The JSE SA Trade Connect conference offers you the unique opportunity to network with C-Suite representatives from our local and international buy side, sell side, connectivity providers, software vendors, liquidity providers and other senior players in the trading ecosystem.

As we explore 'growth and renewal in an age of disruption', you will gain insights into South Africa's current and upcoming political, economic, market structure and regulatory changes.

The audience consists of over 250 key decision makers from the:

- international and local buy-side;
- international sell-side;
- JSE sell-side members;
- liquidity providers;
- software vendors;
- shared infrastructure providers;
- JSE market representatives; and
- CEO's of well performing companies in South Africa.
