

GEN – General – Eastern Platinum Limited

Censure imposed by the JSE on Eastern Platinum Limited (“Eastplats” or “Company”)

The JSE Limited (“JSE”) hereby informs stakeholders of the following findings in respect of Eastplats:

1. Eastplats has a primary listing on the Toronto Stock Exchange and a secondary listing on the JSE.
2. On 4, 7, 15, 24, 27 July and 8 and 9 August 2016, the Company published announcements on the Canadian News Wire of the Toronto Stock Exchange but failed to ensure that such announcements were released on the Securities Exchange News Service (“SENS”) of the JSE simultaneously or no later than the equivalent release on the Toronto Stock Exchange.
3. The announcements were subsequently published on SENS on 11 August 2016.
4. Accordingly the JSE has found the Company to be in breach of paragraph 18.19(b) of the Listings Requirements which states that when an issuer with a secondary listing on the JSE wishes to release any information on another exchange, it must ensure that such information is also released on SENS and that such release takes place no later than the equivalent release on any other exchange.

The JSE has decided to impose this public censure against the Company in relation to the above mentioned breach of the Listings Requirements.
