourable situation for the JSE, sponsor or the issuer for various reasons and has been identified as an area of risk for the JSE. A submission to the JSE must be well prepared by the sponsor and the issuer to ensure that an objective and focused review can be applied by the JSE within (i) a reasonable number of submissions and (ii) a reasonable period of time. Taking into account the high volume of submissions dealt with by a Corporate Finance Officer (“CFO”) at any point in time, it is imperative that the submission process remains current and active to ensure objective consideration of the document as a whole (without piecemeal considerations over a substantial period of time).

**Timing in respect of Procedure for Approval**

In order to minimise the risk and encourage an active review process, the JSE hereby wishes to draw your attention to the revised approach in respect of the procedure for the approval of documentation.

The procedure for approval must not exceed five submissions and a period of three months. In the event that (i) the number of submissions and/or (ii) the period is exceeded, the JSE may elect to reject the submission as a whole. The sponsor will be allowed to resubmit, however, this submission will be treated as a first submission and will be allocated to a new CFO and second reader for consideration and review. The reason for this approach is that CFOs are required to undertake an objective and focussed review on the document as a whole within a reasonable period of time. Several submissions, as well as submissions over a lengthy period of time, (i) will inevitably have a negative impact on the review process and (ii) may impact the time a CFO has allocated to other complete and timely submissions.

We do accept that there may be valid reasons for a delay in the submission process, however, we would encourage issuers and sponsors to discuss any matters which may cause a delay in the submission and review process with the JSE or motivate the reason/s for the delay adequately during the submission process. In these circumstances the provisions above may not be applied by the JSE.

We further believe that this revised approach will improve the quality of first submissions, as there have been instances where first submissions have been made without certain material information being included, merely for the sake of getting the document into the JSE review process.

**SECTION 1**

**Guidance Letter: Fairness opinions on delisting**

Date: 5 March 2012

We refer to the practice letter that we issued in May 2010 relating to the above. In that letter we indicated that we would not allow the application of a minority discount in order to determine whether an offer is fair in the case of a delisting. Since that communication we have engaged extensively with several parties on this topic. Specific concern has been raised as to the extent to which the JSE becomes involved in valuation methodologies being applied by an independent expert. This letter serves to replace the practice letter dated 13 May 2010.
When issuing an opinion on a delisting in terms of paragraph 1.14 of the Listings Requirements (“LR”) as read with Schedule 5 and the Securities Services Act, 2004:

- The expert must perform a valuation of the entity as whole.
- The expert is not prohibited from applying any discounts or premiums to such valuation which they believe impact their valuation in order to opine whether the offer is fair or not.
- The expert’s opinion must include full disclosure of the valuation number both including and excluding any discount or premium applied. There must be separate disclosure of the details and value attributed to each of the different types of discounts or premiums the expert has applied to the valuation in reaching their opinion.
- The expert must explain why they believe each of the discounts or premiums is relevant in the circumstances.
- The inclusion of a valuation range (for both the entity valuation and the discounts/premiums) as opposed to an absolute figure is acceptable, but that range should not be so wide as to render it meaningless and the opinion must include justification for the size of the range. The JSE may ask the expert to narrow that range.

The above request to include additional disclosure in the fairness opinion issued by an expert in the case of a delisting is within the ambit of paragraph 5.11 of Schedule 5 of the LR. We will therefore not be making a separate amendment to the LR at this stage.

SECTION 3

Guidance Letter: Cautionary Announcements

Date: 23 October 2015

This letter supersedes the previous guidance letter dated 18 May 2012.

The JSE is aware that certain issuers are releasing bland cautionary announcements which in many instances may not be required and as a result causes unnecessary speculation in the market. It is further important to note that a bland cautionary announcement is merely an early warning announcement to the market and does not provide sufficient information to assist shareholders or the market in understanding the purpose of the cautionary announcement.

The JSE has therefore decided to issue guidance on the requirement to release cautionary announcements pursuant to the provisions of paragraph 3.9 of the JSE Listings Requirements (the “Requirements”).

In this guidance letter three aspects of the Requirements will be addressed in the aim to provide clarity on the (i) necessity and (ii) timing of a cautionary announcement pursuant to the provisions of the Requirements.

General: Obligation of disclosure

Issuers must publish an announcement in respect of the following:

- Without delay, details relating, directly or indirectly, to the issuer that constitutes price sensitive information pursuant to paragraph 3.4(a) of the Requirements; and/or
- Immediately, after terms have been agreed, verbally or in writing, in respect of any transaction or corporate action pursuant to the provisions of the Requirements (“agreement of terms”).

Price Sensitive Information

Paragraph 3.4(a) of the Requirements refers to the obligation of an announcement in respect of price sensitive information unless the information is kept confidential for a limited period of time.
The reference to a “limited period of time” refers to a period where the information of an issuer does constitute price sensitive information, however the issuer does not have certainty in respect of the information and a period of time is then afforded to the issuer to obtain that certainty provided the information is kept confidential during that period (the “PSI window period”). Once certainty is achieved, Issuers must publish an announcement pursuant to paragraph 3.4(a) of the Requirements.

Caveat: The JSE strongly recommends that the “limited period of time” provision in paragraph 3.4(a) of the Requirements must only be utilised in exceptional circumstances and emphasis is placed on announcing information without delay when it constitutes price sensitive information.

Cautionary Announcements

A cautionary announcement is required in the following circumstances pursuant to paragraph 3.9 of the Requirements:

Immediately after an issuer knows of any price sensitive information and the necessary degree of confidentiality of such information cannot be maintained or if the issuer suspects that confidentiality has or may have been breached, an issuer must publish a cautionary announcement. An issuer that has published a cautionary announcement must provide updates thereon in the required manner and within the time limits as prescribed in the Requirements. See paragraph 3.9 of the Requirements for the full text.

A cautionary announcement pursuant to the provisions of paragraph 3.9 will only be necessary during two periods, being –

• during the PSI window period pursuant to the provisions of paragraph 3.4(a) of the Requirements; and

• during a period of negotiations prior to the agreement of terms in respect of transactions or corporate actions where the information constitutes price sensitive information,

and only to the extent that the necessary degree of confidentiality of such information cannot be maintained or if the issuer suspects that confidentiality has or may have been breached.

Cautionary announcements have a limited lifespan and must be followed up with an announcement without delay pursuant to paragraph 3.4(a) of the Requirements once the issuer has obtained certainty or immediately after the agreement of terms.

Recommendations on Cautionary Announcements

We recommend that the following be taken into account in relation to the release of cautionary announcements:

1. Issuers must ensure that they have sufficient internal controls and policies in place to ensure that all price sensitive information is kept confidential.

2. The timing involved when issuing an announcement, being “without delay” and “immediately” is of vital importance to the JSE and the market. Issuers must therefore also ensure that they have policies in place to deal with the required internal approvals within the Issuer to approve an announcement, in prescribed timely manner, before release on SENS. Should there for any reason whatsoever be a delay (i) in obtaining the necessary approvals or (ii) releasing the announcement on SENS, the JSE must be notified immediately.

3. Issuers should refrain from releasing bland cautionary announcements to avoid unnecessary speculation in the market. Additional details that can be made available should rather be included to give investors and market participants an indication of the nature of the price sensitive information.

4. In deciding whether to release a cautionary announcement, issuers must carefully consider section 81 of the Financial Markets Act dealing with “False, misleading or
Guidance letter: Directors’ dealings

Date: 6 October 2008

Background

The JSE Limited (“JSE”) has not only received numerous requests for interpretations on the Listings Requirements relating to certain types of directors’ dealings but we have also noticed that the disclosures in certain announcements have not been in full compliance with paragraph 3.63(b). The JSE has therefore decided to issue guidance in order to provide more clarity.

Definition of director

Paragraph 3.63 (a) stipulates very clearly which parties need to disclose their dealings and we do not believe that any further guidance on this particular requirement is necessary other than to confirm that it primarily includes directors (as defined in the Companies Act and including alternate directors) and company secretaries of both the listed company and any of its major subsidiaries as well as any associate of these parties. The Listings Requirements contains a clear definition of “associate.”

Definition of transaction or dealing

The one area where we feel that additional guidance may be appropriate relates to the definition of “transaction” as referred to in paragraph 3.64.

The requirement refers to “securities relating to the issuer”. The definition of securities in the Listings Requirements refers to the definition as contained in the Securities Services Act (“SSA”) 36 of 2004, and for ease of reference, we have included that definition in Annexure 1. In determining whether dealing in a security must be disclosed one must first take account of the definition as contained in the SSA and secondly whether the security in question could provide direct or indirect exposure to the share price of the listed company. In addition, paragraph 3.64 also provides specific examples including warrants, single stock futures and other derivatives issued in respect of an issuer’s securities.

In order to provide further guidance on this definition we feel that it may be useful to deal with particular categories of transactions which we have encountered in the past and which must be disclosed.

• Ordinary shares – this will be a normal sale or purchase of shares in the listed company. It will also include a purchase or sale of nil paid fetters in terms of a rights offer.
• Subscription of securities – this includes a subscription by a director of new shares in terms of an issue of shares for cash, rights offer or any other means.
• Agreements to sell/purchase or subscribe for securities – this must be announced when the agreement is signed irrespective of whether any shares are issued or cash flows at that time.
• Options – this will normally relate to a formal share option scheme but can also be any other option. It should be noted that each stage of an option must be announced including the acceptance, acquisition, disposal and exercise.
• Single stock futures – the purchase or sale of a single stock future must be announced. It should be noted that if shares are sold and the equivalent exposure is purchased through a single stock future, then both legs of the transaction (the sale of the shares and the purchase of the single stock future) must be announced even if it is believed that the director’s exposure has not changed. The closing out of a single stock future is also a transaction as defined and is therefore subject to the Listings Requirements. The JSE accepts that the rolling of a single stock future is merely an extension of an existing position and is therefore not subject to the Listings Requirements.
• Contracts for difference – the approach to single stock futures applies equally to these contracts.
• Donations – donations made or received fell within the ambit of the Requirements and must be announced.

Clearance to deal

This particular aspect of the Requirements is generally well understood with a couple of exceptions. Certain transactions, as described above (e.g. options and single stock futures) have many legs to them and the general rule is that every leg of a transaction requires clearance to deal. An aspect which has been misinterpreted in the past is that all associates of directors require clearance. The JSE is mindful of the fact that it is not possible in all cases for a director to prevent an associate from dealing and it therefore follows that it would serve no purpose for that director to request permission prior to such a trade by the associate. The general test which must be applied in these cases is whether the director can prevent the associate from trading and an example of this would be the case of a minor child (being an associate of a director) where the director can legally prevent the trade from taking place. Another example could be where a spouse or a company in which a director has a 35% interest (defined as an associate) enters into a transaction but the director does not have the legal ability to stop the trade from happening. In these cases, directors must dearly observe the provisions of paragraph 3.71 and 3.72.

Prohibited periods

Prohibited periods are dearly defined within the Listings Requirements but the JSE is often approached for an interpretation where a director is obligated to take delivery of shares without having a choice in the matter. An example of this could be where he/she has an option which was purchased or obtained and which can only be exercised on a specific date that happens to fall within a prohibited period. This could also be the case with a single stock future where delivery of the shares has to take place in a prohibited period. The JSE is generally amenable to allowing these trades to take place in these periods but a ruling on the specifics must be sought from the JSE. The JSE’s decision in this regard will be separate from any potential implications relating to the insider trading provisions of the SSA.

Guidance on disclosures required

Name of director: John Davies (this is the name of the director/company secretary who traded).

Name of company: ABC Limited (this is the name of the listed company).

Date of transaction: 1 March 2008 (this is the date upon which the transaction is entered into).

Number of shares: 100 000.

Note: 100 cents (there will be no price in the case of a donation).

Total value: R 100 000.00 (this will generally be the number of securities multiplied by the price – a deemed value based on the prevailing market price must be included in the case of a donation. In the case of options the value will be the number of options multiplied by the strike/exercise price. The existing requirements do not stipulate that profits/losses made on options must be disclosed in the announcement and it is therefore not required at the moment).

Guidance Letter: Participation by directors in share incentive/option schemes

Date: 29 July 2010

The JSE Limited (“JSE”) amended the Listings Requirements earlier this year with an
effective date of 1 April 2010. Included amongst the amendments was paragraph 3.84(e)(iii) which stipulates that directors who participate in a share incentive/option scheme will not be regarded as independent in terms of the Listings Requirements.

The JSE has received a number of enquiries on this matter and in particular the implications on shares/options that were issued prior to 1 April 2010. It is not the intention of the JSE to apply this requirement retrospectively and we therefore wish to advise that any shares or options that were issued under a scheme prior to 1 April 2010 will not be regarded as affecting a director’s independence in terms of paragraph 3.84(e)(iii). However, any shares or options issued to a non-executive director on or after 1 April 2010 will result in that director no longer being classified as independent in terms of the Listings Requirements.

We trust that this clarifies the position, but please feel free to contact us if you have any further questions.

Guidance Letter: Procedural requirements of the Stock Exchange News Service (“SENS”)

Date: 5 May 2014

As a result of the need to disseminate relevant company information to the market on a real time basis, the JSE established SENS. The purpose of SENS falls within the sphere of the general principles of the JSE Listings Requirements (the “Requirements”) to ensure that full, equal and timeous public disclosure is made to all holders of securities and the general public at large regarding the activities of an issuer that are price sensitive.

Paragraph 19.2 of Schedule 19 (Procedural requirements of SENS), which is a schedule to the Requirements, addresses the requirement to disseminate relevant company information to the market. Certain issues have come to our attention in respect of the use of SENS by issuers for the dissemination of relevant company information and the JSE wishes to issue the following guidance.

Relevant Company Information

Relevant company information is defined in Schedule 19 of the Requirements, which means company announcements and price sensitive company releases.

Thus, announcements must be released on SENS if a positive obligation is placed on the issuer pursuant to the provisions of the Requirements to release certain information on SENS or when such information is required to be released because it constitutes price sensitive information. See the definition of price sensitive information in the Requirement for further guidance.

Relevant company information must be factually supportable and must relate directly to the issuer. As a rule, the JSE will not consider the following information as relevant company information:

- Any information which constitutes marketing information of the issuer or the issuer’s sphere of activity. Marketing information for the purposes of the guidance letter would be any information that would in the normal course be considered as an advertisement of the products of the issuer or the issuer itself; and
- Any information that is not factually supportable or contains features of human emotion, such as derogatory or malicious statements.

Secondary Listed Issuers

Issuers with a secondary listing on the JSE are reminded that any information required to be released on its primary exchange must also be released on SENS pursuant to the provisions of Section 18 of the Requirements.

Exceptions

Notwithstanding the above provisions, the JSE will allow for the following to be released
on SENS:
• We understand that some issuers are accustomed to release details of presentations on SENS in relation to the issuer’s sphere of activity. Although such presentations may be meaningful to a selected audience, these presentations are normally not considered to be relevant company information or price sensitive information (the eligibility criteria for SENS). We do however understand that issuers would like to use SENS as a platform to make such presentations public and in this regard the JSE will continue to accept the publication of presentations linked to the issuer’s sphere of activity on SENS, however, the JSE will only allow a notice of availability via a website link to be published on SENS and not the full presentation;
• Issuers may release company related information through SENS:
  – such as operational updates, provided such information is relevant to (i) the issuer’s sphere of activities and (ii) to investors; and
  – which is required to be published under Statute.

General
In considering whether an announcement should be released, issuers must always take account of the rationale and purpose of SENS being a mechanism for the dissemination of relevant company information. Issuers must therefore guard against releasing unnecessary information that may overwhelm investors and dilute the importance and relevance of SENS announcements. Issuers should consult with their sponsors or designated advisers to ensure compliance with this guidance letter and the Requirements.

Guidance Letter: Discussions with Journalists & Investment Analysts
Date: 23 October 2015
The JSE has decided to issue guidance to issuers and their directors when having discussions with journalists and investment analysts (“analysts”) and the treatment of price sensitive information. Although this letter is focused on discussions with analysts it should have equal application to discussions with journalists.

The general principles that underpin the JSE Listings Requirements (the “Requirements”) ensure, amongst others, that full, equal and timeous public disclosure is made to all holders of securities and the general public at large regarding the activities of an issuer that are price sensitive.

It is therefore imperative that discussions with analysts are managed firmly and responsibly by issuers and their directors.

The general rule is that price sensitive information must be released publicly through SENS before being disclosed to analysts or any other parties.

General
This guidance letter, as per the heading above, merely serves as a guide to issuers and their directors when having discussions with analysts and the treatment of price sensitive information. In the event of any breach whatsoever of the provisions of the Financial Markets Act No 19 of 2012 (the “FMA”) and/or the Requirements, compliance or reliance on this guidance letter will not necessarily absolve an issuer and/or their directors from any liability.

It should further be noted that the contents of this guidance letter may be familiar or known to some directors and we kindly request that you indulge us for the benefit of (i) the broader group of directors, (ii) newly appointed directors and (iii) company secretaries.

Price Sensitive Information
For purposes of this guidance letter, price sensitive information will not be discussed in
detail. Please refer to the definition of price sensitive information in the Requirements read together with Practice Note 2/2015 providing guidance on price sensitive information.

**The Financial Markets Act**

In applying this guidance letter, issuers and their directors must familiarise themselves with the market abuse provisions in the FMA dealing with market abuse and inside information. Refer to Sections 78 to 82 of the FMA. Issuers should be aware that price sensitive information pursuant to the provisions of Requirements may also qualify as inside information pursuant to the FMA and vice versa.

**Analysts**

Analysts are employed to produce detailed reports on the prospects and performance of issuers and have an important role to play in assisting the market in understanding the valuation of issuers. They compile and research their information via a number of methods including interviewing executives, clients, customers and company advisers. Investment analysis is a competitive industry and analysts are rated and remunerated on the quality and accuracy of their information, and the conclusions they draw.

The JSE understand that as a consequence of being listed, issuers are exposed to discussions with analysts. Issuers should therefore take a firm view when answering questions from analysts during discussions.

In dealing with analysts, issuers should note the following event types:

1. **Questions from analysts**
   
   During discussions with analysts, issuers are allowed to expand on information already in the public domain or discuss the markets/industry in which they operate, provided that such expanded disclosure does not qualify as price sensitive information. Therefore, issuers must decline to answer questions from analysts where the answer would lead to divulging price sensitive information. In responding to certain comments or views from analysts which appear to be inaccurate, issuers should respond with information drawn from information released publicly to the market through SENS.

2. **Draft reports from analysts**
   
   Issuers must not correct draft reports from analysts which are sent to them with a view to commenting on financial figures and/or assumptions. The issuer may consider the financial figures and/or assumptions and discuss them with the analyst, in broad terms and without providing any price sensitive information. Issuers can of course correct information in relation to financial figures and/or assumptions that do not constitute price sensitive information and drawn from information released publicly to the market through SENS.

3. **Conduct of discussions with analysts**
   
   Issuers are sometimes concerned that they may be misinterpreted or mistakenly accused of providing price sensitive information following meetings with analysts. In this case, issuers must consider establishing internal procedures which reduce these risks.

In this regard the following recommendations could be considered:

- Issuers must have internal written policies for handling confidential and price sensitive information;
- Issuers must ensure that their directors and senior management are trained and understand the provisions of the Requirements dealing with price sensitive information and the provisions of the FMA dealing with market abuse and insider information;
- Issuers must make sure that more than one representative of the issuer is
present during discussions with analysts and that accurate records of all
discussions are kept in safekeeping for future reference;

• Authorising a spokesperson/spokespersons: Issuers must keep to a
minimum the number of directors and senior staff authorised to speak on
the issuer’s behalf. Issuers must make sure that these persons are informed
about the issuer’s activities and are familiar with all the information that
the issuer has previously released publicly through SENS, but they must
avoid commenting on price sensitive information. A director or other
person responsible for disclosure could further outline the issuer’s
disclosure history to analysts before entering into discussions. This will
safeguard against inadvertent disclosure of price sensitive information;

• Body language: Spokespersons must be mindful of body language when
answering questions. As an example, the shake of a person’s head in a
“yes” or “no” gesture or showing thumbs up or down in a “positive” or
“negative” gesture, does constitute communication when answering
questions although not in a verbal format;

• Reviewing discussions: Issuers must have a procedure for reviewing
briefings and discussions with analysts afterwards to check whether any
price sensitive information has inadvertently been disclosed. If so,
shareholders and the market must have access to it by the issuer
announcing it immediately through SENS;

• Handling unanticipated questions: Issuers must be particularly careful
when dealing with questions from analysts that raise issues outside the
intended scope of discussion/s. Some useful ground rules are:
  – only discuss information that has been publicly released through
    SENS or is in the public domain;
  – if a question can only be answered by disclosing price sensitive
    information, decline to answer; and

• Responding to financial projections and reports: Issuers must confine
comments on financial projections by analysts to errors in factual
information and underlying assumptions that do not constitute price
sensitive information. Avoid any response which may suggest that the
current projections of an analyst are incorrect. The way to manage earnings
expectations is by using the continuing obligations trading statement
disclosure to establish a range within which earnings are likely to fall or
improve. Announce through SENS any change in expectations before
commenting to any party outside the issuer.

The above recommendations should not be considered to be an exhaustive list of
measures to deal with discussions with analysts and the treatment of price sensitive
information, however, the intention is to give issuers practical guidance on how to
manage discussions with analysts.

Guidance Letter: Trading Statements

Date: 19 April 2016

Pursuant to paragraph 3.4(b) of the JSE Listings Requirements (the “Requirements”),
issuers must publish a trading statement as soon as they are satisfied that a reasonable
degree of certainty exists that the financial results for the next period to be reported upon
will differ by at least 20% from the most recent of the following:

• the financial results for the previous corresponding period; or
• a profit forecast previously provided to the market in relation to such period.

(the “base information”)
During 2014 the JSE made certain amendments to paragraph 3.4(b) of the Requirements dealing with trading statements. Historically, trading statements only indicated the percentage change to the base information. Concern was raised at the time that the percentage figure alone in the announcement did not provide sufficient information to make an informed assessment of the expected financial results compared to the base information. The 2014 amendments aimed to address this concern by requiring the following additional disclosure in trading statements:

- comparative figures (base information); and
- a number to describe the difference (in addition to the percentage).

The additional information now enables a more detailed comparative analysis on the expected financial results to readers based on the review of the announcement alone.

A concern has been brought to the attention of the JSE regarding trading statement announcements where the inclusion of the percentage to describe the difference (when more than 100%) in certain instances could be misleading and/or confusing. The relevance instances are present when –

- the base information of the issuer is very low, or
- the issuer has moved from a profit to a loss position or vice versa.

To address this concern, the JSE has decided to accept a reference in the trading statement announcement to the number only and not the percentage in order to describe the difference to the base information, where the percentage difference is more than 100%. It should be noted that the requirement for comparative numbers remain unchanged.

The JSE will be attending to amendments to the Requirements in due course to give effect to the above approach.

Guidance Letter: Suspensions & Trading Halts

Date: 13 June 2017

Suspension and trading halts can be very useful regulatory tools for issuers and the JSE especially during a period where there is a delay by the issuer in releasing an announcement on SENS containing price sensitive information. The JSE has thought it wise to also provide a guidance letter in respect of (i) the suspension of the listing of securities of an issuer pursuant to the provisions of the JSE Listings Requirements (the “Requirements”) and (ii) the use of trading halts.

Suspension

The suspension of listing of the securities of an applicant issuer by the JSE may be exercised pursuant to paragraphs 1.6 – 1.9 of the Requirements. A suspension can either be (i) initiated by the JSE or (ii) at the request of the issuer.

Suspension of listing of the securities of an issuer means that no trading can take place in respect of the issuer’s securities for the period whilst the issuer is suspended.

Initiated by the JSE

Pursuant to paragraphs 1.6 – 1.8 of the Requirements a suspension of securities of an issuer can be initiated by the JSE in the following two circumstances:

- it will further one or more of the objects contained in Section 2 of the Financial Markets Act No. 19 of 2012 (the “FMA”), which may also include if it is in the public interest to do so; and
- if the issuer has failed to comply with the Requirements and it is in the public interest to do so.

( the “considering factors”)

When the listing of securities of an issuer is under threat of suspension, the affected issuer
shall be given the opportunity of making written representations to the JSE why the suspension should not be affected prior to making any decision to suspend such listing.

The suspension provisions pursuant to the Requirements are always subject to the provisions of the FMA. The approach above mirrors the provisions of sections 12(1) and 12(2) of the FMA dealing with the suspension of trading, subject to the provision of section 12(3) which affords the JSE with certain powers to proceed with immediate suspension of trading where (i) the Requirements are not complied with or (ii) if a circumstance arises which the Requirements envisage as a circumstance justifying the immediate suspension of trading (the “FMA powers”).

The JSE can therefore only proceed with a suspension of listing of securities of an issuer on the following basis:

- the considering factors are present and the issuer has been given the opportunity of making written representations to the JSE why the suspension should not be affected; and
- the JSE exercises its FMA powers.

It should be noted that suspension initiated by the JSE is generally a timely process on the basis that an issuer is afforded time to make written representations to the JSE, before the JSE will make a decision on the threatened suspension. Issuers should therefore be mindful of the FMA powers of the JSE, subject to the provisions of section 12(3) of the FMA, which could lead to an immediate suspension of the listing of the securities of an issuer in certain circumstances.

It should be noted that the above guidance does not deal with the suspension powers of the JSE in the event of non-compliance relating to publication of financial information pursuant to the provisions of Section 3 as those provisions are very prescriptive in nature and do not require guidance.

At the request of the issuer

Pursuant to paragraph 1.9 of the Requirements the listing of securities of an issuer may be suspended by the JSE at the request of the issuer in respect of various prescribed events, of which the most relevant for purposes of this guidance letter is when it is apparent that there are two levels of information in the market and the JSE considers that the situation cannot be remedied by the immediate publication of an announcement to clarify the situation (“two levels of information event”).

It should be noted however that if a two levels of information event is present, the first recourse of the issuer must be to immediately release an announcement (i) to provide clarity on the speculation in the market or (ii) providing details of the information constituting price sensitive information. On the basis that the issuer can release such an announcement and there is any delay by the issuer in releasing an announcement immediately on SENS to clarify the situation, the issuer must approach the JSE with a request for suspension of the listing of the securities of the issuer.

The board of the issuer or a duly authorised representative must contact the JSE immediately in respect of the request of the issuer for suspension on the following numbers: (011) 520 7217 or (011) 520 7059. Please ask to speak to any senior corporate finance officer or manager.

Although the circumstances when an issuer may approach the JSE for a suspension of the listing of securities are limited, it should be noted that the FMA powers afforded to the JSE could be utilised as a regulatory tool by the JSE as the Requirements cannot envisage all circumstances that may arise in commercial practice which may warrant a suspension.

Caveat: The JSE strongly recommends that a request for suspension by the issuer must only be utilised in exceptional circumstances and emphasis is placed on announcing information without delay when it constitutes price sensitive information. Also, the fact that the JSE has received a request for suspension by the issuer, it does not necessarily
mean that such suspension will be granted as the decision of suspension lies within the discretion of the JSE.

Trading Halt
Trading halts take place pursuant to the provisions of the JSE Equity Rules under Market Regulation (Surveillance). It is not a measure prescribed by the provisions of the Requirements.

Pursuant to paragraph 6.80 of the JSE Equity Rules, the Director Market Regulation (subject to internal approvals) may declare a trading halt in the equity securities of an issuer in circumstances where the Director Market Regulation determines that the trading activity in an equity security –

• is being or could be undertaken by persons possessing unpublished price sensitive information that relates to that security;
• is being influenced by a manipulative or deceptive trading practice; or
• may otherwise give rise to an artificial price for that equity security.

In these circumstances and if not already implemented by the JSE, it is recommended that the issuer should request a trading halt. The board of the issuer or a duly authorised representative must contact the JSE immediately in respect of the request of the issuer for a trading halt on the following numbers: (011) 520 7217 or (011) 520 7059. Please ask to speak to any senior corporate finance officer or manager.

Trading halts are implemented for a very short period of time and should generally not exceed two days. The JSE does however reserve the right to rather implement a suspension of the listing of the securities of an issuer in accordance with the provisions of the Requirements.

Caveat: The JSE strongly recommends that a request for a trading halt by the issuer must only be utilised in exceptional circumstances and emphasis is placed on announcing information without delay when it constitutes price sensitive information. Also, the fact that the JSE has received a request for a trading halt by the issuer, it does not necessarily mean that such trading halt will be granted as the decision of a trading halt lies within the discretion of the JSE, through the Director Market Regulation.

We request issuers to consider the above regulatory tools as issuers should be aware of all measures available to them when dealing with price sensitive information.

Dual Listings
It is common practice in certain primary markets to either suspend the issuer or halt trading in the securities of the issuer in circumstances not envisaged in the Requirements. In the event of such a suspension or trading halt, the general approach of the JSE will be to follow the regulatory approach of the primary market and mirror the suspension or trading halt on the JSE. The timing in the suspension or trading halt is of vital importance to the JSE in order to ensure that the suspension or trading halt is implemented simultaneously on both markets in order to avoid a situation where investors can trade in on market but not the other.

Issuers and sponsors must therefore ensure that the JSE is notified sufficiently in advance of any suspension or trading halt to ensure that the JSE can accommodate the request and implement same simultaneously. Issuers and sponsors must further ensure that the advisers and regulators responsible for implementing the suspension or trading halt in the primary market is notified of the listing on the JSE and the importance of implementing the suspension or trading halt simultaneously.

The principles above apply equally to dual listings where the JSE is the primary exchange although the JSE is not obliged to implement a suspension or trading halt instituted by the other exchange.

Announcements
Suspensions or trading halts must be followed with a SENS announcement explaining the circumstances leading to the decision. It is important to note that such announcement must only be released immediately after the suspension or trading halt has been implemented. Releasing an announcement dealing with the suspension or trading halt prior to the implementation of the suspension or trading halt by the JSE could cause investor prejudice and must be avoided.

SECTION 4

Guidance Letter: Control – par 4.28 of the Listings Requirements

Date: 25 March 2004

The JSE Securities Exchange South Africa ("JSE") has received various enquiries relating to the interpretation and application of paragraph 4.28(d)(i) of the Listings Requirements. In light of this, the JSE has decided to issue a letter setting out the interpretation and the applicability of the requirement.

Background

The Listings Requirements afford shareholders of the listed company the right to vote and have their wishes implemented on certain transactions (including but not limited to category 1 transactions and issues of shares for cash) and any structure/agreement that could dilute that right in any way would be in contravention of this requirement. The JSE has enforced the principle behind this requirement for a number of years under the general principles, without it being included in the main body of the Listings Requirements. During the re-write of the Listings Requirements last year, it was decided to introduce paragraph 4.28(d)(i). We believe this requirement is in line with international best practice. The JSE also believes that it is important for a listed company to have control over the majority of its assets to ensure that the shareholders of the company are not merely passive investors. In other words, shareholders of the listed company must have the ability to decide what is done with the underlying assets. The requirements do make provision for certain exemptions as contained in paragraph 4.28(d)(ii).

Interpretation

The requirement refers to control and this could be interpreted as meaning 35 % as defined in the Listing Requirements. The intention however, as stipulated above, is for the listed company to have full control (i.e. 50% + 1) over the assets to ensure that it can effectively influence and control those assets. This interpretation implies that the JSE would not allow the creation of structures which would effectively result in the issuer “forfeiting” full control over certain matters by the creation of high voting shares, golden shares or shares that confer “negative control” to a specific shareholder in any of the companies within the group.

Applicability

This requirement is contained in section four which deals primarily with new listings. The requirement is therefore applicable to new listings in the first instance. It is important to note that it was not our intention, nor would it make any sense, to only make this requirement applicable to new listings. It should therefore be noted that this requirement is also applicable from a continuing obligations perspective and issuers must ensure that they comply with this requirement at all times.

General

The JSE would strongly recommend that issuers contact their sponsors whenever a structure or transaction is contemplated that could give rise to a possible contravention of this requirement in order for the sponsor to obtain ruling from the JSE in this regard.

Guidance Letter: Special Purpose Acquisition Company (“SPAC”)
Date: 13 June 2017

The JSE has noted increased interest in the use of SPACs and in light of our original intention of making it an efficient vehicle for raising capital we wish to clarify the approach on the preparation of the circular dealing with the acquisition of viable assets pursuant to paragraph 4.35 of the JSE Listings Requirements (the “Requirements”).

General

The acquisition of a viable asset must be approved by the majority of security holders of the SPAC at a general meeting. The circular will therefore by treated by the JSE as a category 1 transaction and not as a new listing requiring a pre-listing statement. Therefore a category 1 checklist must be completed and not a new listing checklist. The acquisition of a viable asset will further not be treated as a reverse listing by the JSE requiring the SPAC to prepare revised listing particulars.

New Listings Considerations

On the basis that a viable acquisition must on its own enable the SPAC to qualify for listing there are certain considerations in respect of a new listing that must be addressed and disclosed in the circular, notwithstanding the fact that the acquisition will be treated as a category 1 circular. These new listings considerations are the following:

• The listing entry criteria, whether Main Board or AltX, taking into account the specific disclosure requirements relating to the industry such as (i) mining, (ii) investment entity or (iii) property entity. In this regard intended Main Board issuers must further show that the required minimum capital and profit is achieved and reflected in the pro forma financial information.
• The directors and senior management of the issuer must collectively have appropriate expertise and experience for the governance and management of the issuer and the business pursuant to paragraph 4.8(a) of the Requirements.
• The working capital statement pursuant to paragraph 2.12 of the Requirements.
• The corporate governance items pursuant to paragraph 3.84 (Main Board) or paragraph 21.5 (AltX) of the Requirements, as the case may be. In this regard, issuers are reminded that the information can be incorporated by reference to the extent that the corporate governance requirements have already been met and disclosed in the annual report of the issuer.

Category 2 Acquisition/s

It has come to the attention of the JSE that a SPAC may wish to proceed with smaller acquisitions in the same category 1 circular on the basis that (i) these acquisitions compliment the viable asset or (ii) the board of the SPAC wishes to show a complete position of the issuer post all the acquisitions. In this regard SPACs are reminded to obtain shareholders’ approval for the use of the residual capital pursuant to paragraph 4.35(c) of the Requirements.

To the extent that such acquisitions are classified as category 2 acquisitions, the historical financial information to be included in the pro forma financial information in the circular can either be –

• audited by a JSE accredited auditor (which is a preferred option for the JSE); or
• reviewed by a JSE accredited auditor.

It should be noted that any category 2 acquisition presented to shareholders can only become unconditional on the basis that the viable acquisition has been approved by
shareholders.

**Forecasts**

It has come to the JSE’s attention that some issuers believe that the acquisitions coming into the SPAC combined with residual cash (if applicable), even on a pro forma basis, does not always reflect the intended position of the new combined issuer going forward. In this regard issuers are reminded that a forecast may be prepared and included in the circular provided the forecast is prepared pursuant to the provisions of the Requirements. We ask that you discuss this option with SPAC issuers going forward.

**SECTION 5**

**Guidance Letter: Guidance in fairness opinions relating to an issue of shares for cash in terms of the JSE Listings Requirements**

Date: 11 November 2010

The JSE Limited (“JSE”) amended paragraph 5.51(f) of the Listings Requirements (“LR”) in October 2007 (regarding a specific issue of shares for cash) in order to remove the need for a fairness opinion under certain circumstances. The main intention behind the amendment was to remove the need for a fairness opinion in instances where shares are issued to a related party at a market related price (as determined in terms of paragraph 5.51(f)(ii) and the full cash payment is received at the same time.

The JSE has noticed in some instances shares are issued to related parties for cash, and although the issue is at a market related price, the issue is also directly or indirectly funded by the company i.e. in accordance with Section 38 of the Companies Act (No. 61 of 1973). This was not what was intended when the JSE relaxed the LR and the JSE therefore wishes to confirm that it will insist on a fairness opinion where shares are issued for cash to related parties and the issuer provides direct or indirect financial assistance in the funding of the issue. This may include, but is not limited to, the following:

- a company providing all or some of the funding themselves;
- a company providing a third party guarantee; or
- the payment for the transaction being deferred to a later stage.

It must be noted that the fairness opinion in these instances must cover the entire deal including the fact that the issuer is funding the purchase of the shares. Consideration must also be given to the substance of the transaction as in most of these instances the commercial reality of the deal is that the party has been given an option and this must be factored into the opinion.

**SECTION 7**

**Guidance Letter: Guidance on 7.B.23 on the JSE Listings Requirements**

Date: 14 December 2011

The JSE has decided to issue further guidance on paragraph 7.B.23 states:

The prospectus/pre-listing statement/circular must be signed by every director of the applicant (or by his agent or attorney, with a copy of the authority of any such agent or attorney); provided that where responsibility for any information contained in different parts of the prospectus/pre-listing statement/circular has been extended to or accepted by any other person(s), such other person(s) (or his/their agent or attorney) shall also sign the prospectus/pre-listing statement/circular and it shall be stated clearly for which part or parts of the
Introduction

It has come to the attention of the JSE that some confusion exists in respect of the signing of the prospectus, pre-listing statement and circular (the “document”) by every director as envisaged by 7.B.23. It should be noted that the signing of the document is personal and attached to each director. Therefore, the document must be signed by the director or by (i) his agent or (ii) attorney.

It should be noted that that the action required by each director pursuant to 7.B.23 (i.e. the signing of the document) should not be confused with the approval of a transaction by the board of directors as a whole and the subsequent authorisation of any one of them (or other) to execute the transaction documents (or any other document incidental thereto) on behalf of the Issuer.

The object of 7.B.23 is that each director approve and sign the document, which is additional to and separate from the approval of the transaction by the board of directors as a whole.

We have also been made aware of the logistical difficulties in obtaining these signatures from directors due to scheduling difficulties of directors and transaction timetables.

On this basis, the JSE issues further guidance on the interpretation of 7.B.23.

Prospectus, pre-listing statement and circular

The JSE will accept, in respect of each director, the following as it relates to the signing of the document, as the case may be:

- the original signature of the director on the document;
- a duly executed power of attorney authorising any director or another to sign the document on the director’s behalf;
- a round robin resolution of the board of the Issuer signed by each and every director authorising one of them or another to sign the document on their behalf; or
- minutes of a fully constituted board meeting of the Issuer duly signed by the chairman of the meeting authorising one of them or another to sign the document on their behalf.

Guidance on execution: Power of attorney

Save for any director(s) which will be signing the document in his/her personal capacity, every other director of the Issuer may sign and provide a power of attorney to authorise another to sign the document on the director’s behalf, which must contain the following provisions as a minimum:

- the full name(s), title and capacity of the director giving the power of attorney;
- a specific reference to the document including a summary of all the provisions covered (the purpose of the summary is to link the power of attorney to the relevant corporate action.);
- a statement that the said director has read and understood the contents of the document;
- confirmation that the said director has given his/her consent to the party signing the document on his/her behalf;
- signature by the director;
- signature by at least one witness;
- signature date.

Guidance on execution: Round robin resolution or minutes of a fully constituted board meeting

The directors may elect to pass a round robin resolution signed by each and every director authorising one of them or another to sign the document on their behalf or in the
alternative provide board minutes duly signed by the chairman of a fully constituted board meeting authorising one of them or another to sign the document on their behalf. It should be noted that if this route is chosen, either all the directors must sign the round robin resolution or all directors need to be present at the board meeting.

The round robin resolution must contain the following provisions as a minimum:

- the full name(s), title and capacity of the director singing the round robin resolution
- a specific reference to the document including a summary of all the provisions covered (the purpose of the summary is to link the authorisation to the relevant corporate action.)
- a resolution covering the following:
  - a statement that the said director(s) have read and understood the contents of the document;
  - confirmation that the said director(s) has given his/her consent to the party signing the document on his/her behalf;
  - signature by each director;
  - signature date;
  - signature in counterpart will be acceptable;

the board minutes must contain the following provisions as a minimum:

- confirmation that all the directors were in attendance at the meeting;
- a specific reference to the document including a summary of all the provisions covered (the purpose of the summary is to link the matters to be discussed to the relevant corporate action);
- a resolution covering the following:
  - that all the directors have read and understood the contents of the document;
  - that all the directors have given their consent to the party signing the document on their behalf;
- the minutes signed by the chairman of the meeting;
- signature date.

On the basis that the signing of the document is personal to the director as envisaged in 7.B.23, the round robin resolution or minutes of a fully constituted board meeting will be acceptable to the JSE on the basis that each director will be authorising a mutual other to sign the document on his/her behalf. This should be distinguished from a duly constituted board meeting where a quorum can be achieved without the presence of all the directors.

For the avoidance of doubt –

- board minutes will not be accepted where all the board members are not present; and
- authorisation for the purposes of this guidance note may be given to another director or a duly authorised third party (e.g. the company secretary).

**General note**

A power of attorney, round robin resolution or minutes of a fully constituted board meeting (the “authorisations”) may be an original document or a photocopy and must be delivered to the JSE by the Sponsor or Designated Adviser of the Issuer, either in person, or sent via email in the form of a scanned document. Please note that the Sponsor or Designated Adviser thereby takes responsibility for verifying the authenticity of the authorisations.

If a Sponsor or Designated Adviser, as the case may be, elects to send the authorisations via e-mail, it must be sent to the JSE from an official company e-mail address of the

Guidance Letter: Amending transaction terms as approved by shareholders

Date: 8 May 2012

Background

The JSE has recently received several requests to consider amendments to transactions as previously approved by shareholders in general meeting (“approved transaction”) on the basis that the proposed amendments are not material to shareholders and therefore do not require shareholder approval.

It has been the JSE’s firm position that it cannot and will not make an assessment on materially on behalf of shareholders as far as it relates to a proposed amendment to an approved transaction. It has been the JSE’s approach to refer any amendments to an approved transaction (irrespective of materiality) back to shareholders for their due consideration in order that they may exercise their vote in respect thereof.

Review of approach

The JSE endeavors to be pragmatic in its approach and in recent cases compelling arguments have been provided to the JSE that certain proposed amendments to approved transactions were (i) not material and (ii) not in conflict with the approved transaction (the “considering factors”), and therefore did not require the further approval of shareholders in general meeting.

The JSE wishes to advise that the general rule still applies that amendments to approved transactions must be approved by shareholders in general meeting. However, the JSE is willing to consider amendments to approved transactions, on application, where the considering factors can be clearly evidenced and supported. The JSE will seek confirmation on the considering factors from (i) the board of the issuer, (ii) the auditors of the issuer, (iii) the legal advisers of the issuer and (iv) such expert/s as the JSE may deem appropriate in its discretion (the “confirming parties”).

The JSE is aware that the general rule of referring matters back to shareholders on the mere fact that it is an amendment to an approved transaction may have timing and cost implications (in certain cases to the detriment of shareholders) and has therefore revised its approach from the general rule.

Each and every amendment to an approved transaction will be considered on its own merit and no general precedent will be created in respect of the JSE’s approach. Once the JSE is satisfied with the various representations made by the relevant parties as regards the considering factors, the JSE may issue a letter of no objection in respect of the amendments to the approved transaction not being referred back to shareholders. The JSE will require that an announcement be released on SENS addressing each of the considering factors as reported by the confirming parties and stating clearly that the amendments to the approved transaction will not be referred back to shareholders for approval.

In order for the JSE to take a view on the considering factors in respect of a proposed amendment to an approved transaction, the JSE will require and rely on the following

• A letter signed by a director of the Issuer clearly explaining the nature of the amendments to the approved transaction and the rationale for such amendments, also stating clearly why, in the board's opinion (as supported by the necessary board minutes), the proposed amendments to the approved transaction are not material and not in conflict with the approved transaction;

• A letter signed by the appointed auditors showing the pro forma financial effects of the proposed amendments on the approved transaction; and
A letter signed by the legal advisers of the Issuer clearly explaining the nature of the amendments to the approved transaction and the rationale for such amendments, also stating clearly why, in the lawyer's opinion, the proposed amendments to the approved transaction are not material and not in conflict with the approved transaction.

The JSE may request the submission of irrevocable undertakings, signed by shareholders of the issuer, (i) supporting each of the considering factors, (ii) specifying the proposed amendments to the approved transaction and (iii) stating clearly that should those amendments be proposed at a general meeting of shareholders of the issuer, that such shareholders would vote in favour of such proposed amendments. Such irrevocable undertakings should exceed the threshold required for the passing of the said resolutions as regards the approved transaction.

The above is not an exhaustive list and the JSE may consider any external factors that may have bearing on the considering factors.

Guidance Letter: Related party issues – Schemes of arrangement and offers

Date: 2 April 2012

The JSE recently consulted with various stakeholders and market participants regarding the application of the related party provisions of the JSE Listings Requirements (the “Requirements”) as it relates to (i) schemes of arrangement for the purpose of a recommended take-over (“Scheme”) and (ii) offers to shareholders of a target company (“Offers”).

The purpose of the letter is to provide guidance on the related party implications for a listed offeror company in Offers and Schemes, which Offers and Schemes are primarily regulated by the Takeover Regulations Panel (“TRP”) created by the Companies Act No. 71 of 2008.

For purposes of this guidance note, it should be noted that focus is placed on the offeror in the context that it is a listed company on the JSE. The regulation involved in respect of the target company and its shareholders are undertaken by the TRP subject to paragraph 11.54 of the Requirements.

Schemes

A Scheme is one of the methods used in effecting a take-over. A Scheme by definition is an arrangement proposed by the offeror between a company and its members and accordingly requires the target company’s board to approve the Scheme documentation submitted to shareholders for their consideration and approval.

Although a Scheme is primarily regulated by the TRP, the JSE’s jurisdiction in relation to a Scheme is over the listed offeror company as it would be a transaction (an acquisition) for such listed offeror company pursuant to Section 9 of the Requirements. The JSE will therefore also assess the relationship between the listed offeror company and the target company in accordance with the provisions of section 10 of the Requirements.

Offers

An Offer involves an offer by an offeror to shareholders of a target company and there may be no involvement by the target company’s board

As in the case with a Scheme, the JSE’s jurisdiction in relation to an Offer is over the listed offeror company as it would be a transaction (an acquisition) for such listed offeror company pursuant to Section 9 of the Requirements.

Taking into account the nature of such an Offer and the number of shareholders of the target company that may be involved, the JSE will normally only enact the related party provisions of Section 10 of the Requirements where there is a common controlling shareholder present in both the listed offeror company and the target company. The JSE is of the view that such common controlling shareholder would be in a position to influence
the board’s decision of the listed offeror company as it relates to the determination of the Offer price and may even control the boards of both the listed offeror company and target company. On this basis, the normal provisions of a related party transaction would apply for the listed offeror company (including the preparation of a fairness opinion as it relates to the Offer price).

The JSE reserves the right to assess the relationship between the listed offeror company and the shareholders of the target company in accordance with the provisions of section 10 of the Requirements. In cases where any of the shareholders in the target company have board representation in the listed offeror company, the JSE will require appropriate corporate governance measures to be applied by the listed offeror company. Thus, such representative on the board of the listed offeror company may not participate in any way whatsoever as it relates to the determination whether an Offer will be made and the subsequent quantum of the Offer price to be offered by the listed offeror company.

Guidance letter: Approved executive sign-off on submissions to the JSE

Date: 18 May 2012

The JSE Limited (“JSE”) has noticed in certain cases that the first submission checklist and/or schedule 17 declaration is not submitted for “smaller” documents such as articles of association, share schemes, and specific payments.

In light of this we felt that it would be appropriate to remind approved executives of their responsibilities in terms of the Listings Requirements (“LR”) in order to avoid any delays in the approval process.

Paragraph 16.2 of the LR details the types of documents that must be submitted through a sponsor and you will note that the “smaller” documents referred to above is specifically covered in this paragraph. Paragraph 16.3 deals with the procedures for documents requiring JSE approval and 16.3(a) states that all submissions must be accompanied by, inter alia, the first submission checklist signed by an approved executive. The first submission checklist is contained in Schedule 2 Form F and calls for, inter alia, a signed sponsor declaration as contained in Schedule 17.

Schedule 17 deals with three aspects and must be signed by the responsible approved executive. First and foremost there is confirmation that the submission complies with the LR. Secondly, there is confirmation that the approved executive will review each submission before it is submitted to the JSE and it finally deals with independence.

Based on the above we wish to advise that we will longer accept any submissions that are not properly signed-off as explained to above. Please ensure that this is adhered to avoid delays in the approval process.

SECTION 10

Guidance Letter: Fairness opinion: related party transactions in respect of property and mineral assets

Date: 25 October 2012

Fairness opinion: related party transactions in respect of property and mineral assets

Typically for a related party transaction the directors of the issuer must make a statement indicating whether or not the related party transaction is fair insofar as shareholders of the issuer are concerned and that the board of directors has been advised by an independent expert acceptable to the JSE. The board of directors must obtain a fairness opinion prepared in accordance with Schedule 5 of the JSE Listings Requirements (the “Requirements”). Before issuing a fairness opinion, the independent professional expert
must perform a valuation of the issuer and/or the subject of the transaction.

In 2007, with the introduction of the amendments to paragraph 10.4(f) of the Requirements, the JSE adopted a pragmatic approach to fairness opinions prepared pursuant to certain related party transactions. The provisions of paragraph 10.4(f) allow for a fairness opinion, resulting from a related party transaction, to be dispensed with in the event that (i) property or (ii) mineral assets form the subject matter of the related party transaction and where the value thereof is supported by the necessary valuations. The rationale for the approach being that a valuation is performed on the asset, which is then compared against the consideration paid or received in respect of that asset. The only basis under which such a comparison can take place on a like for like basis is if the consideration paid or received in respect of the asset is clearly ascertainable and determinable in the form of cash, without any consideration whatsoever of outside variables. The fairness opinion becomes superfluous where the value of the asset can be weighed outright against the cash consideration received or paid for the asset.

It should therefore be noted that the exemption on a fairness opinion as envisaged above does not apply where the consideration received or paid for the asset is in the form other than cash, such as the issue of shares in the issuer.

Therefore, only in the event that a related party transaction involves –

- property and/or mineral assets, as the subject matter of the acquisition or disposal pursuant to a related party transaction;
- the value of which has been determined and supported by a valuation –
  - For property assets it would be a valuation report prepared in accordance with paragraphs 13.20 and 13.31 of the Requirements; and
  - For mineral assets it would be a valuation included in a competent person’s report prepared in accordance with Section 12 of the Requirements by an independent competent person.
- the consideration received or paid is settled in cash,

the requirement for a fairness opinion may be dispensed with.

For the avoidance of doubt, the above principle applies equally to paragraph 13.10 of the Requirements which provides that an issuer is exempt from providing a fairness opinion where a related party transaction involves property, the subject of the valuation report prepared in accordance with paragraphs 13.20 to 13.31. It should be noted however, that property is specifically defined and described in section 13 as being immovable property consisting of land and buildings.

The exemption from obtaining a fairness opinion set out in paragraphs 10.4(f) in respect of (i) property or (ii) mineral assets is subject to the following two factors being present:

- The transaction involves an asset only, not a business, shares in a company, or a stake in a joint venture or partnership; and
- The consideration received or paid is settled in cash.

It should be noted that once a transaction involves more than an asset as envisaged above other factors may come into play which could impact the valuation as:

- There could be other assets and liabilities within the entity that may need to be considered; and
- There are other valuation considerations that need to be taken into account when the related party transaction involves a business or a group of assets.

SECTION 13

Restructuring of capital structure

Date: 28 March 2014
We refer to the introduction of the REIT requirements in March 2013 which allowed issuers to make application for REIT status. Those issuers that had linked units in issue and made application were granted REIT status but our approval letters imposed the following condition:

“In your application letter you have excluded the existing debentures issued as part of your listed linked units and the related premium from liabilities for the purposes of the gearing test. We hereby agree that you can make such an adjustment for the purposes of the gearing test but only until 1 July 2015. After that date the gearing must be based on the total consolidated liabilities as reflected in the IFRS financial statements and no separate adjustment may be made for any debentures, even if they are part of an historic linked unit structure.”

As a result of the above, we are aware that several issuers are intending to propose a capital restructuring ("the restructuring"). This letter serves to guide you on the administrative process around the restructuring and the process to be followed.

Whilst the restructuring proposals that we have seen to date have varied between issuers, they had the following common elements:

- There is a delinking of the linked units;
- The linked units are replaced with a new share certificate and a new ISIN;
- The debentures are effectively redeemed (albeit for no additional consideration);
- There is a debenture holders meeting; and
- The value of the debentures is capitalised to equity.

Taking all of the above into account we believe that the appropriate Listings Requirements ("the Requirements") applicable to the restructuring is a combination of parts of the following sections:

(i) Capitalisation issues (paragraphs 5.39–5.43 of the Requirements);
(ii) Redemption of listed redeemable securities (paragraph 11.38 of the Requirements read together with paragraph 11.34);
(iii) Alternations of share capital (paragraph 11.37);
(iv) Amendment to the MOI; and
(v) Schedule 24(i) or (p).

The checklist combining the above Requirements is attached to this letter as Annexure “A” and we expect to see compliance therewith. Please note that should a specific issuers’ restructuring deviate dramatically from the types of examples we have seen in the past we may ask for compliance with other aspects of the Requirements.

As it relates the practicalities of the above we wish to advise that:

- In respect of paragraph 13.34(d), if the effect of the restructuring on the per linked unit indicators is insignificant, such effect need not be included. Instead, the issuer must include a statement to that effect and describe what the impact will be on both the statement of financial position (including the gearing), the statement of comprehensive income and the per share/linked unit indicators; and
- The information required by paragraph 13.34(c) is critical and details must be included. It is inappropriate for the issuer to merely advise linked unitholders to seek their own advice.

In order to facilitate the administrative process we have created a new event type in Webstir called “REIT restructuring” that must be used for your submissions. This event type will be invoiced at an amount of R11 154.94 (inclusive of VAT) which has been derived from the sum of event types (i) to (iv) set out above. Should the restructuring be implemented via a scheme of arrangement, that event type must be included separately in Webstir, but the JSE will not invoice separately for it. Furthermore, even if the
restructuring is implemented through a scheme, the JSE will impose the above requirements and will not follow its usual approach for a document under the jurisdiction of the Panel.

SECTION 18

Guidance Letter: Termination at the request of the issuer: Secondary listed issuers

Date: 20 June 2012

An issue was recently raised whether an issuer had to comply with the termination provisions (at the request of the issuer) pursuant to paragraph 1.13 of the JSE Listings Requirements (the “Requirements”) in instances where the issuer was secondary listed on the JSE.

The factors for consideration presented to the JSE were the following:

On the basis that the primary exchange of the issuer did not require (i) shareholder approval or (ii) an offer to be made to shareholders in order to affect the termination of securities –

- the JSE (as the secondary exchange) should follow suit as the securities would be terminated in accordance with the requirements of the primary exchange; and
- the provisions of paragraph 18.19 of the Requirements dealing with the continuing obligations of secondary listed issuers did not specifically address adherence to the termination provisions as set out in paragraph 1.13 of the Requirements.

Paragraph 1.13: Termination of securities at the request of the issuer

The relevant provision relating to termination of securities at the request of the issuer has been extracted below from the Requirements for ease of reference:

1.13 An issuer may make written application to the JSE for a deletion of any of its securities from the List, stating from which time and date it wishes the deletion to be effective. The JSE may grant the request for termination, provided paragraphs 1.14 and 1.15 are properly complied with and perfected.

1.14 Prior to being able to effect paragraph 1.13, an issuer must send a circular to the holders of its securities complying not only with the requirements of paragraph 11.1 (contents of all circulars) but also with the following:

(a) where the issuer is a listed company, approval must be obtained from shareholders in general meeting for the termination of the listing prior to the issuer making written application for such removal;

(b) the reasons for termination must be clearly stated;

(c) an offer (which must be fair in terms of paragraph 1.14(d)) must be made to all holders of listed securities with terms and conditions provided in full; and

(d) a statement must be included by the board of directors confirming that the offer is fair insofar as the shareholders (excluding any related party/ies if it/they are equity securities holders) of the issuer are concerned and that the board of directors has been so advised by an independent expert acceptable to the JSE. The board of directors must obtain a fairness opinion (which must be included in the circular), prepared in accordance with Schedule 5, before making this statement.

1.15 Where approval is required in terms of paragraph 1.14(a), more than 50% of the votes of all shareholders present or represented by proxy at the general meeting, excluding any controlling shareholder, its associates and any party acting in concert, and any other party which the JSE deems appropriate, must be cast in favour of such resolution, unless the JSE otherwise decides.
Dual Listings: Section 18 of the Requirements

In order to address this issue the meaning of secondary listing status should be understood. Secondary listing status means that once an applicant issuer is listed, it will only be required to comply with the listings requirements of the exchange where it has its primary listing, save as otherwise specifically stated in the Requirements.

Authority of the JSE

The section in the Requirements dealing with the termination provisions is contained in Section 1 of the Requirements. The scope of the section states clearly in the preamble that the section sets out the authority of the JSE regarding its powers to list, suspend and terminate listings, and its powers to enforce the Requirements.

These powers are general enabling powers applicable to all issuers, including issuers with secondary listings on the JSE.

The continuing obligations provisions: Paragraph 18.19 of the Requirements

It was argued that the termination provisions did not apply to the issuer on the basis that the Continuing Obligations Provisions did not include adherence to the termination provisions as set out in Section 1 of the Requirements.

It should be appreciated that the Continuing Obligations Provisions deal with continued disclosure as long as the issuer remains secondary listed on the JSE and it would therefore be out of place to deal with provisions dealing with the termination of securities.

This position is confirmed in the above definition of secondary listing status. Once an applicant issuer is listed, it will only be required to comply with the listings requirements of the exchange where it has its primary listing, save as otherwise specifically stated in the Requirements. Thus, as long as the secondary listed issuer is listed on the JSE it would need to comply with the Continuing Obligations Provisions of the JSE despite any contrary requirements of the primary exchange.

Conclusion

It should be noted that one of the objectives of the JSE is aimed at ensuring that its activities are carried out with due regard to the public interest. On the basis that secondary listed companies actively market and pursue investments from the South African public and others, there is no reason to believe that the Requirements, as they pertain to the termination of securities at the request of the issuer, do not apply to secondary listed companies which have securities listed on the JSE.

Secondary Listed Companies

Guidance Letter: Corporate actions and certain other events undertaken by secondary listed companies on the JSE

Date: 10 March 2010

The JSE Limited (“JSE”) has received numerous requests from sponsors regarding the approval by the JSE of corporate actions or events specified in terms of paragraph 16.2 of the JSE Listings Requirements (“LR”) undertaken by companies with a secondary listing on the JSE. In light of this and given some of the difficulties experienced by some companies we have decided to clarify our approach in relation to the above. In future, sponsors must submit to the JSE at least 5 working days prior to the date of the circular, a letter confirming the following:

- that all relevant approvals have been granted. These approvals will, amongst others, include approval from the listings or other competent authority of the exchange where the company has its primary listing and if applicable, approval from the South African Reserve Bank;
- that the circular as submitted is in compliance with Section 18 of the LR to the extent required;
that approval has been granted by the Corporate Actions and Clearing and Settlement Departments of the JSE with regard to any procedural and timetable issues;

that they are satisfied that there is nothing in the document that is in conflict with the LR (if there is a conflict, this must be brought to the attention of Issuer Services Division); and

the contents of the documents will not lead to a reverse listing (as contemplated in Section 9 of the LR). The JSE will, subject to compliance with the above, peruse the document and provide formal approval within 48 hours of the submission.

Certain corporate actions can be extremely complex and it should therefore be noted that for approval to be granted from the departments (as mentioned above) within at least 5 working days prior to the date of the document, they must have been consulted as far in advance of the process as possible. As this is a new approach, we may have to change it if we experience any problems in the future. Please communicate this new approach to your clients with secondary listings on the JSE.

SECTION 19

Guidance Letter: Acceptable index providers

Date: 27 November 2008

Introduction

The JSE Limited (“JSE”) Listings Requirements, specifically section 19, make provision for the listing of certain instruments with an index as their underlying basis. In order to promote investor protection, the JSE requires that the index meets certain minimum requirements. In this regard, the JSE has established certain principles which will be used to determine whether the index and the party responsible for its calculation are acceptable. The principles, together with supporting guidelines, are set out in paragraphs 2 to 6 below.

Experience

The index provider must satisfy the JSE that its has adequate experience in calculating indices. The JSE will have regard to the following guidelines in considering whether an index provider has the required experiences:

- The index provider will be expected to have staff with considerable relevant experience. Experience could include the calculation of in-house benchmarks, custom indices or having worked with or been employed by a reputable index provider for a considerable period.

- The index provider must provide evidence that it has sufficient knowledge and experience in dealing with the impact of corporate actions on indices. This could be achieved by displaying a satisfactory track record of applying corporate actions correctly to an index.

Transparency

The construction of the index, including the treatment of corporate actions, must be clearly stated in the Ground Rules Document and its document must be publicly available to ensure full transparency. The JSE will have regard to the following guidelines in considering whether the Ground Rule Document is acceptable:

- It must contain the basic constitution of the index and the treatment of all known corporate actions must be clearly set out to ensure that they are dealt with timeously, objectively and consistently.

- Details of index reviews and the intervals at which such reviews are conducted must be clearly disclosed.
• It must include details of the process followed when there are changes to the index and how these changes will be communicated to investors.

**Independence**

An index provider must calculate the index objectively without undue influence from the organisation or fund which is issuing the instrument based on the index. Consequently, an index provider may not act as an index provider to any organisation or fund issuing the relevant instrument from which it is not independent except with the specific approval of the JSE. The JSE will have regard to the following guidelines in considering whether to allow an index provider to act for an organisation or fund issuing the instrument from which it is not deemed to be independent:

• The department or business unit that is responsible for calculating the index must operate separately from the issuer of the instrument and this must be evidenced by clear “Chinese walls”.

• The department or business unit responsible for calculation the index must not have any reporting lines into the department or business unit responsible for issuing the instrument.

• The compliance officer of the organisation must confirm in writing that the two areas are sufficiently independent and separated to ensure that the one is not influenced at all by the other.

• A policy must be in place stipulating how matters will be dealt with that are not covered in the Ground Rules Document and this policy must ensure that decisions are taken in order that the interests of the issuer of the instrument may not be in conflict with the best interest of investors.

• Disclosure regarding the relationship between the index provider and the issuer of the instrument must be included in the listing documentation together with details on the index provider’s ability to act independently.

**Continuity**

Arrangements must be in place to ensure that a sufficient number of experienced staff are available to properly discharge the index provider’s responsibilities at all times. If the index provider does not have the necessary staff to fulfil this obligation, it must have alternative arrangements in place to ensure continuity at all times. The JSE will have regard to the following guidelines in considering whether the alternative arrangements are acceptable:

• The index provider must have an agreement in place with another index provider that will take over its responsibilities in the event of the index provider not being able to discharge its responsibilities for whatever reason.

• The other index provider referred to in (a) above must meet the criteria in considering was set out in this document and be approved by the JSE.

**Technology**

The index provider must demonstrate to the JSE that it has a robust index calculation system in place. The JSE will have regard to the following guidelines in considering whether the system is acceptable:

• The system must not be subject to manipulation. Confirmation of this must be provided to the JSE and the issuer of the instrument must confirm that it is satisfied with the controls implemented to avoid manipulation.

• The system must be designed to ensure continuity in the event of a system failure.

The JSE would encourage potential index providers to submit all the relevant documentation evidencing compliance with the above principles and guidelines early in the process in order to ensure that there are no unnecessary delays in the approval of a new listing.
Financial and audit related – Continuing obligations

Guidance Letter: Proactive monitoring of financial statements

Date: 16 February 2011

The JSE has released an announcement on SENS today regarding pro-active monitoring of financial statements. As a reminder, compliance with SA GAAP was made a JSE Listings Requirement in 2000. In 2005 this was changed to compliance with International Financial Reporting Standards (“IFRS”). The obligation to comply with IFRS is therefore not new. What has changed, however, is the JSE’s approach to regulating this matter. It is important to note that our change is in line with international best practice.

From a practical process perspective, the pro-active review will begin shortly. All financial statements published on or after 1 January 2011 will be eligible for review. You will not receive any notification that your results have been selected. We shall contact you if the review process has identified issues which in our opinion warrant further investigation. In line with King III and the new Companies Act, No. 71 of 2008, audit committees must receive and deal appropriately with any concerns or complaints relating to accounting matters. We would therefore expect to see the input of the audit committee on any correspondence which flows from the company in response to issues of an accounting nature raised by the JSE.

A well regulated securities market is fundamental for listed companies to be able enjoy the benefits of being listed. We hope that you will embrace this new process and trust that together we will enhance South Africa’s standing in the international market.

Guidance Letter: Summary of financial statements

Date: 25 July 2011

The Companies Act, No. 71 of 2008 (“the Act”) makes provision for a summary of financial statements to be sent to shareholders, the summary must however comply with the prescribed requirements in the Act or Regulations. Unfortunately neither the Act nor the Regulations have provided for the prescribed requirements for a summary of financial statements.

Listed companies must thus obtain the necessary advice in order to determine whether it is legal to distribute a summary of financial statements to their shareholders. If they do send such a summary, whether voluntary or in terms of the Act, the JSE, without condoning that it is correct to send a summary, shall at the very least require of the company in relation to annual financial statements to have a summary that follows the approach of the Listings Requirements as they relate to preliminary, provisional and abridged reports. In this regard the summary must:

• be prepared in accordance with the framework concepts and measurement and recognition requirements of IFRS and the AC 500 standards as issued by the Accounting Practices Board or its successor; and
• must also as a minimum contain –
  – the information required by IAS 34: Interim Financial Reporting (in other words the disclosure requirements); and
  – a statement confirming that it has been so prepared.

These requirements apply equally to the situation where a company voluntarily sends financial information in a summarised format for example in advance of the notice of annual general meeting.

In the event that a company wishes to provide a summary of their interim financial reports, preliminary reports, provisional reports and abridged reports, such a summary must fully comply with paragraph 8.57 of the Listings Requirements.
Guidance Letter: Presentation of financial results

Date: 14 September 2007

The JSE Limited (“JSE”) wishes to remind issuers that in terms of paragraph 8.57 of the JSE Listings Requirements, interim, preliminary, provisional and abridged reports (period results reports) must be prepared in accordance with, and containing the information required by, International Financial Reporting Standards (“IFRS”) on Interim Financial Reporting (i.e. IAS 34).

In order to confirm compliance with this Listing Requirement, we ask issuers to include a statement confirming that the period results reports have been prepared in terms of IAS 34. This statement would be in addition to the normal wording which confirms that the accounting policies are in terms of IFRS and are consistent with those of the previous annual financial statements.

The GAAP Monitoring Panel (“GMP”), in recent cases referred to it has identified serious deficiencies with respect to compliance with IAS 34, as well as issues relating to accounting for business combinations. These matters are detailed in the Annexure to this letter. We would urge all issuers to carefully consider the content to their period results reports in light of paragraph 8.57 of the Listings Requirements and these GMP findings in order to avoid contravening the Listings Requirements.

Finally, in the context of period results reports which have been reviewed or audited we refer you to the 2004 SAICA guide. Although the references in this guide are out of date, the principle remains the same, namely the period results report should actually have an auditor’s report separate from the underlying detailed annual financial statements.

Annexure

This annexure does not deal with all the requirements of the applicable standards. Its purpose is to set out deficiencies in financial reporting identifies by the GMP in recent cases referred to it.

IAS 34: Interim financial reporting

1.1 It should be noted that IAS 34 applies to half-yearly reports AND any preliminary, provisional or abridged reports issued by a company.

1.2 The minimum disclosure required includes specific disclosures relating to segment reporting and business combinations.

1.3 IAS 34, paragraph 16, requires, inter alia, the following minimum disclosure requirements:

   Segment information, including:
   1.3.1 Revenues from external customers.
   1.3.2 Inter-segment revenues.
   1.3.3 Segment profit or loss.

   Business combinations, including:
   1.3.4 The effective changes in the composition of the group during the period, including business combinations, acquisition or disposal of subsidiaries and long-term investments, restructurings and discontinued operations.
   1.3.5 Acquisition date of business combinations.
   1.3.6 Percentage of voting equity instruments acquired.
   1.3.7 Cost of acquisitions.
   1.3.8 If equity is issued (or issuable) in payment for an acquisition, disclosure is required of the number of equity instruments issued or issuable and the fair value of those instruments/basis for determining fair value.
1.3.9 The amount of the acquiree’s profit or loss since acquisition date included within group profit for the period.

1.3.10 The revenue and results of the group for the period as if the acquisition dates had been at the beginning of the period.

1.3.11 Any gain/loss recognised in reporting period relating to the business combinations effected in the period.

Basic and diluted earnings per share

1.4 Diluted earnings per share data must include the effects of all dilutive potential ordinary shares. Contingently issuable shares should be included in the calculation of diluted earnings per share. This includes share issues which are subject to the fulfilment of conditions which had not yet been fulfilled at the reporting date. If there is a dispute regarding whether there are further shares to be issued (e.g. a dispute whether an earn-out target triggering share issue has been met), that fact should be disclosed and appropriate treatment and disclosure in terms of IAS 37 and Schedule 4 to the Companies Act, No. 61 of 1973 is required. Contingently issuable shares are only treated as dilutive their issue would have a negative effect on EPS.

IFRS 3: Business combinations/IAS 27: consolidated financial statements

2.1 The income and expenses of a subsidiary are to be included in the consolidated financial statements from the “acquisition date” as defined in IFRS 3. Income and expenses of a subsidiary are to be excluded from the consolidated financial statements from the date upon which the holding company ceases to control the subsidiary.

2.2 In terms of IFRS 3, the acquisition date is the date upon which the company “effectively obtains control of the acquiree” and control is the “power to govern the financial and operating policies . . .”.

2.3 The date upon which the company effectively obtains control must be considered, having regard to the financial substance and economic reality, not the legal form in the acquisition agreement.

2.4 The effective date set in an agreement does not determine the acquisition (or sale) date for accounting purposes.

2.5 Some acquisition agreements reflect effective dates which are many months before the agreement date and/or the date upon which the acquirer effectively obtained control of the acquiree.

2.6 In those circumstances, the financial substance and economic reality is that the profits earned up to the acquisition date are included within the purchase price (and represented by increased net asset value as at the acquisition date). Such a transaction should be accounted for based on the acquisition date as defined in IFRS 3 and not the contractual effective date. Appropriate accounting adjustments are required in order to eliminate from the group profits the profits of the acquiree between the contractual effective date and the acquisition date.

2.7 The acquirer must account for the results of an acquired business or subsidiary based on the date upon which the power to govern was obtained in substance and reality (and not legal form). This principle applies equally to the seller, which should account for the results up to the date that such control was transferred to the buyer, in substance and reality, i.e. when seller “ceases to control” as referred to in IAS 27.

2.8 The consideration as to whether, in substance and reality, the power to govern had been obtained (or given up) would include, inter alia, an assessment of the de facto ability to make policy decisions in relation to the acquirer.

2.9 A measure of this power is to consider the date from which the acquirer had actual
management control of the acquiree.

2.10 It follows that the allocation of the purchase price to the identified assets of the acquire should not be based on the fair values as at the legal effective date in the contract, but on the acquisition date, which must be determined in compliance with IFRS 3.

2.11 In circumstances where a take-over cannot legally be implemented until regulatory approvals have been obtained, it would be unlikely that control in substance and reality, could have been obtained by the acquirer prior to this approval.

2.12 The following counter arguments put forward were considered and rejected by the GMP:

1. the fact that the acquirer would be in control of the target at the end of its next reporting period is entirely irrelevant to the assessment;
2. the fact that the acquirer would control the accounting policies of target for the historic reporting period is irrelevant to the assessment. The selection of accounting policies to utilise in reporting the historic period, has no bearing on the date upon which the acquirer effectively obtained control of the target;
3. a reference was made to “guidance on implementation and illustrative examples”. The only matter of relevance is the application supplement, being Appendix “B” to IFRS 3. This does not provide any indication that control for accounting purposes is based on an analysis of contractual rights and legal form. The question of effective control contemplated by IFRS 3 requires an analysis of the substance and financial reality which prevails over the legal form;
4. although contractually, certain rights may have passed to the acquirer on the effective date set in the agreement, this is clearly not the date from which the acquirer effectively obtains control of the target for the purposes of IFRS 3; and
5. the fact that there may have been no significant changes in the policies of the target during the reporting period, that the core management would remain the same and that the businesses were principally the same, are all entirely irrelevant considerations in assessing the acquisition date for the purposes of IFRS 3.

Guidance Letter: Presentation of pro forma financial information

Date: 4 March 2010

The Johannesburg Stock Exchange (“JSE”) has received a number of enquiries relating to the presentation of certain pro forma financial information (“pro formas”) and we deemed it appropriate to communicate our position on this to all issuers to avoid any uncertainty.

Paragraph 8.15 of the JSE Listings Requirements (“LR”) is clear that it relates to pro formas in any information requiring submission to the JSE. Such information includes results announcements and annual financial reports. Some issuers have adopted a practice of including additional information in their results to show the impact of for example:

- the acquisition of an asset as if it had been acquired at the beginning of the period;
- the application or non application of a specific IFRS; or
- the results for a longer or shorter period than the previously reported results; for example, retailers adjust past results to show a comparable 53 – week period.

These examples are all pro formas for JSE purposes and the disclosure thereof must accordingly be done in full compliance with Section 8 of the LR. This is the case even if the issuer only discloses for example a pro forma profit or revenue figure without showing the entire income statement.
Guidance Letter: Presentation of constant currency information

Date: 16 August 2012

We refer to our guidance letter dated 4 March 2010 which addressed certain items which the JSE regarded as pro forma financial information ("pro forma information"). The guidance letter further stipulated that the items would be regarded as pro forma information for JSE purposes and the disclosure thereof must therefore be provided in full compliance with section 8 of the Listings Requirements (the "Requirements"). One of the items mentioned was the application or non-application of a specific International Financial Reporting Standard ("IFRS").

The JSE has recently noted that the presentation of financial information on a “constant currency” basis is increasing and in light of discussions held with certain issuers, the JSE decided to issue specific guidance thereon in order to ensure consistency in (i) the presentation of financial information and (ii) the involvement of auditors. IFRS has specific requirements dealing with currency conversions and the presentation of a “constant currency” figure essentially ignores the IFRS requirements. The presentation of financial information on a “constant currency” basis therefore falls into the category of non-application of a specific IFRS requirement and can therefore be regarded as pro forma information.

The JSE acknowledges that where management information is reviewed by the Chief Operating Decision Maker (as defined in terms of IFRS 8 – Operating Segments) in a currency other than the presented currency of the financial statements, an issuer is obliged to present such information in terms of IFRS 8 – Operating Segments. Where the issuer is obliged to present this information in compliance with IFRS 8 the JSE will not impose its pro forma requirements on such issuer. Similarly the JSE is not concerned if an issuer explains, as a matter of fact, how an underlying currency strengthened or weakened during a specified period. Such commentary is common with other line items within the income statement, for example where an issuer explains changes in volumes of units sold.

In all other instances, when an issuer presents financial information on a “constant currency” basis they must:

(i) Comply with paragraphs 8.16 and 8.18 of the Requirements;
(ii) Explain clearly what the base information is, i.e. whether it is the current or the comparative period that has been adjusted for the application of a constant currency;
(iii) Explain clearly how that base information has been adjusted for the exchange rate changes. Where there is more than one foreign currency involved this explanation must:
   (a) provide details of each of the material currencies of the issuer for both periods; and
   (b) indicate how the average exchange rate was calculated;
(iv) For constant currency information presented as part of or accompanying interim results of the issuer represented in terms of paragraph 3.15(a) of the Requirements, there must be a statement advising investors that this information has not been reviewed and reported on by the issuers’ auditors; and
(v) For constant currency information presented as part of or accompanying any other results the issuer must obtain a limited assurance report, prepared in terms of IASE 3000, from their auditor on such information, and the auditors’ report must be available for inspection. In issuing their report, the auditor must consider the accuracy and the appropriateness of the basis of presentation of the constant current financial information.

Guidance Letter: Accreditation of new auditors and reporting accountant specialists

Date: 25 March 2013
The JSE would like to clarify the Listings Requirements (“the Requirements”) in respect of the accreditation process of new auditors and reporting accountant specialists (“the accreditation process”). We have found that numerous submissions are being made for the accreditation process without all the required documents being included from the beginning. This unfortunately causes an unnecessary delay in the overall approval process both for the JSE and the proposed new auditors.

We therefore request that all of the following documents be submitted by the primary contact of your audit firm for each new application made:

1. A signed declaration form;
2. A letter from IRBA confirming the audit partner’s registration;
3. The audit partner’s latest IRBA review decision letter or a letter from IRBA stating the date of when the review will take place;
4. Certificate as proof of attendance of the JSE Listings Requirements Course or confirmation of when it will be attended;
5. Certificate as proof of attendance of the Headline Earnings Per Share course or confirmation of when it will be attended;
6. In the case of an application made for a Reporting Accountant Specialist, a certificate as proof of attendance of the Reporting Accountant Specialist Course;
7. The following contact details:
   - Telephone number;
   - E-mail address; and
8. Confirmation from the primary contact that the submission includes all of the information referred to in points 1 to 7 above.

Any submissions made other than in terms of the above process will be automatically rejected. The approval process will only commence once there has been compliance with the above, and it is incumbent on the audit firm to ensure that there is a complete submission.

Guidance Letter: Integrated reporting

Date: 27 June 2013

This letter aims to clarify the continued misunderstanding within the market as to the obligations of listed companies (“Issuers”) pursuant to the JSE Listings Requirements (“the Requirements”) and Integrated Reporting.

The Requirements

On 31 January 2013 the JSE issued a guidance letter on corporate governance pursuant to the provisions of the Requirements. The JSE’s general approach to corporate governance in relation to the King Code on Corporate Governance for South Africa (the “King Code”) is that certain principles are mandatory with the balance being adopted on an “apply or explain” basis. Chapter 9 of the King Code which deals with Integrated Reporting and disclosure is not a mandatory principle pursuant to our recent guidance and can therefore be applied on an “apply or explain basis”.

The Consultation Draft of the International IR Framework (“Draft Framework”)

The JSE applauds the work of the International Integrated Reporting Council (“IIRC”) and for the publication of the Draft Framework. We believe that this document is an improvement on the Discussion Paper issued by IIRC in September 2011. Nevertheless, we would therefore encourage Issuers to provide their comments on the Draft Framework to the IIRC.

In conclusion, the JSE wishes to advise Issuers that the production of an Integrated
Guidance Letter: Application of IFRS 2 to share incentive schemes containing a cash settlement option

Date: 10 September 2013

The JSE wishes to bring to your attention a recent matter arising from its pro-active monitoring activities dealing with the treatment of cash settled options. The matter was also referred to the Financial Reporting Investigation Panel (“FRIP”) for their advice.

Fact pattern

The terms of an equity settled share based payment scheme permitted settlement in cash at the option of the Issuer. In the first year of vesting the Issuer settled certain of the employees share appreciation rights (“SARS”) in cash when requested to do so by the employees. In the subsequent years, further SARS were settled in cash, even in instances when no request was made by the employee.

The Issuer continued to treat the SARS as equity settled on the basis that the decision to settle in cash was made at settlement date based on an assessment of the commercial and economic factors, and what would be most beneficial to the Issuer. The Issuer had no stated policy with regards to cash settlement and contended that it thus did not have a present obligation of cash settlement, and continued to treat the scheme as equity settled.

Application of IFRS 2

Given the above fact pattern the SARS should have been treated as cash settled in terms of paragraphs 41 to 43 of IFRS 2. In considering this matter the FRIP noted that:

• Past behaviour and patterns of generally settling in cash shed light on the assessment of the likely conduct in the future indicating a rebuttable presumption of likely conduct;
• In circumstances where the Issuer cash settles the majority of SARS, this would be an indicator that a practice has been developed of settling SARS in cash (irrespective of its stated policy in this regard);
• Settlement in cash, even when not requested to do so by the holder of the right, would point to conduct of generally settling in cash, and establishes a business behaviour in relation thereto;
• The settling in cash in those circumstances (without the request from the holder of the right), would in fact be a stronger indication of an obligation to settle in cash than the circumstance in IFRS 2 paragraph 41 which contemplates that the counter-party specifically requests cash settlement;
• Even if the original intention was to settle in shares, in the Issuers case, the settlements in cash indicated a practice of cash settlement, which would drive the accounting thereafter; and
• For completeness, the assessment of whether the SARS were cash or equity settled would be a significant judgment that should be disclosed in terms of IAS 1.

Conclusion

The JSE urges Issuers to pay careful attention to their accounting treatment for share incentive shares where the scheme allows for cash settlement and this option is being utilised.

Guidance Letter: Reporting of restatements

Date: 8 October 2014

From 2009 accredited auditors were responsible for reporting restatements of results to the JSE. These notifications would then trigger correspondence between the JSE and the issuer. This reporting responsibility will shift to the issuer with effect from the implementation of the 2014 revision of the JSE Listings Requirements (“the Requirements”). This letter aims to provide guidance to issuers as to how to fulfil this new responsibility. It also incorporates the information previously set out in our letter of June 2013 which dealt with certain aspects of the reporting responsibility and as such that 2013 letter has been withdrawn.

When to report a restatement

New paragraph 3.14 of the Requirements states the following:

“In the instance where an applicant issuer restates previously published results, for whatever reason, they must submit a restatement notification to the JSE containing details of the restatement and the reasons therefor. Such notification must be submitted within 24 hours from the restated results being published on SENS.”

For the sake of clarity we wish to confirm that previously published results cover interim results, preliminary results, provisional results, abridged results and annual financial statements whether published separately or as part of another document which are restated and republished.

How to report a restatement

The restatement notification must be sent via email to the following e-mail address: restatements@jse.co.za. The notification should contain sufficient information through a detailed narrative for the JSE to understand the nature and circumstances that led to each specific restatement, as well as details regarding how and when the need for restatement was identified. The impact of the restatement on previously published results should also be included.

Which restatements

Restatements (also sometimes called re-presentations) of previous published results can occur in the following instances:

(i) a new accounting standard or interpretation is issued by the IASB, which requires retrospective application;

(ii) a voluntary change of accounting policy or change in the application of IFRS;

(iii) the application of IFRS 5 – Non-current Assets Held for Sale and Discontinued Operations and/or paragraph 28 of IAS 33-Earnings per Share;
(iv) a reclassification of amounts disclosed in the prior period financials;
(v) the correction of a material prior period error; and/or
(vi) for some other reason.

Historically the JSE required to be advised of any restatement. Going forward the JSE does not wish to be advised of any restatements under points (i) and (iii).

Furthermore, the same restatement will often appear in the interim results, preliminary or provisional results and the annual results. Notification of restatements resulting from category (ii) above need only occur once for each change.

Guidance letter: Application of IFRS for antecedent interest on linked units

Date: 9 October 2014

The JSE wishes to bring to your attention a recent matter arising from its pro-active monitoring activities dealing with the treatment of antecedent interest payable by property entities with linked units. This matter was also referred to the Financial Reporting Investigation Panel (“FRIP”) for their advice.

Fact pattern

In this specific instance a property entity ("the issuer") with a debenture linked to an ordinary share ("linked unit") issued new linked units between two debenture distribution dates.

The issuer:

(i) Determined the amount of interest attributable to the newly issued linked units from the last distribution date to the issue date ("antecedent interest") and accounted for this as income;

(ii) Did not correctly apply their own accounting policy to measure the debenture at fair value plus transaction costs at initial recognition; and

(iii) Thereafter incorrectly fair valued the debenture, instead of measuring it applying amortised cost using the effective interest rate method.

Application of IFRS

The treatment of antecedent interest in terms of the above fact pattern is not in accordance with International Financial Reporting Standards (“IFRS”). It is neither revenue in terms of IAS 18 – Revenue standard nor income in terms of the Framework. The FRIP advised that this antecedent interest forms part of the cash inflow on the issue of the linked units and should be recognised as part of the debenture liability’s initial carrying amount using the effective interest rate method (IAS 18.30 and IAS 39.09).

IAS 39.43 states that when a financial asset or financial liability is recognised initially, an entity shall measure it at its fair value plus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Thus the fair value of the debenture liability as determined initially should include the antecedent interest portion, since it is a component of the debenture portion’s future contractual cash flows.

Furthermore the debenture liability is then amortised using the effective interest rate in accordance with IAS 39 - Financial Instruments: Recognition and Measurement for every separate issue of debentures (linked units).

Conclusion

The JSE urges issuers to pay careful attention to their accounting treatment for both antecedent interest and the measurement of debentures. Whilst we understand that the linked unit structures are in the process of being collapsed, we wish to highlight these
principles to ensure that issuers do not take the same approach as it relates to dividends that they may believe accrue on the shares issued in place of the linked unit structures.

**Guidance letter: Updated training courses for auditors and reporting accountant specialists**

*Date: 10 October 2014*

We refer to the JSE letter dated 30 May 2014 (the “May letter”) with regards to the recognised training courses for auditors and reporting accountant specialists. This letter provides an update on the content of that letter and therefore replaces the May letter.

The 2014 amendments to the JSE Listings Requirements (the “Requirements”) referred to in the May letter has been completed and the JSE recently issued Service Issue 18. Auditors and reporting accountants will be required to attend the updated JSE recognised training courses in order to remain accredited. Furthermore, all presenters that are providing the training must submit their presentations as well as their credentials to the JSE for official recognition before they schedule any presentations.

There are two different courses which auditors need to be aware of:

- The Auditors Reporting Accountant Specialist Course; and
- The Auditors General Listings Requirements Course.

We wish to draw your attention to the fact that both the content and target audience for the two courses are different.

**The Auditors Reporting Accountant Specialist Course (“RA Specialist Course”)**

Auditors must attend the RA Specialist Course if they wish to register as a reporting accountant specialist and do not have the necessary experience and knowledge as specified in Schedule 15.6 (e)(ii) of the Requirements. The JSE has, at this stage, only approved one vendor, KAR Presentations, who is authorised to present this course.

**The Auditors General Listings Requirements Course (“GLR Course”)**

The GLR Course is compulsory for all listed company auditors. The obligation to attend this course can be fulfilled in the following manner:

1. Audit firms may hold in-house courses, provided the JSE has approved both the content of the training and the specific presenters who will be presenting the course; or
2. Auditors may attend courses presented by certain external parties who have had both their content and specific presenters approved by the JSE.

**Annexure 1** to this letter provides broad guidelines as to the areas that the GLR Course must cover.

**Process of approval**

In order for the training to be recognised by the JSE, the parties presenting must:

(i) ensure their course material covers the minimum content detailed herein;
(ii) submit the presentation to the JSE for recognition; and
(iii) provide details of the credentials of the presenters including their experience as it relates to the application of the Requirements.

Please ensure that the above is submitted to auditorsadmin@jse.co.za. We will require a minimum of 7 days to review and/or approve the presenter and training material.

The JSE will recognise the training even if it is given in different parts e.g. training on Part A aspects may be given separately from the Part B aspects (see **Annexure 1**).

**Updated GLR Courses**
For new applications, the JSE will only recognise training on Part A if it incorporates the 2014 amendments. As it relates to existing accredited auditors, updated training must have been completed by all individuals by 31 May 2015 in order for their accreditation to be renewed. The annual declarations for 2015 will have to specifically include confirmation that the individual auditor attended an updated course based on the 2014 amendments.

As it relates to Part B, given that the Headline Earnings Circular of 2009 was updated in 2012 and August 2013 we will only accept training that occurs on the new Headline Earnings Circular. Therefore for all new applications for auditor accreditation, the JSE will only recognise training done on the SAICA Circular 2/2013 – Headline Earnings. All existing accredited auditors will also be required to attend training on the SAICA Circular 2/2013 – Headline Earnings and to provide details to the JSE of during the 2015 annual declaration process.

The Financial Markets Act No. 19 of 2012 ("FMA") replaced the Securities Services Act No. 36 of 2004 ("SSA") and therefore as it relates to new auditor accreditation training will only be accepted provided the auditor has attended training on the market abuse provisions of the FMA and not the SSA.

Please contact Bernardine Joubert if you have any further questions regarding the above.

Yours faithfully

A.F. VISser: general manager issuer regulation

Point 4 covers normal accounting and auditing standards training, given by audit firms. For point 11, the specific matters should be picked up by auditors on an ongoing basis and the detail need not be covered in the recognized GLR training which is mainly aimed at equipping auditors to deal with points 3, 5, 12 to 15 above.

Annexure 2

This annexure includes some frequently asked questions that we receive from auditors.

1. Is a foreign company listed on the JSE required to have a JSE accredited audit firm?

   If the company is primary listed on the JSE, then they are required to have a JSE accredited audit firm.
If the company is secondary listed on the JSE, their auditor does not have to be accredited with the JSE.

However, registered foreign auditors cannot be accredited by the JSE as reporting accountants and therefore cannot sign off in a listing document on pro forma financial information.

2. Is a debt issuer required to have a JSE accredited audit firm?
   No, this is not a requirement.

3. Is an Integrated Report required in terms of the Listings Requirements?
   No, this is not a requirement.

4. What disclosure must be included in the annual report of a listed company for restrictive funding arrangements?
   - the restriction(s) on specified events attaching to the funding arrangement;
   - the funding provider(s); and
   - the amount of the funding.

5. When must an auditor modify his/her audit report?
   In cases on non-compliance with paragraph 8.63(b)–(k), (m)–(p) of the Requirements.

6. As an auditor, I include my latest IRBA review in my annual declaration submission on 1 June every year. Am I still required to inform the JSE of the outcome of my file review when I receive it?
   Yes, you are required to submit the outcome of your file review with 5 days of receipt from IRBA.

7. Do I still need to inform the JSE of any legal or disciplinary process even though it has not been finalised?
   Yes, you need to inform the JSE as soon as you are notified of a possible legal or disciplinary process. The JSE must also be informed of the outcome of such process in due course.

8. When should I notify the JSE if I have been appointed or resigned as the auditor of a listed company and what should be included in my notification.
   You must advise the JSE, within 48 hours from the date of notification of termination or resignation involving:
   (a) the termination of the appointment of the audit firm/ partner;
   (b) the resignation of the audit firm/ partner; and/or
   (c) the appointment of a new audit partner as a result of rotation of audits amongst audit partners.

   The notification must include the effective date of appointment/resignation, the details of the reason for termination or resignation and confirmation that there is no reportable irregularity.

9. Am I obliged to provide additional information if requested by the JSE regarding my IRBA reviews even though it may include confidential information relating to a listed issuer?
   Section 22.5(d) of the Requirements state that the auditor must “provide to the JSE any information or explanation known to it, in such form and within such time limit as the JSE may reasonably require, for the purpose of verifying whether the Listings Requirements are being and have been complied with by it or by an applicant issuer”. Information requested by the JSE must therefore be adhered to in order to
assist the JSE in their regulatory duties.

10. Where should all notifications from auditors be submitted?
    All notifications must be submitted to auditorsadmin@jse.co.za.

11. As an auditor, can I just send all notifications and correspondence to the JSE?
    All notifications and correspondence should be channelled through your audit firms’ primary contact, whether directly or indirectly by copying the primary contact in yours emails.

Financial and audit related – Circulars

Guidance Letter: Letter to sponsors/designated advisers
Date: 4 March 2010

Presentation of financial information: role of the reporting accountant specialist, sponsor and designated adviser

The Johannesburg Stock Exchange (“JSE”) Listings Requirements (“LR”) as they relate to Reporting Accountant Specialists (“RA Specialist”) have been in force for more than a year now. In light of this the JSE felt that it would be appropriate to clarify the responsibilities of RA Specialists, Sponsors and Designated Advisers (“DA’s”) in terms of the LR.

Sponsors and DA’s (“collectively referred to as Sponsors”)

1. The Sponsor must assist the RA Specialist, on a timely basis, by providing it with the draft circular full details of the transaction and any changes as and when they occur.

2. On first submission of a circular, the Sponsor must submit to the JSE the signed letter required from the RA Specialist in terms of paragraph 8.56(a) of the LR (“the 8.56(a) letter”). Submission of the circular without the 8.56(a) letter will delay the approval process and may even result in a rejection of the entire submission. The JSE will also not review the pro forma financial information (“pro formas”) or historical financial information. It must be noted that if we accept the submission without the 8.56(a) letter, the next submission we will in all likelihood be treated as a first submission again for turnaround purposes.

3. The Sponsor must ensure that the JSE comments are provided to the RA Specialist, and as far as reasonably possible should ensure that the comments have been addressed before making subsequent submissions.

4. On formal submission the Sponsor must ensure that paragraph 8.56(b) is complied with.

5. The Sponsor must approve all announcements and if the RA Specialist is not involved in the announcement then it will take full responsibility for ensuring compliance with the LR including the financial effects. Whilst we do not expect the Sponsor to ensure compliance with complex International Financial Reporting Standards (“IFRS”) matters they must ensure compliance with the remainder of Section 8 of the LR as they relate to pro formas and should ensure that the issuer has sought the necessary advice on any complex IFRS matters.

6. As it relates to circulars, the directors of the issuer are responsible for the content thereof. The RA Specialist takes responsibility to sign-off on the information prepared by the issuer. The Sponsors responsibility in terms of paragraph 2.8(d) of the LR still applies (which advice extends to financial information). They should therefore still be involved in advising on the Section 8 requirements and at the very least should perform a reasonableness check and should ensure compliance with the remainder of Section 8 as explained in point 5 above.
The role of the RA specialist

A separate letter has been sent to RA Specialists confirming their roles and responsibilities in the submission process. In that letter we also provided a list of common and/or serious problems that we encountered in circulars over the past year. Sponsors are advised to review that letter in order to understand the RA Specialist role. The list of common problems should also be considered by Sponsors as they fulfill their responsibilities as it relates to approval of announcements and their involved in circulars.

Pro forma information

We also refer you to a separate letter sent to issuers regarding pro forma information. Sponsors are responsible for all submissions to the JSE and must therefore carefully consider that information and ensure that all pro forma is dealt with appropriately.

Guidance Letter: Letter to reporting accountant specialists

Date: 5 March 2010

Presentation of financial information: Role of the reporting accountant specialist, sponsor and designated adviser

The Johannesburg Stock Exchange (“JSE”) Listings Requirements (“LR”) as they relate to Reporting Accountant Specialists (“RA Specialist”) have been in force for more than a year now. In light of this the JSE felt that it would be appropriate to clarify the responsibilities of RA Specialists, Sponsors and Designated Advisers (“DA’s”) in terms of the LR.

Sponsors and DA’s (“collectively referred to as Sponsors”)

• The Sponsor must assist the RA Specialist, on a timely basis, by providing it with the draft circular and details of the transaction and any changes as they occur.

• On first submission of a circular, the Sponsor must submit to the JSE the signed letter required from the RA Specialist in terms of paragraph 8.56(a) of the LR (“the 8.56(a) letter”). Submission of the circular without the 8.56(a) letter will delay the approval process.

• The Sponsor must ensure that the JSE comments are provided to the RA Specialist.

• The Sponsor handles the flow of documents and submission process between the JSE and the RA Specialist.

RA Specialist:

Submission process

• The RA Specialist must on the first submission of a document submit a signed 8.56(a) letter confirming that they have:
  – provided the necessary advice on the applicable IFRS and the LR; and
  – reviewed the first submission document to confirm that their advice was followed.

• In order to comply with the above, the RA Specialist must have performed a detailed review of the historical information and pro formas that are to be submitted to the JSE. The JSE acknowledges that this letter is not a guarantee that the figures are final as some may change, but the intention is that all the principle issues must have been addressed and we would not expect the final pro formas to be materially different. The RA Specialist must not sign their letter if their comments have not been addressed or if they have not had sight of the document that is to be submitted to the JSE.

• In order to provide the necessary advice and ensure compliance with the LR, the RA Specialist must have considered the content of the circular and any supporting
agreements, and not just their part of the circular. It is only after such a consideration that they will be able to identify any other corporate actions that need to be included in the pro formas and to be able to confirm that everything is correctly reflected.

- The RA Specialist must consider any comments received from the JSE and ensure that any changes made to the transaction are correctly reflected in the financial information sections.
- The RA Specialist must consider the need to consult with their IFRS specialist if there is any uncertainty.
- On formal submission the RA Specialist must either sign off on the reporting accountants report or must submit a signed confirmation in accordance with paragraph 8.56(b) of the LR that they have reviewed the final pro formas and confirm that all JSE comments have been addressed and the pro formas fully comply with IFRS and the LR.

Expectations of RA Specialist

- When the JSE introduced the RA Specialist role, we acknowledged that many parties required some time to find their feet with the new process. We have therefore in the past been relatively lenient with the quality of work performed by certain RA Specialists and provided more detailed comments than we would have expected.
- Now that the process and roles have been established, the JSE expects the RA Specialist to ensure that the information is at the required standard to eliminate any problems. We will be placing more reliance on their work in the submission process and are moving away from the practice of the past year of having every set of pro forma figures reviewed by our own internal specialists as well as the corporate finance officer responsible for the document.
- In future, it will only be the corporate finance officers that will be reviewing certain disclosures and any areas of non-compliance by the RA Specialists will be dealt with in terms of Section 1 of the LR.

Common problems

Annexure A sets out a list of common or serious problems we have encountered in circulars over the past year. This list must be used by RA Specialist to eliminate potential areas of non-compliance in circulars and announcements.

Introduction

Objectives
The JSE is operating within the framework of the FMA.

Principles underlying this document
It is the function of the JSE under the FMA to provide for the listing, trading, clearing and settlement of debt securities in a transparent, efficient and orderly market place.

The Debt Listings Requirements reflect, inter alia, the rules and procedures governing new applications and the ongoing obligations of Issuers, and are aimed at providing investor confidence via an orderly, secure, efficient and transparent financial market.

The JSE believes it is important for the exchange to be in a position to facilitate offerings and listings by continually enhancing its requirements to ensure a high level of investor protection and confidence.

The “Debt Listings Requirements” provide for the minimum disclosure which investors and their professional advisers would reasonably require for the purpose of making an informed assessment of the nature and state of an applicant issuer’s business.

The type of protection afforded to the investor often distinguishes the different types of debt securities from one another. The greater the protection, the lower the risk and yield.

Documentation is central to any issuance of debt securities. The placing document consists of sections setting out all, or certain, of the terms and conditions of the debt securities and sections dealing with the issue of, subscription for and sale of the debt securities. The terms and conditions of the debt securities provide for the rights of the investor, the obligations of the applicant issuer, the terms of any underwriting or guarantee, the mechanics of payment and settlement and any credit enhancements or trust deeds, credit ratings, etc.

Applicant issuers engaged in specialised industries (e.g. banking, insurance, mining, and oil and gas) or issuing Specialist Securities (e.g. securitisation) may decide to, or be required by the JSE, to provide additional information.

The JSE encourages applicant issuers making application for the listing of debt securities to discuss, on a confidential basis, the Debt Listings Requirements to ascertain whether the debt security is eligible for listing and what additional requirements, if any, must be complied with.

Where applicant issuers are incorporated in terms of specific enabling legislation, which may have imposed limitations on disclosure, this fact must be disclosed in the placing documents.

All information submitted to the JSE must be delivered timeously pursuant to the provisions of the Debt Listings Requirements and must not be misleading or deceptive and must not omit any material information.

Definitions and Interpretation
In these Debt Listings Requirements, unless otherwise stated or the context requires otherwise, any expression which denotes any gender includes the other gender and the singular includes the plural and vice versa. The introductory portion of these Debt Listings Requirements is included for ease of reference only and does not form part of the Debt Listings Requirements.

(f) carry out any activities which are requested by the JSE in respect of the application of the Debt Listings Requirements;

(g) discharge its responsibilities with due care and skill;

(h) prior to the submission of any documentation that requires approval by the JSE, satisfy itself to the best of its knowledge and belief, having made due and careful enquiry of the applicant issuer, that there are no material matters, other than those disclosed in writing to the JSE, that should be taken into account by the JSE in considering the submission;

(i) advise the JSE immediately if they are aware or have reason to suspect that any of their debt sponsor clients/the secondary registered issuer have/has or may have breached the Debt Listings Requirements;

(j) be present at all discussions held between the JSE and the applicant issuer. The JSE may, however, where it deems appropriate, communicate directly with an applicant issuer or with an adviser of the applicant issuer, in order to discuss matters of principle and/or the interpretation of provisions of the Debt Listings Requirements. Where discussions take place in the absence of the debt sponsor or designated person, the applicant issuer shall ensure, as soon as is practicable, that the debt sponsor or designated person is informed (preferably in writing) of the matters discussed; and

Breach of responsibilities

2.8 If the JSE determines, after taking account of written representations, that a debt sponsor or designated person (who is not an employee of the secondary registered issuer) has breached any of its responsibilities under the Debt Listings Requirements, the JSE is entitled to take any one or more of the following actions:

(a) censure the debt sponsor or designated person;

(b) remove the debt sponsor or designated person from the register of debt sponsors and designated persons maintained by the JSE;

(c) impose a penalty not exceeding R1 000 000; and/or

(d) publish details of the action it has taken and the reasons for that action.

2.9 Where the JSE has decided to take any action described in paragraph 2.8(b), the debt sponsor or designated person shall be entitled to request that the decision be taken on appeal in accordance with the provisions of paragraph 1.5.

Introduction

3.1 Registration of a programme memorandum and/or listings of debt securities are granted subject to compliance with the Debt Listings Requirements.

3.2 All applications for listings of debt securities or registration of the programme memorandum are to be submitted to the JSE through a debt sponsor.

Discretion of the JSE

3.3 It must be emphasised that, notwithstanding these Debt Listings Requirements, the JSE may, in its overriding discretion and after consultation with the Registrar, grant a listing of debt securities or the registration of a programme memorandum to an applicant issuer that does not meet the Debt Listings Requirements set out below, or refuse a listing of debt securities or the registration of a programme memorandum to an applicant issuer that does comply with the Debt Listings Requirements on the grounds that, in the JSE’s opinion, the granting of or refusal of the listing or registration is in the interests of the investing public. Applicant issuers that wish to apply for a listing of debt securities or the registration of a programme memorandum, but which do not meet all of the objective criteria prescribed by these Debt Listings Requirements for the grant of a listing or registration, may discuss their intended applications with the JSE.

3.4 Where unusual features exist regarding a listing, the JSE must be consulted by the debt sponsor to discuss such features at the earliest possible date and to discuss any rulings required from the JSE at that time.

3.5 Applicant issuers are required to submit to the JSE, at the earliest practicable date, any matter or unusual feature pertaining to the listing that is not specifically provided for in, or is otherwise in conflict with, the Debt Listings Requirements.

Applicant to be duly incorporated

3.6 The applicant issuer must be duly incorporated, or otherwise validly established under the law of the country of incorporation or establishment, and must be operating in conformity with its memorandum of incorporation or other constitutive documents, as the case may be, and all laws of its country of incorporation or establishment.

3.7 An applicant issuer seeking a listing of debt securities must contractually undertake to the JSE, by completing Schedule 1, that from the date of admission to listing of any of its debt securities, or from registration of the programme memorandum, the applicant issuer will comply fully with all the Debt Listings Requirements of the JSE, irrespective of the jurisdiction in which the applicant issuer is incorporated.
Status of debt securities

3.8 Debt securities for which a listing is sought must be issued in conformity with the law of the applicant issuer’s country of incorporation or establishment and in conformity with the applicant issuer’s memorandum of incorporation (if applicable) or other constitutive documents as the case may be, and all authorisations needed for their creation and issue under such law must have been duly given. The JSE must be consulted for a ruling if it is not possible to comply with the Listings Requirements as a result of conflict between the Debt Listings Requirements and the relevant legislation in the applicant issuer’s country of incorporation.

Transferability of securities

3.9 The debt securities for which listing is sought must be freely transferrable and fully paid up according to the terms and conditions of the debt security, unless otherwise required by law.

Minimum criteria for listing of debt securities or registration of a programme memorandum

3.10 In order to satisfy the minimum criteria for listing an applicant issuer must:

(a) be generally acceptable to the JSE, having regard primarily, but not solely, to the interests of investors and the objects of the FMA;
(b) must have obtained the necessary statutory consent;
(c) be duly authorised to issue debt securities in terms of its memorandum of incorporation or other constitutive documents as the case may be; and
(d) must make all the necessary disclosure in terms of Section 4.

Preliminary approval of placing documents

3.11 In the event that preliminary approval is sought from the JSE, the preliminary approval of the relevant placing document must be obtained from the JSE, when any placing document or offering and any road show or other marketing of debt securities which are to be listed is done, before formal approval for listing is granted.

3.12 The placing document, as preliminarily approved by the JSE, may be circulated to market participants and potential investors at meetings, provided that any amendments effected following such meetings shall be limited to the insertion of dates, pricing, issue amount, and maturity or similar information. If any other amendments are effected to the placing document, potential investors and the JSE must be informed of such amendments, and the placing document must be submitted for formal approval.

3.13 The applicant issuer, debt sponsor, dealers, arrangers or managers shall advise potential investors that the preliminary placing document is not the final document approved by the JSE and that such document shall be subject to completion and amendment, and this fact shall be clearly evident on the face of the document.

3.14 Strate shall have accepted the immobilisation/dematerialisation of the debt security and confirmed that the applicant has been admitted in terms of the Central Securities Depository Rules and Directives prior to the preliminary approval by the JSE.

3.15 A signed, final placing document shall be made available to the JSE for formal approval and investors within 48 hours prior to the listing date.
3.16 Should preliminary approval not be sought pursuant to the above and a placing document is intended to be used for marketing related activities in respect of the debt securities which are to be listed, a statement in bold must be placed on the cover page that the JSE has not approved such document.

Pre-issued trading
3.17 A member of the JSE may only execute transactions in pre-issued debt securities after such approval has been granted by the JSE.
3.18 The JSE may permit pre-issued trading in debt securities subject to the following conditions:
   (a) the debt sponsor to the listing must apply, at the time of informal comment submission of the placing document or the pricing supplement, and receive approval for pre-issued trading from the JSE;
   (b) the JSE must have approved the listing of debt securities;
   (c) the listing of debt securities for which pre-issued trading is requested, must be an initial offering and must be of such size that, in the opinion of the JSE, it is appropriate to permit pre-issued trading;
   (d) pre-issued trading will commence and end on such dates as specified by the JSE and contained in a market notice indicating that the pre-issued trading must end on the listing date of the debt securities;
   (e) if the listing in respect of which pre-issued trading has been approved becomes effective, all transactions effected during the period of the pre-issued trading will settle on settlement day of official trading on the same terms as all other transactions in listed debt securities, but will not be covered by the Guarantee Fund; and
   (f) if the listing is still ineffective on the first settlement date of official trading, every transaction effected under this requirement will be void ab initio and neither a member of the JSE nor a client will have recourse against the JSE or the member, as the case may be, in respect of such transactions.

Exchange control approval
3.19 Where approval for a listing of debt securities or the registration of a programme memorandum is required from the Financial Surveillance Department of the South African Reserve Bank, the JSE will not grant the listing of the debt securities or the registration of the programme memorandum until such written approval is obtained.
3.20 The following should be considered in terms of exchange control:
   (a) information on any exchange control regulation that may be relevant to an investor;
   (b) approval from the Financial Surveillance Department of the South African Reserve Bank is required when the applicant issuer is incorporated or domiciled in a foreign country, including the common monetary area (other than South Africa);
   (c) where the applicant issuer issues listed debt securities that will pay higher than the interest rate to be paid/discounted in terms of exchange control policy, and where there will be foreign participation cross-border funding, the applicant/issuer is required to obtain prior Financial Surveillance Department of the South African Reserve Bank approval/directive in respect of the issue. Exchange control policy allows interest to be paid up
Price stabilisation

3.21 Price stabilisation will be permitted by the JSE in accordance with the provisions of the FMA. Price stabilisation may be effected through an over-allotment, with or without a greenshoe. Over-allotment is a pre-cursor to a price stabilisation mechanism aimed at supporting and maintaining the price of newly listed debt securities or debt securities which are the subject of a substantial offer for a limited period after the listing. The main purpose is to establish an orderly market for securities in the immediate secondary market after an offer.

3.22 There is no obligation on the applicant issuer to stabilise the price, but if the applicant issuer intends to do price stabilisation, the applicant issuer’s debt sponsor must contact the JSE for a ruling.

(v) dividend reclaimable tax rate applicable overseas represented as a percentage;
(vi) issued debt securities as at declaration date;
(vii) applicant issuer registration number; and

**Communication with investors**

7.27 Once the listing of a debt security is granted to the applicant issuer, the applicant issuer must:

(a) publish on SENS details of any new issue of debt securities (and, if applicable, guarantees, security or credit enhancements relating thereto), as well as any amendments to the terms and conditions attaching to existing listed debt securities;

(b) ensure that all information material to the financial or trading position of the applicant issuer is published on SENS to enable investors of listed debt securities to make an informed investment decision;

(c) ensure that all announcements made by the applicant issuer relevant to the issue must be approved by the debt sponsor and released on SENS, and where the applicant issuer is listed on another licensed or recognised exchange, all such announcements released through that licensed or recognised exchange must be published on SENS; and

(d) ensure that the release of any information relating to debt securities that are listed on another licensed or recognised exchange, must take place simultaneously on SENS.

(a) with regards to a public entity, within 4 months of the end of the financial year; and

(b) with regards to a quasi-governmental entity (most commonly provincial and local authorities/municipalities and state owned entities) or a government, within 6 months of the end of each financial year.

**Trustee or representative for the body of investors**

7.29 The Trustee of, or other representative body, for the holders of debt securities (“Beneficial Holders”) referred to in 4.13(c) or its successor is required to confirm in writing annually, or as the JSE may require from time to time:

(a) that their appointment as Trustee or Representative is still valid; or

(b) that their appointment has been terminated and the reasons for termination;

(c) that the conditions of the relevant Trust Deed/Representative Agreement relating to a listing during the year have been met; and

(d) that they are not aware of a material event (financial or otherwise) referred to in 7.23 to 7.24 occurring, or that such material event has occurred and if

**SENS announcements**

7.30 All SENS announcements must be submitted to the JSE SENS department according to the procedure stipulated on the JSE website. SENS announcements must be approved by the debt sponsor and the debt sponsor’s logo must appear on the SENS announcement.

**Register of Note Holders**

7.31 A holder of a note is entitled to inspect, at no charge, the Note Holder Register for that class of notes held.

**Appointment of auditors**

7.32 An applicant issuer may only appoint as its auditor an audit firm and individual auditor who is accredited as such on the JSE list of Auditors and their advisers, as set out in Section 22 of the JSE Listings Requirements. This requirement must be considered by the audit committee when recommending an auditor for appointment at the annual general meeting.

7.33 Within 90 days of an audit firm or individual auditor being removed from the JSE list of Auditors and their advisers, an applicant issuer must replace its auditor with an auditor who is accredited on the JSE list of Auditors and their advisers. This change should be made before the auditor signs the next audit report, failing which the applicant issuer must caution holders of debt securities as to the status of its auditor. This warning must appear whenever reference is made to the audit report in an announcement or in the financial statements themselves.

7.34 The requirements in paragraphs 7.32 and 7.33 with regard to the auditor apply equally to those foreign registered entities with debt securities listed on the interest rate market and/or the main board of the JSE. In this instance, the audit firm and individual auditor registered in a jurisdiction other than South Africa need to be accredited on the JSE list of Auditors and their advisers. The specific requirements and eligibility criteria, as set out in Section 22 and Schedule 8 of the JSE Listings Requirements, are, however, slightly different for auditors registered in a jurisdiction other than South Africa.

**Notification of change in auditor**

7.35 An applicant issuer must notify the JSE of:

(a) the termination or the appointment of the auditor; and or
(b) the resignation of the auditor.

without delay, and by no later than the end of the business day following the decision by the applicant issuer to terminate or appoint the auditor or after receipt of the auditor’s resignation.

7.36 The notification required by paragraph 7.35 must state the effective date of the termination or resignation, if it is not with immediate effect.

7.37 The notification required by paragraph 7.35 must be accompanied by a letter from the auditor stating the date of termination, what the auditor believes to be the reason for such termination or, in the case of resignation, the reason(s) for such resignation.

7.38 The JSE may, in its sole discretion, request the applicant issuer to publish an
announcement informing holders of debt securities of the termination of the auditor appointment or resignation of the auditor and the reason(s) therefore.

7.39 The annual financial statements for the year end in which the termination or resignation took place must state that the auditor appointment was terminated or that the auditor resigned and the reason(s) therefore.

**Timetables applicable to all corporate actions**

7.40 The following timetables, read with paragraph 18.1 of Schedule 18 of the JSE Listings Requirements, apply to the following corporate actions in respect of debt securities listed on the main board of the JSE:

**Definition:** Applicant issuer redeems all or part of debt securities.

3.2 A debt sponsor may be a company, partnership or sole proprietor with sufficient executive staff to execute all debt sponsor requirements and responsibilities in accordance with the Debt Listings Requirements.

3.3 The responsibilities of a debt sponsor are set out in Section 2.

Qualifications for approval

(a) that it is competent to discharge the responsibilities of a debt sponsor; and

(b) that it accepts the responsibilities of a debt sponsor and agrees to discharge those responsibilities at all times to the satisfaction of the JSE.

(a) Employment of staff with relevant experience

(i) a debt sponsor will be expected to have staff that has considerable relevant debt market experience;

(ii) a debt sponsor must be able to demonstrate to the JSE’s satisfaction, that at least three of its executive staff have relevant debt market experience. Such Executive staff will be classified as Debt approved executives and recorded as such by the JSE.

officer of a company at the time such company was convicted of any similar offence;

(iv) if the relevant criteria detailed in 3.5(a)(i) to (iii) above are not satisfied, the JSE may still accept the applicant as a debt sponsor, provided that such debt sponsor has demonstrated to the JSE’s satisfaction that it has the necessary expertise and adequacy of staff to properly discharge the responsibilities of a debt sponsor. In such instance such debt sponsor must have at least one executive approved as a Debt Approved Executive by the JSE. In this instance the JSE will record whichever executive staff members have qualified for approved executive classification as well as the details of the other debt sponsor staff employed (“employment status”). The JSE reserves the right to review such debt sponsor’s status if and when there is any change to such debt sponsor’s employment status, which must be notified to the JSE within 48 hours of such change.

(b) Adequate supervision of staff –

(i) a debt sponsor must ensure that all staff who do not qualify for classification are supervised and managed by debt approved executives whenever they are involved in debt sponsor activities; and

3.10 If annual subscription fees payable by a debt sponsor are not paid by 31 January of any year, no document from such debt sponsor will be accepted for submission to the JSE until the fees have been paid in full.

Register

3.11 A register of debt sponsors will be published by the JSE.

Designations

3.12 A debt sponsor is permitted, but not required, to state on its business documentation that it is a debt sponsor approved by the JSE and may similarly disclose its debt approved executives.

Continuing requirements

Annual confirmation
3.13 Each time the annual subscription is paid, the debt sponsor is required to advise the JSE whether or not it still meets the eligibility criteria, and, specifically, whether or not it continues to have a minimum of three approved executives in its employ.

3.14 Individuals who wish to remain as registered Debt approved executives must submit a sworn affidavit to the JSE by no later than 31 January of each year confirming that they were actively involved in providing advice on the application of the Debt Listings Requirements during the previous twelve months and that they will continue to do so in the next twelve months. Failure to make this submission will result in the removal of the individual from the register.

**Issues affecting approved executive status**

3.15 Whenever an approved executive of a debt sponsor resigns and moves employment to another debt sponsor, such person must notify the JSE.

**Issues affecting debt sponsor status**

3.16 A debt sponsor must inform the JSE within 48 hours, in writing, if any of its approved executives leave its employment (including the situation where an approved executive is no longer physically present in the debt sponsor’s offices and providing advice to applicant issuers), and, if such departure causes the debt sponsor to have less than three approved executives in its employ it will have a period of three months in which to re-satisfy the eligibility criteria detailed in 3.5 above, failing which (unless the JSE provides dispensation in terms of Schedule 3.5(a)(iv)) the debt sponsor’s status will be suspended until such criteria are satisfied. The JSE will publish such details of the suspension of debt sponsors.

3.17 A debt sponsor may resign as a sponsor by giving written notice to the JSE and the relevant applicant issuer’s on whose behalf it acts.

3.18 If the departure of approved executives results in a debt sponsor no longer meeting the eligibility criteria in 3.5 above, the JSE will suspend the debt sponsor’s status, announcing same through SENS, until the debt sponsor re-qualifies in accordance with 3.5.

3.19 If at any time the JSE considers that a debt sponsor or approved executive is no longer competent, the JSE may suspend the debt sponsor or approved executive on reasonable notice to the debt sponsor. If the debt sponsor or approved executive is dissatisfied with the JSE’s decision in this regard they should notify the JSE in accordance with paragraph 1.4 of Section 1.

3.20 Notwithstanding acceptance by the JSE of a debt sponsor’s resignation, or withdrawal by the JSE of a debt sponsor’s status, the debt sponsor shall continue to be subject to the jurisdiction of the JSE for a period of one year following the resignation or withdrawal of status.

If there is uncertainty regarding the nature of the instrument, a formal ruling request may be sent to the JSE. The JSE will process rulings in 5 business days.
2. Informal approval

This will apply when a new Placement Document is submitted to the JSE in which provision is made for the Listing of instruments that are not currently listed on the Interest Rate market or the Main board (i.e. it is a new type of security), when there is an amendment to an existing Programme Memorandum to make provision for instruments that are not currently listed on the Interest Rate market or the Main board (i.e. it is a new type of security), and in any other case that the JSE deem necessary;

(h) in the event of 2(g)(i) the Debt Sponsor may re-submit the documents after incorporating the JSE’s comments or rectifying the omission, whereupon Section 2(g)(i) and (ii) will again apply;

(i) the procedures stipulated above will apply until the JSE grants informal approval. Informal approval will not be granted until all comments made by the FSB (if applicable) are addressed. After a third submission, the JSE reserves the right to charge an additional fee equal to 100% of the original fee for every subsequent submission.

Guidance Letter: Listing of debentures on the JSE

Date: 4 April 2012

The JSE addresses this communication to you to ensure that all issuers of debentures listed on the JSE that were classified as private companies in terms of the 1973 Companies Act, are aware of the consequences and implications of the provisions of the new Companies Act, No. 71 of 2008.

All issuers of listed debentures that were classified as private companies in terms of the 1973 Act are now, by virtue of the provisions of Section 8(2) of the 2008 Companies Act no longer classified as private companies. Furthermore, by virtue of the provisions of section 8(2)(d) of the 2008 Companies Act they are classified as public companies. All issuers of securities listed on the JSE must ensure that they comply, in all aspects, with the provisions of the 2008 Companies Act.

This communication is addressed to you for information purposes only and should not be construed to be advice of any kind. Issuers have to consult their sponsors, professional and legal advisors to ensure that they comply with, and are aware of, the contents and implications of the provisions of the 2008 Companies Act.

Guidance Letter: Section 4.19(c) of Debt Listings Requirements

Date: 7 September 2011

The JSE would like to remind debt sponsors of the provisions of paragraph 4.19 (c) of the Debt Listings Requirements (“DLRs”):

4.19(c) “The placing document must be made available to investors at least two weeks before the listing date of the first instrument,”

Placing document is clearly defined in the DLRs as:

“An Offering Circular, a Programme Memorandum or any other placing
document, as the case may be, which contains inter alia the provisions required by the Debt Listings Requirements for an issue of Debt Securities.”

The requirement serves a very important purpose of ensuring that investors participating in a placing and potential investors that wish to trade in the instrument once listed are given sufficient time to analyse the documentation with a view of making informed decisions. The JSE would like to point out that the proper interpretation of the requirement is that there must be at least two weeks for investors to assess and study the final documentation. The final documentation must be available for this two – week period on the JSE’s website and the documentation may only be added to the JSE’s website once formal and final approval has been granted by the JSE. The JSE will in certain exceptional circumstances consider alternative arrangements but debt sponsors must approach the JSE early in the process for a formal ruling.

There have been a number of instances recently where this requirement was either ignored or misinterpreted and the JSE therefore deemed it appropriate to issue this guidance.

This is currently the correct interpretation of the requirement and the JSE has been approached by a number of parties with a view of shortening this two week period or alternatively for the period to commence earlier than is currently the case, The JSE is in the process of considering this request and will also be discussing it at the Advisory Committee scheduled for early October. Depending on the outcome of our discussions, there will have to be a further consultation process with the market and the Financial Services Board before the Debt Listings Requirements can be amended. However, in the mean time the JSE expects full compliance with the requirements.

**Guidance letter: Auditors letters in terms of section 8.3(t) of the Debt Listings Requirements (“DLR”)**

**Date:** 2 November 2011

Since implementation of the Debt Listings Requirements in June 2011 the JSE has been approached by various parties regarding the difficulties experienced in the market to provide the auditors letter detailing the material subsequent events since the date of the last audit report in terms of Section 8.3(t) of the DLR.

In light of the above the JSE decided to commence a consultation process to address these difficulties experienced in terms of Section 8.3(t). In the Interim, in keeping to the principle behind this requirement the JSE will allow the board of directors to take full responsibility for this statement The JSE will therefore expect to see the following:

1. the board of directors of the Applicant Issuer will make the statement in the Placement document detailing the material changes or a negative statement;
2. the board of directors will confirm that the statement has been made after due and careful enquiry; and
3. a statement must be included confirming that there has been no involvement by the auditors in making such statement. If the auditors were involved, their exact involvement including their scope and conclusion must be clearly explained.

Please feel free to contact us if you have any questions.

**Guidance letter: Investor Reports**

**Date:** 17 February 2017

**Introduction**

Issuers of asset-backed securities (“ABS Issuers”) are required, pursuant to paragraph 7.7(b) of the Debt Listings Requirements (the “Debt Requirements”), to produce quarterly investor reports detailing the performance of the underlying assets with effect
from 1 January 2017.

The information required to be included in the investor reports is provided in Schedule 4, Form A3 of the Debt Requirements and such information must be produced every quarter as per the ABS Issuer’s financial year-end.

**Implementation**

**Timing**

The JSE is aware that for certain ABS Issuers, the interest payment dates on the asset-backed debt securities do not match the quarters based on the ABS Issuer’s financial year-end. As the apportioning of the cash flows on the interest payment date forms a material item in these reports, the JSE wishes to advise ABS Issuers that the reports required by paragraph 7.7(b) of the Debt Requirements can instead be published within 1 month of the asset-backed debt securities’ quarterly interest payment dates.

ABS issuers do not need to seek dispensation from the JSE with regard to compliance with the above however such issuers must notify the JSE’s Continuing Obligations team (continuingobligations@jse.co.za) in writing of the respective quarters on which the investor reports will be based.

**Disclosure**

The investor reports produced by ABS Issuers must disclose the information required by Schedule 4, Form A3 however, the JSE is aware that certain required disclosure items (i.e. in addition to line items marked as “if applicable”) may not be applicable to certain ABS Issuers, due to the nature of the underlying assets. The JSE therefore requests that, should an ABS Issuer be unable to provide information that is required by Schedule 4, Form A3, the ABS Issuer submits a letter to the JSE motivating why the ABS Issuer is unable to comply in this regard. This letter may be included in the first submission of the investor report or submitted separately. The JSE will review the letter and, if in agreement with the ABS Issuer’s reasons that such information cannot be disclosed, will provide the ABS Issuer with a formal letter confirming same. Please ensure that you cater for the standard turnaround times in relation to a response to the letter.

ABS Issuers must ensure that, if any of the information that is currently included in the investor report is removed, the JSE’s Continuing Obligations team is notified in writing (i) of what was removed and (ii) the reason therefor.

Schedule 4, Form A3 has been attached to this correspondence for your ease of reference and can also be found on the JSE’s website under “Issuer Regulation\Debt Application Forms”.

**FORM A3**

**REPORTING TEMPLATE: DETAILS OF PERFORMANCE OF UNDERLYING ASSETS**

Please note that the investor report does not need to match this template but all of the required information must be included.
